Dr. Lyle then made graceful acknowledgment of the support which he had received from brethren while occupying the Moderator's Chair, reviewed the leading events of the year, referring especially to the sudden and calamitous death of His late Majesty King Edward VII, and explaining that he did not deem it most fitting that he should send an official message in name of the Church to the mourning royal family, seeing that the date of this Assembly was so close at hand, and no doubt the Assembly itself would desire to place on record an expression of its sentiments.

He concluded with referring to the many opportunities afforded him during the year of furthering the work of the Church, especially in connection with the Augmentation Scheme, and called upon the Assembly to elect his successor in the Chair.

ELECTION OF MODERATOR.

It was then moved by Principal Patrick, seconded by Lieutenant-Governor Fraser,

That President Forrest, D.D., LL.D., of Dalhousie University, be elected Moderator.

It was moved in amendment by Professor Ballantyne, seconded by Dr. J. A. Turnbull, That Dr. R. P. MacKay, Foreign Mission Secretary, be chosen.

Dr. MacKay requested that the mover and seconder withdraw his name. They concurred in his request, and as no other name was brought before the Assembly, the Moderator put the motion and it was unanimously carried.

Thereupon President Forrest was conducted to the platform by his mover and seconder, took the Chair and addressed the House, thanking fathers and brethren for the great honour they had done him in calling him to preside over the Assembly. The duties of the office of Moderator he would endeavour to discharge to the best of his ability, and he counted confidently upon the members of the Court for their assistance and co-operation in dealing with the vast amount of important business which had to receive attention.

EX-MODERATOR'S REPORT.

Dr. Lyle reported that, as instructed by last Assembly, he and the Senior Clerk had prepared and forwarded addresses to the King and the Governor-General, which had been graciously acknowledged. He also made acknowledgment of the honour done him as the representative of the Presbyterian Church in Canada by His Excellency the Governor-General in extending to him invitations to State functions during the year.

[1737]

THANKS TO DR. LYLE.

Dr. Ratcliffe moved that hearty acknowledgment be made by the Assembly to the retiring Moderator Dr. Lyle, of the courteous, dignified and wise manner in which he had discharged the duties of the Chair, of his valuable services to the Church during the year, as well as of the eloquent sermon with which he had opened the Assembly.

The motion was seconded by Dr. Bryce and unanimously agreed to.

[1750]

The Assembly learns with much pleasure, that under the supervision of the new Principal, Dr. Clarence MacKinnon, the College continues to prosper; that with the erection of a new residence for the Principal, the equipment of the College, so far as buildings are concerned, is now complete; that the new system for the internal management of the College residence has been found satisfactory; and that our people in the Maritime Provinces are manifesting increasing loyalty to and love for the College by increasing liberality in support of the General Fund and the Bursary Fund.

In accordance with the recommendation of the Board, the Assembly appoints Rev. H. A. COLLEGE OBITUARIES.

The General Assembly called for the report of the Committee, appointed to frame Obituary Notices regarding deceased professors in our Colleges, which was given in and read by Dr. D. D. McLeod, on whose motion, duly seconded, the same was received and adopted as follows:

The General Assembly desires to place on record its sense of the great loss sustained by the Church in the death of three eminent and venerable servants of God, Reverend Professor Dr. Gregg, of Knox College, Reverend Dr. John Currie, Professor in Halifax College, and Reverend Dr. McLaren, Emeritus Principal of Knox College, Toronto. The Assembly recognizes that these distinguished men contributed most valuable service to the Church and to the country in their life work.

Each of them in his own sphere won for himself a high place in the esteem and affection of the Church. Professor Gregg was early recognized as one of the great preachers of his time, and in the Pastorates of Belleville and Cooke's Church, Toronto, enjoyed an honoured reputation as a faithful minister of Christ. From the time he became a Professor in 1872, until his resignation twenty-five years after, by his labours in the College, his literary work, his preaching throughout the country and in other service, he did much for the building up of Presbyterianism and the extension of religion throughout the country. His amiable disposition, his genial humor, his readiness to serve his brethren, his Christian worth, gained for him the affection of all who came in contact with him. Of the late

[1752]

Principal McLaren, whose death occurred on August fourth, 1909, the Assembly recognizes the great service he rendered to his Church and to the country during his long and useful career. His eminence as a Theologian, his ability as a preacher, his faithfulness as a Professor and the unselfish spirit with which he gave himself to the work of the Church in every department, and his winning personality won for him the esteem of all who came in contact with him. To quote from the report of the Senate of Knox College, "He was a beautiful illustration of the strong man and the dogmatic mind mellowing with the years, and in old age was so beautiful in person, so dignified in bearing, so gracious in spirit, so wise in counsel as to be universally loved, revered and continually consulted in all matters pertaining to the welfare of the Church."

Of the late venerable and beloved Professor of Hebrew, Dr. John Currie, of Halifax College, the Assembly cordially endorses the high estimate of his character and worth as set forth in the report of the Board of Management of the College. His eminence as a Hebraist was universally recognized. He was unassuming in manner, gentle and lovable in disposition, diligent and faithful in duty. By his gifts and graces, his worth and work, he won the respect and affection of all connected with the College and of all who were acquainted with him.

Such lives as these servants of Christ were enabled, by the grace of God, to live, are the true riches of the Church.

The General Assembly regards it as a privilege to make this inadequate recognition of their worth, and prays that the great Head of the Church may raise up men of a like spirit to carry on His work.

The Assembly adjourned to meet again, in this place, at a quarter to eight o'clock in the evening, of which public intimation was given, and this Sederunt was closed with the benediction by the Moderator.

SEVENTH SEDERUNT.

The Assembly was constituted by the Moderator.

It was agreed to hold the minutes of the afternoon Sederunt to be read to-morrow morning.

THE KING'S BIRTHDAY.

It being the King's birthday, the National Anthem was sung, after which Dr. Lyle, at the request of the Moderator, offered up prayer for His Majesty and other members of the Royal Family.

Thereupon it was moved by Lieutenant-Governor Fraser, seconded by Dr. C. W. Gordon, that a birthday message be sent to His Majesty, by the Moderator, in the name of the General Assembly, as follows:

[1753]

"The General Assembly of the Presbyterian Church in Canada send loyal greetings to their sovereign lord, King George V, on this his birthday."

FOREIGN MISSIONS.

The Assembly called for the report of the Foreign Mission Committee, which was presented by Dr. McCurdy, in the absence of the Convener. He briefly recounted the doings of the Section of the Foreign Mission, especially assigned to the Synod of the Maritime Provinces, as set forth in the report printed and in the hands of members.

Dr. R. P. McKay, Secretary to the Western Section of the Committee, called attention to the operations carried on during the past year, as set forth in the printed report in the hands of members, and concluded with offering the following resolution, which was seconded by Dr. Somerville:

The General Assembly in receiving and adopting the report expresses gratitude to God for the preservation of the lives of our missionaries in the midst of prevailing disease and unrest, and for the large measure of hope and encouragement vouchsafed to all their labours.

The Assembly recognizes with devout thankfulness the continuously rising tide of spiritual interest in all our mission fields, the marvellous enthusiasm of native Christians, especially in Korea in making known the goodness of the Gospel of grace to their countrymen, and appeals to the whole Church to regard the signs of the times, and to enter into the fellowship of their ministry, by intercession and sympathy, that the largest possible harvest of souls may be reaped; that this round world may be redeemed, washed in the blood of Christ.

This Assembly reaffirms its acceptance of responsibility already assumed for the evangelization of the 14,000,000 souls included in the territory already occupied by our Church, as our share of the evangelization of the world, and appeals to the congregations of the Church and to the young men and young women of the Church for such investment of life and funds as are adequate and worthy of such a holy and Christlike enterprise.

The Assembly expresses warm appreciation of the splendid efforts made by the congregations of the Eastern Section, in practically wiping out the deficit of last year, amounting to over \$19,000, and also at the same time somewhat increasing the ordinary revenue.

The Assembly, at the same time, regrets the necessity laid upon the Eastern Committee of making a reduction in estimates for the year and thereby impairing the work. The Assembly would rejoice if individuals and congregations should come immediately to the relief of the Committee and make such reduction unnecessary.

The Assembly further hopes that the Church will so far increase the ordinary revenue as to, not only adequately maintain the work already undertaken, but extend the same, up to the requirements of the fields for which the Church has become responsible.

The Moderator welcomed to the platform in succession Dr. J. Buchanan, whose labours in India are devoted to the evangelization of the Bheels; Mr. Harold M. Clark, a member of the Presbytery of Honan, Chinese Mission, at Tou K'ou, Dr. Gilbert, missionary labouring among the Indians of the North-West, with headquarters at Rolling River, Dr. Percy C. Leslie, Medical Missionary in Honan, with headquarters at Chang Te Fu; Miss M. S. Herdman and Mr. D. G. Cock, Missionaries in the Mhow district of Central India, whom he invited to address the Assembly respecting the condition and prospects of the mission work in their several fields of labour.

[1754]

They appreciate the zeal and devotion with which that work has been prosecuted and they trust that the rapid development and growing needs of our country may be met by continued increase of effort and sacrifice.

RESOLUTION ON CHURCH UNION.

Principal Patrick gave notice of the following resolution on Church Union, when the time for the discussion of the subject arrived:

Whereas, this Church was invited along with the Congregational Church by the General Conference of the Methodist Church which met at Winnipeg in 1902 to enter on negotiations for the organic union of those Churches:

Whereas, this Church after due deliberation consented unanimously, at the meeting of its General Assembly in 1904, to enter on such negotiations, and appointed a Committee for this end to act along with similar Committees from the other Churches:

Whereas, the Joint Committee, after five years' diligent consideration of all the questions requiring to be determined in view of union have reported with substantial unanimity in favour of a basis of union:

Whereas that basis has been recommended to the Assembly for adoption by their Committee on Union:

Whereas, all the Assemblies which have been held since the inception of the movement for union have approved of the labours of the Committee:

And further, whereas the teaching of this Church regarding the nature of the Church and the Communion of Saints implies that Union is a duty wherever it is not forbidden by conscience:

Whereas, in view of the report of their Committee, there does not appear to this Assembly to be any bar in principle to such a union:

Whereas, the benefits arising from union are many, obvious and great:

Whereas, the relations of the negotiating Churches to one another, the conditions of Christian progress in Canada and Canada's due share in the evangelization of the world seem to require the union of these Churches:

And whereas, it may reasonably be hoped that such a union will prove the precursor of a still wider union:

Therefore, the Assembly declare their approval of the Documents agreed upon by the Joint Committee as a basis upon which this Church may unite with the Methodist and Congregational Churches, and they direct that this resolution, along with the above mentioned Documents, be transmitted to Presbyteries for their judgment under the Barrier Act, instructing Presbytery Clerks to report the decisions arrived at to the Clerks of the General Assembly not later than the first day of May, 1911.

The Assembly are of opinion that, in the event of the returns from Presbyteries warranting further steps being taken in the direction of union, the Assembly of 1911 will proceed to consult Sessions and Congregations regarding the whole matter.

SUGGESTIONS FOR THE GUIDANCE OF PRESBYTERIES.

1. In view of the question of Church Union being sent down to Presbyteries under

[1760]

the Barrier Act, the Assembly deem it advisable to remind Presbyteries that returns under the Barrier Act must be a simple approval or disapproval, and that any suggested amendments embodied in their returns will cause their decisions to be regarded as adverse.

2. Presbyteries, however, may, if they see fit, offer any suggestions for the amendment of the basis of union by way of overture or otherwise.

3. Clerks of Presbyteries are requested, when reporting to the Clerks of Assembly the judgments of their Presbyteries, to furnish the state of the vote.

The Moderator named the following a

The Committee appointed to examine the record of "The Commission of the General Assembly to confer and co-operate with the Trustees of Queen's University," beg to report that having examined the Minutes of the Commission, they find them kept with marked accuracy and care, and recommend that they be attested accordingly.

As the Committee of three appointed by the Commission do not appear from the record to have submitted to the Commission their report to the General Assembly, your Committee recommend that the complete record in conjunction with the report of the Committee, be received as the report of the Commission.

On motion of Mr. Bennet, seconded by Judge Forbes, the report was received and adopted.

REPORT OF COMMISSION re QUEEN'S UNIVERSITY.

The Assembly called for the report of the Commission on Queen's University, which was given in by Dr. Lyle, who presided over the Commission, as Moderator, and was referred to by him in his remarks in presenting it. He concluded with moving that the report be received. This was duly seconded and agreed to.

[1761]

At this point, Dr. D. D. McLeod, presented a minority report. The point being raised whether it ought to be received, seeing that it was not presented along with the report of the Commission, it was agreed to waive the point.

The minority report is as follows:

The Commission of the General Assembly recognizing fully the strong desire indicated by many of the friends of Queen's University for such modification of her charter as will separate the University from any connection with the Presbyterian Church, also that the Joint Committee of the representatives of the Trustees of the University and of this commission have, after much thought, presented in their report a method by which the severance of the bond between the Church and the University may be brought about and the government of the University modified in accordance with its new position.

The Commission nevertheless recognizes that owing to the division of opinion among the Trustees and the graduates, and friends of the University, as to the wisdom of severing the bond between the Church and the University; also, on account of the strong conviction on the part of many of Queen's oldest and warmest supporters, as well as among many of her more recent graduates, that the severance of the bond between the Church and the University would be a mistake from which the interests of the University, and particularly the Theological department of it, would suffer:

Also on account of their conviction that such separation would be a great wrong to those who gave their money to Queen's on the ground that she was connected with the Church; also that there has been no demand for this separation from the Church at large.

The Commission reports to the General Assembly that it would not be in the interests of Queen's University to adopt any modification of the relation of the University to the Church at the present time.

The body of resolutions embraced in the report of the Commission having been read by Dr. Lyle, he moved the adoption of the first article in the report, which relates to corporations, as follows:

That the Corporation shall consist of the members of the Board of Trustees, the Professors, the graduates and the beneficiaries.

The motion was seconded by Mr. Hamilton Cassels.

The order of the day having arrived, it was agreed to postpone the further discussion of the subject until the afternoon Sederunt.

That the proposed basis of union be sent down *simpliciter* without further delay to Presbyteries, Sessions and Congregations for the fullest discussion, and for the expression of their opinion thereon, their decision to be reported to the Clerks of the Assembly not later than the first day of May, 1911, in time to be considered by the General Assembly of 1911, thus placing that Assembly in a position to decide what steps should, under the circumstances, be taken, and that Presbyteries, Sessions and Congregations be invited to consider at the same time the feasibility of some scheme of co-operation or federation between all Protestant Churches in the Dominion of Canada.

That in any reconstruction of the Constitution the present Corporators should be retained and that expansion should be got by adding to them the proposed new constituents.

That due representation of the present Corporators should be provided for.

And that Theology should remain an integral part of the University as at present.

The amendment was seconded by Dr. R. Campbell, Clerk.

The hour for adjournment having been exceeded it was resolved to postpone further discussion of the subject to a future sederunt.

The Moderator made the following announcements:

Before moving the resolution in amendment, of which he had given notice, Principal MacKay intimated that in taking part in the discussion of this question he did so under protest, and desired the Clerk to take note of the same.

Dr. MacKay then offered his amendment to the resolution of Principal Patrick. Before he had concluded his remarks on the subject, the hour of adjournment arrived.

REPORT ON CHURCH UNION.

The Assembly resumed the consideration of the resolutions relating to the proposed Union of the Churches; Principal MacKay continuing his address. The following joined in the debate:—Mr. R. G. MacBeth, Dr. Lyle, Dr. E. Scott, Dr. T. C. Jack, Dr. C. W. Gordon. Principal Patrick was heard in reply.

At the request of Dr. C. W. Gordon and Judge Forbes, it was resolved to divide the amendment, and the vote be taken on the first part of it, ending with "be taken."

It was then moved, as an amendment to the amendment, by Mr. Wylie Clark, seconded by Mr. E. Brown:

The Assembly declare their approval of the documents agreed upon by the Joint Committee, as a basis upon which this church may unite with the Methodist and Congregational Churches, and they direct that this resolution along with the above mentioned Documents be transmitted to Presbyteries, Sessions and Congregations for their judgment, instructing Presbytery and Session Clerks to report decisions arrived at to the Clerks of the General Assembly not later than the first day of May, 1911.

The vote being taken, there voted for the amendment to the amendment 85, as against 81 for the amendment, and the former thus became the amendment. A vote being taken by the latter amendment as against the original motion, there voted 107 for the amendment and 171 for the motion.

And a vote being taken yea or nay on the latter, there voted for it 180, and against it 73, when the motion was declared carried, and became the judgment of the House.

Principal MacKay then asked that his dissent be recorded in his own name and in the name of as many as may wish to adhere to it, for the following reasons:

I beg leave to dissent from the finding arrived at by the General Assembly, for the following reasons:

1. That the Church is not competent to take the step taken by this vote.
2. The vote was confusing, the issues at stake not being made clear to the Assembly.
3. That the interests of the people are not in any way safeguarded by the decision arrived at.

[1766]

I desire to record my dissent because I think that the matter should go to the congregations without being prejudiced by a vote of the Assembly.

W. J. Knox, Pembroke, Ont.

Dr. E. Scott craved leave also to have his dissent recorded in his own name and in the name of as many as choose to adhere to him, for the following reason:

I beg to record my dissent from the decision of the Assembly because the people have not had an opportunity of expressing their mind on the subject.

I beg to dissent because faith has not been kept with the people in giving them an opportunity to express their mind on this important question.

James Cumberland, Stella, Ont.

DR. SEDGWICK'S DISSSENT.

I dissent from the Assembly's finding for the reasons given in by Dr. John McKay and for this additional reason, that adequate discussion of the vital issue involved, namely, the continued existence of the Presbyterian Church in Canada, was not permitted many members of Assembly who desired and had a right to express their views.

THOMAS SEDGWICK, D.D.

The Assembly adjourned to meet again, in this place, this evening, at a quarter to eight o'clock, of which public intimation was given, and this Sederunt was closed with the benediction by the Moderator.

FOURTEENTH SEDERUNT.

At the same place, on the same day, at a quarter to eight o'clock in the evening:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted with prayer by the Moderator.

The Minutes of the afternoon Sederunt were read and confirmed.

The Moderator named the following a Committee to answer the reasons of Dissent given in by Principal MacKay and others, against the finding of the Assembly in the matter of the Union of the Churches: Principal Patrick, Dr. Ramsay and Judge Fortes.

The nomination was approved of.

The Assembly called for the report of the Special Committee on Moral and Social

[1767]

Reform, which was given in and read by Dr. Lyle, *Convener*, on whose motion, duly seconded, it was received and adopted as follows:

Whereas Messrs. Skill & King, Toronto, booksellers, doing business under various firm names, having been committed for trial in the Police Court, were indicted before the Court of General Sessions for that they "knowingly and without lawful justification or excuse, did sell, distribute and circulate certain obscene books tending to corrupt morals;"

And whereas on coming to trial, they, on advice of their Counsel, pleaded "guilty" and were sentenced to one year's imprisonment;

And whereas at the end of two months, the prisoners were summarily released on the advice of the Honorable the Minister of Justice, who, in defending his action in the House of Commons, said, *inter alia*, "So far as the papers show and so far as any report on the matter which I received shows, the business was the ordinary legitimate business of respectable bookselling," and "I gave the advice to His Excellency that these men should be summarily released because, in my humble judgment, speaking as a lawyer, they were not guilty of the offence with which they were charged";

And whereas the General Assembly had satisfied itself that, when the case was under consideration by the Honorable the Minister of Justice, the following facts and considerations were before him over the signature of the Crown Prosecutor:—

1. That repeatedly, during two years preceding the arrest and prosecution of the prisoners, the Customs and Postal authorities had confiscated copies of the very books in question, consigned to or mailed by them, on the ground that they were obscene and indecent according to the regulations of the Customs and Post Office Departments;

2. That the American Post Office authorities had intercepted their advertising circulars and sent them to the Postmaster General at Ottawa, and he to the Post Office authorities in Toronto, and that it was at the instance of the latter the prisoners were brought to trial;

3. That the Chief Coroner of Toronto, in an official report on the books, had condemned them as "not scientific" and as "unadulterated fifth";

4. That the Chief Librarian of Toronto, having examined the books, had reported that they were "obscene and unfit for circulation."

5. That the circular in which the prisoners advertised these books, sending out as many as 500 per month, a copy of which was in the hands of the Honorable the Minister of Justice, described them in language manifestly intended to commend them to the prurient mind;

And, whereas, after some twelve of these books had been in the possession of the Minister and had been examined by him, he declared in Parliament, "so far as the papers show and so far as any report on the matter which I received shows, the business was the ordinary legitimate business of respectable book-selling."

And, whereas, two weeks later, and after he had been severely criticized in the public press, he said again in the House: "If the same thing were to be considered again, under the same circumstances, I should act in exactly the way in which I have acted throughout. I have taken the course which I thought was right, and which I still think was right";

And, whereas, the General Assembly in the light of the facts above narrated, and in the face of the opinion of the Minister of Justice, having carefully examined the contents of several of these books, feels bound to declare them obscene, indeed unspeakably immoral, licentious and corrupting;

And, whereas, the General Assembly, after most careful investigation, is persuaded

[1768]

that Skill & King, in their manner of advertising and offering these books for sale, depended especially upon their immoral character to effect their sale to those of prurient taste;

And, whereas, the General Assembly cannot but feel that a situation of the utmost gravity has in consequence been created, inasmuch as, if the action and utterances of the Minister of Justice remain unchallenged, and are to influence the administration of law in similar cases, our country lies exposed to the unrestricted continuance of the traffic in such debasing literature;

Therefore, the General Assembly, in view of the premises above recited, deems it to be its solemn duty respectfully to lay before the Right Honorable the Prime Minister this deliverance, and appeals to him to take such action as will avert this grave peril, imminently threatening our national life.

REPORT ON FRENCH EVANGELIZATION.

The Assembly called for the report of the Board of French Evangelization, which was given in by Dr. Mowatt, Chairman of the Board, who called attention to its salient features, as printed and in the hands of members, and moved that the report be received. This was seconded and agreed to.

Mr. James Rodger moved the following resolution:

The General Assembly acknowledges with gratitude the goodness of Almighty God to the work of French Evangelization during the past year; thanks the Church for her continued interest in and the measure of her support to the mission; regrets the removal by death of true friends and faithful workers; congratulates the missionaries and colporteurs and teachers and workers on the success that had attended their labours; commends anew the mission to the prayerful consideration and sympathy of all the people, and earnestly appeals for a larger liberality, so that the urgent needs of the work may not only be met, and the workers be more adequately supported, but also that there may be expansion of the work.

The resolution was seconded by Mr. Wylie Clark, supported by Principal Brandt, and carried.

CHURCH LIFE AND WORK.

The Assembly called for the report of the Committee on Church Life and Work, which was given in by Mr. W. H. Sedgwick, in the absence of the Convener. Mr. Sedgwick called attention to the most prominent points in the report, as printed and in the hands of members, and concluded with moving the reception of the report and the consideration of its recommendations. This was seconded and agreed to. The recommendations being considered were, on motion of Mr. Sedgwick, seconded by Mr. D. C. McGregor, adopted as follows:

1. That inasmuch as the prayer meeting is in a special sense the people's meeting, and believing that however small its attendance may be it has its indispensable place in the life of the Church, our people be urged to feel their responsibility along with the minister for making it one of real helpfulness.

2. That systematic giving for ordinary revenue and missionary work be commended to all our people and, where practicable, the weekly offering for both be adopted.

3. That more efforts be put forth to enlist the men of our Church in more active work, whether through such agencies as the Laymen's Missionary Movement or Adult Bible Class or in any way it can be done.

[1769]

4. That parents be urged to retain the custom of the "family pew," or to revive it where lost; and that ministers be urged to remember the lambs of their flock in some interesting way at the morning service especially.

5. That we express our gratitude to Almighty God for the hold the preparatory service still has on our people, and urge the necessity of making it more and more a season of true preparation of heart and life before each communion.

6. That the responsibility of winning the non-church-goers to Christ be urged upon our people until they feel the burden of souls resting upon them.

7. That while acknowledging with grateful hearts the manifold goodness of God in our Church Life and Work, we nevertheless feel that a fuller outpouring of the Divine Spirit and a deeper sense of consecration on the part of our people are needed for the accomplishment of the great work before us.

8. That earnest prayer be offered to God for a work of grace in our beloved Zion which shall result in the quickening of spiritual life among Christians, and the winning of a larger number of souls for the Master.

QUEEN'S COLLEGE COMMISSION.

The Assembly resumed consideration of the report of the Commission on Queen's University. Mr. E. Brown, a member of the Commission, was heard on the subject.

It was thereupon moved by Mr. J. K. Macdonald, seconded by Dr. C. W. Gordon, and carried:

That, in view of the wide difference of opinion in regard to the proposal to sever the connection at present existing between the Presbyterian Church and Queen's University, no action be taken on the recommendation of the Assembly's Commission at this Assembly, and that the matter be allowed to stand till the next General Assembly, in the hope that in the interval, the Trustees and those opposed to the change may endeavour to reach unanimity in regard to some course likely to be in the best interests of the University.

LOYAL ADDRESSES.

The Assembly called for the report of the Committee on Loyal Addresses, which was given in and read by Dr. Herridge, on whose motion, seconded by Dr. R. Campbell, the draft addresses to the King, the Queen Mother and the Governor General, were received and adopted, and ordered to be forwarded, properly engrossed, to the several personages named.

The General Assembly of the Presbyterian Church in Canada Convened at Halifax, representing the whole of that body in the Dominion, desire to express their devotion to your Majesty's Person and their fealty to the Realm over which you rule; their sorrow at the death of your great father, whom they loved and served and who so loyally followed the King who is over all, in a life devoted to the peace of the whole world, which was universal and heartfelt.

Distance from the homeland could lessen neither the sorrow of our people at his death nor their devotion to you. From the greatest to the humblest in our land, prayers earnest and sincere have ascended to your King and ours, that your Gracious Majesty, following the bright example of our late noble monarch and of your illustrious Grandmother, shall in your person and in your reign be as great a blessing to our empire and to the whole world.

[1770]

We assure your Majesty that in no part of your Majesty's Empire are there more loyal citizens than in the members of the Presbyterian Church in Canada. They are doing their best to teach and to exemplify among all the people of Canada those eternal principles which underlie the highest type of Christian citizenship.

They are not unmindful of their great debt to the Motherland by reason of the heritage of lofty ideals and noble institutions which they have received, and it is their aim to repay the debt, by making Canada a land distinguished for loyalty to the throne, devotion to the empire, and readiness to aid in every emergency, and so contribute her full share to the promotion of that peace on earth for which your late beloved father gave without stint his devotion, his untiring energy and consummate skill.

That God's richest blessings may be poured upon you and our beloved Queen is and always will be the earnest prayer of your Majesty's devoted subjects here represented.

The Presbyterian Church in Canada, through its General Assembly now meeting in the City of Halifax, assures your Excellency of its deep and abiding loyalty to the Sovereign you represent and its devotion to the interests of the Empire.

This Church wishes to express its admiration of the high and worthy spirit in which you have filled the honorable office of Governor General of the Dominion of Canada. Wide as is the area of the country, and complex as its problems are, you have given yourself with high intelligence, with rare enthusiasm and with unflagging energy to its service. The remoteness of its outpost towns and settlements; the primitive modes of travel by which alone these can be reached; the length of time required for the visiting of small communities, have not hindered you from venturing farther than any of your predecessors into the wilds of newer Canada.

This Church cherishes as one of its most helpful memories the career and work of the Reverend James Robertson, D.D., its first Superintendent of Missions, and it appreciates the tribute you paid at his grave on your last visit to the West.

And now, on the eve of your Excellency's departure from Canada, you are asked to accept this renewed assurance of appreciation of your character and services; and good wishes for your future welfare.

The General Assembly of the Presbyterian Church in Canada, convened in the City of Halifax, desires most respectfully to convey to the Queen Mother its profound sympathy with her in the sudden loss of her husband, our late beloved King.

The Assembly recognizes how powerful has been the influence of her pure and noble character alike in the home and in everything that pertains to the true welfare of the people.

It is the earnest prayer of the Assembly that God may comfort her in her loneliness, may bring to her remembrance all that is most fragrant and beautiful in the days that are gone, and so reveal the thinness of the veil between that other realm and ours that into the very heart of her sorrow there may come a holy joy, and round about her unrest the peace which passeth all understanding.

The Assembly adjourned to meet again, in this place, at ten o'clock to-morrow morning, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

[1771]

FIFTEENTH SEDERUNT.

At Halifax, and within St. Matthew's Church there, the eighth day of June, one thousand nine hundred and ten, at ten o'clock in the forenoon:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and engaged in devotional exercises, Mr. George Sutherland leading in prayer at the request of the Moderator.

The Assembly was constituted with prayer by the Moderator.

The Minutes of the last Sederunt were read and confirmed.

REPORT OF COMMITTEE ON BUSINESS.

The Assembly called for the report of the Committee on Business, which was given in and read by Dr. Ratcliffe, Secretary to the Committee, on whose motion, duly seconded, it was received and adopted, and the business of the day was ordered accordingly.

REPORT ON APPLICATIONS OF MINISTERS.

Being considered, they were adopted as follows:

1. That the application of the Presbytery of Pictou on behalf of Rev. G. A. Logan, of the Congregational Church of the United States of America, be granted.
2. That the application of the Presbytery of Truro on behalf of Rev. A. F. Thompson, of the Presbytery of San Jose, California, U.S.A., be granted.
3. That the application of the Presbytery of Halifax on behalf of Rev. W. B. Muir, of the Presbytery of Aberdeen, Church of Scotland, be granted.
4. That the application of the Presbytery of Montreal on behalf of Rev. E. F. A. Rivoire, of the Congregational Church of the U.S.A., be granted.
5. That the application of the Presbytery of Kingston on behalf of Rev. J. A. Hilts, of the Canadian Baptist Church, be granted.
6. That the application of the Presbytery of Toronto on behalf of Rev. John Bamford, of the Presbytery of Topeka, Kansas, U.S.A., be granted.
7. That the application of the Presbytery of Barrie on behalf of Rev. John MacKersie, of the Presbytery of Flint, Michigan, U.S.A., be granted.
8. That the application of the Presbytery of Brandon, on behalf of Rev. R. M. Rollo, of the Presbytery of Dunbarton, Church of Scotland, be granted.
9. That the application of the Presbytery of Regina, on behalf of Rev. S. P. Rondeau, of the Congregational Church of the U.S.A., be granted.
10. That the action in connection with the application of the Presbytery of Battleford, on behalf of Rev. George Jack, of the Presbytery of Orkney, United Free Church of Scotland, be deferred, on the ground of insufficient information.

[1772]

11. That the application of the Presbytery of Calgary on behalf of Rev. Elmer E. Hench, of the Presbytery of Walla Walla, be granted.

12. That the application of the Presbytery of Truro, on behalf of Rev. A. J. W. Back, of the Reformed Episcopal Church of Canada, be granted.

13. That the application of the Presbytery of Sydney, on behalf of Rev. Leo. R. Burrows, of Newton Presbytery, U.S.A., be referred to the Synod of the Maritime Provinces, with power to issue.

REPORT ON NEW PRESBYTERIES.

The Assembly called for the report of the Committee on the applications for the erection of new Presbyteries, which was given in and read by Dr. Baird, Convener, on whose motion duly seconded, the report was received and adopted.

It is as follows:

Your Committee on the organization of new Presbyteries has had two Overtures before it; one for the formation of a new Presbytery of Weyburn, out of parts of the Presbyteries of Regina and Arcola; the other for the formation of a new Presbytery of Swift Current, out of the Western part of the Presbytery of Regina.

Your Committee recommends that in view of the rapid development of the territory, in population and railway facilities, and in view of the lack of information on some material points, the whole matter of the two Overtures be referred to the Synod of Saskatchewan, with power to erect new Presbyteries or to rearrange the bounds of existing Presbyteries, or both, as the needs of the work require, to report to the next General Assembly.

REPORT ON MINISTER-EVANGELISTS.

The Assembly called for the report of the Committee on the applications of Minister-Evangelists, which was given in and read by Dr. Turnbull, Convener, on whose motion duly seconded, it was received and its recommendations were considered. Being considered, they were adopted as a whole as follows, on motion of Dr. Turnbull, seconded by Mr. Walter Paul:

James Pews. The Presbytery of Arcola certifies that Mr. James Pews "has fulfilled all the conditions re Minister-Evangelists and makes application on his behalf, that he be given the full status of Minister in the Presbyterian Church in Canada." It is recommended that the application be granted.

W. T. Hamilton. The Presbytery of Edmonton certifies that Mr. W. T. Hamilton has complied with all the regulations governing the Minister-Evangelist course, and makes application on his behalf that he be given the full status of minister." It is recommended that the application be granted.

W. T. Beattie and W. W. Smith completed the five years' course in Manitoba College, obtaining the required Diploma in 1908. Substituting the "additional two years in College" for "the four years on the mission field," they attended the Presbyterian College, Montreal, during the past two sessions, and passed the examinations. The Presbytery of Montreal makes application in their behalf that they be given the full status of minister. The Committee recommends that, inasmuch as the General Assembly requires the two years to be taken in Manitoba College, and that Minister-Evangelists be under the superintendence of the Home Mission Committee until they reach the full status,—that they be given the full status of minister when they have served in a mission field, under the Home Mission

[1773]

Committee for one year, after April 1910, but that the remuneration be the same as that to an Ordained Minister.

REPORT OF THE COMMITTEE ON THE AGED AND INFIRM MINISTERS' FUND.

The Assembly called for the report of the Committee on the Aged and Infirm Ministers' Fund, which was given in by Mr. J. K. Macdonald, Convener, who, in presenting the same, called attention to its details, as printed and in the hands of members.

He moved that the report be received and its recommendations considered seriatim. The motion was seconded and agreed to. Being considered, they were adopted as a whole, on motion of Dr. McCrae, seconded by Judge Forbes, as follows:

J. C. Herdman, D.D., Calgary; G. C. Heine, B.A., Montreal; J. R. Battisby, Ph.D., Chatham; E. W. Panton, Battleford; Hugh Crozier, Guelph; Farquhar McRae, Portage la Prairie; Alexander Macdonald, Kingston; J. W. Mitchell, Kingston; Peter Nicol, Kingston; D. P. Oswald, Westminster; John Anderson, Montreal; Jacob Layton, Halifax; F. M. Dewey, D.D., Montreal; J. K. Bearisto, St. John; A. McLean Sinclair, Pictou; F. Ballantyne, London, ask leave to retire.

The Committee recommends that all be permitted to retire from the active duties of the ministry and be placed on the Fund for benefit, the same to commence from the following dates: Messrs. Heine, Mitchell, Nichol and Dr. Dewey, from the date of actual retirement; Dr. Battisby, from December 1st, 1909; Mr. Panton, from March 1st, 1910; Messrs. Crozier, McRae, Macdonald, Oswald, Anderson, Layton Bearisto and Sinclair, from April 1st, 1910. The case of Mr. Oswald is subject to completion of regular papers. Messrs. Panton, McRae and Bearisto not having paid rates, will only rank for one-third of full annuity.

The Committee has also had under consideration the case of Rev. James Anderson, who has laboured in both sections of the Church, and is now in California in circumstances calling for consideration.

It was not possible to decide what course is best to pursue in his case, and, meanwhile, it has been suggested to him to ask for leave to retire, through the Algoma Presbytery, where he last laboured. The case was left in the hands of the Convener to take such action as, in his judgment, the circumstances call for.

It was moved by Mr. J. K. Macdonald, seconded by Mr. J. Lowden:

That ministers be permitted to connect with the Aged and Infirm Ministers' Fund without regard to the time since ordination, by the payment of the rate for age next birthday, as provided by the Rules, and that limitations in regard to the right to connect, heretofore passed by the Assembly, be and are hereby repealed.

The motion was carried.

Mr. Macdonald offered the following motion, which was seconded by Dr. Bryce and carried:

That Minister-Evangelists be allowed to connect with the Aged and Infirm Ministers' Fund by the payment of Rates as in the case of fully ordained ministers, and become entitled to benefit as provided by the Rules, after having given fourteen years of ministerial service following their ordination as Minister-Evangelists, and that years of service as Minister-Evangelists shall count as services entitling to annuity.

[1774]

REPORT ON RETURNS TO REMIT OF 1909 *re* AGED AND INFIRM MINISTERS' FUND.

The Assembly called for the report of the Special Committee on the returns to the Remit of 1909, regarding the Interim Act of 1908 *re* Aged and Infirm Ministers' Fund, which was given in and read by Mr. W. J. Dey, in the absence of the Convener, who moved its reception and adoption.

This was seconded by Dr. R. Murray and agreed to. It is as follows:

Your Committee appointed by the last Assembly to consider the returns of Presbyteries to the remits concerning the Aged and Infirm Ministers' Fund and the Widows' and Orphans' Fund, beg to report as follows:

1. In *re* the Overture relating to the Aged and Infirm Ministers' Fund (Minutes 1908, page 43).

Whereas, the large majority of the forty-seven Presbyteries making returns approve of the principle embodied in the first clause of the Overture, but are divided as to the exact scope of the legislation contemplated, (eight Presbyteries only approving provided ministers are not deprived of the liberty at present enjoyed by them), your Committee would recommend:

(a) That the Assembly sanction the prayer of the Overture, and enact that it be obligatory for all ministers hereafter, at their ordination, to connect themselves with the Aged and Infirm Ministers' Fund.

(b) That the Committee in charge of the Fund be instructed to prepare such rules as they may deem necessary to give effect to this legislation, and to report to the next Assembly.

The Assembly called for the report of the Committee, appointed to consider the Overtures *re* Home Missions, which was given in and read by Dr. E. D. McLaren, on whose motion, duly seconded, it was received, and it was resolved to consider its recommendations seriatim.

REPORT OF BOARD OF TRUSTEES.

While these were under consideration, Mr. J. K. Macdonald asked leave to present the report of the Board of Trustees, as with, permission of Assembly, he required to start for home this afternoon.

Leave being granted, he submitted the report of the Board of Trustees, and referred to some of the points therein as printed and in the hands of members.

He moved that the report be received and considered.

This was seconded and agreed to.

He then moved as follows, seconded by Mr. J. Lowden:

[1775]

That the last clause of the Report be amended by striking out part of the sixth line, from the word "The Board" to the end of the clause, and the following substituted therefor:

That the Board be instructed to make full enquiry as to the possibility of securing a suitable property, with the probable cost of the same, and the charge likely to fall upon the different departments of the Church, and report to next Assembly.

The motion was carried unanimously.

REPORT OF THE TREASURER, WESTERN SECTION.

As germane to the subject of the report of the Board of Trustees, the Assembly called for the report of the Treasurer, Western Section, which was given in by Dr. Somerville, who briefly adverted to its salient points, as printed and in the hands of members.

REPORT OF THE HOME MISSION COMMITTEE, WESTERN SECTION.

The Assembly resumed consideration of the unfinished business relating to the Home Mission report. Dr. E. D. McLaren, *Convener*, presented the several recommendations of the Committee and moved that they be considered seriatim. The motion was seconded and agreed to.

Being so considered, they were adopted as a whole, as follows:

Home Mission Recommendations, Western Section.

1. That the Assembly approve of the increased scale of remuneration for missionaries agreed upon by the Committee and embodied in this report.

2. That the sum of twenty-five thousand dollars (\$25,000) be taken from the Reserve Fund for the purpose of establishing a Manse Building Fund for the benefit of mission fields requiring to borrow a larger proportion of the cost of the manse than it is possible to borrow from the Church and Manse Building Fund of the North West; this fund to be used also, in cases of emergency, for the purchase of church and manse building sites.

3. That ministers be requested to preach from time to time on the claims of the Christian ministry on the young manhood of the church, and, by personal dealings with desirable young men in their congregations, to endeavor to secure a larger supply of workers in the Home Mission field and candidates for the office of the ministry.

4. That the Rev. J. D. Byrnes, of Cobalt, be appointed Superintendent of Home Missions in Northern Ontario.

5. That the Assembly appoint a Committee to act in conjunction with similar committees that may be appointed by other churches for the purpose of preventing overlapping in Home Mission work, empowering the Committee so appointed, with the approval of the local Superintendent and the Presbytery of the bounds, to withhold grants from fields in which the Joint Committee on co-operation may decide that the work should be left to one of the other denominations.

6. That, for the purpose of securing a larger measure of active interest on the part of the business men of the Church, the Assembly appoint on the Home Mission Committee a larger number of influential laymen, one from each of the Western Synods and such others as the Assembly may decide upon.

7. That the privilege accorded to Minister-Evangelists of taking two additional sessions at College instead of giving four years' service in the mission field, be withdrawn.

8. That the Assembly appoint Sabbath, 23rd of October, 1910, as Home Mission Day, and suggest that, wherever practicable, that day be made use of by ministers and missionaries throughout the Church for the purpose of calling attention to the magnitude and importance of the Home Mission enterprise.

9. That the Assembly endorse the Committee's proposed expenditure for the current year, and express the earnest hope that the full amount of \$248,000 will be placed by the Church at the Committee's disposal.

It was moved by Dr. McCrae, and seconded by J. K. Macdonald:

That the General Assembly recognize the need for increased salaries being paid to men in the Home Mission field, and heartily approve of raising the salaries, and would recommend to the Committee that, at the earliest possible moment, they further increase the salaries to a minimum of \$1,000 with manse for married men.

[1778]

It was agreed to refer the matter to the Committee appointed to receive suggestions for improving the financial administration of the Church.

REPORT OF COMMITTEE ON HOME MISSION PROBLEMS.

The Assembly resumed consideration of the report of the special Committee on Home Mission matters. Dr. E. D. McLaren submitted the remaining recommendations which were adopted as a whole, as follows:

Dr. McLaren reported that a second Overture from the Synod of Toronto and Kingston asking for the unification of the work of Home Missions and French Evangelization had not been before the Committee, and moved that the Overture be referred to the Committees on Home Missions and French Evangelization with instructions to consider the question therein raised and report to the next General Assembly.

The motion being duly seconded, was approved of.

The Committee to which were referred the Overtures on Home Mission matters beg to report as follows:

1. They recommend, in accordance with the prayer of the Overture from the Synod of Montreal and Ottawa, that the Rev. J. A. McFarlane be appointed Synodical Superintendent for one year at a salary of \$2,000 per annum, and travelling expenses; that the salary and expenses be charged against the schemes to be benefited by this appointment; that the necessary steps be taken to arrange the proportionate share to be borne by the Home Mission, the Sabbath School and the Augmentation Committees, and that an advisory Committee be appointed to co-operate with Mr. McFarlane, consisting of Messrs. W. R. Cruikshank, *Convener*, W. C. Clark and Principal Scrimger, together with the Synodical Conveners of Committees on Augmentation, Home Missions, Sabbath Schools, Systematic Beneficence and Evangelism.

2. They recommend, in accordance with the Overture from the Synod of Toronto and Kingston, that the General Assembly instruct the several Synods of the Western Section of the Church to appoint Home Mission Committees which will take the oversight of the mission fields of the Presbyteries within their bounds, pass their judgment upon the grants to mission fields requested by Presbyteries and upon all claims for work done in the several fields, and instruct the Home Mission Committee to give annually a lump sum from the Home Mission Fund to each of the Synods for work within its bounds, and order that the Home Mission Committee (Western Section) shall be composed of representatives of the several Synods and such other members as the General Assembly may deem wise, and that this resolution take effect from the 1st of April, 1911.

3. They recommend that the prayer of the Overture from the Presbytery of London be granted; that a Committee be appointed to consider the various questions regarding the salaries of missionaries and of ministers of augmented charges referred to in that Overture as well as in the Overtures from the Presbytery of Kootenay and from the Synod of British Columbia; that Presbyteries be requested to forward to that Committee any specific suggestions as to salaries or other details of administration, or as to matters of general policy, which, in their judgment, would tend to increase the effectiveness of the Home Mission and Augmentation Committees, and that copies of the suggestions received by the Committee be sent to the Home Mission and Augmentation Committees prior to the date of their annual meetings in March.

4. In regard to the securing of an adequate supply of missionaries referred to in

[1779]

the letter of Dr. Taylor, accompanying the Overture from the Synod of British Columbia, they recommend:

That, whereas, there exists to-day a serious crisis in the lack of students, missionaries and ministers for the work of our Church, a crisis such as the Church has never faced in all its history, a crisis which will be intensified year by year as a result of the enormous and increasing immigration into our country;

Whereas, the existing means and methods for securing these men have proved wholly inadequate to our needs;

Whereas, the failure to supply our country, especially in its vast mission areas, with the ordinances of our religion, will be at once a calamity to our Dominion and a reproach to our Church;

Therefore the Assembly appoint a special Committee of Assembly to consider the whole matter of securing men for our congregations and mission fields, to confer with Colleges, Superintendents and such Committees as are involved, and to lay before next Assembly a scheme by which the whole matter may be adequately dealt with, and in the meantime, to make such temporary arrangements as may tend to relieve the present need.

COMMITTEE ON APPLICATIONS FOR LICENSE AND ORDINATION.

The Assembly called for the report of the Committee on applications for leave to grant special license and ordination, which was given in and read by Mr. J. C. Roberston, *Convenor*, on whose motion, duly seconded, the report was received and its recommendations were considered. Being considered, they were adopted as a whole, as follows:

Request of Presbytery of Montreal for leave to license Mr. Benjamin Gallo. Committee recommend that request be granted.

Request of Presbytery of Qu'Appelle for leave to ordain Mr. John White. Committee recommend that this request be again referred to the Senate of Manitoba College, to reconsider this case, and to consider the advisability of prescribing a course of reading for one year instead of attendance on the College classes.

Request from Synod of British Columbia, that the Presbytery of Kootenay have permission to take Mr. W. G. Blake on trial for license and ordination. Committee recommends that the Presbytery of Kootenay be authorized to prescribe a course of reading for one year for Mr. Blake under the supervision of Rev. Dr. Ferguson, Nelson, B.C., and when satisfied with the result of this work, to give him the standing of Minister-Evangelist.

REPORT OF COMMITTEE ON APPLICATIONS OF STUDENTS.

The Assembly called for the report of the Committee on the applications of students, which was given in and read by Dr. Abraham, on whose motion, duly seconded, it was received, and its recommendations were considered *seriatim*.

Being so considered, they were adopted as a whole, as follows, on motion of Dr. Abraham, duly seconded:

1. That Mr. James Fraser be granted the standing of a second year student in Theology.
2. That Mr. D. J. Morrison be given a special course of five years in Arts and Theology, to be prescribed by the Senate of the Presbyterian College, Halifax.
3. That the application on behalf of Mr. John M. Murchison be kept *in retentis* until next Assembly, that meantime Mr. Murchison prove himself in the Home Mission field,

[1780]

and in a Session in Arts, subjects for which to be prescribed by the Presbyterian College, Halifax.

4. That the application on behalf of Mr. Samuel Sterling Thompson be remitted to the Synod of the Maritime Provinces, with power to issue the matter.

5. That Mr. Gilbert Gomm be allowed to take the Old and New Testament courses in English.

6. That in the event of Mr. William Aberhart receiving the degree of B.A. in the fall of this year, he be permitted to complete his course in Theology in two years.

7. That Mr. G. Gallou take the first year in the Presbyterian College, Montreal, as a special student, and that the application on his behalf be renewed, next year, if the Presbytery of Montreal is satisfied with his work.

8. That Mr. D. M. Reid be given a special course in such classes as he may be able to take without knowledge of Greek or Hebrew, and that he be allowed to complete his course in two years additional to the one already taken.

9. That Mr. Alexander McLellan be allowed to enter on the study of Theology, taking such classes as he can without Greek or Hebrew.

10. That Mr. Alexander R. Gibson, while continuing his work in the Home Mission field, take a course of study under the direction of the Presbytery of Saugeen, looking forward to a one year course in Knox College, and that the application be renewed to the next Assembly.

12. That the Presbytery of Westminster have power to license Mr. James Hyde, on his satisfactory completion of the work of the present session in Westminster Hall.

13. That the Presbytery of Vermilion consult the Senate of one of the Theological Colleges with regard to Mr. John McColl, and that the Senate prescribe a course of one session, after which they have power to issue the case.

14. That Mr. Jamieson F. McKay be given the standing of a third year student in Theology, on condition of his passing an examination in Greek and Latin satisfactory to the Senate of the Presbyterian College, Halifax.

The following resolution was moved by Dr. George Arthur, seconded by Mr. George Sutherland:

That this Assembly endorse the plan to establish at Vegreville a residence for Ruthenian children attending public school, that the property be vested in the Board of Trustees of the Presbyterian Church in Canada; that a special effort be made to raise an endowment of \$5,000 and that scholarships of \$50 be solicited for the support of students; and that the sympathetic support of the Church be extended to this work.

The resolution was carried.

REPLY TO REASONS OF DISSENT OFFERED BY PRINCIPAL MACKAY AND OTHERS.

To the reasons given by Principal MacKay and those who adhere to him, answer is made as follows:

1. The assertion that the Church is not competent to take the step in question is unsupported by any argument. Moreover, it will not be questioned that the Assembly has power to submit to Presbyteries under the Barrier Act proposed changes "relative to matters of doctrine, discipline, government or worship," which are not opposed to the genius of Presbyterianism, and again, proposals to unite with other churches which have been assimilated to this church in doctrine, discipline, government and worship; and it is

[1781]

maintained that the action of the Assembly referred to, amounts simply to a continuation of these two competent actions. Further, the liberty to enter into any union, which rests on scriptural grounds, belongs inherently to every Christian church, is asserted in the Confession of Faith, and has been the immemorial claim of every branch of the Presbyterian Church.

2. The assertion that the vote was confusing, the issues at stake not being made clear to the Assembly, is quite inaccurate. As a matter of fact, the vote was taken in accordance with the method laid down in the Book of Rules and Forms of Procedure, and the Moderator took exceptional pains to state the issues clearly. Accordingly if any member fell into confusion, the blame does not rest upon the Assembly or its Moderator.

3. The assertion that the interests of the people are not safeguarded by the decision arrived at is unsupported by argument, and in itself without good ground. The procedure hitherto followed has been strictly constitutional and the rights and interests of the people are fully preserved in the action now taken. The co-operation of sessions and congregations has been invoked at every stage of the work in hand, by invitations given to them to make whatever representation they saw fit. Nor can a charge of disregard of the people's interests possibly lie against this Assembly which has intimated, with no uncertain sound, that the voice of Sessions and Congregations should immediately be heard, if the answers of Presbyteries to next Assembly prove sufficiently favourable to warrant a farther step in the direction of union.

The reasons given in the other dissents raise no fresh questions and are fully covered by the answers now made.

WM. PATRICK,
D. M. RAMSAY,
J. G. FORBES.

The Assembly adjourned to meet again, in this place, this evening, at a quarter to eight o'clock, of which public intimation was given, and this Sederunt was closed with the benediction by the Moderator.

SEVENTEENTH SEDERUNT.

At the same place, on the same day, at a quarter to eight o'clock in the evening:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and engaged in devotional exercises, Dr. Pringle leading in prayer at the request of the Moderator.

The Assembly was constituted with prayer by the Moderator.

The Minutes of the afternoon Sederunt were read and confirmed.

DEATH OF DR. J. C. HERDMAN.

The Moderator communicated to the General Assembly a telegram which he had received from Mr. F. Herdman, of Calgary, intimating the death last night of his father, Dr. J. C. Herdman, late Superintendent of Home Missions in Alberta.

[1782]

On motion of Dr. E. Scott, seconded by Mr. R. G. MacBeth, it was resolved that a message of sympathy be sent by the Moderator in name of the Assembly, by telegraph, to Mrs. Herdman:—"General Assembly profoundly moved hearing Dr. Herdman's death, sends sincere sympathy, prays God to be with you and family in your sore sorrow."

REPORT ON MORAL AND SOCIAL REFORM.

The Assembly called for the report of the Committee on Moral and Social Reform, which was presented by Dr. Shearer, *Convener*, who called attention to the situation in the several Provinces, as related to the liquor traffic. He further dwelt on the campaign against gambling conducted in the Parliament of Canada, in connection with the Miller bill. He referred to breaches of the Lord's Day Act, which have come under the notice of the Committee, as well as to obscene literature and unclean amusement and other matters covered by the report, as printed and in the hands of members.

Mr. R. G. MacBeth moved that the report be received and its recommendations considered *seriatim*. The motion was seconded by Mr. W. J. Knox and agreed to.

Being considered, they were adopted, as a whole, on the motion of Mr. MacBeth, seconded by Mr. G. M. Macdonnell, as follows:

1. The Assembly is asked earnestly to urge all our ministers and sessions actively to co-operate in the limiting of the traffic in drink in every way within their power, whether by reduction of the number of licenses, by local veto, or by provincial legislative action in abolishing the bar-rooms, and hastening as rapidly as public opinion makes possible, toward the goal of the complete suppression of the sale of intoxicants for beverage purposes.

2. The Assembly is asked as earnestly to urge ministers and people not to trust unduly to legal limitation or prohibition of the traffic in drink, but persistently to urge upon children, young people and adults, under their influence, to abstain altogether from the use of alcoholic liquors for beverage purposes, and in order to this end systematically to communicate to the people information showing the teaching of science and economics, as well as religion and morals, in favour of such abstinence, and in this connection to use the abstinence pledge cards provided by the Sabbath School Publications Committee, in co-operation with this Board.

3. Your Board feels that it is not to the credit of the Presbyterian Church that heretofore as a Church we have done nothing toward winning back, by means of the Gospel, the fallen women who have gone into the life of shame, whether as victims of the White Slave Traffic, or of the seductive wiles of professed lovers, or of their own folly, believes the time has come when a beginning should be made in both redemptive and preventive work among this class, and asks the Assembly for authority to make such a beginning, and in co-operation with the Woman's Home Missionary Society, to secure the services of some capable woman for this purpose, and to direct her in her work.

4. That the Board suggests that the Assembly should urge upon ministers and members of the Church that they should heartily co-operate with those of other churches, in their respective communities in forming some such simple inter-denominational organization as the Moral and Social Reform Council for the purpose of uniting the Christian forces with the view of promoting moral and social reform, and the highest type of citizenship.

5. The Assembly expresses its high appreciation of the importance of the work carried on by the Lord's Day Alliance for the preservation of the National Rest Day and the better observance of the Christian Sabbath. It regards with highest approval the energetic

[1783]

and wise labours of the Secretaries of the Alliance, and commends them and their work to the sympathy and support of all her people.

6. The Assembly cordially commends the action of the Honourable Rudolphe Lemieux in closing the corridors of the Post Offices in Western Canada on the Lord's Day, recognizing it as an important step toward securing the Rest Day and all its privileges to many employees of the Post Office Department as well as of business firms having access to their mail on that day and who were requiring those who served them to labour at correspondence or in filling orders on Sunday.

7. Whereas, the legislation asked by the Assembly last year making the business of gambling and betting a crime on the race tracks and everywhere else, was introduced and ably supported by Mr. H. H. Miller, M.P., and favourably reported upon by a select committee of the House of Commons, after searching enquiry, and afterwards defeated by a majority of one in Committee of the whole House;

And, whereas, this defeat was the result of bitter opposition and grave misrepresentation by leading members of Parliament;

And, whereas, thereafter a compromise measure consisting of Mr. Miller's bill, with an exception, permitting professional gambling on racetracks during racing meets of limited duration, was passed by both Houses and is now law;

Therefore, resolved that the General Assembly records its appreciation of the efforts of Mr. Miller and those who stood loyally with him, deplores the attitude of those who opposed and especially of those who misrepresented the supporters of the bill, is gratified that the Code has been extended so as to include in its prohibitions handbook making, publication of tips and information intended to aid in professional betting; deeply regrets the action of Parliament in legalizing pool-selling upon the racetrack and establishing professional book-making upon the track more firmly than ever, leaving the Code as inconsistent as it formerly was, making professional gambling a crime in one place and not in another, at one time and not at another, for most people and not for others, and leaving upon the good name of Canada the stigma of being one of the few portions of the continent where racetrack gambling as a business is not criminal.

The Assembly further declares that it cannot rest satisfied so long as the Criminal Code legalizes and thus encourages a vice, under the debasing influence of which thousands of lives are being demoralized and by reason of which young men in business are constantly threatened with ruin and disgrace.

8. The Assembly deeply regrets that the law making criminal the business of social vice is in not a few cities nullified by the unsympathetic attitude of Police Commissions, Magistrates or Chief Constables, in permitting in fact what in law is clearly prohibited, thus not only exposing the communities affected to physical and moral contamination from this loathsome vice, but setting up a school of lawlessness under the protection of the very men sworn to enforce the laws of the land, and calls upon all good citizens to unite in pressing for the uniform enforcement of this and of all laws having a moral bearing.

Mr. G. M. Macdonell moved as follows, seconded by Dr. C. W. Gordon and agreed to:

The Assembly records its thankfulness for the work done and attempted in the cause of Moral and Social Reform, and our sincere appreciation of the wise, indefatigable and effective services of our Secretary, Dr. Shearer, in the cause which he so ably represents.

SYSTEMATIC GIVING.

The Assembly called for the report of the Committee on Systematic Giving, which

[1784]

was presented by Principal Gandier, *Convener*, who called attention to its salient features, as printed and in the hands of members, and concluded with moving that the report be received and its recommendations considered. The motion was seconded and agreed to.

Mr. F. W. Anderson, Secretary to the Laymen's Missionary Movement, was invited to address the House in connection with the subject. He having done so, the recommendations, as a whole, were adopted, on the motion of Principal Gandier, duly seconded, as follows:

1. That this Assembly again place itself on record as heartily in accord with the National Missionary Policy adopted at the Laymen's Congress held in Toronto, March, 1909.

"In view of the universality and finality of the Gospel of Christ and of the spiritual needs of mankind, we believe that the Church of our generation should undertake to obey literally the command of Christ to preach the Gospel to every creature.

"According to their ability and several opportunity, we believe that the laymen of the Churches are equally responsible with the ordained ministers to pray and to work for the coming of the Kingdom of God upon earth."

"We believe that every Christian should recognize the world as his field and to the full measure of his ability work for its evangelization.

"We recognize the clear duty of the Churches of Canada to evangelize all those in the Dominion or who come to our shores, who have not been led into the Christian life, and also to provide for the adequate preaching of the Gospel to forty millions of the souls in the non-Christian world.

"We believe that the call to make dominant and regnant in all human relationship either personal, racial or national, the principles and spirit of Jesus Christ, present to every man, his supreme opportunity of development, usefulness and satisfaction and we appeal to men everywhere to invest their intelligence, their influence, their energy, and their possessions in the effort of combined Christianity to redeem the world.

2. That this Assembly recognize and urge upon Presbyteries and congregations the responsibility of our Church to do her share in caring for the people of our own land and to evangelize the 14,000,000 heathen allotted to this Church under the Comity of Missions, in India, China, Formosa and the Islands of the Sea.

3. That this Assembly again declare to the Church that not less than \$1,000,000 from the Western Section and \$200,000 from the Eastern Section is required before the Church will be in a position to perform adequately her educational and missionary work at home and to meet the most pressing needs of those parts of the heathen world for which we have become responsible, and that no congregation should aim at a lower standard than an average of ten cents per week, per communicant.

4. That this Assembly express gratification at the steady growth in the number of congregations in which the weekly offering by envelop on the Lord's Day has been adopted as the method of contributing to the Schemes of the Church, and the Assembly strongly urge that in every case where this method of Systematic Giving is introduced, there be a thorough canvass of the congregation by a men's committee.

6. The Assembly learn with satisfaction that an ever growing proportion of congregations throughout the Church in apportioning their gifts have regard to the proportionate needs of the different funds as set forth in "The Estimates," and the Assembly urge all ministers to see that a copy of "The Estimates" and brief statement of the Church's work be placed in every home.

[1785]

7. That provision be made in Assembly Minutes for placing the names of all missionaries regularly or specially ordained, who are under appointment for one year or more on the Roll along with the name of the field, so that all circulars, blank forms, etc., bearing on the work of the Church, will be sent to them and so brought before their congregations and these fields kept in touch with the Church's work.

8. That it be a suggestion to Presbyteries, that, wherever it is found necessary or advisable, a Committee of Elders be formed to look into the question of ministers' salaries, in relation to the increased cost of living, and to devise some means of bringing home to our members a sense of their duty to share with their minister the evident prosperity with which the people of this country have been blessed during the past few years; such Committee to report to Presbytery any proposed line of action.

REPORT OF THE COMMITTEE ON EVANGELISM.

The Assembly called for the report of the Committee on Evangelism, which was given in by Dr. C. W. Gordon, *Convener*, who moved the reception of the report and the consideration of its recommendations. The motion was seconded by Mr. George E. Ross, and spoken to by Dr. William Patterson, of Philadelphia, and was agreed to. Being considered, the recommendations were adopted as a whole, as follows:

The Committee considers itself extremely fortunate in the prospect of being able to announce that it has secured the services of the Rev. William Patterson, D.D., of Bethany Church, Philadelphia, for special work during this coming year. As all the church knows, Dr. Patterson is an evangelistic preacher of wide experience and of great gifts. At considerable financial sacrifice, he is expected to accept this position for one year, and the Committee confidently hopes and prays that the results of this experiment will be so happy both to Dr. Patterson and to the work that the appointment may take on a more permanent form. This appointment, it will be observed, in no sense indicates a departure from the general policy of the Committee, which is to employ pastors rather than professional evangelists, so called, in carrying on its work. Dr. Patterson is a pastor of twenty years' fruitful service, but the Committee is persuaded that there is a widespread demand for men of his wisdom, gifts and grace, to help pastors by leading them to special efforts. Already there are applications in the Secretary's hands for the help of Dr. Patterson, which would keep him working the greater part of a year were he to accept all. The Assembly is asked to confirm this appointment for the year and thus give Dr. Patterson full ecclesiastical standing, the appointment to take effect on September 1st next.

The enormous development of the work in the Committee's hands made it absolutely necessary that Dr. Shearer, who had been acting in the double capacity of Secretary for this Committee and the Board of Moral and Social Reform, should be given assistance. Accordingly, immediately after the rising of last Assembly, Rev. F. W. Robinson, B.A., of Stirling, was invited to act as his helper for one year. This appointment was of a temporary nature, but the service Mr. Robinson has been able to render, both in the office and in the field, has been of such a high character and has become so well nigh indispensable that the Committee asks the authority of the General Assembly to make this appointment permanent. This, of course, will give Mr. Robinson standing as a member of the church courts, and the Assembly is asked to allow him to choose the Presbytery with which he will be identified.

In view of the great and ever growing number of non-English speaking peoples in

[1786]

our country, and in view of the fact that they, to a great extent, are open to receive the preaching of the Evangelical doctrines of our holy religion, and that the preaching of these doctrines will do more than anything else to thoroughly Canadianize and Christianize these, our fellow citizens in our Dominion, the General Assembly approves the co-operation of the Home Mission Committee and the Committee on Evangelism in carrying on the work.

The Assembly authorizes the new Board which will have charge of the work of both Moral and Social Reform and Evangelism to add to its estimates for the year for the work of Evangelism the sum of \$15,000.

REPORTS ON RECORDS.

The Assembly called for the reports of the Committees appointed to examine and report on the records of Assembly and the several Synods. They reported them as carefully and correctly kept and the Assembly ordered that they be attested in terms of the reports.

MEMORIAL FROM PRESBYTERY OF KOOTENAY.

There was presented and read a Memorial from the Presbytery of Kootenay, praying that the name of Dr. Shearer, who has no permanent place of residence while prosecuting his work, be inscribed on their roll.

It was moved by Mr. George Woodside that the prayer of the Memorial be granted. The motion was seconded and agreed to.

The Assembly adjourned, to meet again in this place, to-morrow morning, at a quarter past nine o'clock, of which public intimation was given, and this Sederunt was closed with the benediction by the Moderator.

EIGHTEENTH SEDERUNT.

At Hakijar, and within St. Matthew's Church there, the ninth day of June, one thousand nine hundred and ten, at a quarter past nine o'clock in the forenoon:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and engaged in devotional exercises, Mr. R. G. MacBeth, leading in prayer at the request of the Moderator.

The Moderator then constituted the Assembly by prayer.

The Minutes of the Seventeenth Sederunt were read and confirmed.

FINANCE REPORT, EASTERN SECTION.

The Assembly called for the Finance Report, Eastern Section, which was given in by Dr. McCurdy, Treasurer, and which being printed and in the hands of members, he called attention to.

[1787]

On motion of Dr. Somerville, seconded by Dr. McQueen, the report was received and adopted.

REPORT ON REMITS.

The Assembly called for the report of the Committee on Remits, which was given in and read by Mr. D. R. Drummond, *Acting-Convener*, who moved that it be received and its recommendations considered seriatim. The motion was seconded and agreed to. Being considered and amended, they were adopted as follows:

REPORT ON STANDING COMMITTEES.

The Assembly called for the report of the Committee to strike Standing Committees, which was given in and read by Mr. Robert Haddow, *Convener*, who moved that it be received and its recommendations considered seriatim. The motion was seconded and agreed to. Being considered and amended, they were adopted as a whole as follows:

REPORT ON THE CORONATION OATH.

The Assembly called for the report of the Committee on the Coronation Oath, which was given in and read by Dr. J. F. McLaren, *Convener*, on whose motion, seconded by Mr. G. M. Macdonnell, it was received and adopted as follows:

Your Committee appointed to consider communications in re Coronation Oath, beg leave to report that after careful consideration, it was unanimously agreed to submit the following resolution for the approval of the General Assembly:

Whilst we hold that the constitutional principles which the Coronation Oath is intended to guard shall be duly preserved, we are of opinion that it is inadvisable to take any action in regard to it at present.

REPORT OF YOUNG PEOPLE'S SOCIETIES.

The Assembly called for the report of the Committee on Young People's Societies,

[1799]

which was given in by Dr. W. S. McTavish, *Convener*, who called attention to its salient features as printed and in the hands of members. He moved the reception of the report and the consideration of its recommendations. Being considered, the first five were adopted as follows:

1. That "Harvests in Many Lands" be again recommended as a suitable text-book for Mission Study Classes, Young People's Societies, and Missionary Associations generally.
2. That in order to conserve the results in congregations in which special evangelistic services may be held, the young people be organized, wherever practicable, into societies, where they may be trained in Christian service, and have an opportunity of bearing testimony for Christ.
3. That the Committee be authorized to proceed with the publication of another missionary text-book provided satisfactory arrangements can be made.
4. That at least once a year, preferably on Young People's Day, every minister, whether there is a society under his charge or not, be requested to call the attention of the young people to the claims which the Church has upon them; and that all societies be requested to take up an offering on that day for the work of the Committee.
5. That a Presbyterian Union be formed wherever it is deemed practicable; and that where such Union does not exist, the Presbytery give a place on its docket, at least once a year, for the consideration and discussion of work among the young people.
6. That in view of the immense growth and the hopeful outlook of the Dominion and the supreme importance of holding the young people in living connection with the Church, your Committee having studied the matter for years, is convinced that the future of this vital work depends on the appointment of a Field Secretary to organize and develop it, and recommends that such an appointment be now made.

It was moved by Mr. G. A. Sutherland, seconded by Dr. Sedgwick and carried:

That the recommendation re the appointment of a Secretary for Young People's Societies be referred to the Presbyteries for their consideration, and that the result of their consideration be reported to the Clerk of Assembly before May 1st, 1911.

On motion of Dr. McTavish, duly seconded, the report as amended was adopted as a whole.

Dr. McTavish tendered his resignation of the Convenership of the Committee on Young People's Societies on the score of the strain which it put on his health, according to the advice of his medical attendant. The Assembly, while accepting with regret the resignation, gave expression of its keen appreciation of the excellent service which Dr. McTavish had rendered during the nine years of his Convenership, and appointed Mr. W. R. McIntosh, *Convener*, Dr. McTavish's name to be retained on the Committee.

REPORT OF THE CHURCH AND MANSE BUILDING FUND.

The Assembly called for the report of the Church and Manse Building Fund, which was given in by Dr. Baird, in the absence of the Convener, and which, as printed and in the hands of members, he called attention to. [1800]

BOUNDARIES OF PRESBYTERIES OF NORTH BAY AND TEMISKAMING.

Attention was called to the fact that in defining the boundaries of the Presbyteries of North Bay and Temiskaming, the Assembly last year left a portion of the district unembraced; and on motion of Mr. Mahaffy, as representing the Presbytery of North Bay, and Mr. J. D. Byrnes, as representing the Presbytery of Temiskaming, the following resolution was adopted:

BOUNDARY OF THE PRESBYTERY OF TEMISKAMING.

That the clause reading "lying north of the Temiskaming district" be altered to read "lying north of the southern boundary of the Temiskaming Forest Reserve."

AGED AND INFIRM MINISTERS' FUND.

It was moved by Dr. Ratcliffe, seconded by Dr. Somerville, That the Overture re The Aged and Infirm Ministers' Fund from the Presbytery of Sarnia, be referred without discussion to a Committee consisting of the Committee on the Aged and Infirm Ministers' Fund, together with Dr. McNair, Mr. J. R. Hall and Mr. L. H. Currie, to report to next General Assembly. The motion was carried.

WIDOWS' AND ORPHANS' FUND, WESTERN SECTION.

The Assembly called for the report of the Committee on the Widows' and Orphans' Fund, Western Section, which was given in by Dr. Ballantyne, in the absence of the Convener. He called attention to the points emphasized in the report, and concluded with moving its reception and the adoption of its recommendations.

The motion was seconded and agreed to.

REPORT OF SPECIAL COMMITTEE ON OVERTURE re WIDOWS' AND ORPHANS' FUND.

The Assembly called for the report of the Special Committee appointed to consider the return to the Remits on the new regulations of the Widows' and Orphans' Fund, Western Section, which was given in by Mr. W. J. Dey, in the absence of the Convener. Mr. Dey explained the scope of the report and moved that it be received and adopted. This was agreed to. It recommends as follows:

- (a) That the rules be again sent down to Presbyteries and that the Assembly enjoin all Presbyteries to report upon them not later than April 1st, 1911.
- (b) That the Assembly, at the same time, remit to Presbyteries for their judgment the question of the advisability of enacting for this fund also an obligatory clause, similar to that recommended for the Aged and Infirm Ministers' Fund in the first section of this report.

WIDOWS' AND ORPHANS' FUND, MARITIME PROVINCES.

The Assembly called for the report of the Committee of the Ministers' Widows' and Orphans' Fund, Synod of the Maritime Provinces, which was given in by Dr. Sedgwick, Secretary to the Committee, who moved its reception and adoption.

The motion was seconded and agreed to.

[1801]

CHURCH OF SCOTLAND WIDOWS' AND ORPHANS' FUND.

The Assembly called for the report of the Committee on the Church of Scotland Widows' and Orphans' Fund, which was given in by Dr. Campbell, Chairman of the Board, on whose motion, duly seconded, it was received and adopted.

THE WILLIAMSON APPLICATION.

The Assembly called for the report of the Committee on the petition of Mr. Archibald Williamson, which was given in and read by Dr. McQueen, who moved that it be received and adopted. The motion was seconded by Dr. Mowatt and agreed to. It is as follows:

Your Committee has carefully examined the papers connected with the application of Mr. Archibald W. Williamson to the Presbytery of Lunenburg and Yarmouth for removal of the sentence of deposition from the sacred ministry, with a view of his making application to be received into the ministry of the Free Church of Scotland.

The Presbytery of Lunenburg and Yarmouth having declined to grant Mr. Archibald W. Williamson's application, and having reported all the steps taken in the case, the General Assembly finds that the Presbytery is justified in declining the petition, no grounds whatever having been presented in Mr. Williamson's papers that would justify the removal of the sentence of deposition.

REPORT ON THE "RECORD."

The Assembly called for the report on the *Record*, which was given in by the Editor, Dr. Scott, who called attention to its salient features as printed and in the hands of members, wherein a desire was expressed that more use should be made of the columns of the *Record* by Conveners of Committees. He moved that the report be received and adopted. The motion was seconded and agreed to.

Mr. W. G. Brown moved as follows:

That this Assembly instruct the Conveners and Secretaries of the Standing Committees to use the *Presbyterian Record* more fully for the dissemination of information concerning the work under their care.

The motion was seconded by Dr. McQueen and carried.

A resolution was submitted to the Assembly from the Committee appointed by last Assembly on the question of the Amalgamation of the Committee on the Life and Work of the Church, with the Committees on Evangelism and Social Reform, recommending the discontinuance of the Committee on the Life and Work of the Church.

On motion of Principal Gandier, duly seconded, the recommendation was adopted.

The Assembly adjourned to meet again in this place, this afternoon at half past two o'clock, of which public intimation was given, and this Sederunt was closed with the benediction by the Moderator.

[1802]

NINETEENTH SEDERUNT.

At the same place, on the same day, at half past two o'clock in the afternoon:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted with prayer by the Moderator.

The Minutes of the previous Sederunt were read and confirmed.

COMMITTEE ON QUEEN'S ENDOWMENT FUND.

The Assembly called for the report of the Committee on the Endowment Fund of Queen's University, which was given in by Professor Laird, Secretary to the Committee, and which, being printed and in the hands of members, he called attention to in his remarks to the House.

Dr. McQueen thereupon offered the following resolution, which was seconded by Mr. R. Haddow and carried:

The General Assembly receives and adopts the report, expresses great satisfaction at the progress made in the movement for increased endowment for the University, reappoints the Committee and commends to the Sessions, congregations and members of the Church the completion of the half million dollar fund.

ANSWER TO DISSENT OF DR. SEDGWICK TO CHURCH UNION.

Dr. Ramsay reported the answer of the Committee to the additional reason of dissent given in by Dr. Sedgwick after the vote on the resolution *re* the proposed union of the Churches, and moved that it be received and adopted. The motion was seconded and agreed to. The answer is as follows:

To the additional reason for dissent given by Rev. Dr. Sedgwick to the effect that adequate time was not allowed for the discussion of so vital a matter, it is answered that the time which an Assembly can give to any one matter is necessarily restricted, that the time actually occupied in this Assembly by this question, viz., two Sederunts, is in fair proportion even to its great importance, that no advantage in respect to time was given to the supporters of the report of the Union Committee, and that the resolution, passed beforehand and strictly carried out, to take the vote at the close of the second of the two Sederunts already alluded to, met with no opposition from any source.

REV. J. D. BYRNES APPOINTED SUPERINTENDENT.

Dr. Somerville offered the following resolution regarding the appointment of Mr. J. D. Byrnes, as Superintendent, in succession to the late lamented Mr. Childerhose:

That Mr. J. D. Byrnes, having accepted the appointment to the position of Home Mission Superintendent of New Ontario, the Presbytery of Temiskaming be instructed to release him from his pastoral charge at a time convenient to himself and the Home Mission Committee which will arrange with what Presbytery he shall be connected.

[1803]

RESOLUTION re DEATH OF DR. HERDMAN.

Dr. Bryce offered the following resolution regarding Dr. Herdman, whose death was announced at a former Sederunt.

The resolution was seconded by Dr. McQueen and adopted:

The General Assembly learns with great regret of the death of Rev. James Chalmers Herdman, M.A., D.D., of Calgary. Dr. Herdman descended from a well known and distinguished Scottish family, was the son of Rev. Andrew W. Herdman, one of the fathers of the Church of Scotland in Nova Scotia. Educated in Dalhousie University and the Presbyterian College in Halifax, he was first settled in Campbellton, New Brunswick, and after faithful service there, took charge of Knox Church, Calgary, where he did great service to the Church, both in the congregation and in the general mission work of the West. His intellectual ability, high character and wide sympathies singled him out for the work of Superintendent of Missions in Alberta and British Columbia, to which he was appointed in 1902. For five years he was an indefatigable worker in the Master's vineyard, never sparing himself, but emulating the best of his missionaries in visiting remote mission fields, in establishing new stations, in solving congregational difficulties, and in assisting in the development of a progressive and adaptable policy for the mission work of the Church.

He was a good preacher, an able and active minded theologian, a good scholar and a patriotic Canadian. Since early in 1907, Dr. Herdman had been laid aside from active service.

The General Assembly expresses its high sense of the great loss resulting to the Church from his illness and death, asks the God of all comfort and consolation to watch over and protect his sorrowing widow and her children in Calgary, and instructs the Clerk to forward to them a copy of this resolution.

REPORT OF HYMNAL COMMITTEE.

The Assembly called for the report of the Hymnal Committee, which was given in by Mr. W. J. Dey, *Convener*, who called attention to its salient features as printed and in the hands of members. He concluded with moving, seconded by Dr. D. L. McCrae, as follows:

That the report of the Hymnal Committee be received, and:

1. That the Committee be instructed to distribute among Presbyteries for examination the copies on hand of the new version of the Psalms in metre; and, in co-operation with Presbyteries, to seek to strengthen our present selection of Psalms with both words and music, so as to have a draft Psalter ready before a revised edition of the Book of Praise is called for.

2. That the question of a Hymnal for Sabbath Schools be remitted to the Hymnal Committee.

The resolution was adopted.

OFFICE ASSISTANCE TO DR. E. D. McLAREN.

Dr. Bryce called attention to the increasing demand upon the time and strength of Dr. E. D. McLaren, Home Mission Secretary, and moved as follows:

That the General Assembly endorse the action of the Assembly's Home Mission

[1804]

Committee in its recommendation of last April, that Dr. E. D. McLaren be given adequate office assistance for the work of Missionary Secretary to which he was called, in order that he may be able to devote himself to the great duty of raising money for Home Missions and of securing a sufficient supply of labourers for the mission field.

The motion was seconded by Dr. McQueen, and agreed to.

THE JAMES ROBERTSON MEMORIAL FUND.

The Assembly called for the report of the Special Committee on the James Robertson Memorial Fund appointed by the last General Assembly, which was given in and read by the Convener, Dr. Bryce, who moved that it be received and adopted.

Dr. R. Campbell seconded the motion, which was carried.

The Committee appointed at last General Assembly begs leave to report that progress has been made in connection with the effort to raise \$20,000 for this purpose. With the amount of the fund on hand, more than one-quarter of the sum is now raised. The Convener visited the Western Synods of Manitoba and Saskatchewan and succeeded in getting each to accept the amount allocated, and both Synods allocated a share to each Presbytery within its bounds, which was accepted by them. Correspondence was held with the Presbyteries of the Synods of Alberta and British Columbia and the amounts allocated were in general accepted.

The allocation for the four Synods forming the Western District was as follows:

Synod of Manitoba.....	\$3,000
Synod of Saskatchewan.....	1,200
Synod of Alberta.....	1,000
Synod of British Columbia.....	1,300
Total.....	\$5,500

Contributions of about \$1,000 have been received in the Western Church Office at Winnipeg.

2. In the spring of this year the matter was taken up on the suggestion of the Committee, by the Synod of Montreal and Ottawa, and was cordially accepted by that Synod. Allocations were made to the several Presbyteries.

As the Eastern Division included two Synods, the following allocation was made to each:

Synod of Montreal and Ottawa.....	\$4,000
Synod of Maritime Provinces.....	1,500

In carrying out this scheme, the Committee visited Montreal, and was assisted by Dr. Robert Campbell, who has undertaken to canvass for the \$2,000 allocated to Montreal. The American Church, Montreal, is dealing with the matter. Several \$100 subscriptions have been already obtained in Montreal and the canvass will be pushed immediately. The Presbyteries of this Synod have heartily accepted their share.

3. On account of the Maritime Synod meeting in October, it was deemed wise to leave the matter until the October Synod of 1910. The matter will be brought up then and it is believed that the Synod will reach the amount spoken of.

4. The two Synods of Toronto and Kingston and of Hamilton and London have taken

[1805]

no action in the matter. The cause of this is that some suggestion seems to have arisen in Toronto as to diverting the fund to some other phase of church work than that agreed on by the Assembly. The matter was, however, taken up by the Home Mission Committee and the proposed suggestion was not entertained. This was well, as the direction of the Assembly was quite explicit.

It is recommended that the sum of \$5,500 of the Central District be divided as follows between these two Synods, viz.:

Toronto and Kingston.....	\$3,500
Hamilton and London.....	2,000

In order that the work may not be delayed by these bodies, the following allocation to Presbyteries is suggested:

Toronto and Kingston:

Kingston.....	\$250
Peterborough.....	250
Lindsay.....	125
Whitby.....	100
Toronto.....	1,000
Orangeville.....	200
Barrie.....	200
North Bay.....	50
Temiskaming.....	25
Algoma.....	100
Owen Sound.....	250
Saugeen.....	200
Guelph.....	400

Hamilton and London:

Hamilton.....	\$500
Paris.....	300
London.....	400
Chatham.....	250
Sarnia.....	250
Stratford.....	150
Huron.....	250
Maitland.....	150
Bruce.....	300

These Presbyteries will be communicated with and are asked to accept the sums suggested.

5. A certain amount of reconstruction of the Committee has been found necessary and the following Committee is recommended for the coming year, with the hope that the proposal may be pushed to completion during that time:

Rev. Dr. Bryce, *Convener*.

Western District: The Convener, Dr. C. W. Gordon, W. M. Rocheater, Dr. J. A. Carmichael, S. McLean, Dr. McQueen, Superintendent Reid, Principal MacKay, R. J. Wilson, Captain Logan.

[1806]

Central District: Synod of Toronto and Kingston—Dr. Gilray, *Convener*; Dr. Somerville, Dr. John Abraham, Principal Gandier, J. K. Macdonald. Synod of Hamilton and London—Dr. Fletcher, *Convener*; R. G. MacBeth, Dr. Dickson, Dr. William Farquharson.

Eastern District: Synod of Montreal and Ottawa—Dr. Robert Campbell, *Convener*; Dr. Ramsay, J. W. H. Milne, Dr. Armstrong, Dr. Robert Johnston, Walter Paul.

APPENDICES

REPORT OF THE GENERAL ASSEMBLY'S COMMISSION ON HOME MISSION SUPERINTENDENT FOR ALBERTA.

In Winnipeg and within the Presbyterian Church Office there, on Monday the Third day of January, One Thousand Nine Hundred and Ten Years, at Three O'clock in the afternoon, the General Assembly's Commission on the appointment of a Superintendent of Home Missions for Alberta met and was constituted with prayer by the Convener, the Rev. Principal Patrick.

Sederunt:—Rev. Principal Patrick, Convener, Drs. Gordon and Farquharson and Mr. E. Brown.

The Convener reported that the Synodical Committee of Alberta had unanimously agreed to recommend the Rev. W. D. Reid, B.D., of Taylor Church, Montreal, for the appointment. The Convener further stated that he had had considerable correspondence with Mr. Reid, and that he now saw his way to accept the position were it offered him unanimously by the Commission.

It was moved, seconded, and unanimously agreed to, that the Commission approve and adopt the nomination and that accordingly the Rev. W. D. Reid, B.D., Montreal, be appointed Superintendent of Missions for Alberta, on the terms laid down in the General Assembly's deliverance regarding the matter.

This finished the business and the Commission adjourned

REPORT OF THE GENERAL ASSEMBLY'S COMMISSION ON HOME MISSION SUPERINTENDENT FOR ALBERTA

To the Venerable the General Assembly.

Your Commission met for organization in the Church Office, Winnipeg, and appointed Rev. Dr. Farquharson as Secretary. It was arranged that a letter should be sent to all the members inviting suggestions as to the line of action which the Committee should take and as to any names which it should consider. The correspondence showed that all the members of the Commission were of the opinion that the wishes of the Synod of Alberta should be ascertained, and if possible, given effect to. The Convener accordingly communicated with the Home Mission Committee of the Synod and at their request met them and the Alberta members of this Commission in Calgary. After mature deliberation it was unanimously agreed to start afresh and to request the Presbyteries to send in to the Home Mission Committee and the Synod, the names of such persons as they judged fit for the office, the Committee to make a selection of the name or names which it preferred. The Convener assured the Committee that the desire of the Commission was to obtain the services of the most competent man available for the post, and that whatever name met with general acceptance on the part of the Committee would be adopted by the Commission.

The necessary steps having been taken the Convener was informed that the first and unanimous choice of the Synod's Committee was the Rev. W. D. Reid, B.D., Montreal. The further action of the Commission may be stated in terms of the minute of its final session as follows:—

"It was moved, seconded, and unanimously agreed to, that the Commission approve and adopt the nomination, and that accordingly the Rev. W. D. Reid, B.D., Montreal, be appointed Superintendent of Missions for Alberta, on the terms laid down in the General Assembly's deliverance regarding the matter."

All of which is respectfully submitted.

WM. PATRICK,
Convener.

JAMES FARQUHARSON,
Secretary.

REPORT OF THE HOME MISSION COMMITTEE, WESTERN SECTION, 1909-10.

To the Venerable, the General Assembly:—

In presenting their annual report on Home Mission work in the Western Section of the Church, your Committee are again called upon to report a vacancy in their ranks. For the fourth time in the last five years, the Home Mission work of the Church must be considered by the General Assembly under the shadow of a great loss. In 1906, the Church mourned the removal of the Rev. Dr. Warden, who, for many years had been the honoured and efficient Convener of your Committee. In 1908, while the Assembly was in Session, a message was received announcing the appalling sudden death of the Rev. Dr. Findlay, Home Mission Superintendent in Northern Ontario. Last year, your Committee was obliged to report that the mental condition of the Rev. Dr. Herdman, Home Mission Superintendent in Alberta, had steadily grown worse, and that, as there was no possibility of his being able to resume his duties, it would be necessary for the Assembly to appoint a new Superintendent. This year, your Committee have to refer, with profoundest regret, to the tragic death, in the Spanish River railway disaster last January, of the Rev. Stephen Childerhouse, Dr. Findlay's successor in the Superintendency of Northern Ontario. During the brief period of his incumbency of his important office, Mr. Childerhouse abundantly justified the confidence the Assembly felt in appointing him to this position. His work was done with singularly good judgment, and with an earnestness and fidelity that could not be surpassed. The Assembly will cordially endorse the action of the Committee at their annual meeting in ordering that Mr. Childerhouse's salary should continue to be paid to his widow till the first of June.

FINANCIAL RESULTS.

Last year, your Committee were obliged to report that their income during the year ending on the thirty-first of March was about \$14,000 less than the expenditure, the total contributions being about \$157,000. Recognizing the calamity that would be involved both to the country and to the Church, in the adoption of a policy of retrenchment, your Committee decided to comply with the requests submitted for the opening of new fields, and to appeal to the Church for the necessary funds. In addition to the distribution of some forty or fifty thousand copies of a leaflet dealing with "The Gravity of the Situation," and the delivering of addresses to congregations, Presbyteries and Synods, a special campaign for funds was undertaken in the autumn, the object being to secure \$30,000 from the better-off members of the Church in different parts of the country, over and above what had been or might be contributed by them through the ordinary congregational channels. This campaign was naturally carried on almost exclusively in the larger centres; although in at least one case in Ontario, namely, in Orangeville, and in a number of similar cases in Manitoba and Saskatchewan, smaller places were also visited. Your Committee cannot speak too gratefully of the results of this campaign. It is a cause of profound thankfulness to Almighty God that this effort to secure an increased revenue proved so splendidly successful. Fully \$37,000 was subscribed, in sums ranging from \$1.00 to \$2,500. This magnificent response on the part of the business men of the Church may surely be taken as an indication of their deepening sense of the importance, from every point of view, of the enterprise of Home Missions. Two cities are worthy of special mention in this connection—Winnipeg and Vancouver. In Winnipeg, the subscriptions amounted to \$9,605, and in Vancouver to \$7,210.

In submitting the following list of special subscribers, whose generous contributions averted the calamity that would have been involved in a serious Home Mission deficit, your Committee desire to call attention to the significant fact that two-thirds of the total amount came from the region west of the Great Lakes.

ZION.

Total contribution..... \$150 00

The total Home Mission contributions for the past year amounted to \$208,078, an increase over the contributions of the preceding year of \$51,345. It was with the deepest satisfaction that your Committee found themselves in a position to make a supplemental grant to all missionaries who had been giving their whole time to mission work during the past six months, of two dollars per Sabbath to each ordained missionary, and one dollar per Sabbath to each student or catechist. This unexpected addition to their income has afforded the missionaries the greatest gratification, and many touching letters have been received expressing keen pleasure at this practical recognition of their work, and grateful appreciation of the liberality that rendered this recognition possible.

INCREASED REMUNERATION OF MISSIONARIES.

In view of the very large advance in the Church's givings to Home Missions, your Committee felt warranted in taking a step they have long had in contemplation, namely, making some addition to the hitherto inadequate remuneration of those who have been doing the work of the Church on our Canadian frontier. The question was very carefully considered, both by a large Sub-Committee and by the full Committee, when the report of the Sub-Committee was presented. It was decided, subject to the approval of the General Assembly, that the salaries of students be increased by one dollar per week; that the salaries of approved married catechists should be fixed at \$700 per annum and a house, and that the salaries of ordained missionaries should be as follows:—

BRITISH COLUMBIA.

Unmarried.....	\$850 00
Married men.....	925 00 and house.

ALBERTA, SASKATCHEWAN, AND NORTHERN ONTARIO.

Unmarried men.....	\$800 00
Married men.....	850 00 and house.

ONTARIO AND QUEBEC.

Unmarried men.....	\$750 00
Married men.....	800 00 and house.

ESTIMATED EXPENDITURE.

The number of new fields for which provision has to be made, and the increased expense involved in the additions proposed to be made to the salaries of missionaries, necessarily involve an appeal to the Church for increased liberality. Your Committee's estimated expenditure for the current year is \$248,000.

THE GROWTH OF THE WORK.

The mission fields reported last year numbered 635. Since that report was presented, 107 new fields have been opened; 29 have been advanced to the status of augmented charges; 3 became self-sustaining without requiring to draw upon the Augmentation Fund at all, and 36 have been rearranged and merged in other fields. The result of the year's operations is a net gain of 39 fields, the total number reported by the different presbyteries being 674.

The geographical distribution of the work is indicated by the following figures. In Ontario and Quebec, there are 171 fields; in Manitoba 101; in Saskatchewan, 210; in Alberta, 124, and in British Columbia, 68.

It is quite apparent that the work of the Church, in laying the religious foundations of our nation's life, must be carried on for many years. Everything points to continued national expansion, and that necessarily involves increased obligations for the Church if the moral and religious life of the country is to keep pace with its material development.

The immigration last year was nearly fifty per cent. higher than that of the year before, and government officials anticipate that the current year will surpass all previous years in its immigration record. Of the 208,794 immigrants who arrived in Canada during the fiscal year that ended on the 31st of March last, 103,798 came from the United States, 59,700 from Great Britain, and 45,206 from the Continent of Europe.

Such figures as these should awaken very serious thought. It may be taken for granted that a considerable percentage of the new arrivals are, morally, socially and intellectually, of a decidedly lower type than the average Anglo-Saxon. They may have the capacity for citizenship, but it requires to be developed; and the most powerful influence in the development of the highest type of citizenship is the influence of an aggressive, evangelical Christianity, supplemented by the influence of a liberal education, of which every child in the country is compelled to take advantage.

The assimilation of the immigrants who may be regarded as equal in intelligence to those of British origin, although not a distinctly religious question, is one that no thoughtful Canadian can regard with indifference. It is impossible to estimate the proportion of the immigrants from the United States who are of British extraction, but it is probably safe to assume that more than half of the immigrants to Canada last year have no interest or pride in our national traditions, and no special sympathy with our national aspirations. In their case, as in the case of the less enlightened foreigners, the hope of the country lies in the unifying power of the Gospel of Jesus Christ.

GROWTH IN THE WEST DURING EIGHT YEARS.

Marvellous changes have occurred west of the Great Lakes since the death of the late Dr. Robertson. In 1902, Western Canada had two Synods, eighteen Presbyteries, and two hundred and fifty-eight Mission Fields. In eight years the number of Synods has been doubled; the Presbyteries have increased from eighteen to twenty-eight, and the mission fields from two hundred and fifty-eight to five hundred and three!

From a denominational point of view, there can be no question as to the value of Home Mission work. The Church's expenditure in the West during the last thirty years will yield, for all time to come, a magnificent return. The value of Home Missions, however, is to be measured, not by its effect in increasing the strength of any particular denomination, but by the power it wields over the hearts and lives of the people of the country. That the figures above given stand for a large measure of spiritual and moral development no one that has had any experience of Home Mission work will dream of questioning, but there is no scientific instrument for the measurement of spiritual power nor any figures that can represent moral growth.

THE NEED OF MEN.

Your Committee have once more had forced upon their attention the need of a much larger number of candidates for the office of the Christian Ministry, and the desirability of a spirit of greater devotion to the cause of Home Missions on the part of those who choose the Ministry as their life work. After the appointment of the students who volunteered their services and were certified by Presbyteries for Home Mission appointments, and after appealing, both through the press and by a canvas of Western Ontario conducted by the Rev. G. A. Wilson, for additional recruits, there are still a considerable number of students' fields for which no supply is available for the present summer. Even more distressing than that situation is the condition of fields on which time and effort and money have been expended, and which, if young, ordained missionaries could be sent in to occupy them for a year or two, would very soon become self-sustaining congregations, but which, because the graduates of our Theological Halls, with few exceptions, are being claimed by the self-sustaining congregations of the East, must continue to be ministered to by students or catechists, or perhaps be left without any supply at all.

This is the most serious of the practical problems that the Church of to-day is called upon to face. Unless a sufficient number of devoted and talented men can be found to occupy the pulpits of the Church, the Church is foredoomed to failure; and, unless these men, in the earlier years of their Ministry, are prepared to make some sacrifice in the interests of the religious development of the newer portions of the country, the Church will soon lose her distinguished position as the most forceful influence in the right shaping of the nation's life.

The members of the Sub-Executive, in consultation with the Superintendents, were authorized to take whatever steps might be deemed advisable to secure the largest possible supply of suitable men to occupy the fields that will be left vacant when the students return to college in the autumn. A conference was held with the Professors of Knox College, and action is to be taken along various lines, with a view to awaken if possible, a deeper interest on the part of both ministers and parents in this important subject, in the hope of eventually securing an adequate supply of students for the Ministry. To meet the emergency that is certain to arise within the next six months, Mr. Wilson was requested to spend some time in visiting certain places in Western Ontario, and Dr. Carmichael agreed to spend a week or two before or after the meeting of the General Assembly in endeavouring to secure some missionaries for the West from the Maritime Provinces. It was felt, however, that there was no likelihood of a sufficient number of men being found in Canada to occupy the one hundred and fifty fields that are likely to be left vacant in the fall, and the Convener was accordingly requested to make another trip to the Old Country and appeal once more for recruits from the British Churches.

THE GUARANTEEING OF SALARIES.

Your Committee considered carefully the question remitted to them by the last General Assembly, of guaranteeing in full the salaries of all missionaries, and adopted the following finding:—

"(1) That whilst the Committee feels that every missionary fulfilling his duty should receive his entire salary, yet it does not deem it wise or expedient that the Home Mission Committee should guarantee the salaries of missionaries generally, further than the grants made by it.

"(2) That the responsibility should rest upon Presbyteries to see that the amounts promised by congregations are paid.

"(3) That in cases of hardship, or where mistakes have been made, the Committee on report of Presbytery, should take each case into generous consideration."

The clause in the Home Mission Regulations dealing with this matter has hitherto read as follows:—"The liability of the Assembly's Committee is limited strictly to the grant

promised." It was agreed to add to this clause the following words:—"But Presbyteries are enjoined to see that missionaries receive in full the salaries they are entitled to, reporting to the Assembly's Committee any cases in which they find that the fields are unable to provide the portion of the salary that had been expected from them."

CO-OPERATION WITH OTHER CHURCHES.

The Assembly's attention is called to the fact that, while your Committee's recommendation on this subject submitted to the General Assembly was adopted, the Assembly overlooked the matter of naming the Committee. When this oversight was discovered, the Sub-Executive, believing that there should be some Committee empowered to act should the need for action suddenly arise, took the responsibility of constituting themselves the Assembly's Committee on co-operation, and notice of the appointment of the Committee was duly sent to the Home Mission Secretaries of the Methodist and Congregational Churches.

SUPERINTENDENCY IN NORTHERN ONTARIO.

Prior to the annual meeting of your Committee a large number of communications had been received dealing with the question of the Superintendency in Northern Ontario, and submitting the names of various men who were regarded as specially qualified for this important work. While recognizing that the appointment was entirely in the hands of the General Assembly, the Committee thought it advisable to refer these communications to a Sub-Committee, which, after a very long and careful deliberation, reported that, in their judgment, the most suitable man for the vacant position was the Rev. J. D. Byrnes, B.D., of Cobalt. In accordance with this report, your Committee agreed to recommend Mr. Byrnes' appointment to the General Assembly.

SYNODICAL HOME MISSION COMMITTEES.

A representative of the Synod of Toronto and Kingston appeared before your Committee, requesting that the Synod's Home Mission Committee be given greater responsibility and larger duties in connection with the Home Mission work within the bounds of the Synod. Unfortunately, this item on the docket of business was not reached until the majority of the members of your Committee had been obliged to leave for home. The matter being too important to be dealt with by an attenuated Committee, it was decided to refer the whole question to the General Assembly at its approaching meeting.

WOMEN'S HOME MISSIONARY SOCIETY.

Success still crowns the labours of the devoted Christian women who have banded together in the interests of the religious life of Canada. In addition to the Hospital work at Atlin, Vegreville, Wakaw, Ethelbert, Sifton, and Teulon, this Society has, during the past year, been contributing to the support of eleven mission fields, and, at the request of the Home Mission Committee, has lately undertaken to contribute \$1,500 for the next five years towards institutional work amongst the foreigners in the north end of the city of Winnipeg. The revenue of the Society last year amounted to \$23,632, which was \$4,333 more than the revenue of the preceding year. The new Auxiliaries and Mission Bands organized during the year numbered one hundred and four, and the Presbyterian Societies five. The Society now embraces four hundred and twenty-four Auxiliaries, and twenty-two Presbyterials. There are thirteen thousand seven hundred and eighty-nine names on the subscription list of the Pioneer.

During the year the Society has been making arrangements for the opening of a small hospital at Telegraph Creek, where, for some years, Rev. Dr. Inglis and his wife have been doing a magnificent work, although seriously handicapped by the lack of any medical equipment. Dr. Inglis' term of service has expired, and he is anxious to prosecute somewhat further his medical studies. He has agreed, however, if the Committee desire it, to take up the work again at the expiration of his year of study. If a suitable substitute

can be found, the small hospital that has been erected through Dr. Inglis' efforts will be opened at once, and the W.H.M.S. will send out two nurses to carry on the hospital work.

At the suggestion of your Committee, the Society has also agreed to adopt the policy of supporting Deaconesses in the aggressive work of the Church, said Deaconesses to be appointed by the W.F.M.S. in conjunction with the Home Mission Committee, to labour in districts where, in the judgment of the Committee, there is such need for the work of trained Christian women.

Your Committee cannot speak too highly of the value of the work done by this organization. The rapidity of its growth and the enthusiastic support it has been receiving from the women of the Church in so many parts of the country indicate unmistakably the wisdom of the course adopted when the women of the Church were authorized to form a Society for the advancement of the interests of Home Missions.

WOMEN'S MISSIONARY OF MONTREAL.

Your Committee have again to acknowledge their deep obligation to the Women's Missionary Society of Montreal. During the past year this Society has supported eight fields at a cost of \$2,000.

AMERICAN PRESBYTERIAN CHURCH, MONTREAL.

The most liberal contribution received from any individual congregation has come once more from the American Presbyterian Church of Montreal. Its gifts last year in aid of our Home Mission work amounted to \$5,000. Such a generous contribution from a congregation belonging to a sister Presbyterian Church deserves special mention.

CONTRIBUTIONS FROM THE BRITISH ISLES.

Grateful acknowledgment is made of the financial assistance received from the Churches of Great Britain and Ireland. The contributions from that source for the past year amounted to \$5,883.86.

STUDENTS' MISSIONARY SOCIETIES.

The Students' Missionary Societies of Manitoba College, Knox College, Queen's College and the Presbyterian College, of Montreal, have once more relieved your Committee of the responsibility for the support of a very considerable number of Home Mission fields. During the current year, Knox College Society has again undertaken to supply forty fields, while Montreal College Society and the Missionary Association of Queen's have each undertaken the care of six fields.

AMALGAMATION OF W.H.M.S. AND W.F.M.S.

Shortly after the annual gathering of your Committee, a desire was expressed by the Executive of the Foreign Mission Committee for a conference with the Executive or Sub-Executive of your Committee on the question of the Amalgamation of the Women's Missionary Societies. As a result of the conference, it was decided that each Executive should consult the Board of its Women's Society. After careful consideration, resolutions were passed by both of the Boards expressing a willingness to consider carefully any plan of amalgamation that might be submitted. A second conference of the two Committees was accordingly held, and certain lines of action were suggested if the proposed amalgamation should be regarded as advisable; while, at the same time, suggestions for a fuller measure of co-operation were submitted, in the event of the two Societies deciding to continue their separate existence.

PRESBYTERIAL CONVENERS.

The Church is under deep obligation to the Conveners of Home Missions in the various Presbyteries, especially in those Presbyteries that have a large Home Mission field. Few

realize the amount of time and thought and effort that have to be devoted to Home Mission work by those who have charge of it in many of the Presbyteries in the West. The Conveners have not only a large amount of correspondence to attend to, but very frequently have to be absent from their own congregations in the interests of the Home Mission work; and, in not a few cases, the house of the Convener is a rendezvous of the missionaries of the Presbytery.

RECOMMENDATIONS

Your Committee recommend:—

- (1) That the Assembly approve of the increased scale of remuneration for missionaries agreed upon by the Committee and embodied in this report.
- (2) That ministers be requested to preach from time to time on the claims of the Christian ministry on the young manhood of the Church, and, by personal dealings with desirable young men in their congregation, to endeavour to secure a larger supply of workers in the Home Mission field, and candidates for the office of the ministry.
- (3) That the Rev. J. D. Byrnes, of Cobalt, be appointed Superintendent of Home Missions in Northern Ontario.
- (4) That the Assembly appoint a Committee to consider the question of granting Synodical Committees larger duties in connection with the Home Mission work within their bounds, this Committee to report to the Assembly at a subsequent sederunt.
- (5) That the Assembly appoint a Committee to act in conjunction with similar Committees that may be appointed by other Churches for the purpose of preventing overlapping in Home Mission work, empowering the Committee so appointed, with the approval of the local Superintendent and the Presbytery of the bounds, to withhold grants from fields in which the Joint Committee on Co-operation may decide that the work should be left to one of the other denominations.
- (6) That, for the purpose of securing a larger measure of active interest on the part of the business men of the Church, the Assembly appoint on the Home Mission Committee a larger number of influential laymen, especially of those who reside in or near to the City of Toronto, and whose attendance at the meetings of the Committee would, therefore, involve little or no expense.
- (7) That the Assembly appoint Sabbath, 23rd of October, 1910, as Home Mission Day, and suggest that, wherever practicable, that day be made use of by ministers and missionaries throughout the Church for the purpose of calling attention to the magnitude and importance of the Home Mission enterprise.
- (8) That the Assembly endorse the Committee's proposed expenditure for the current year, and express the earnest hope that the full amount of \$248,000 will be placed by the Church at the Committee's disposal.

All of which is respectfully submitted.

E. D. McLAREN,
Convener.

REPORTS FROM SUPERINTENDENTS.

REPORT OF THE SUPERINTENDENT OF MISSIONS FOR THE SYNODS OF MANITOBA AND SASKATCHEWAN.

The present year has been one of special vigilance and anxiety, on account of the rapid development of the West, the inexperience of many of the men employed, and the inadequacy of the number of missionaries. The inexperienced men, as a rule, have done well. Our efforts have been fruitful of results, and nearly every mission field has its encouraging features.

The progress of missions is not uniform, but varies, with the kind of settlement, the equipment, or lack of it, the continuity of supply, and the efficiency of the missionaries. Two of the difficulties, that stand in the way of progress are first, our inability to put the strong missionaries into the fields needing strong men, and secondly, the lack of proper equipment for them to do their best work.

Into many of the new settlements have gone a strong, self-reliant class of people, determined to succeed. They are often indifferent to religion, and do not regard it an important factor in life's work, rather a hindrance than a help to success. These fields demand the services of our most efficient men, men of rich personality, and aggressive force, but instead, men are appointed, of whom our knowledge is limited to the examinations they have passed. This often accounts for the irregular attendance, poor contributions and meagre spiritual results. Yet, wherever the missionary leads the right life, and does faithful work, public opinion is healthier, morals cleaner, and an uplift is given to the whole community. In spite of the defect of the qualifications of some of the supply, these fields are not only held for the Church, but grow into strong evangelizing centres, and do their share in moulding the different classes and nationalities, of which they are made up, into homogeneous and thoroughly Canadian communities.

The other hindrance mentioned, is the lack of suitable and central places of worship. In the new mission fields, the services are held in private houses. Those that are suitable for this purpose, and that can be secured, are often at one side of the district being served. Local jealousies and family differences often keep several families in a neighbourhood from attendance, and people who give their houses for this purpose are put to a great deal of extra work and inconvenience.

In older districts school houses are secured, which answer admirably until the second school is built. The people in the vicinity of the second school think they should be formed into a station, and cease going to the first place of worship.

There is also a class of people who object to services being held either in private houses or school houses, and either do not attend at all, or attend irregularly.

Mission fields are anxious to provide churches, and are doing so, not as fast as the interest of the work demands, but as fast as their circumstances warrant. There is not the same enthusiasm about building manses. If very much more liberal terms could be given for the building of manses than at present, many more would be immediately undertaken.

Eleven churches and nine manses and shacks were built during the year. The interests of the work called for a much larger number. The exhausted treasury of the Church and Manse Building Board, and the failure of the crops in so many districts in the two previous years, prevented church building on any extended scale.

Fifty-seven new missions were opened during the year. Sixteen were added to the Augmentation Fund. Three became self-supporting without Augmentation aid. Were all these fields in one group, they would form a Presbytery with nineteen pastoral charges, and the largest number of mission fields in the Church.

SUPERVISION.

This work has not been confined to the Superintendent and Conveners, though the greatest part of it has fallen to their lot. The supervising pastors have done their share, and have done it well. The Presbyteries in both Synods are keenly alive to its importance, and have carried out well considered plans of supervision. The aim was to perfect organization, to develop a sense of responsibility, to secure more generous and systematic liberality, to dispense the sacraments, to encourage a larger and more regular attendance at the services, to urge and aid the building of churches and manses, where required, and to quicken and strengthen the sense of obligation, for the support of the missionaries, and the regular and full payment of their salaries.

Supervision requires time, tact and energy, and often involves much personal inconvenience. Its contribution to the development of missions is rarely appreciated. It has demonstrated, beyond doubt, that large districts of country can be held and developed by raw recruits, under careful and timely oversight.

THE SUPPLY OF MEN.

When the students returned to their respective Colleges last fall, and after the winter supply was disposed of, there remained in our Synods fifty-four fields without missionaries. This was regarded as the most serious situation which had yet emerged. I was sent forthwith, to the East for men.

The Synod of the Maritime Provinces, at which I was present, accorded me the privilege of addressing it in the interest of our vacant mission fields. Halifax, Pine Hill College, Prince of Wales College, Truro, New Glasgow and Sydney, were visited. Thirteen men were secured, and five or six have since come West, as the result of this effort.

After returning to the West, the situation was presented to the Presbyterian students in Manitoba College, Saskatchewan University, and the Collegiates of Prince Albert, Regina and Portage La Prairie. In the Home Mission Report of the Synods of Manitoba and Saskatchewan, the urgent need of more men was clearly presented, and strong recommendations were adopted, laying the burden of presenting the situation to the young men of our Church on college professors, ministers and parents. The securing of recruits for the mission work and for the ministry is receiving, in the West, more universal and earnest consideration than ever before. We wait hopefully for results.

In our Synods there are, at present, over a hundred and sixty students employed this summer, each one eager to complete his college course without interruption. Can we expect any large number of these men who have the means to return to college, to remain on our missions during the winter, in the interest of the work? We offer them no inducement to do so. Can the Church expect all the sacrifice to be made by the men? Over a hundred students that are not now in evidence will be required by these Synods in October, and as many more by the two farther West. Does the Church understand what this means?

Where are the missionaries going to come from? Who is going to find them? Faith without works and prayer without works are pretty closely related.

SELF-SUPPORT REACHED.

Two mission fields in Saskatchewan, Yellow Grass and Humbolt, have this year reached self-support. Both these congregations illustrate how the growth of missions,

retaining the original name of the missionary district, is concealed in our reports. The Yellow Grass mission was opened ten years ago and included the territory on the Soo Line from Halbrite to Pasqua. Although Yellow Grass has been reported year after year as needing practically the same grant, and having the same number of families, in its territory two congregations, Weyburn and Milestone, have been self-supporting for some time. Three other missions, Wilcox, Rouleau, and Drinkwater, have become augmented charges, and in the same territory there are still two flourishing missions, Lang and McTaggart.

A year ago last fall, Rev. J. W. McQuarrie was appointed to the Yellow Grass mission. He found, in the town, a strong healthy congregation, and in the country a good church, and stable, with a heavy debt, and practically no congregation. The families who had built the church and contracted the debt, had heard the call of the new West, and obeyed it, as hundreds in the older West are hearing and obeying. Under Mr. McQuarrie's ministry the town charge took on new life, and fragments of the country appointment were gathered together, and inspired with new hope. The field applied for the status of a congregation, called their missionary, and assumed the responsibility of his entire support.

Humbolt has taken less time in reaching full status, and assuming entire financial responsibility. Six years ago the Humbolt mission included sixty miles of railway, and had seven or nine stations. The stronger of these were given fortnightly, and the weaker monthly service. About four years ago Humbolt mission was confined to the town and country district to the South. In this district a separate mission has already been formed. In part of the original territory to the East, there are two flourishing missions, Watson and Wadena, each having a church and manse, and rapidly growing to self-support. Last spring Humbolt applied for the status of a congregation that it might call its missionary. A church and manse had been built, and the outside appointment had also a church. When they looked into the financial condition, and the needs of the newer districts of the West, they decided not to touch the Augmentation Fund, and if they have touched it, it was lightly and but for a moment, and to become responsible for the entire support of their church. They did a very unusual thing. They wrote a letter to the Home Mission Committee thanking it for the help it had given them, and the supply that had been sent them.

WOOD MOUNTAIN, A SAMPLE OF NEW FIELDS.

Though there has been for years a North West Mounted Police Station at Wood Mountain, and a neglected half breed settlement at Willow Bunch, the district is new. A missionary, Mr. Pringle, of Queen's, was sent in the year before last to explore the district and minister to the scattered settlements. He was well received everywhere, spent most of his time on the trail, and made the acquaintance of nearly all the people. He was re-appointed last spring, and remained in during the winter. Rev. A. McKenzie was also sent in last spring, on a two year's appointment. It took four days, and cost twenty-five dollars last summer to get a load of lumber brought into this district.

I spent a week there in August, with Mr. Reid of Milestone. He spent the Sunday on Mr. Pringle's field, and I went with Mr. McKenzie, and assisted him with his services. We drove eighteen miles over the prairie, most of the time without a trail, but never without mosquitoes, to the morning appointment. There were seven present in a shack that would have held fourteen. The audience said the hour was too early, but promised to do their best to secure better attendance. In the afternoon, after a drive of twelve miles, we reached our appointment. I took the service, and as it was getting late, Mr. McKenzie drove to the next appointment, which was fourteen miles further on. I had a congregation of four and he of seventeen. The people told me that the settlement had gone to the hay sloughs, and would not return till after hay-making. I walked to the stable-manse, a distance of about four miles. Mr. McKenzie found the way home over a rolling and trackless prairie by the light of a lantern we placed on a load of lumber.

These are certainly the days of small things from every view point in this whole district. In almost every direction the sod shacks were being built, or had just been built. There was almost no breaking. The missionaries were welcomed everywhere, and their visits appreciated, though their services were irregularly attended.

WORK AMONG THE FOREIGNERS.

THE HUNGARIANS.

The service of the congregations in Winnipeg, Otthon, and Wakaw, have been well attended, and good work is being done. Churches have been built at Otthon and Wakaw. At Bekevar, the congregation is divided over the minister, one party accusing him of Spiritualism, and of conduct unworthy of a minister, and the other party contradicting these charges, and fully endorsing him. The Presbytery of Qu'Appelle has the matter in hand, and are giving it their best attention, with tact and firmness.

THE GALICIANS.

The Movement among the Galicians, known as the Independent Greek Church, is the form of development which the restlessness and unsatisfied longings of many of the more intelligent of them has assumed. They have grown restive under the domination of the Church of Rome. Instruction in spiritual things was denied them. Their rights were not respected. This dissatisfaction was contagious. Many were affected. There was bread, they believed, for their hunger, light for their understanding, and water for their thirst, somewhere, in abundance, but they did not know where. They groped blindly and vainly for help, carrying with them their burden of unbridled passions and unsubdued dispositions which, under the influence of drink, so often finds expression in their festive gatherings. They are devoutly religious, but not a highly ethical people. This movement found its best interpretation in the men, who became the first ministers of the Independent Greek Church. Their organized effort for the betterment of their people was the chrystalization of the thought of the most advanced, and an up-to-date interpretation of it. The people were thinking and prepared for more light. These ministers had a large constituency ready for their message, and a still larger number to listen and consider, but not necessarily to adopt their teaching or follow their lead. The breach between these people and the Roman Catholic Church had been made. Many years have gone since they took their religion or politics from it. The breach has been widened by the Independent Greek Church.

While the ministers of the Independent Greek Church are guiding and controlling this movement, and are making it intelligible, it remains a people's movement, for the people and the ministry exist for it. The ministry has the respect and support of the people, only while they live worthily, and are loyal to the principles of the new organization. The ministers who have been dismissed by discipline or removed because of inefficiency, or who have changed their views, or left the ministry for other considerations, have had no following, and were pitied or condemned, as their cases merited. The loyalty of the people to the new church is remarkable, and their faith unwavering in its ultimate success. This explains the number of young men belonging to this Church who are now in attendance in Manitoba College, with either teaching or the ministry in view.

RUTHENIAN CLASSES IN MANITOBA COLLEGE.

During the past session, in Manitoba College, there were forty-one selected Galician students in attendance, four in the first year University, three in part two Matriculation, fourteen in part one, and twenty in the preparatory class. Most of those in University, and in the Matriculation classes taught school last summer, and were able to support themselves for some months during the course.

The cost of maintenance was about \$3,000, contributed by donorships of \$25 from friends, Sunday Schools and Christian Endeavours. Larger amounts were contributed by the W.F.M.S. in Halifax and Pine River. A substantial contribution for this purpose was made by the W.H.M.S. in Toronto, and a large grant was given by the Home Mission Committee.

In the preparatory class, the lack of knowledge of English was a serious hindrance to progress. To this class, in the future, students will be admitted by examination.

One of the hopeful features of the session was a Bible Class every Sunday at 2 p.m. The attendance was encouraging, and the interest was well sustained. In the College these students are meeting us, at our best, and are acquiring Canadian thought and sentiment under the most favourable conditions, and are being unconsciously moulded by our highest ideals of Christian citizenship. While they may not measure up in every respect to our own students, they are an example and an inspiration to the young men of their own nationality, and are becoming now, and will be pre-eminently in the future, the teachers and leaders of their own people.

THE MINISTRY OF THE INDEPENDENT GREEK CHURCH.

The ministry has suffered this year by five withdrawals from it. Two, Reverends D. Jareme, of Winnipeg, and J. Donylchuke, have joined the membership of the Orthodox Greek Church. Rev. N. Saitzeff, who was acting as travelling evangelist, left last summer for Australia, under mysterious circumstances which have not yet been explained. Rev. Kratt, who ministered to the Galician colonies in the vicinity of Winnipeg, and Mr. Sitnik, as editor of *Ranok*, have gone into business. Three candidates, who had proven themselves efficient in mission work, were admitted to the ministry and are now in charge of fields.

Rev. John Bodrug, who was one of the first and most capable of the Independent Greek ministers, has been secured for the Winnipeg Church. Two years ago he accepted an invitation from the Presbytery of New York to begin, on Presbyterian lines, mission work among the Ruthenian people there. His experience here was a most valuable asset in undertaking that work. Two flourishing congregations have been organized by him, one under the care of one of the ministers who left us last year, and the other in charge of a recent Galician graduate. During the past year he has revised the ritual (used here) under the guidance of the New York Presbytery, who sanctioned its use in their Ruthenian churches and missions, and he has also completed the translation of *Pilgrim's Progress* into Ruthenian, which is now being published, and will be ready for circulation in a few weeks. His return to our work is timely, and his experience gained in New York will be invaluable for our work of extension, and the carrying out of proposed reforms.

The ministers in Manitoba and Saskatchewan were given the privilege of a week's instruction, under Dr. Patrick, in Manitoba College. The most was made of the time, which was too short for any extended course. The spirituality of worship and the doctrines of faith and repentance were brought before them, in a most interesting and effective way, and kept before them, until all were seized of their significance and value. The sacraments were dealt with in the same satisfactory way. The class seemed to grasp their meaning and purpose, and showed that they did by illustration and interpretation of Scripture teaching, referring to them. The view points gained during this week, the light thrown on vital truth, and the study of selected portions of Scripture, cannot fail to make the messages of these men, during the present year, more weighty and clear, and their ministry more fruitful. They expressed their appreciation of the benefit they had received. The proposal of giving them a longer course next year is under favourable consideration.

They are unanimous in the opinion that the ritual, in its present form, cannot be continued to be used by them with advantage. A Committee has been appointed to revise it, in the light of New Testament teaching, and shorten it, so as to leave the time for preaching. From twenty-five to fifty per cent. of the people are ready for this change. The interest of their services and loyalty to truth demands this revision.

About twenty-five mission fields have been opened. At present only seventeen of them are supplied. According to the monthly reports of attendance, Baptisms, Communion and families added, these missions are prosperous. The number of people ministered to, more or less effectively, are about thirty-five thousand. Accuracy here is quite impossible. The people in the vacant missions fields and in the colonies not yet occupied are calling with open minds for missionaries who see a little further into Spiritual things than they do themselves, and who are able to express what they see. The evangelization of this interesting people would begin at once, in earnest, and continue with success, if only a sufficient number of the right kind of men could be secured.

J. A. CARMICHAEL.

HOME MISSION REPORT FOR THE SYNOD OF BRITISH COLUMBIA.

The Synod of British Columbia is territorially divided into the Province of British Columbia and the territory of the Yukon; the former being as large as the Province of Ontario and the Maritime Provinces combined, while the latter contains an area of 196,000 square miles.

THE YUKON.

The Yukon territory, from its geographical position, has fewer varieties of interests than almost any other portion of Canada of equal extent, its chief industry being mining. This district was brought prominently before the world by the discovery of rich placer mines, and thousands of people soon found their way to the Klondike. As always happens in a placer mining country, the mines were soon worked out, and the population gradually decreased. These placer claims, once profitably worked by the individual miner, are being bought by syndicates and operated upon a large scale through the introduction of dredges. The future of the country is uncertain, but there are many who believe that the discovery of quartz will revive the mining interests and insure a great future for the Yukon.

The two missions which have been operated by the Church during the past year are, White Horse, at the head of navigation on the Yukon river, and Hunker, which includes the creeks tributary to the Klondike. At the former, Rev. A. Ross has taken the place of Rev. E. Turkington, who is now supplying St. Andrew's, Dawson, and at the latter Rev. George Pringle has remained at the post he has occupied for the past ten years.

BRITISH COLUMBIA.

British Columbia is benefiting by the era of prosperity with which Western Canada generally is characterized. Many people from the great agricultural plains, attracted by the milder climate and the great variety of industries, for which British Columbia is noted, are moving westwards, and, with the immigration from other countries, are adding to the population, which now approaches 300,000. The trade which has been developed is now the largest per capita of any country of the world. During the four years previous to 1908 the total trade of the province increased \$19,506,223. The chief industries of the province are mining, agriculture, lumbering and fishing.

British Columbia is not only a great playground but a great agricultural country, offering splendid opportunities for diversified farming.

The extent of land capable of being cultivated is estimated at considerably more than ten millions of acres. The whole of British Columbia south of fifty-two degrees and east of the coast range is a grazing country up to 3,500 feet and a farming country up to 2,500 feet where irrigation is possible.

In fruit-growing, the province is taking front rank. This is one of the newest industries, and its possibilities may be indicated by the fact that in 1908 highest awards were secured by British Columbia fruit at London, Leeds, Edinburgh and other exhibitions; while in the same year she won thirteen firsts and one second out of fourteen entries in the great Apple Show at Spokane, Wash.

British Columbia is called the Mineral Province of the Dominion, from the fact that she produces annually of the metals and coal more than one-half of the total production of all the other provinces combined.

Gold, silver, lead, copper, and iron are widely distributed throughout the province, and her coal deposits are the most extensive in the world.

The forest area is estimated at 182,750,000 acres, and is the largest and most compact forest area in Canada, while her pulpwood is unrivalled and is of sufficient quantity

to supply at least half the world's needs. With a coast line on the mainland alone of over 7,000 miles, the fisheries of the province are destined to play a very important part in the development of the country.

NEW BRITISH COLUMBIA.

Just as in the Province of Ontario, there has arisen a New Ontario, with possibilities destined to equal if not surpass Old Ontario, so there has emerged out of the northern part of British Columbia a New British Columbia, destined in the not far distant future to equal the southern districts in population and progress. It possesses within itself all that is essential to support millions of people. This is the territory being opened by the Grand Trunk Pacific Railway, and long known to contain natural resources of great value, but owing to the lack of transportation facilities, have hitherto been undeveloped. With the inauguration of a liberal railway policy on the part of the Government, whereby these unoccupied lands are being brought into touch with the markets of the world, there has been a great rush of prospectors and settlers to this part of the province, and new settlements are being formed throughout the whole of this vast country which are calling loudly for the ordinances of the Church. Believing that the critical time in the history of every settlement is when the foundations are being laid and when its life is in its most plastic form, a determined effort is being put forth by the Church to answer the call and follow the early settlers with the minister of the Gospel, and as soon as men suitable for pioneer work can be secured these new fields will be occupied.

NEW MISSION FIELDS.

The districts which it has been agreed upon to open up may be briefly described.

Queen Charlotte Islands. This is the name given to the group lying west of Prince Rupert, and are very numerous. Upon these many new settlements are springing up on account of the development of their natural resources. Coal, copper, timber and agricultural holdings have been taken up, while extensive fishing operations are engaged in in the water adjacent to the islands. All of these industries are attracting settlers, the forerunners of a much larger population.

Portland Canal. This is the arm of the sea which divides Alaska from British Columbia and is the waterway to the heart of a great mineral producing belt which has startled the outside world by the stories of its riches.

Kitselas is the name of the great canyon on the Skeena river, and is the base of operations for railway construction work between Prince Rupert and Hazelton. Several large valleys are accessible from the Skeena river, whose fertile soil and excellent climate make them most desirable for occupation.

Bulkley Valley. The Bulkley river joins the Skeena at Hazelton, and here the railway turns in an easterly direction. This valley is pronounced to be one of the best in the north. Most of the land has been acquired, and already contains quite a large population.

Nechacco Valley. The district of Fraser and Francois Lakes is reported as containing much rich land suitable for agricultural and grazing purposes. Fort George has already become prominent on account of its strategic position on the Fraser river and midway between Edmonton and the coast.

The occupation of these outposts will but prepare the way for establishing many missions in each of these large districts, and for years to come the Church will require to increase her expenditure in men and money if the foundation of the nation's life is to be laid in righteousness and a strong Church built up which will be a strength in preserving purity at home and extending the kingdom abroad.

NUMBER OF FIELDS.

Last year there were sixty-five fields on the list under the care of the Committee. During the year eight new fields have been added, while five advanced to augmentation or self-support. In addition to these, Westside, in New Westminster, was opened as a mission, but became an augmented charge before the end of the year.

The congregations which became augmented charges were:—East Victoria and Alberni, in Victoria Presbytery; Cedar Cottage and East Chilliwack, in Westminister Presbytery; Prince Rupert became self-supporting, without assistance from the Augmentation Committee; Penticton, in Kamloops Presbytery, was separated from Summerland and became a self-sustaining congregation.

NEW CHURCHES.

New Churches were erected during the year at Wardner and Creston, in Kootenay Presbytery, and at Cedar Cottage and Port Kells, in Westminister Presbytery.

SPECIAL FEATURES.

Loggers' Mission.—The Mission to the Loggers on the Coast has been carried on with unabated vigor during the year by Rev. A. McAuley. Testimony has been borne by the men themselves of the help our missionary has been in raising the tone of camp life and of the higher outlook upon life which has been given through his services. This work is so great and important that in order to render it most effective the present equipment should be doubled. Articles appearing in the public press, written by visitors to this district, and expressing appreciation of the work done by our missionary, have greatly encouraged the Committee in maintaining this important Mission.

At Telegraph Creek the Medical Mission conducted by Dr. Inglis has been well maintained. The Government has erected a hospital, to be conducted by a local board of directors, and the Women's Home Missionary Society has resolved to send in two nurses to assist in the work.

During the year mission work, in almost all the fields, has made steady progress. This is seen in the number of student fields which have asked for ordained supply, and the number of ordained fields which have become augmented charges.

Progress has been retarded through fields having to be left vacant during the winter and the small number of ordained ministers offering for Western work.

REQUIREMENTS.

Two things are urgently required in order to keep pace with the development in our growing West. These are, first, a largely increased number of candidates for the ministry, and second, a more adequate financial support for those who represent the Church in the strategic places where living is costly and the difficulties are greatest. A larger number of men who will consecrate themselves to the service of the Church and country and a spirit of greater liberality on the part of the whole Church are essential if the moral and spiritual problems of the West are to be solved. In answer to the call, "Whom shall I send and who will go for us," may there come the answer from the bravest and most gifted sons of the Church, "Here am I, send me."

GEO. A. WILSON.

PRESBYTERIAL REPORTS.

Bic. A summer resort far down the St. Lawrence, which, during the vacation season, enjoys the services of the Rev. Principal Serimger, D.D. *Cap à L'Aigle.* Another summer resort on the St. Lawrence, to which the Revs. Drs. Mowatt and Dewey Supply services during July and August.

Lake Megantic. While the Protestant population of this town has been decreasing, the Presbyterian cause has been steadily progressing. The field has now reached the status of an augmented congregation, and has called the Rev. H. N. McLean. This makes the third mission field in this Presbytery which during the past four years has advanced to this stage.

Massamippi. This field is holding its own, but during the past year has suffered through inability to get ordained supply. During the winter it was supplied fortnightly by students from the college.

Marlow. One of our most isolated fields. Forty miles from a neighbor. The twenty-five families within its bounds maintain a high standard of spiritual life, and set a good example before the great mass of Roman Catholics which surround them.

Grand Metis. A farming district and also a summer resort. Last year about one hundred visitors sojourned here, and were served by our Church.

Portneuf. The work at this point has been well maintained, summer and winter, by the students of the Presbyterian College, Montreal.

Riviere du Loup. The missionary in this field is required to be conversant with both the French and English tongues, as he preaches to both peoples. Men who can do this effectively are difficult to secure.

Valcartier. This field is in a healthy spiritual condition, owing to the excellent work of the Rev. E. G. Walker, who has held the post for many years. It has made some advances financially during the year, and the attendance has been very good.

Port of Quebec. Immigration work has been carried on at this port by the Rev. Dr. Paterson with more success than ever. During the year he has met 6,700 Presbyterian immigrants. To each he has given a card of introduction to the minister of the place for which he was bound, and has also notified the minister of the immigrant's arrival. Grati-fying results of this work have been reported. One minister reports that he has received at one communion ten people whose names were sent him by Dr. Paterson, another eleven, another thirteen. Of those immigrants 600 went to Montreal, 700 to Toronto, and more than half went to the Canadian West.

H. C. SUTHERLAND, Convener.

Glengarry. We have only one field—*Gravel Hill* and *Monklands*. Services were held regularly throughout the year, not only on Sunday, but two week nights besides. A live interest was created among the young people. At Monklands a new Church costing about \$1,500 was built and furnished and opened in August last, almost free of debt. There is a debt of less than \$200 on it. The Manse purchased three years ago for \$600 is paid for, with the exception of about \$30. Good progress has been made in this field. The Church services are well attended. This year I think that all debts will be wiped out. If so, next they will be able to come up to the status of augmentation. I have this as a goal before them.

N. H. MCGILLIVRAY, Convener.

Ottawa. The mission fields of this Presbytery are situated in the midst of a mixed population. Great numerical advances cannot be expected, but much good work is done and wholesome influence exerted in the whole community.

Bell's Corners and Stittsville have been joined to Westboro, thus forming a strong augmented charge, which has called Rev. T. G. Thomson as pastor.

Casselman and South Indian. Under the care of the Rev. D. Findlay this field is prospering, although greatly weakened by the departure of a number of families for the West.

Chelsea and Cantley. The Rev. James Taylor continues to exercise a careful and energetic ministry in all this region. It is worth while noting that the greater part of the Gatineau Valley has gone "dry."

Desert, etc. This field has been faithfully served during the past year by Wm. Kennedy Palmer. He set himself energetically into the manse project. A fine lot, costing \$1,000, has been secured and paid for, in the heart of the village.

East Templeton. This field prospers under the ministrations of Rev. H. Taylor. Here, again, we see the advantage of a pastorate of some years' duration in consolidating the work and deepening its roots.

Plantagenet, etc. The village of Plantagenet has been greatly weakened by immigration. *Smiths and Pendleton* are holding their own. The Rev. A. Robertson is doing faithful and acceptable work.

L'Orignal. The venerable Rev. Geo. Crombie has held this field with great acceptance for a number of years. He has the respect of his little flock and his ministrations are highly appreciated.

Eardly, etc. The spiritual interests of this field have been well looked after for over a dozen years by the Rev. H. T. Kalem.

Thurso, etc. The Presbytery failed to secure an ordained man to settle in this field after the retirement of the Rev. J. Forbes. During the winter supply was secured chiefly from Montreal Presbyterian College. The people are in good heart. The manse has been paid for and during the summer will be improved and renovated.

Poltimore received student supply during the summer and the Christmas holidays. Rev. Jas. Taylor, Chelsea, and Rev. W. F. Crawford, Buckingham, gave freely what service they could during the winter months.

W. D. ARMSTRONG, Convener.

Lanark and Renfrew. Notwithstanding the fact that our fields suffer from a continual drain of population to the West, during the past year all have held their own, and in some cases distinct progress has been made.

Owing to a re-arrangement of congregations, the *Scotland* field has now a third appointment and has become an augmented charge, calling one of this year's graduates, who hopes to be settled early in May.

We have two fields supplied by ordained missionaries, one at *Alice* with two stations and the other at *Chalk River* with three stations. The missionary at *Chalk River* regularly visits also the field of *Bissets and Deux Rivières*.

Student missionaries are employed at *Calabogie* with three stations, and *Killaloe* with three stations.

The work on all these fields has been exceedingly well done during the year. An especially significant feature is the very large contribution to missions made by *Alice*.

R. YOUNG, Convener.

Brockville. *Norton, etc.* An old field that is gradually weakening through deaths, and the removal of families to other places of residence.

Stone's Corners, etc. A self-supporting field, where good work is being done by Mr. P. L. Jull, of Queen's.

Westport, etc. Reduced this year from the status of an augmented charge, but will probably be advanced again in the autumn.

C. E. A. POCOCK, Convener.

Kingston. *Carlow.* There are three stations, one of which is the mining camp of Bessemer. A new Church will soon be opened at Stringer's Corners.

Clyde Forks. Three stations. The field has made good progress. A marked feature is the interest taken by the large number of young people.

Consecon. Two stations. An old field, scarcely holding its own.

Demorestville. Two stations. A Church was built at Crofton, and the Demorestville Church renovated.

Deseronto West. Two stations. Hay Bay, in a good farming community, doing well. The closing of the Rathbun works at Deseronto has weakened the West End Mission.

Ernestown. Four stations. Shows signs of reviving. Has had a good year.

L'Amable. Two stations as now arranged. Bancroft will be worked by itself in the meantime.

Matawatchan. Four preaching stations. An isolated field. Faithful work is being done.

Maynooth. Three stations. Valuable work is being done. Sheds are being erected at two stations. The field is losing heavily through removals. Construction and lumber camps are being visited.

Poland. Three stations. A new Church is in view for Poland. There is a deepening interest in the work.

Portsmouth. Two stations. Portsmouth has decided to build a Church. A suitable site was donated.

Queensboro. Three stations. The field is gaining strength. It is likely soon to advance to the augmented status.

Sharbot Lake. Three stations. Little or no progress.

Thanet. Four stations. During the winter Clydesdale, in Peterboro Presbytery, was wrought with this field. Good work has been done.

Wilbur. Four stations. Ompah Church was freed of debt. Mining development at Wilbur is going forward. This will strengthen the field.

Wolf Island. Four stations. Good work is being done. The field is aiming to become self-supporting for a student.

The fields as a whole have been faithfully wrought. An evangelistic campaign of about two weeks' duration, conducted by members of Presbytery in nearly all the fields, proved helpful. It gave a stimulus and encouragement to the people and especially to the missionaries. Many of the young people were brought into full communion. Two hundred accessions to membership were reported, as compared with sixty-five the previous year.

JAMES BINNIE, Convener.

We have four mission fields, including thirteen preaching stations.

Peterboro. *Cardiff Mission* is in Haliburton. D. M. Young, Arts student of Queen's, gave services during the summer months at the five preaching stations of the field. Good work was done and finances came out right.

Chandos Mission is in the north of Peterboro County, and consists of two stations, Apsley and Clydesdale. D. W. McCuaig, Arts student of the Presbyterian College, Montreal, supplied this field during the summer months, with good results. Clydesdale has had services all winter, as we worked this station with two adjoining stations in the Kingston Presbytery, Coe Hill and The Ridge.

Harvey Mission is situated in West Peterboro. There are three preaching stations, Lakehurst, Rockcroft and Buckhorn. John Stuart, student in Arts of Queen's, has been in charge since last November, and is doing good work. J. A. McLeish, student in Arts, Queen's, supplied the field during summer months. He gave the work a good start. The people are all at work, building a Church at Buckhorn, which is a summer resort. We expect to open the Church in June. This is a hopeful field, growing under the leadership of Mr. and Mrs. Stuart.

Marmora Mission is situated in Hastings County and consists of three stations, Marmora, Beaver Creek and C. O. R. Junction. This field has had services during the year. W. F. Orok, student of Queen's, supplied the field during summer months, and S. A. White, student of Queen's, gave services during winter months, while attending classes in College. The field is doing fairly well, holding its own.

S. S. BURNS, Convener.

Lindsay. There is very little new to report from the two charges still under our care. The number of families moving to the West prevents growth and, in some cases, has weakened appointments.

At *Sebright* and adjoining stations splendid work has been done by our missionary, Rev. Jas. Sieveright; and Mr. Sieveright is sustaining his reputation as not only a manse builder but also a congregation builder.

On the *Haliburton* field the work for the past year has been handicapped through frequent changes of ministers. We have had to secure such supply as was available, and for a time one appointment had only occasional supply. Rev. E. W. Watson has begun work on the field, and we hope for better things through his ministry.

Both fields made fairly liberal contributions to the Home Mission Fund.

JAS. WALLACE, Convener.

Whitby. *Kendal and Oak Hill* is the only mission field within our bounds. The past year's work has been the most encouraging one since the formation of the field, both in regard to the number of members added to the communion roll and the financial support given to the work by the people. The outlook for the coming year is bright.

JAMES HODGES, Convener.

Toronto. *Brown Hill.* A better day has opened, we believe, for this field, as there is the prospect of working a new station along with the Brown Hill, thus adding strength in due time.

Davenport Road. After a few weeks this field will be a settled charge and self-sustaining. Great progress has marked the past, and bright promise lies in the future.

Dufferin Street. This is a new field. Already goodly numbers gather for Sunday School and for worship. In a brief period a flourishing congregation is assured.

Forest Hill. Good work has been carried on during the past year. A new Church has been erected. The Sunday School and congregation have increased and are full of hope.

Runnymede. Forward is the watchword here. The congregation has decided to call their missionary and go on the list of augmented congregations.

St. David's. Westminster Church continues to be responsible for this growing cause and also for the work at Harwood.

Balantrae. For some years no service was carried on here. There has, however, come a request for a student, and the prospects are quite favorable.

Finnish Mission. Our brethren moved into a comfortable building during last year in the western part of the city. The Home Mission Committee have given these humble people financial aid and otherwise encouraged them.

Malton. Faithful work has been maintained on this old field, though there is little room for expansion.

A number of other points in the city are under consideration, and in the near future additional new missions will certainly be opened.

ALEX. GILRAY, Convener.

Orangeville. This Presbytery was composed very largely of Home Mission fields a few years ago. Now we have but one field, *Kingscote* and *Levendale*. Excellent work has been done in this field during the past year. The prospects are hopeful for the future.

J. R. BELL, Convener.

Barrie. The number of fields in the Presbytery, counting summer fields, is ten, connected with which are twenty-five stations. There is nothing special to report in regard to the work for the past year. The work in these stations is difficult. The population is small, their resources limited. The missionaries have labored with fidelity. The money of the Church has kept the Gospel ordinances alive in these fields, and though there are no striking statistics to quote, the results have been encouraging.

D. D. McLEOD, Convener.

North Bay. The Home Mission work of the Presbytery has suffered a heavy loss in the tragic removal of our much lamented Superintendent of Missions, Rev. S. Childerhose, whose strength was felt on many a waning mission field.

There are two notes that are struck in many of the fields of this Presbytery, the removal of the farming population to the West, and that of the lumbering industry to regions more remote. Through these two causes many of our fields are being robbed of their strongest sons, but notwithstanding that, those that remain have thus far bravely risen to the occasion and deserve the sympathy and support of the Church at large.

Aspdin. An extensive field, good work done during past year.

Berriedale. A vast territory, sparsely settled, strengthened materially last two years by lumbering industry. Field in a hopeful condition.

Bonfield. Lying on C. P. R., between North Bay and Mattawa. Excellent work done.

Byng Inlet. Now self-sustaining. During year called and settled pastor.

Carling. Good work in summer and supplied from Parry Sound in winter.

Commando. A large territory, fine stations, depleted by removals.

Conger. Room for good work here. A large population. Supplied throughout the year.

Depot Harbor. A compact field, one station, church in process of construction.

Dunchurch. A field of four stations, widely scattered, supplied throughout the year.

Emsdale. An old field, little possibility for growth. Good work done. Two Sunday Schools opened at outlying points.

French River. Very uncertain and unsettled. The work dependent entirely on the lumbering industry. Splendid work done.

Katrine. Worked during summer only. Suffering heavily from removals.

Kippewa. A new field near Mattawa, just opened up.

Loring. A good field, forty miles from railroad, a church and manse free of debt.

Mattawa. Most excellent work on this field by Mr. Heaney, who fell in harness, from an acute attack of pneumonia. The work in excellent condition.

Madawaska. Somewhat unsettled at present, due to change in lumbering operations, but good prospects in near future.

Magnetawan. The field in a most flourishing condition. New church opened at Croft free of debt.

Orrville. A scattered field, conditions adverse but cause struggling hard.

Ravensthorpe. Suffered heavily during winter owing to temporary cessation of lumbering interests.

South River. Steady work done and progress made.

Sprucedale. A loyal people, but, like most Muskoka fields, have suffered from removals to West and North.

Sundridge. Good work done, prospects of a new church at one of the appointments.

Tomiko. Supplied during summer. A lumbering centre.

Warren. Good work has been done. This cause not a strong one, but the people appreciative.

G. B. McLENNAN, Convener.

Temiskaming. *Brethour* (four stations) is situated north of New Liskeard, in a good farming district, and has a bright future. In one of the stations, Sutton Bay, a church is being erected.

Charlton (four stations). Has had regular service during the year. The church has been repaired, electric light installed and property otherwise improved.

Cochrane (two stations). One of the important towns of Northern Ontario, at the junction of the T. & N. O. and G. T. P. Here a splendid church has been built and is almost free of debt.

Elk Lake. Where is the "Church of the stranger," of which we have all heard and know of the excellent work being done. This is one of the places where exceptionally good work could be done by an institutional church.

Englehart (three stations). The divisional point of the T. & N. O. By joining the

Tomstown field we have now an ordained man in this section, and real progress is being made.

Giroux Lake and *Port Cobalt* (two stations). Now demands the services of an ordained man. At Port Cobalt the people are preparing to build.

Gow Ganda (three stations). On account of difficulties in transportation this camp has not developed as rapidly as we had hoped, yet it may be that in few places the work of the missionary has counted for more than in Gow Ganda.

Groundhog Lake. A new field on the G. T. P. in the great clay belt, about fifty-three miles west from Cochrane.

G. T. P. Construction Work. Where there are thousands of foreigners, to whom this is the far-away country. We very much hope to be able to secure an Italian worker for this field.

Latchford goes up to augmentation, and is calling the missionary who has done such excellent work for the last two years.

Larder Lake. Unsupplied, because it is still overshadowed by the apparently richer and therefore more favored camps.

Lorrain (about six stations). A mining district, southeast of Cobalt, that is rapidly coming to its own. It already has a number of shipping-mines.

Matheson (five stations). On the T. & N. O., where, thanks to friends of St. Andrew's, Perth, and the energy of the Matheson folk, we have one of the neatest churches on the line.

Milberta (three stations). An ordained field situated in a splendid agricultural district, where excellent work is being done by our man in charge.

Porcupine is situated near mileage 222 on the T. & N. O. Here some splendid specimens of gold have been found and though it is still an untried camp it gives promise of good things.

Temagami (three stations). A summer resort amid the beautiful Temagami Lakes, about seventy miles north of North Bay.

Tomstown. United with Englehart.

In the Presbytery of Temiskaming we have three self-supporting congregations, one augmented charge, four ordained missions and eleven student fields, where six years ago the Church was represented by only one man, the Rev. F. E. Pitts, then of New Liskeard.

The year just closed has been the best in the history of our work. Three churches have been built and preparations are being made to build at least three more in the early spring.

Wherever possible systematic methods of giving are being introduced, and everywhere we believe there is a deepening of the true religious life.

Humanly speaking, the credit for this progress must be given in no small measure to the faithful missionaries and to the wise oversight and sympathetic interest of our late beloved Mr. Childerhose.

J. D. BYRNES, Convener.

Algoma. *Bellingham* was without supply all winter; a rural district, the people being engaged in lumbering and farming. Will be under the Montreal Student Society this summer.

Billings. This field is providing an outfit for the use of the student. A church is likely to be built at one of the stations.

Chelmsford continues to suffer from the removal of Protestant families. Here in the eastern part of the Presbytery the French Roman Catholics are taking the place of the English-speaking Protestants.

Cockburn Island. Owing to its isolated situation the people are leaving the farms here, but ours is the only Church ministering to the people, and the work must be kept up.

Collins' Inlet. A lumbering village.

Creighton. This field has been united with Copper Cliff, to make a self-sustaining parish.

Dean Lake. A rural district, with little prospect of growth as far as population is concerned.

Gordon Lake. Another rural district. A very successful series of evangelistic meetings was held at Leeburn last winter, nineteen persons professing their faith in Christ.

Gonlaid Bay has been united with Korah.

Hilton. Part of this field has suffered severely from a succession of poor crops, another part from callous indifference to religion.

Little Current. Applied for augmentation two years ago. Was unsuccessful in getting a minister. Has asked for a student this summer, hoping to be in a better condition by fall.

Manitowaning. Has been augmented for several years, but has suffered from removals and is unable at present to maintain that status. A re-arrangement is being tried with a view to strengthening the parish.

Massey has advanced from student supply to that of an ordained missionary.

Mills. A weak but needy field.

Ophir is progressing very favorably.

Providence Bay. An extensive field. Splendid work has been done here. There is a better spirit than has been for years. A new church is to be built in the village of Providence Bay.

Sellwood. This field was opened up a year ago. Good progress has been made. The field is now organized and will soon proceed to build a church.

Silver Water. Partly farming, partly lumbering. A splendid sphere for work.

Snowville has been attached to Manitowaning.

Sowerby. Progress has been made here and the field is beginning to agitate for augmentation.

Spanish Mills. A self-sustaining mission field, consisting of two villages entirely engaged in lumbering.

Spragge. Also engaged in lumbering.

Wahnapitae. A needy district, where faithful work will count for much.

Walford has been united with Massey.

Whitefish continues to make progress. Will soon be on the Augmentation Fund.

Saugeen.

There is only one mission field in this Presbytery, with two preaching stations, *Mildmay* and *Ayton*. Both are bright, progressive villages, but the whole district is largely German, and there is little hope of growth.

At *Ayton* the Presbyterian Church is the only English Protestant church in the village. The people in both churches have shown a splendid spirit. Their contributions, both to the support of their own church and to missions, are most liberal, and they deserve the support and encouragement of the Church. Upon the removal of Rev. I. R. Wilson, Rev. Alex. Wilson, who is applying for reception into the Church, was secured, and the reports indicate that he is doing good work on the field.

J. W. McNAMARA, Convener.

Guelph.

Baden. Only Home Mission station in the Presbytery. In the midst of a German community. Ours the only English service. Interest well maintained. The hope of the field is the large and growing Sunday

School.

W. A. BRADLEY, Convener.

Hamilton.

Blackheath, and *E. Seneca*. Forty-nine families. Rev. John Davidson, O.M. Contributed over \$200 to Schemes and \$260 subscribed to Knox College Building Fund.

Hamilton, Bethel-on-the-Beach. A summer resort. Sunday supply arranged for by Special Committee of Presbytery.

Port Robinson and *Crowland.* Supplied by student summer and winter. There is a prospect of another mission being opened in connection with this, and hopes of ultimately making the mission into a regular charge. Self-supporting so far.

Chalmer's Church, Hamilton, began a mission but joined with Barton and became a self-supporting congregation. *Crystal Beach*, a summer resort on Lake Erie, was formerly under the care of the Presbytery, but latterly has been supplied by the American Church.

GEORGE H. SMITH, Convener.

Chatham.

Bentpath has two stations, each of which possesses a snug little church, practically free of debt.

Charlemont, our new field, has two stations but no church building. The people are very hopeful and enthusiastic.

R. J. ROSS, Convener.

Superior.

Barwick (three stations). This is an old field, which for some reason, not very clear, was closed several years ago. Repeated requests for services were responded to. Work has gone on all winter, and the results show the wisdom of the action of Presbytery.

Big Fork (two stations). Another old field, not touched by the railway and not such as many men care to work in. Left vacant during summer for lack of men. The energetic work of Alex. Cox shows that in this field also hard work shows good results.

Emo (four stations). This field should go upon the augmented list this year.

Hymers (five stations). This is not a very encouraging field, removals and overlapping making the work heavy and disappointing. It is at present being worked in connection with *Murillo*. Present arrangement best possible.

Ignace (three stations). A railway centre, only open in summer. Results not easy to estimate. It is ours to sow the seed in places such as this. The Lord of the *Harvest* will see to that.

Mine Centre (three stations). This with Atikokan, railway point on the C. N. R., is also a summer field. Something must be done next winter to supply it if any way possible. Same remarks apply as to *Ignace*.

Nepigon. A new field. Summer resort. In the near future will be an important point.

Schreiber (three stations). Railway point on C. P. R., where the ever-shifting conditions make steady progress an impossibility. Good work is being done by the missionary and the seed cannot be lost.

Sleeman (three stations). Work is progressing as fast as can be expected in so new a field and with such a floating population.

Stratton (three stations). This is an old field, which has been very energetically worked during the past year. The people are in good heart and should go on the augmented list next year.

Superior is a Missionary Presbytery in all respect, as unlike the West as may be—yet we suffer from competition with the great prairies. The people here are ever leaving and going to Saskatchewan or Alberta. Only last week the Convener saw three cars with three families leaving Barwick for Saskatchewan. In all points it is the same. In all the augmented and mission charges of this Presbytery it is like preaching to a Panorama.

J. H. JARVIS, Convener.

Thirty-nine years ago the Presbytery of Manitoba covered the whole Canadian West, and within its bounds contained only nine preaching stations. There were four ministers in this Presbytery, Messrs. Black, Nisbet, McNab, and Fletcher. Professor Bryce became the fifth and was Home Mission Secretary of the Presbytery.

That Presbytery has now become three Synods, viz., Manitoba, Saskatchewan and Alberta. The territory of these three Synods has been divided into twenty-three Presbyteries.

In the area of the Presbytery of Winnipeg of to-day there were but five preaching places in 1871. They and their ministers were as follows (1) Kindonan, Dr. Black; (2) Little Britain and Headingly, Rev. John McNab; (3) Poplar Point, Rev. William Fletcher; (4) Knox Church, Winnipeg, Dr. Bryce.

The Presbytery of Winnipeg extends now about 100 miles from north to south, upon the Red River, and some forty miles on each side of the Red River. This Red River valley is one of the most fertile parts of the West, and the centre of this district is the great city of Winnipeg. The Presbytery has also an extension running down into New Ontario for the convenience of the brethren there.

The Presbyterian Church has worked this district with an energy and success not belonging to any other church. It is to-day the strongest denomination in Winnipeg, as well as in the Province of Manitoba. It has in the city of Winnipeg twenty churches and missions; in the whole Presbytery there are 125 preaching stations, and of this number hundred and a quarter of preaching places there are sixty-eight church buildings. There are services held in forty-three schoolhouses, which are freely given by the trustees, and fourteen in halls and private dwellings. There are in the Presbytery twenty-two self-sustaining congregations, seven augmented congregations, and thirty-three mission groups in which regular service is held. Ten new preaching stations have been opened during the past year. On the roll last year Winnipeg Presbytery had fifty-four members, thus becoming a metropolitan Presbytery and in sight of the oldest Presbyteries—Montreal with its fifty-seven and Toronto with eighty-one. The number of communicants for the present year in the Presbytery are 8,977, a gain of 858 over the preceding year.

GEORGE BRYCE, Convener.

In this Presbytery the mission fields are passing off the list.

Rock Lake. *Whitewater* and *Mather* have passed to the augmented list, and, with *Goodlands*, are anxiously looking for pastors.

The *Mirza*, *Burnside* and *Lyons* field was put on the augmented list, but on account of scarcity of ordained men is being supplied by a student.

Snowflake was ready for ordained man last fall, but was vacant all winter, because supply could not be found. The people became discouraged, and we had to send student in for the summer.

Plum-Coulee and *Winkler*. Most of the English-speaking people moved away from Winkler, and the station had to be closed. Plum Coulee was united with Rosenfelt and placed under care of Winnipeg Presbytery.

Neelin has made some progress under Mr. S. M. Kelly during the winter. We hope for good things this summer.

Mountain City and its six associate preaching places is still a difficult problem, which Mr. F. B. Stewart is trying faithfully to solve. His work is being felt by the foreigners. No doubt much good is being done, but it does not as yet show in church members or financial aid.

M. C. RUMBALL, Convener.

Glenboro. We have now only two mission fields within the bounds of our Presbytery. We would like to relieve the funds altogether, but both these fields are of such a nature that mission work will continue for some time.

Beausale. A scattered field at the foot of the Pembina Hills, supplied by Manitoba College Missionary Society only for the summer.

Hilton. The necessity for Gaelic services on this field has made it a difficult field to work. Now most of the people able to attend service understand English, and we have no Gaelic service. The Gaelic element, we hope, will gradually fall in line with the new condition.

D. M. MACKAY, Convener.

Portage la Prairie. *Bagot*. Good work has been done in this field. During the winter it was supplied from the College. Mr. W. MacD. Tate, who was missionary on the field three years ago, is spending another summer there, much to the gratification of the people. It is possible that before long one of the stations of this mission will be united with a neighboring self-sustaining charge. The remaining three stations will then be able to receive weekly supply.

Glenella. Mr. John Patterson, a student of Manitoba College was in charge of this field last summer, and is again in charge. It was supplied from the College during the winter. Mr. Patterson does excellent work, and better progress is looked for than there has been for some time. At least two and possibly three of the preaching places should unite in erecting a church. They would have done so some years ago, were it not for a difference of opinion as to the proper site. The half mile difference of opinion has not grown less with the years.

Golden Stream. Mr. George Dickson, recently from Glasgow, has done excellent work in this field during the winter, and at an unanimous request of the people is continued there for the summer. It is possible that the two western appointments of this field will unite with one in the Mekiwin field in erecting a suitable church. This will make the remainder of the field much more compact and workable, and enable better service.

McCreary. Has seen steady work done by Rev. Mr. William Carpenter. The southern part of the field, Kelwood, is prospering. McCreary itself has lost a great many of its Protestant population.

Mekiwin is a strong mission, and with the addition of the proposed church, which was to take in one of its appointments and two of those of Golden Stream, ought to make a compact and most desirable country charge. Mr. R. H. Lowry has been in charge for the past year and continues during this summer.

Sidney has suffered greatly by removals. Recently it has been strengthened very materially by the addition of Melvin, an appointment formerly connected with Austin. Rev. F. C. Pecover has been in charge for the past two years and continues for at least one more.

Westbourne is an old mission, but has little prospect of growth. Rev. W. M. Fleming has been in charge for the past two years and continues.

Hollywood or *Kinosota* is a new district recently opened for settlement along the west shore of Lake Manitoba. The Student Missionary Society of Manitoba College, ever looking for pioneer work, offered to take charge of this new and unorganized district, and appointed Mr. O. J. Smith as their missionary.

Bellhampton, north and west of the last named mission, is another district in which the people are anxious for a missionary. At present they are hoping to get a man who will act as teacher of their school and give service.

THURLOW FRASER, Convener.

Dauphin. *Clearview.* A mission with six stations, too large to be efficiently worked. Two of its most important stations have suffered much from removals to the farther west. The remnant even in these stations are shouldering the additional financial burden loyally, and some of the other stations have made commendable progress.

Durban is one of our ordained missions. A new station, Robson, has been added during the year, making four stations in all. They have been struggling to get a new church building of two years' standing on a satisfactory financial basis, and have at last succeeded. Settlers with new inspiration breathing in them have come from two of the stations.

Ethelbert. This is a Galician mission, conducted by Rev. C. H. Moneo, with a nurse assistant. Many patients receive relief and comfort from the mission hospital under their charge. Clothing is distributed to the needy ones, and Sabbath School, to which many Galician children come, is conducted with profit. Services are also conducted for the handful of English residents.

Lake Dauphin. This mission has been a discouraging one, partly through lack of having a centre to form a proper base of operation. Under a new arrangement of stations for the coming year, better things are hoped for.

Minitonas has for its centre the little village of Minitonas, on the C.N.R. This village has suffered much from fires in two years, which has discouraged some. Better method in financing is producing better results. The mission needs an ordained supply.

Ochre River. This mission has made splendid progress during the past year under the care of Mr. S. W. Crouch, having done much better financially than ever before, and a new interest which is refreshing, especially to those who knew the mission formerly, is strongly in evidence. The little church in Ochre River has been renovated and made neat and comfortable.

Ottawa. The Ottawa Mission is an off-shoot of the Grand View congregation, and is new as a separate mission. The broken supply given it, on account of scarcity of mis-

sionaries, has prevented it from making much headway. There is promising material in it, and we look forward with confidence to its development.

Roblin. This is one of our ordained missions. The settlement around it is new. There are three stations, two of which have churches. One of these, a beautiful little church, most conveniently arranged, was opened in Roblin village last summer. The other church is located in the Tumbell district, where a small band of the most loyal and liberal dwell. A joint meeting of the board of management from all the stations was held about a month ago. A definite understanding as to the financial obligation of each station was reached and the future looks bright. A new mission will be opened north of Roblin this summer.

Sifton is our second Galician mission, in which formerly Rev. R. G. Scott labored. A mission house and hospital is located here, conducted by two nurses, Miss C. Reid and Miss Goforth. Medicines and clothing are distributed and the sick are nursed back to health. Sabbath Schools are taught, and a class for English people of the district is conducted. They are asking for preaching supply, which will be granted in some way soon.

Swan River. This is one of the four ordained missions within our bounds. It is also one of the oldest. This year marks a small step in advance, when they have dropped the Home Mission grant one dollar per week. They will likely go on the augmented list next year.

Togo has done well during the past year. It had a broken winter on account of the severe illness of the student in supply, Mr. W. A. Irwin. Four different men manned its pulpit at different times during the winter. But they are in good heart and ready to go forward.

Valley River. This mission has been unwieldly in the past and a new arrangement of stations has been made between it and the Lake Dauphin Mission. This gives Valley River more stations, but a much more compact field, which ought to grow into a good congregation. Dauphin Plains, one of its stations, is one of the best stations in our Presbytery. Ordained supply ought to be given this mission very soon.

Winnipegosis. This is the mission of our Presbytery which presents the poorest prospects. Its centre is Winnipegosis, a fishing and lumbering village of varying dimensions. Many of our best families have gone away and the future of the mission is doubtful. We have a spirited little band of people at South Bay, however, about six or seven miles from the village.

Woody River. The mission formerly known by this name is now known by the name Bowsman River. The Bowsman section of the field has done exceptionally good work during the past year. A new station, Lavender, has been added and even Valley station has possibilities if they can be brought out.

Zorra. This mission is composed of settlers who have known better conditions than Home Mission conditions, and chafe under them to a considerable extent. They are being tried with ordained supply for this summer. The field will make a good congregation if the people can be made to yield out their potentiality.

E. W. JOHNSON, Convener.

Minnedosa. Our mission fields are sufficiently promising to warrant the appointment of ordained missionaries to all of them, if such could be found.

Angusville, on the Rosburn branch of the C. N. R., and including *Seeburn,* is supplied by J. A. McNair, a Scotch catechist.

Harrowby, on the Yorkton branch of the C. N. R., would make more progress with permanent supply. Mr. R. Ross, catechist, is on the field.

Kelloe is self-supporting for an ordained missionary. It has a good manse. Rev. Jas. Laing is in charge.

Makepeace lies north of Basswood and Newdale. Mr. A. Matthews, catechist and ex-farmer, is doing good foundation work there.

Shellmouth, on the C. N. R., has had its request for an ordained missionary fulfilled. An M. E. from Manitoba College has taken up the work.

Brandon. *Brandon*, St. Andrew's Mission, in the east end of the city, was organized last January and promises to be a strong cause. Thos. Murphy is in charge.

Daly was vacant for the winter. This field wishes an ordained man, but we are unable to secure one for them.

Ebor has been very acceptably supplied for the winter by Thos. M. Revie, a Catechist from Glasgow, Scotland.

Kirkella built a church last summer which was opened in January, almost free of debt. J. H. Moir, a student from Manitoba College has charge again for the summer.

McCauley is a station on the Kirkella branch of the C. P. R. This congregation was disjoined from Welwyn in January and is now associated with DeClare and Roselea. Rev. J. A. W. Black has been appointed to this field.

Menteith congregation is in charge of C. K. Mathewson. The church has been moved three miles east to a more central location.

Moorepark should build a church this summer. This field is in charge of D. R. Piper, a second year theological student from Lane Seminary, U.S., for the summer. T. S. Watson rendered good services during the past twelve months.

Palmerston is one of the strongest mission fields in the Presbytery. We should have an ordained man there. Palmerston station should build a church. Philip Duncan is in charge.

Petrel has advanced to an augmented charge. Ingelow station built a church last summer. The three congregations are erecting a manse this summer. The field made excellent progress under A. J. G. Ball during the past year.

Pierson, Eunola and Tilston make a difficult field to work, owing to distance and hours of service. Tilston should build a church this summer.

Routledge was vacant for part of the winter. Wm. McInnes is now in charge.

Sinclair built a very beautiful church last summer, which was opened in December. This field is making satisfactory progress. The missionary is A. Stewart.

Stonehill is a newly arranged field, composed of Stonehill, Broomhill and Coatland. Stonehill was previously associated with Sinclair and Coatland with Elva. C. R. Wiseman has been appointed to this field for the summer.

Two Creeks is on the new line of railway between Virden and McAuley. John Carefoot is in charge of this field for the summer.

P. STRANG, Convener.

Beaverdale has been absorbed by *Theodore*.

Yorkton.

Beckenham (three stations), is more promising, but is a hard field and had poor supply last summer.

Bredenbury (three stations), is taking on new life, having been made a divisional point on C. P. R.

Buchanan (three stations), has church building in sight for the near future.

Canora (four stations), is, after many trials, doing well under Mr. Western.

Dunleith, Gaelic (three stations), was without supply all winter, and now, from close association with new line of C. N. R., further advancement should be made.

Eden Valley (four stations), is as yet in a very undeveloped state, and until the railroad which is slowly coming its way, is completed, not much can be expected.

Gurnsey, after July, will form part of Lanigan as an augmented charge.

Invermay (five stations), is ready for good work this summer if it gets an energetic man.

Kamsack (three stations) has passed to augmented list and has a settled pastor, church and manse.

Kelvington (six stations). Poor supply last summer spoiled the winter work and the people are depressed.

Lanigan becomes augmented charge in July and will build church soon.

Leslie (four stations). Not doing as well as it should, largely owing to illness of missionary this winter.

Llewellyn (three stations). Welsh. Needs an ordained man badly.

Malby (three stations). A hard field to get interested, and Mr. McNaught is being rewarded for his untiring persistency.

Otthon (three stations). Hungarian. Has built one church and is building another. Many of these foreign colonies are kept back by not getting sooner into line with the mode of work of the Church with which they become associated in this country.

Prairie Rose (three stations), is developing slowly.

Sheho (four stations). The manse too far removed from the larger part of the work, and the field not helped by the missionary, being the Home Mission Convener.

Snake Creek (ten stations). Far too large a field for one man and far away from outside help, one hundred and forty miles from the Convener in a straight line—the distance unknown until you figure up the creeks in the trail. Railroad construction is beginning through the centre of the district.

Snake Creek (six stations). Another large field widely scattered, but soon to be affected by railroad construction. Part of winter unsupplied, and this season's missionary will be late on the ground.

Theodore (three stations). Doing well. Has a church under construction.

Wadena (four stations). Had unfortunate experience with its missionary and is in a disheartened condition.

Wallace (three stations). Re-constructed, having been given part of Dunleith field and Orkney taken from it.

Watson (four stations). Has a new manse and has taken up new ground and is doing well.

Wishart (five stations). Has new manse. Field should be divided, as missionary has too much ground to cover.

Wynyard is practically new, and this spring has its first missionary. The man sent last spring took stage fright at his first service and quit, and it took the Convener a month to find him, 240 miles away from his field.

Orkney. New, with German annex.

Plainview. New, though tried before two years ago.

Lockwood. New—part of old Lanigan field.

JAMES FRAZER, Convener.

Arcola. *Deanton* (four stations). New field. D. Lancaster has just gone into it this summer.

Froude and Griffin (three stations). Promising field. Queen's College Missionary Society working it.

Filmore (three stations). Has had some difficulty in one section. Prospects of good work being done this year.

Gapview (four stations). A promising field on C. P. R. new line to Lethbridge.

Heward. Joined to *Stoughton*, which together are self-supporting.

Hutton and Yale (three stations). New field, good outlook. Situated north and west of Redvers.

Kisby (four stations). A growing cause.

Lang (four stations). Supplied by very young student, who has been asked by the people to continue for the summer.

McTaggart (three stations). Prospering under Mr. H. Armstrong, student.

Stoughton and Heward (three stations). Self-supporting since January 1st, 1910. The missionary, Rev. Mr. Paddon, is doing good work in this field.

S. Weyburn (three stations). Has become self-supporting since January 1st, 1910, under Rev. R. S. Leslie.

Tyvan (three stations). A field with some discouragements. Good work being done.

Welmor (three stations). New field. New town to be built here on C. N. R. Mr. D. Black is doing good work here.

Willow Bunch (four stations). Extensive field, largely pioneer work.

Leeville (four stations). Also pioneer field. Missionary, Mr. A. D. Pringle, covers an extensive territory. We should have at least one more good active man in this territory. Country filling up fast.

T. CORBETT, Convener.

Alameda. *Dalesboro*. This field has two preaching stations, Dalesboro and Arthur, both of which are important country points. Under Mr. R. Wear, of Manitoba College, the interest in the work was maintained. In the fall, Mr. George Boman took up the work for the winter.

Douglaston. Not as encouraging as we would like. Supply was weak. There are, however, a number of interesting families in the mission.

Dirt Hills South. Were unable to get supply for this new field. Many settlers are in who should be attended to. Sufficient country for two or more missionaries.

Glen Ewen. This field rose in October to augmentation status. Mr. J. M. Fraser did good work during the summer. A promising field.

Macoun. Rev. R. O'Brien labors faithfully here. Number of families leaving Macoun, some some others moving in. The other station will be helped by the coming in of the C. N. R.

Romford. Interest fairly well maintained. Will soon become an important field, as the country is becoming better settled.

Roscoe. The work was poorly attended to by our missionary. There is need of a good man here if we are to improve the conditions.

Taylorlton. Rev. John Jackson is doing splendid work. The field consist of three stations, one in a farming district, one at the coal mines, the other the village of Bienfait, on Estevan branch of C. P. R. Prospects for the future of this mission are good.

Viewfield. In this settlement there is a fairly strong Presbyterian element. Other points are Kruger and Mona College. All of which are farming settlements. Mr. Peter Colquhoun began work in the fall, after removal of Mr. Boman to Dalesboro. He is doing good work.

B. GLOVER, Convener.

Abernethy. Encouraging progress has been made during the year. Several fields report a substantial addition to the communion roll. A noteworthy feature of our work is that, in four-fifths of our preaching stations, our Church is the only one that has given service.

At *Semans*, a church was built during the year, and paid for by the people without any help whatever from the Church and Manse Board.

At *Nokomis*, *Dubuc* and *Strassburg*, additions have been made to the manses, while at *Lemberg* and *Bulyea* new manses have been built.

Nearly all the fields in the Presbytery were visited by the Convener during the year, and, in most cases, meetings were held with Sessions and Boards of Management, whose members all showed a most commendable interest in the work of the Church, and a desire to do everything possible towards reducing their claims upon the Home Mission Fund.

Qu'Appelle. All the mission fields were very well supplied during the year. A Committee of Presbytery, consisting of Rev. S. Acheson, G. P. Campbell, Elder, and the Convener, visited several of the missions and succeeded in making some changes and re-arrangements, which both extend the boundaries of our work and place it, we hope, on a more permanent basis.

Fairlight includes *Fairlight*, *Rosetti*, *Maryfield*. Mr. J. S. Lowe continues to do very excellent work here. His appointment for two years will end in September next. His splendid service during this time proves the advantage of having good, earnest men continue for at least two years in a place. Mr. Lowe received special ordination on June 1 last.

Fairmede. This field was visited by a Committee of Presbytery, consisting of Rev. S. Acheson, G. P. Campbell, Elder, and the Convener. It was found advisable in the interests of our work to make several changes. We have now two flourishing missions instead of only one a year ago. W. A. McDonald has charge of Fairmede, Rosedale, Vandura, Smith Church and Iona. He is a most earnest, painstaking, energetic man. The work is prospering under his care. A new church is being built at Vandura, on the C. N. R. This will be opened some time during the summer, and will consolidate the field.

Glenaron. A new church was erected at this point, and opened by our Superintendent last autumn.

Hillesden. This group suffered to some extent during the summer for want of supply. It was supplied, however, from September to March. We are very hopeful of good things during the current year.

Kipling. Golden Plains and Lansdowne were unite to Kipling and placed under the care of Mr. H. Cox. A new church was built at Kipling and opened by the Convener on the last Sabbath of January. This is one of the very prosperous fields. They agreed to meet Mr. Cox's salary in full from April to October on condition that an ordained minister be sent to them and that they be placed on the augmented list at the expiration of the six month.

Wanota. Wanota was detached from Fairmede. The church was moved across the prairie six miles to Kelso, on the C. N. R., and opened by our Superintendent in February. This group consists of Wanota, Kelso and Pickwell (a new station, to the south-east). We are quite sure that under an energetic man this field will be a most successful point in our Church life. Mr. Barr, who has just recently left us, is one of the most devoted and faithful missionaries I have ever known. To him is largely due the re-arrangement of the Fairmede field and the extension of the work so as to form this last named new group.

Weldon. Mr. John White has labored faithfully here since October last. The people are building a manse for him. This will make the driving less and at the same time increase the efficiency of the missionary.

Windthorst. A new church was built here. Under Mr. Leadingham the work is going on with assurance of success.

Four churches were built during the year. This includes the removal of the Wanota Church to Kelso. We need more churches and manses. We should have, at once, four new churches and five manses, in order to centralize and consolidate our work.

We expect further changes and re-arrangement during the current year. This is our opportunity. We must push on. The country needs it, and the salvation of men demands it.

J. LEISHMAN, Convener.

Saskatoon. The Presbytery of Saskatoon has closed with a very satisfactory year in mission work. The result is that we are opening up two new fields and dividing others into two. The number of preaching stations in each field is as follows:—

Asquith, 4; Bladworth, 3; Delisle, 5; Dinsmore; Eagle Creek, 6; Elstow, 3; Glenhurst, 5; Harris, 3; Langham, 3; Maynard, 3 (new); Melness, 3; Outlook, 3; Perdue, 5; Red Deer Lake, 5; Ridgeford (new); Sutherland, 3; Tessier, 3 (new); Vonda, 3; Viscount, 3; Warman, 3; Watrous, 1; Westhope, 3; Zealandia, 2; Zelma, 3.

M. F. MUNRO, Convener.

Prince Albert. Birch Hills has made splendid advance during the past year in clearing off almost all the debt on their church property.

Duck Lake has done well and the attendance at service has increased very much.

Flett's Springs has had a first-class missionary, and all reports are most encouraging.

Gillies has not yet been organized.

Kinistino is preparing to build a new church. Eight men have subscribed over \$2,000 for this purpose.

Melfort has long been sadly crippled with debt, but a determined effort is now made to wipe this out. Attendance at service has increased more than 100 per cent.

Petrofka is a mission among the Doukabours and is making real progress.

Prince Albert East has almost freed the church property from debt during the past year.

Shell Brook has at last become a railroad town and is growing very rapidly.

Steep Creek remains about the same and cannot advance very much until a railroad reaches the settlement.

Star City has not grown on account of failure in crops two years ago. The people are now more hopeful.

Tisdale has now a fine church and better reports should be received from this field.

Willoughby has now grown for some years. The field is about as strong as it will be.

The work among the Galicians continues. The Hospital at Wakaw has been a great blessing to the whole colony.

New fields will be opened at Parkside and Cowan.

C. G. YOUNG, Convener.

Battleford. Advance has built a new church and becomes an ordained charge; it has four stations.

Biggar is a divisional point on the G. T. P. Our work has just commenced, but promises well. There are three appointments in sight.

D. G. McQUEEN, Convener.

Bowen is one of our weakest fields and from its location cannot be expected to gather strength rapidly; it has three stations, with one church.

Cut Knife is divided for the present; it is a large district, but most of the appointments are small; four or five will be worked under the new arrangement.

Denholm is the same as the old Richard field. It has had, by a good deal, the best year in its history.

Dowd Hill has been vacant all winter and will not be occupied until end of May. It is a promising field in a good section of country and has five stations.

Brock is partly a new field in the Eagle Lake country. The number of appointments is undetermined.

Edam is the new name for the Turtle River field. It has been well supplied for a year. The North Battleford and Athabasca Railway has been graded thus far, and when operated will be a great boon and Edam itself may become a village of some importance. There are four stations.

Emmaville is a new field north of the English River Mission, from which the Emmaville station is taken to form the base of the new field. Many people are going into this region. The number of appointments cannot be stated.

Fielding is a new mission grouped around the village of this name. There are difficulties to be faced, but we hope for success, under good guidance. There will be three or four stations.

Fort Pitt is a new field surrounding a well-known Hudson's Bay post on the North Saskatchewan river and near the Alberta boundary.

Gettysburg has been worked for the first time last winter. There will be four appointments this summer.

Howiedale has been vacant all winter. It made a good start last summer, and, being in a good farming district, with approaching railway facilities, will, no doubt, increase in strength.

Kindersley is a new field on C. N. R., running from Saskatoon to Calgary. The town sprang into existence last fall and has had phenomenal growth. It is looked upon as an important centre. A church was built during the winter.

K. West is a new field along the above line.

K. Southwest is a new field near the South Saskatchewan river, where a number of Americans and their minister have settled.

K. South is another new field as yet unorganized. This section of country surrounding Kindersley is receiving a large share of the immigration this spring.

Lashburn has made steady progress during the past year and is contemplating passing on to augmentation. Three appointments.

Landis is a scattered field and calls for an extra amount of driving and oversight. Eight stations receive service with more or less frequency. Rev. M. McLean, who has manned it for a year, makes choice to remain at a difficult post.

Macklin is the new name for Eye Hill Creek field. It comprises three towns on the C. P. R. Wetaskiwin branch, and on Alberta boundary. It has not done well for a year, but under new guidance we expect better results.

Marsden is the old Manitou Lake field. It has had its ups and downs, but with its plucky people keeps on its way. Queen's College Missionary Society is to supply it this summer.

Meota replaces Jackfish Lake as the name of one of the best known fields in the Presbytery. After a period of depression it is showing new life. There is the prospect of a good town on the lake shore when the railway, now graded, is put in running order. There are four stations.

Mervin will henceforth be the name of the English River Mission. For the first time it has received winter supply, which was much appreciated. There are four appointments.

Mullingar is the new name for Meeting Lake field. One side of this district was swept by a fierce prairie fire last fall and many households left without home, crop and clothing. There are five stations.

Paynton has not been moving on as we would have liked, but we are hopeful for improvement. There are three stations.

Penkill is a new field southeast of Kindersley.

Radisson. The services of Rev. E. W. Pantou came to a close in November of last year through a sudden attack of sickness. After three years of valuable service in the West, he has retired and returned East. The field has been supplied satisfactorily since from Saskatchewan University.

Round Hill has received only partial supply for a year and is not developing strength. There are four appointments.

Scott has been in some ways our most successful mission. From a state of discour-

agement in midsummer of last year, when Mr. Leavitt, of New York, took charge, it took heart and built the finest church in the Presbytery and has payment well in hand. Phippen is preparing to build this summer. This field is ready for ordained supply.

Springbourne is a new field, unorganized.

Starview is partly old and partly new. There will be five stations.

Stoney Lake is a new field, north of Edam.

Tramping Lake is an old name for a new field, where settlers have gone in recently, and where some of our people, interspersed among a Russian Catholic colony, have been deprived of service hitherto.

Tyner has been taken over from Regina Presbytery. It is on the South Saskatchewan River and gives considerable promise. There are four appointments.

Unity is contemplating the erection of a church in the town. There are four appointments.

Wiggins has been vacant all winter. It is a good field and under the care of Kingston College Missionary Society our cause is being well established.

Wilkie has had a bad year, and if we did not have a sturdy band of people our cause would have lapsed ere this. Under good guidance there is the making of a strong field here. There are three stations.

Wilbert is part of the old Cut Knife field. It will have four or five stations.

The above list shows that fourteen new fields are being opened this spring within the bounds of the Presbytery.

S. W. THOMSON, Convener.

Within the bounds of this Mission Presbytery, all the work of the Vermilion. Presbytery, with the exception of the augmented charges, is under the care of the Home Mission Committee. Consequently, Home Mission is a very "live subject" in the deliberations of the Presbytery, and in the efforts of the missionaries on their fields of labor.

During the year we have tried to operate twenty-two mission fields in the Presbytery, made up of one Medical Mission at Vegreville Hospital, seven ordained mission fields, and fourteen student mission fields. Of these latter, seven were vacant during the winter months, and four vacant during the summer, partly through our inability to obtain a sufficient number of students, and partly because two of these four fields were placed on our list in anticipation of projected railway construction which did not materialize.

On the 1st April, 1909, three more fields were added to our list and opened and three more were dropped, two of these being merged into adjoining fields, and one at the construction camps on the G. T. P. Railway was closed when the camps moved beyond the bounds of the Presbytery. So that our total number of fields remains the same as it was during the previous year, and the names of these fields were changed to suit the names on the pastoral list. But when development and influx of settlers are changing the face of the prairie and conditions of communication, the arrangements of the Home Mission Committee must necessarily change also.

During the year a new manse was completed at Tofield, and at the time of writing two new churches are under construction.

Statistics show that the attendance at our services has steadily increased during the year, and that the givings of the people, both to local support and to the schemes of the Church, show a favorable increase. And the spiritual side of the work, which is always

kept to the front, gives encouragement both in the tabulated additions to the communion rolls and in a growing sentiment in favor of the work of our Church and her missionaries.

During the year our missionaries were very much encouraged and helped in their work through the simultaneous campaign conducted within the bounds of the Presbytery of the Assembly's Committee on Evangelism. For three weeks, during November and December, special services were conducted nightly in eight of the principal stations in the Presbytery, and, notwithstanding inclement weather and the most penetrating cold of spiritual indifference in some of our people, the meetings were very well attended and a considerable number signified their acceptance of Christ, and the work in all these charges received a stimulating uplift.

The fields and preaching stations at present being worked by the Home Mission Committee within the Presbytery are:—

Beaver Lake (four stations). Worked by a student during the summer months and combined with Ryley and worked by an ordained man during the winter.

Bloomington and Campbell Lake. Not opened during the year. Railroad construction was expected through this territory, but was not undertaken.

Cummings (six stations). Vacant most of year through inability to obtain supply.
Edgerton (four stations). Ordained missionary. In one part of the field there is an aggressive Mormon settlement. A new church is being erected.

Ganton (five preaching stations). Vacant during the year through student failing to keep his appointment with the Committee last summer.

Innisfail. A student field, with four preaching stations. Worked throughout the year. A large portion of this territory was swept by prairie fire last autumn.

Irma was worked for a few months last spring, but as Methodists were also giving supply at all points our student was withdrawn and sent to a more needy field.

Islay (three stations). An ordained mission field. Most encouraging response given by the people.

Lamont (two stations). A Union Church. This charge has advanced to augmented status this spring.

Lloydminster (three stations). Encouraging work is being done at this point.

Manville (three stations). This charge has also advanced to augmented status this spring.

Meighen (four stations). Supplied by student the whole year.

Meridian (three stations). Supplied by student during the summer. Closed for the winter.

Moose Hills (six stations). Supplied by student most of the year. A new church is in course of construction.

Onion Lake (four stations). Supplied by student for summer months only.

Ryley (three stations). Supplied by student for summer months. United with Beaver Lake for the winter.

Sunnydale (five stations). Supplied by student for whole year.

Tosfield (three stations). Good work has been done here during the year, and a manse erected at cost of \$1,300.

Wainwright (three stations). Supplied throughout the year.

Whitford (five stations). An approved catechist has given efficient supply for the whole year.

Vegreville Hospital has proved a great boon to all classes of settlers, and its work and influence among the foreign element is steadily increasing. During the year a nurses' home was built and furnished, which made room for several more patients in the Hospital.

WILLIAM SIMONS, Convener.

There were fifteen mission fields worked in the Presbytery during the year 1909-10. Three of these were supplied by ordained men, and the others by students or catechists.

Two students fields were united for the winter, and two were left vacant. Services were held at fifty points, and the average attendance over the whole field was 860.

Last fall the Peace River District was visited by the Rev. Alex. Forbes, B.D., of Fort Saskatchewan, and when his report was presented to the Presbytery it was decided to send in an ordained missionary before the break up of the winter and the ice on the rivers and lakes. Later a student assistant was decided upon. The Rev. Alex. Forbes, whose experience of fifteen years at Fort Saskatchewan had well fitted him for pioneer work, was selected, and Mr. Mungo Forbes, who had served for a few months as missionary at Morinville, was chosen to go along.

The Rev. Mr. Forbes had decided to make his headquarters at Grand Prairie, while Mr. M. Forbes will be stationed at Spirit River. They left for their destination on February 21 last, and the "cords" of the Presbytery are lengthened by about 400 miles due northwest of Edmonton.

These two fields, along with North Edmonton, constitute the three added to our list this year. The rapid development of the territory west of Edmonton along the lines of the C. N. R. and the G. T. P. railways will of necessity demand more missionaries in the near future.

One new congregation—the Robertson Church—in the west end of the city of Edmonton, has been organized, a site purchased for it by First Church, a fine church built by the people, and opened by the pastor of First Church on February 20th last. A minister has been called at a salary of \$1,800, and is to be settled in May. Thus the work goes on.

A Union Church was built and opened at Morinville by the Convener in August last.

A Presbyterian Church was built and opened at Cardiff, in the Morinville field, on January 30th last, also by the Convener.

A new manse was built at Ardrossan, in the Homewood field.

The great need is that of continuous competent supply.

D. G. McQUEEN, Convener.

Lacombe Presbytery has sixteen fields within its bounds. Last summer all except one were worked. During the winter only ten have been

Owing to conditions on the fields, the Presbytery decided not to keep three of these open during the winter. But the other three, Sedgewick, Tees and Red Willow, were vacant owing to the scarcity of men. These are important fields and suffered greatly through lack of services during the winter.

Some of our fields have not made much change during the year. Most of them, however, have experienced some change.

Brown's Field was worked for the first last summer by a Knox College Home Mission Society student. Being an entirely new field, and covering a large area, the missionary found ample scope for his energies. He was a good man for the place, for he had the faculty of searching out the homes of the new settlers. When he left the field in the autumn he had found six communities in which he held services.

Provost is our most easterly field, extending as far east as the Saskatchewan boundary. It is on the Saskatoon-Wetaskiwin line of the C. P. R., in the midst of a splendid farming community.

This field has made rapid strides. Although worked only two summers as a student field, last autumn they asked for and promised liberal support to an ordained man. Rev. J. G. McKay was sent to them. Good work has been done during the winter. They are now well organized, having Sunday School, Choir, Board of Managers and Session. A church is in course of erection.

Strome and Killam is one of the progressing fields. These two formerly constituted the mission, but last winter Strome decided to sever their connection with Killam. They united with Daysland, an augmented charge, and have gone to the self-sustaining status. Killam found other associates in two new country communities, and these in turn constitute an augmented charge.

The building of the Calgary branch lines of the G. T. P. and C. N. R. will improve conditions on some of our fields, such as:

Ponoka East. This field suffered last year from two causes. First of all, last summer the crops of many of the farmers were badly hailed out. Then last fall one of the strongest congregations in the field withdrew from it. They were a disaffected part of a Welsh Calvinistic Methodist settlement who came over to us and asked us to give them services, promising \$100 annually as support. Harmony was restored between them and their brethren, and so they withdrew from us, thus weakening the field both numerically and financially. However, one or two new towns will spring up this summer on the railroad that is being built through that field. This will strengthen the field again.

Alix and Stettler are already feeling the throb of new life. These are to be junction towns. The railroad development is giving the congregations fresh courage and a move forward is expected, particularly in Alix, where the long talked of church is likely to materialize.

The old *Battle River* field is expecting good things this summer from the Highland Park end of that field. There are already the beginnings of a thrifty railroad town near that place.

It is the hope of the Presbytery that all its fields be well supplied this summer. It is particularly desirous that the development along these new railroad lines be carefully watched and provided for.

No new fields will be opened this summer unless a good man can be found to do pioneer work in the vast new territory west of Wetaskiwin.

J. EDW. HOGG, Convener.

Red Deer. *Bergen.* The special feature of interest about this field during the past winter has been the fact that our missionary, the Rev. W. H. Jennings, has given frequent and most acceptable services to the 125 men in the lumber camps in the neighborhood.

Blackfalds. This is one of our oldest fields which, during the past year, has made steady progress, especially since Mr. W. Scott, a young man from Belfort, has been in charge. Mr. Scott's power in singing the Gospel is quite remarkable and is proving of great service in the work.

Cumberland. For the first time for some years we have been able to secure winter supply for this field, and the condition of the work and the interest of the people at the close of the winter term is a splendid proof of the value of continuous service on our fields.

Ewatts. This is one of our most difficult fields and, unfortunately, last winter we were obliged to send one of our most inexperienced men to take charge of it. The result is that the work is waiting for a genuine uplift, which we are expecting in the near future.

Euring. This is another field which has given further proof, if such were needed, of the value of twelve-months-in-the-year service. The work here has made splendid progress since the coming of W. H. Eakin, another Irishman.

Finnish Mission. This is one of our most interesting missions. The constituency here is composed of at least 150 families of Finlanders, with over 700 children, for whom nothing has been done for eight years. Last summer the Rev. G. Blongren, from Chicago, prospected this field and presented a favorable report to the Presbytery. A younger man, a native Finlander, has just been secured, and we are expecting interesting developments in the work here.

Gough Lake. This was one of our new fields last year, and the pioneer missionary, M. J. Q. Hughes, a young Welsh coal miner, has made a good beginning. The field has been divided and the prospects are most hopeful.

Hand Hills. This word has become a familiar one at all land offices during the past year, and one of the first to trek across the country to this district was our worthy missionary, Wm. Millar, with his equally worthy wife. The country has developed so rapidly during the past year that upon the report of Mr. Millar and that of the Convener, the Presbytery felt that seven new fields were imperative at once. The Presbytery of Red Deer was never better advised than in regard to this new and important district.

Ingleton. In nine months the face of this district has been completely changed. A new town, Castor, with forty business houses and a population well on to 1,000, now stands where nine months ago there was only unbroken prairie. The blue banner is to the fore, and we are trying to prove worthy of our opportunity.

Lakeview and Trochu. Through a lack of men these fields were combined last year, and Mr. J. R. Craig, a missionary from South America, has been the leader of the communities in which he has ministered. The coming of the G. T. P. through this field means larger opportunities, and our prayer is that our Church may be worthy.

Leslieville. Winter supply again makes us grateful. T. J. Warwick penetrated beyond the Saskatchewan, and in this part of the country our Church is the only one giving regular service in thirteen settlements.

Little Red Deer. Placing himself under the direction of the Home Mission Committee, the Rev. Jas. Wheeler ministered here with great acceptance; but a number of removals has weakened the field and a student will be in charge for the summer.

Milverton. If we could get our young ordained men to take hold of mission fields we could soon have some well developed fields and Milverton is one of them.

Ridgewood. A re-arrangement of the Penhold field has strengthened this field, and Mr. Gosling has taken charge of the larger work with enthusiasm.

Willowdale. The Rev. M. A. McKenzie has labored faithfully here during the year and with two new points added this is one of our most promising fields.

The average number of preaching places on these fields is five. Nearly every field has made a contribution to Home Missions. The supply has been regular and generally satisfactory. With a little more than starvation wages now in sight, better work will be

done. Altogether, the Presbytery of Red Deer wishes to present the report of Joshua and Caleb. The Lord is good, the difficulties are giants; but the Lord is with us, and our watchword is, "Let the whole line advance."

W. G. BROWN, Convener.

Calgary. During the past year we maintained services at fifty-two points, ministering to five hundred and twenty-nine families and as many single persons. These fields contributed \$4,039 towards stipend and \$7,728 for all local needs, and \$232 towards Schemes. New territory is opening up with marvellous speed, so much so that we have been compelled to ask McLeod Presbytery, on the south, and Red Deer, on the north, to assist in supervising the work of this very large Presbytery. Including all the territory that is nominally within our bounds, we require to open a dozen new fields to keep pace with the great inrush of new settlers.

Acme is one of our new fields on a new branch of the C. P. R. running north from Langdon. This road is opening up an excellent stretch of country, and a good cause will likely be developed very speedily.

Airdrie. Our population in the village here has been diminishing, but in the country points to the west we have much encouragement.

Atkins is a difficult field on account of apathy, except in one or two points. The population is very much divided denominationally. However, we are hoping.

Banff is another problem. We have a few faithful there, but for nine months in the year the burden of maintaining services is great. The tourist season is a busy time. But tourists are fonder of an attractive service than they are of paying for it. We are waiting to see what comes of church union in Banff. If we are to continue as hitherto, the Church at large must take a hand in setting things right here.

Bassano was a mere name a year ago, and is a town now. The writer was asked to begin services here last fall, and at the first service nearly a hundred gathered and sat on boards and boxes and nail kegs or leaned against the wall. A new church is now being undertaken and a graduate of Queen's is showing his heroism and wisdom by taking charge of this very promising charge.

Bow Island has the same history as Bassano, only they are a few months in advance, and have churches at each point and a manse for another college graduate who showed still greater wisdom—and heroism—by bringing a wife.

Bowell has not developed as fast as we would like. The fault is partly the intermittent supply we had to give, and partly the agricultural disappointments. But the latter seems to be disappearing, and let us hope the former will too.

Carbon has waited long for railway favors and in the meantime life in general is languid. We have held on faithfully and no doubt much good has been done. We hope the time is near when we can place an ordained man there who will stay one and do some lasting work.

Crossfield is coming up. We have placed an ordained man there again and are hoping the work will make continued good progress.

Cypress Hills. A big ranching country, but farming is beginning, and the school and church will soon adorn these hills.

Foothills. Here are both success and discouragements, but more of the former than of the latter. Oh for as great an interest in the Kingdom as in ranches and horses and worldly pleasures.

Langdon. Not many families and not all interested, yet a Ladies' Aid of half a dozen members has made it possible to undertake a new three thousand dollar church.

Knox, Medicine Hat. New life in the town and new activity in the mission field. This will go up to augmentation soon.

Seven Persons, so named from a drowning tragedy, in which seven lives were lost. This is a very hopeful field. Country mostly filled by Americans, who have been quickly fying on these splendid homesteads while many of our Ontario boys are sleeping.

Shepard. An old field, but parts of it are stirring to greater things. A new church built with Convener as foreman; another soon to be undertaken.

Springbank. Good lot of people. Union Church proved failure. Baptists going to have their innings now, though they have only one family. Methodists broke the union compact a year ago. We will likely have to take hold in a month or two.

Sunnyslope. A big country district. Work goes well some places. Missionary doesn't believe in seeing stores open on Sundays, and some of the people want one who does. Pray for this motley crowd in the West, that they may try to measure up to the ten commandments no matter what church claims them as her own. The Kingdom is greater than the Church.

A. MAHAFFY, Convener.

During the past year—April, 1909, to March, 1910—there have been twelve fields within the Presbytery, viz., *Beaver Creek, Claresholm East, Gladys, Granum, Highland, Little Bow N., Little Bow S., Monarch, Snake Valley, Thigh Hill, Tongue Creek, Willow Creek.*

Of these fields nine have been actually worked—and that for the entire year. The three left vacant—or amalgamated with other fields—were Little Bow S., Snake Valley and Thigh Hill.

In the nine fields occupied good work on the whole was done. In some cases the men in charge were quite above the average in preaching ability and general fitness for the conditions. The fields under their charge responded accordingly. Organization was advanced. Services were well attended. One or two subscribed well towards missionary objects. In a few cases the missionaries were unsatisfactory men. As a result the interest in religious ordinances waned. Organization dissolved. Harm rather than good was in some cases actually done.

All which goes to show that to a large extent the worth of our mission work is the worth of the man at its centre.

In the eastern half of the territory within the Presbytery very considerable development has taken place. A line of railway from Lethbridge to Calgary was built one-third of that distance from the Lethbridge end last fall and has three towns on it. Another third will be built this summer, with several new towns upon it. Presently ordained men will be required to occupy these towns.

For 1910-1911 the list of fields in the Presbytery will be as follows:—

Beaver Creek. Ranching settlement. See Assembly Report of last year for fuller description.

Bowville. New field. Farming settlement.

Carmangay. New. Ordained man's field. Town now 300 people and growing. At present the terminal point on the partially built Lethbridge-Calgary branch. Promising charge.

Clevertown (Claresholm E.) Predominantly American settlement. Will have a good town at its centre shortly. Needs man of breadth and adaptability.

Gladys. Good farming settlement. Mostly Canadians. Should support an ordained man soon.

Highland. Has done well during last year. Mixed community, educationally and religiously.

High River Forks. New field, twenty-five to thirty miles from railway. Foothill country. Mainly old-timers. Resourceful and sympathetic missionary wanted.

Little Bow. Community interested in religion. Support its missionary well, giving their substance and "their own selves" to the work.

Monarch. Town on the line between Lethbridge and MacLeod, and should belong to MacLeod Presbytery. Progress has been slow. Town will come to its own yet and religious effort be rewarded.

Round Up (Willow Creek). Ranching field. Hill country. A little hard to work. Needs energetic man, good rider.

Snake Valley. Pioneer field, sixty miles from railway. Within the C. P. R. irrigation area. Many homesteaders. Frontier conditions as yet.

Summerview. New. South end of Porcupine Hills. Ranching and farming.

Thigh Hills. Conditions similar to Cleverville.

Tongue Creek. Progressive ordained mission field. Has good future before it.

Practically all the above fields will be occupied this summer (1910). When Presbytery gets a larger number of self-sustaining charges and more ordained ministers better attention can be given to the mission fields. Meantime there is much ground for encouragement and thankfulness for progress made.

PETER HENDERSON, Convener.

MacLeod. A year ago some ten mission fields were reported. Now there are, or soon will be fourteen. None has made better progress than Coleman, the chief coal mining town in the Crow's Nest Pass. The congregation went on the augmented list, called its minister, and hopes this year to become self-supporting. New churches are to be built in the mining camps of Passburg and Hillcrest. Miners at Lundbeck, railwaymen at Burmis, and farmers in the foothills, will have among them this summer a student sent by Manitoba College Students' Missionary Society. Scott follows Scott in ministering to farmers between the Prigan and the Blood Indian Reserves. The rapid growth of Lethbridge demanded a second charge in the northern part of the town, and coal mines beyond. There were difficulties. These were overcome. The charge is flourishing. This year we hope to have a church building. Last year Spring Coulee was detached from Cardston, and Magrath from Raymond. The two together have become one of our most promising charges in the south country. A. Scott, student, has worked the field well. We hope to welcome his brother to this charge and to the ministry very soon. The Milk River country, settled by Canadian and American farmers, near the international boundary, now has regular services. Settlers have been pouring in, homesteading and pre-empting the country southeast of Lethbridge, through part of which the projected Weyburn line of the C. P. R. is to pass. This country, some sixty miles by forty, is assigned for the summer to two students sent by Knox College Students' Missionary Society.

Thus the Home Mission fields of this one Presbytery include coal miners and lumbermen, cattle ranchers and sheep ranchers, well-to-do farmers and struggling homesteaders, tillers of irrigated land and of "dry" land, merchants, artisans, and teachers.

people of every church in Christendom and of no religion whatever, people of every task and every degree of education, and people of almost every nation under heaven.

The eternal difficulty is to find for these fields a sufficient and permanent supply of men of "grace, grit, and gumption."

ALEX. M. GORDON, Convener.

Victoria. *Alberni.* The advent of the railway has stimulated development throughout the district. The mission under the care of Rev. T. S. Glassford has made progress and at the end of the year passed to the list of augmented charges.

Denman Island. The Institutional Church at Union Bay is the centre of the social as well as of the religious life of the community. Progress, steady if slow, is being made at Denman Island. Rev. C. E. Kidd, B.D., is the missionary.

Duncan's. Our cause has not grown much at this point. A number of zealous people have held together and are doing what work there is to make the Church effective. New pews have recently been installed. Rev. G. W. Ginty is the missionary.

East Victoria. St. Columba Church, since last October, has been under the care of the Augmentation Committee. No permanent settlement has yet been effected.

Pender Island. Not very much progress can be reported from this field. The central station that gives its name to the group holds its own, but the others seem to be declining.

Sooke. Steady and consecutive service has been rendered by Mr. J. W. Burns, the missionary in charge. He has reached out and given service wherever practicable.

South Wellington and Extension. Suffered heavily through a serious accident in the mines. Recovering slowly. Outlook brighter at South Wellington.

New Fields. Two new fields on the west coast of Vancouver Island, where several hundred men are engaged in logging, mining and fishing, have been opened this spring, and Old Wellington is likely to have services resumed through the kindness of one of our ministers, who has recently purchased a ranch in the neighborhood.

W. LESLIE CLAY, Convener.

KNOX COLLEGE STUDENTS' MISSIONARY SOCIETY.

In the spring of 1909 the Knox College Students' Missionary Society sent out students to forty fields. Of these three were in British Columbia, nine in Alberta, eleven in Saskatchewan, two in Manitoba, and fifteen in Northern Ontario.

Financially the year has been the best in the history of the Society. Specially gratifying is the share of these pioneer fields have taken in their own support.

The work of the K.C.S.M.S. is not confined to the summer months. During the college term the usual city mission work was conducted. Weekly services were held at the Central Prison, Sick Children's Hospital, House of Industry, Jail, Aged Women's Home, and occasionally at the Convalescent Home.

In addition to the regular educational campaign, through the delivering of addresses and distribution of literature, a special series of addresses with stereopticon illustrations, were given in Sarnia, Chatham, and Huron Presbyteries. Contributors were given even a more direct interest in the work by receiving maps showing the location of the fields, and personal letters from the missionaries descriptive of these fields and the nature of the work done upon them. In carrying out this, about three hundred maps and more than six hundred letters were sent out. Further, a series of letters of a more general nature appeared in *The Presbyterian* and in *East and West*.

The regular fortnightly meetings of the Society were held throughout the session, and two public meetings in November and February respectively. The first of these public meetings was presided over by Rev. A. Gilray, D.D., in College St. Presbyterian Church. Noble and inspiring addresses were delivered by Professor Kilpatrick and C. A. Mustard, B.A. At the second meeting J. K. Macdonald, Esq., presided, and addresses illustrated by lantern slides were given by A. A. Scott, B.A., R. N. Matheson, B.A., and T. A. Arthurs, B.A.

Two meetings were given over to the Foreign Mission work of our Church. At the former of these Rev. W. McKay, M.A., of Macao, South China, gave a very interesting illustrated address on the work of that station. The second meeting was occupied with the reports of students who had attended the Rochester Volunteer Convention.

Something of the indirect influence of the Society is indicated by the fact that from this year's graduating class of 20, 10 are entering mission work, 4 of the foreign, and in the home field.

FORM OF BEQUEST.

I give and bequeath to the Treasurer, for the time being, of the Committee on Home Missions of the Presbyterian Church in Canada (Western Section), in trust for the said Committee, the sum of to be paid out of my personal estate without any deduction whatever; and I direct that the receipt for the said sum of the Treasurer of the above named Committee shall constitute and be sufficient discharge therefor.

REPORT OF THE HOME MISSION COMMITTEE, EASTERN SECTION, 1909-10.

To the Venerable the General Assembly:

Your Home Mission Committee, Eastern Section, in submitting its report for another year finds that it needs to lay great emphasis upon the one outstanding difficulty with which it has been confronted in its efforts to carry on its work during the past year. This difficulty has not been the want of Mission Fields. In a territory extending from Newfoundland on the East to the American boundary line and beyond it on the West, and from Labrador and Quebec on the North to Bermuda on the South, plenty of communities are to be found which require the ministrations of the heralds of the cross. Nor has the difficulty been the lack of sufficient means, as it often has been in the past. In their liberality our people have supplied ample means for carrying on a larger work than it has been possible to undertake. Our one great discouragement has been the lack of men to serve as catechists but more especially as Ordained Missionaries all the year round.

ORDAINED MISSIONARIES.

The number of this most important class of labourers has been exactly the same as during the previous year, viz., ten. But this is only a little more than half the number employed during the year 1907-8 and is even a smaller proportion of those employed in some previous years. Though all these Ordained Missionaries have reported to the Committee, their reports shew a slight diminution in the number of preaching stations, of families served, of communicants on the rolls, of communicants added during the year, of the amount paid by fields for service and of the amounts contributed for the Schemes. The only increase has been an increase of \$830.10 paid by the Home Mission Committee.

As only two or three of the Ordained Missionaries have added anything to the bare statistics which they have furnished there is not much opportunity for choice in making selections from their reports.

ORDAINED MISSIONARIES' FIELDS.

Presbytery of Pictou:

McLellan's Mountain and Brook:—The prospects of the work in this field give cause for encouragement. What is needed now is a manse and a settled pastor, both of which it is expected will be obtained by another year. The people are growing interested in the general work of the Church at large, and are willing to aid in so far as they are able. The new station of McLellan's Brook is specially hopeful.

Presbytery of Inverness:

Port Hood:—This is a recently organized congregation, but the stage of experiment as a separate charge is safely passed, and it will not be long till steps for further progress will be taken. The congregation is applying to the Augmentation Committee for a grant. The Sabbath School is growing in attendance and interest. A men's adult organized class is a new department of the school, and is full of promise in several directions. Its members range from seventeen to fifty-four years of age.

CATECHISTS.

There is a diminution in the number of the catechists as compared with last year. It has fallen from fifty-eight to fifty, of whom two were employed as assistants to settled ministers. Generally the statistics in the catechists' fields shew results similar to those in the fields of the Ordained Missionaries. The number of preaching stations supplied was one hundred and twenty-five, of families served one thousand nine hundred and eighty-six, and of communicants one thousand eight hundred and thirteen. The amount paid by fields for the services of the catechists, \$8,995.86. That contributed to the Schemes of the Church was \$1,092.45; a slight advance on the amount given the previous year. Of this \$373.65 was for Home Missions.

CATECHISTS' FIELDS.

Presbytery of Pictou:

Pictou Island:—Situated between Pictou and Prince Edward Island, this field is very much isolated, and should at least have a Theological student every year. The twenty-seven families which have their home on the Island are very liberal, and raised \$223.00, besides contributing generously for a new church.

Presbytery of St. John:

Salina, Saltsprings, etc.:—This field is now in good working order. The cause is being established at Upham.

Hampton:—It is extremely important that this field should be cultivated during the whole year. It is a strategic centre.

St. Martin's, Black River, etc.:—Though the Black River section is not very enthusiastic over winter services, yet the field really needs an ordained missionary or settled pastor. It would thus be greatly strengthened in the country sections; and in St. Martin's many of the non-church-goers might be led into Christian service.

Presbytery of Miramichi:

Doaktown, etc.:—The present is a most opportune time to place an ordained missionary in the field.

IMMIGRATION.

The work of caring for the immigrants that land at the ports of Halifax and St. John has again engaged the careful attention of the Committee. Last summer Rev. J. F. Dustan acted as Immigration Chaplain at Halifax; and during the winter months of 1909-10, as during the same period of the preceding year, Dr. Patterson has filled that position. In St. John similar work was done by Rev. H. Read, one of the city ministers. Opinions may differ as to the best methods of caring for the strangers that are thronging to our shores in ever-increasing numbers; but many testimonies have been borne to the fact that the work already attempted has not been in vain.

This whole question of Immigration Work has been the subject of conference between the Home Mission Committees of the Eastern and Western Sections of the Church, and, while some matters have not yet been settled, it has been agreed that in future the work at the Maritime Province ports shall be under the control of this Committee. It has also been agreed that the cost of the work at Halifax and St. John shall be paid out of the money raised in the Eastern Section of the Church for the Eastern and Western Home Mission Funds, in proportion to the number of Presbyterian immigrants remaining in the East or going to the Western part of the Dominion. To these arrangements the General Assembly is hereby respectfully requested to give its sanction.

HOSPITALS AND SCHOOLS.

There has been no change in the policy of the Committee in reference to the work in Hospitals; but its members realize more and more fully the importance of this department of its efforts. The Chaplains receive many testimonies to the appreciation with which their services are welcomed in the various institutions in which they carry on their work.

The Presbytery of Inverness, within whose bounds there existed most of the educational destitution which your Committee sought to remove by means of the employment of student teachers who should do Christian work as well as teach the schools of the sections in which they laboured, has reached the conclusion that the purpose for which this particular step was taken has been largely served, and hence it applied for only three teachers for the ensuing summer instead of the much larger number employed last year. Some help of the same sort has, however, been sought and granted in the neighbourhood of our congregation in Bay of Islands, Newfoundland.

REPORT OF THE SUPERINTENDENT OF HOME MISSIONS, FOR THE SYNOD OF THE MARITIME PROVINCES.

Our work during the past year has been, on the whole, of an encouraging character. There has been no large development, but there has been substantial progress all along the line. All our missions were supplied during the summer months. There are numerous blanks for the winter as usual. However, several students were secured to supply the more important fields, and for this we have great cause for thankfulness. One great obstacle to progress in the majority of our missions is the lack of continuous supply. There is vacancy for six to eight months in the year in more than thirty fields, which would soon be self sustaining congregations, if proper care and attention were bestowed upon them. The need of a larger number of young men for the ministry is manifest in every direction. Our Church, down by the sea, does make some progress from year to year. The Synod is not growing weaker; but the progress might be much greater than it is if our people were better cared for throughout the field of Home Missions.

There has been unprecedented growth and development of natural resources throughout our Dominion, which makes loud demands for the services of young men. Every department of trade affords abundant opportunity for good wages and rapid advancement. There are irresistible inducements for thousands of our young men who go from us every year. The state of religion has also a deterrent effect on candidates for the ministry. Higher criticism has exercised a baneful influence among the anxious youth of the land. Some of our students swallow everything which casts a doubt upon the integrity of Holy Scripture—hence the ministry is a mere profession to be exploited for large stipend, an influential congregation and social standing. Nevertheless I am firmly convinced that by far the largest number of the young men entering the ministry do so with pure motives and lofty aims and self-denying spirit. This I would say in passing, that it is the duty of all our Colleges to place tremendous emphasis upon the value of unflinching courage for the truth in order to uphold and exalt the ideals of the Christian life in our day and generation.

The population of the provinces remains stationary. The increase, if any, will be in the manufacturing centres. The harvests have been a fair average, prices have ruled unusually high and farming has become a profitable occupation. The fisheries have been remunerative, the lumber trade has revived. Mining has been hampered by striking workmen. There are new ventures here and there in manufacturing lines, and the outlook for the Maritime Provinces is more hopeful than for years.

As to our Church work there are many symptoms of improvement. For example, many weak fields have grown stronger and new equipments have been added. Better organization, increase of Church membership and more liberal support of ordinances are to be noted in various quarters. The additions to the Communion Roll in many of the

mission stations, have been large, during the past summer. In different fields, ten, fifteen, twenty-five, thirty and in one case fifty members were received on profession of faith.

A new manse has been erected at Grand Falls at a cost of \$3,000, and the mission contributed a stipend of \$1,050, and more liberal contributions to the Schemes will result.

Plaster Rock built a new church, but it proved too small to accommodate the growing congregation, and it is being enlarged. This section of country is filling up and instead of one weak mission station there will be two strong self-sustaining congregations.

In the Andover section two new churches are building, one at Tilley, the other at Gladwin.

In Riley Brook mission a church has been built at Oxbow. Norton has made good progress during the summer. The congregation has grown in numbers and a new church will be ready for occupation at the end of March. Kintore has also built a new church. Buctouche has repaired the old church and converted it into a handsome building. Campbell Settlement has also remodelled its church. Salina has repaired and beautified its place of worship. Barnesville is getting ready to follow the example of Salina. Nashwook has also expended quite a sum in church repairs, and the church presents a sightly appearance. Hammond River has made the old church young again. Waweig has rebuilt the old church and the edifice is comfortable as well as beautiful. Special mention should be made of Rev. Hunter Boyd and Mrs. Boyd for self-sacrificing labours in this section of New Brunswick. In every direction have they stimulated what is highest and best in material and spiritual things.

In Miramichi Presbytery, Millbank Mission has paid off the mortgage on the church. Robinsonville has a new church and Sellersville will also build. Flatlands, which has become a self-sustaining congregation is preparing to erect a manse. Millerton is forging ahead and now guarantees a stipend of \$1,000 and a manse.

In the Presbytery of Wallace the scattered stations in the vicinity of Oxford have been gathered together, an ordained missionary has been placed over them and much good has resulted. A new church has been opened at Oxford Junction which is a credit to our missionary and people.

In the Presbytery of Pictou it may be noted that our people on Pictou Island are preparing to build a new church, which will be the first church and the only church on the island.

Inverness Presbytery has promoted Port Hood to the status of an ordained missionary charge, and has placed over it a missionary who has had a wide and successful experience. Inverness town is strongly Presbyterian. A large and beautiful church has been opened and the future is full of hope. Teacher catechists have been placed in vacant sections and much good has been done along educational lines. In fact, Home Missions solved a problem for the countryside which could not have been solved in any other way.

In Lunenburg and Yarmouth Presbytery a new work has been undertaken in the lumber camps. Two catechists and perhaps three will be added to the list for work during the summer.

In Halifax Presbytery, a new church is building at Baxter's Harbor; Cow Bay and Lawrencetown are happily settled.

In Newfoundland three teachers have been placed. Three churches will be built this summer and two missionaries will be added to the staff. Our work in the colony will probably enlarge in the near future.

Dominion No. 12, in Sydney Presbytery, made great progress during the summer. St. Paul's Island is to be added to the list of Home Missions in this Presbytery.

Prince Edward Island Presbytery has no mission stations, but it has given a multitude

of ministers—great and good men, foreign and home missionaries; and the prospect is bright and promising that a large number of young men will offer for the Christian ministry.

We note that a large number of our fields have been self-sustaining for the summer, many reporting large balances on the right side. If it were not invidious to mention names I would mention a long honour list; this much I can say, that our catechists rendered faithful and splendid service during the time they served upon the field. These are the men who will bear aloft the old flag in the days to come. Cheer the boys, cheer! "May the angel who redeemed me from all evil bless the lads."

Respectfully submitted,

JAMES ROSS.

FINANCES.

The receipts for Home Missions, East and West, for the past year, excluding the credit balance of \$5,410.01 on March 1st, 1909, were \$18,883.72, being an increase of \$310.87 over those of the preceding year. This amount, largely in consequence of the great scarcity of Ordained Missionaries and Catechists was sufficient, not only to enable the Committee to meet all the expenditure required in the East and to contribute \$4,885.41 to Home Missions in the North West, but also to maintain our immigration, educational and hospital work with equal or increased efficiency, and to add \$5,766.33 to our credit balance. Of this balance \$4,000.00 has, since the closing of the accounts been transferred to the Reserve Fund.

The following comparative statement shews the amounts and sources of your Committee's receipts for three successive years, as well as the way in which their funds have been expended:—

It has been found that the regulation sanctioned by the last General Assembly for the remuneration of Arts Students has not been altogether satisfactory, and at the spring

meeting of the Committee it was after careful consideration unanimously agreed to recommend the General Assembly to adopt the following as a substitute for that adopted last year, viz.:

That all the student employees of the Committee who are looking forward to the ministry be paid \$8.00 per week with board and necessary expenses; this regulation, if sanctioned, to take effect from May 1st, 1910.

Your Committee thinks that the thanks of the General Assembly and Church are due to all those who by their generous gifts have maintained the Home Mission Fund in such good condition.

All of which is respectfully submitted.

REPORT OF THE AUGMENTATION COMMITTEE WESTERN SECTION 1909-10.

To the Venerable the General Assembly:

The progress in every department of the Church's work committed to the care of your Committee is most encouraging, and augurs well for the future.

During the year ending the 28th of February, 1910, the congregations of the Church contributed \$35,767.99 to this Fund; the Sabbath Schools, \$517.27; the Young People's Societies, \$29.25; British and special Canadian contributors, \$6,000; donations, \$291.50; and interest, \$757. From all sources the sum of \$43,363.74 was raised or \$8,636.26 less than was asked and required to do justice to those on the Fund. But though your Committee did not reach its ideal, it was delighted that substantial progress was made, and that it was able to give a bonus of \$12.50 to all augmented ministers.

The small sum of \$300 was paid to aid, and to encourage, poor congregations to build manses in Ontario and in Quebec. The balance to the credit of this Fund, the most part made up from the Century Fund, is \$30,698.45. With this as a foundation, with a small reserve Fund, your Committee stands in a secure position. If our members and adherents would only consider the claims of this Fund, and support it as its merits demand; if Presbyteries would show half the zeal to give as to get from the Fund; if the part played by Augmentation in helping all the Schemes of the Church was understood and appreciated aright Augmentation would be most popular and have enough to pay a minimum of \$1,000.

Your Committee having regard to the expense of living and the urgent need of a more adequate stipend was disposed to ask the Assembly to make the minimum as follows:—in Ontario and Quebec, \$900, and a house; in Manitoba, Saskatchewan, and Alberta, \$1,000, and a house; and in British Columbia, \$1,100 and a house. But realizing the immense difficulties of rousing the Church to a sense of her duty and to the urgent need for even a higher advance, your Committee concluded, much against the will of each and all, to ask the Assembly to authorize payment on the following basis:—in Ontario and Quebec, \$850 and a house; in Manitoba, Saskatchewan and Alberta, \$950, and a house; and in British Columbia, \$975 and a house. An unmarried man in Ontario and Quebec shall receive \$800, in case he does not need a house; in Manitoba, Saskatchewan and Alberta, \$875; and in British Columbia, \$900.

In making up the above sums congregations in Ontario and Quebec shall pay as stipend to their ministers not less than \$575, and at the same time provide a house if needed. In Manitoba Saskatchewan, Alberta and British Columbia, congregations shall pay as stipend \$625 and a house. Congregations shall contribute at the rate of not less than \$5.00 per member, or where the ratio of members to families is exceptionally large or small at the rate of \$10.00 per family to stipend.

In vacant congregations contributing \$650 or more to stipend, no grants will be made, unless Presbyteries furnish the Committee with detailed statement of the congregation's expenses for ministerial supply and support of ordinances.

Your Committee in order to do justice to those pastors labouring in most expansive fields and forced to keep a horse ask permission to give larger grants as for example in parts of New Ontario. But no grants will be made unless the Presbytery asking it supplies the Committee with the data adequate to support such claims as are made.

Your Committee is most anxious to have the system of giving weekly by envelope

adopted by all the congregations it is aiding, and would ask the co-operation of the Presbyteries to the furtherance of this end.

Your Committee further requests the aid of Presbyteries to work out the plans of Augmentation, to rearrange fields where they can be done in the interest of the Fund, to prevent congregations asking too much from the Fund, to see to it that all congregations give to the Fund, and in all ways to work with the Committee in its efforts to secure for all augmented ministers a living wage. The time has come for an advance in stipends all along the line, if the Church is not to be seriously hampered in her work.

Hard work, and not passing resolutions merely, is needed; faithful and careful oversight on the part of Presbyteries is demanded; criticism will often hamper and sometimes kill, but zeal according to knowledge is always fruitful of good. Let us have this.

Last year your Committee took on 39 mission stations so the burden laid on Augmentation is the heaviest in all its history. Then, too, 32 congregations, self-sustaining and aid-giving have been made over to the Church. What a work! How thankful we ought to be to God as a Church and as a Committee. Let us show our gratitude to the Giver of all good by an enlarged support. If your Committee is to be even more aggressive and do its work to the fullest extent \$55,000 must be given. Not having space to give in detail what is being done from ocean to ocean a bird's eye view as given by Mr. Wilson, Superintendent of British Columbia, must suffice.

AUGMENTATION REPORT FOR THE SYNOD OF BRITISH COLUMBIA FOR THE YEAR 1909.

The value of the Augmentation Fund in the Synod of British Columbia has perhaps never been more clearly emphasized than during the past year when, through the generous assistance given, six congregations out of twenty-one on the list became self-sustaining. Two other congregations—Penticton and Prince Rupert—have reached the stage of self-support without passing through the Augmentation status. Thus, eight congregations have been added to the list of self-sustaining congregations in the Synod during the past year.

VICTORIA PRESBYTERY.

Three congregations have been on the fund in the Victoria Presbytery, namely, Cedar Hill, St. George's, Cumberland, and Ladysmith. The latter became self-sustaining and has expressed its grateful appreciation of the assistance given by the Augmentation Committee. Cedar Hill has gradually reduced its grant and is well on the way to self-support.

Two new congregations have been added—Alberni, at the head of the Alberni canal, and St. Columba in the city of Victoria.

WESTMINSTER PRESBYTERY.

In this Presbytery seven congregations have been receiving assistance during the past year. Of these, four have already reached self-support. Surrey, Cedar Cove, South Vancouver and Sapperton. Two new congregations have been raised from the mission status to Augmentation. These are East Chilliwack and New West Church, New Westminster, the latter having only been organized as a mission field in December last. The congregations remaining on the fund have applied for much smaller grants, indicating that the time is not far off when these, too, will be self-sustaining.

KAMLOOPS PRESBYTERY.

Seven congregations were on the fund in the Kamloops Presbytery. It has been most unfortunate that for nearly a year one of these—Quesnel—has been without supply. This is the more to be regretted because no other Church has been ministering to this district. During the year Princeton was separated from its associated station, Hedley, and it was found necessary to transfer this field to the Home Mission status.

KOOTENAY PRESBYTERY.

In Kootenay Presbytery one congregation out of the three connected with the fund became self-sustaining, namely, Kaslo on the Kootenay Lake. Owing to industrial depression, Greenwood, which for a number of years has been self-sustaining, has found it necessary to secure help from the Augmentation Fund. It is expected, however, that this will only be a temporary arrangement.

In the Synod, six augmented charges have become self-sustaining, one has been transferred to the care of the Home Mission Committee and five mission fields have been given the Augmentation standing, leaving a total of nineteen congregations on the fund for the year 1910-11.

GEO. A. WILSON.

In the hope that God may be with us in the future as in the past and use us for His glory your Committee ever and earnestly prays for the peace and the prosperity of Zion.

All of which is respectfully submitted.

SAMUEL LYLE,
Convener.

REPORT OF THE AUGMENTATION COMMITTEE, EASTERN SECTION, 1909-10.

To the Venerable the General Assembly:

Your Committee has pleasure in reporting another successful year. Both the contributions from congregations to the Fund and the disbursements to aid receiving charges have slightly increased.

The income from all sources amounted to \$10,738.25. Of this \$9,952.18 was contributed by congregations; \$596.07 came from interest; \$30.00 in donations; \$10.00 by bequest and \$150.00 in repayments.

To 49 congregations the payments totalled \$10,349.81. The other expenditures were:—Proportion of general expense, \$262.75; special remit to Agent of the Western Section, \$50.00; travelling expenses of the Committee, \$118.55, and printing, \$44.08. The total disbursements were \$10,825.19. The balance at credit on March 1, 1909, was \$2,458.82, and on March 1, 1910, \$2,371.88. Of the amount paid to congregations \$231.49 was due on the preceding year, but paid after March 1, 1910. Otherwise the credit balance would have been increased by \$144.55 instead of lessened by \$86.94.

At the Committee's meeting in October, 1909, the following deferred and other grants were made:—Thompson, in the Presbytery of Wallace, \$300.00; Little Bras d'Or in the Presbytery of Sydney, \$300.00; Kempt and Walton in the Presbytery of Halifax, \$275.00; Bass and Nicholas River, in Miramichi Presbytery, \$200.00; Fairville, in the Presbytery of St. John, for current six months, \$100.00. Of these the Assembly is asked to approve.

At our annual meeting in April, 1910, applications were received from 45 congregations, asking for aid during the current year, and upon careful consideration the following grants, totalling \$10,570.00 were made to 45 congregations, which the Assembly is herein asked to sanction.

Presbytery of Sydney—St. Ann's, \$275.00; Gabarus, \$300; St. Peters, \$200; Little Bras d'Or, \$300; Leitch's, Creek, \$275; St. Mark's, \$300.....	\$1,650 00
Presbytery of Inverness—Margaree, \$300; Mabou, \$100; Lake Ainslee, \$250; Baddeck Forks, \$275; Marble Mountain, \$200.....	1,125 00
Presbytery of Pictou—Cape John and Cariboo.....	200 00
Presbytery of Wallace—Earlton, \$270; New Annan, \$300; Thompson, \$300; Northport, \$300.....	1,170 00
Presbytery of Truro—Sheet Harbour.....	200 00
Presbytery of Halifax—Lawrencetown, \$300; St. Croix, \$200; Kempt and Walton, \$200; Bedford, \$180; Waterville, \$250; Musquodoboit Harbor, \$125; Gordon Memorial, \$300; Middleton, \$250.....	1,805 00
Presbytery of Lunenburg and Yarmouth—Shelburne, \$200; Clyde and Barrington, \$250; Dublin and Conquerall, \$245.....	695 00
Presbytery of St. John—Dorchester, \$250; Fairville, \$200; Glassville, \$150; Kincardine, \$225; Milltown, \$250; St. George, \$250; St. James and Union, \$150; St. Matthews, \$200.....	1,675 00
Presbytery of Miramichi—Bass River, \$200; Escuminac, \$250; Harcourt, \$250.....	700 00
Presbytery of Prince Edward Island—Dundas, \$100; Hampton and Lyon and Bonshaw, \$300; Marshfield, \$200; Richmond Bay East, \$300; West River, \$250; Woodville, \$100.....	1,250 00

In these 45 congregations seeking aid there are 3,086 families under pastoral oversight; 4,439 communicants; 38 manse; 3 rented houses provided; and 4 congregations without such provision. The stipend promised by these totals \$25,895.00, averaging (not including manse or free house) \$575.44 per congregation; \$8.39 per family under pastoral oversight, and \$5.83 per communicant. It should be edifying to any congregation or people not in fullest sympathy with this work, and cheering to all as well to note that these averages considerably exceed the averages to stipend throughout the whole Synod, which are \$7.44 per family, and \$4.76 per communicant—to note that the help afforded by this fund is given to those who do more for self support by 95 cents per family and \$1.07 per communicant than is done by our people throughout the Synod to the same object.

These 45 congregations contributed last year \$1,059 to the Augmentation Fund, and \$6,359 to the other Schemes—a total of \$7,418 to the Schemes of the Church—an average of \$164.84 per congregation; \$2.40 per family, and \$1.67 per communicant. The Synod averages are \$3.54 and \$2.26, respectively. Combining the givings to stipend and to schemes our augmented charges average \$10.79 per family, and \$7.50 per communicant, as against \$10.98 and \$7.02 throughout the Synod—that is, 19 cents less per family and 48 cents more per communicant.

These things, in view of the fact that our augmented charges are more generally in the weaker rural districts speak creditably for them, as also to the worthiness of the aims of the Augmentation Fund, and to the diligence of the Committee in administering the Fund.

During the past year four congregations became self-sustaining, viz.:—Georgetown, Caledonia in P.E.I.; Tabusintac, Millerton in Miramichi, making a total of 61 nurtured to independence since the inception of the Fund in its present form. Your Committee, acting under the authority of the General Assembly, has aimed at improved financial methods in the congregations under its care and is pleased to report progress. While there is much yet to be done the prospects are considered encouraging.

In reconsidering the qualifications to receiving aid from the Augmentation Fund, the following became the finding of the Committee—that congregations be required to give a minimum stipend of \$500.00 per annum, and a manse or free house—an average of \$5.00 per communicant, and that in cases where the number of communicants be more than double the number of families the rate of \$8.00 per family be required—provided that exceptional cases be considered on their merits and require a two-thirds vote of the Committee. It was also agreed that the Assembly be asked to grant legislation to this effect.

Your Committee also recommend to the Assembly that, in view of the continuous increased cost of living, steps be taken to raise the minimum stipend in the Eastern Section of our Church to \$850.00 per annum with a manse or free house, and that, in view of the importance of the matter receiving the fullest consideration by the section of the Church more immediately concerned before final action be taken, the General Assembly be requested to refer it to the Synod of the Maritime Provinces with power to take such action as may be regarded with expedient.

W. H. SPENCER,
Convener.

E. A. McCURDY,
Secretary.

REPORT OF THE BOARD OF FRENCH EVANGELIZATION, 1909-10.

To the Venerable the General Assembly:

In presenting its report of the work of the past year the Board would look up to God in thanksgiving and say, "Thy Word hath still its ancient power."

Its faithful labourers have borne the message of salvation through Christ alone to many souls "weary and heavy laden." They have come close to many more who take shelter behind ecclesiastical authority and to others who casting all ecclesiastical authority behind them are taking their places with the scorner and unbeliever. They have striven not to antagonize any, but to bring the Word of God into contact with individual hearts. The "good seed" has thus been sown by pastors, missionaries, colporteurs and teachers. Some of it fell on good ground and the springing thereof has been blessed by the Lord of the harvest. Some of it fell elsewhere and before it could take root was devoured by birds of prey.

The shadow of the priesthood is everywhere and its power, with rare and honourable exceptions, is set against the circulation of the Scriptures amongst the people. At its instigation three colporteurs were arrested during the year, one in Quebec and two in Ontario.

An event of great significance and importance to the Roman Catholic Church in Canada was the removal of Canada by a recent edict of the Pope from the category of missions to that of Catholic nations. This was naturally followed by the first Plenary Council, at Quebec, in September last, whose decrees have not yet been made public. This young Roman Catholic nation is to be still further honoured by the Eucharistic Congress to meet in Montreal next September. This will be an elaborate exhibition of the greatness and glory of Rome, and calculated to renew the faith and intensify the zeal of Roman Catholics and to impress and convert Protestants. It will be the glorification of the Mass, which is the heart of the Roman Catholic Church, and the secret of her power, for by it the priest is exalted into the place of God. The Congress is a challenge to Evangelical Protestantism and if so accepted in the spirit of the gospel may prove to be a blessing in disguise. Protestantism stands for the sole authority of Christ and the supremacy of the Word of God. Its name was born of a protest against an edict forbidding the preaching of any doctrine that was not sanctioned by the Pope and of a demand that all legislation of Popes and Councils must be judged by the Word of God. The Scotch Covenanters swore "by the great name of the Lord our God to continue in the profession of the present religion according to the Word of God." The Roman Catholic Church distinctly declares that "the Bible alone never was intended to teach the whole religion of Jesus Christ." The doctrine of the Mass is the supreme exemplification of her departure from the Word of God and the justification of a statement of a Canadian Archbishop that the doctrines of Romanism and of Protestantism are "forever irreconcilable." "Why am I not a Roman Catholic?" is the question which every evangelical minister and teacher is called upon to answer for himself and to help those they teach answer and having done so, they will find themselves impelled to share with their Roman Catholic fellow citizens the priceless possession of the Word of God as revealed in Jesus, which is the great charter of spiritual, intellectual and personal liberty and to pray God to grant a larger faith in His help and greater love to men, so that gratitude may find expression in more strenuous endeavour and more consecrated service.

It is with chastened spirits that the Board has to record that during the year three of its beloved members, the Rev. C. A. Tanner, the Rev. S. Childerhose, and the Rev. J. A. Anderson, have been called to a higher service in the presence of their Lord. "Servants of God, well done."

MISSION FIELDS.

PRESBYTERY OF HURON.

The Rev. S. A. Carriere reports "one service in French throughout the year with an average attendance of twenty-five, all married people. All of the French below thirty years of age attend our English services. We had the pleasure of receiving six French communicants at our last communion and not many years ago all were Roman Catholics. We had also five children baptized, that is a whole family, their mother formerly a Roman Catholic, united with the Church. The largest number at one time since I came to Grand Bend."

PRESBYTERIES OF ALGOMA AND NORTH BAY.

Messrs. H. Fresque and Ant. Pelletier colported during the summer months the districts lying along the line of railway between North Bay and Sault Ste Marie. The French-speaking population is increasing very rapidly and is well ordered under the guiding hand of their clergy. Coming for the most part from Quebec there is a set purpose to make the whole region an annex of Quebec so that religious and educational problems of great import are emerging. On the whole the colporteurs found the people fairly well disposed, although very ignorant of Protestant belief and strongly prejudiced against it. At one place they were arrested, but later let go without paying the fine imposed. They sold 556 copies of the Scriptures and distributed many religious tracts and leaflets. They visited 1,293 Roman Catholic families and held several religious meetings with scattered French Protestant and others.

E. S. LOGIE, *Convener*.

PRESBYTERY OF GLENGARRY.

Services were given fortnightly during the summer months by Rev. L. Abram, who was stationed at Valleyfield, and during the winter by Rev. I. P. Bruneau, of Montreal. Mr. Dubuc, colporteur, visited all the French settlements within the bounds of the Presbytery and sold many copies of Scripture. Having no local missionary little work of an aggressive character has been carried on although there has been a very aggressive mission to non-Catholics conducted by a Paulist Father. The Presbytery has asked for the appointment of the Rev. I. P. Bruneau, believing that with him permanently in the field a bright future is in store for the work of the mission.

R. HARKNESS, *Convener*.

PRESBYTERY OF OTTAWA.

1. St. Marc's Church, Ottawa, has been under the care of Mr. Vessot and the spirit in the congregation is good. The weekly envelopes are in use. Repairs and improvements were made to the sheds.

Mr. Vessot holds a number of weekly prayer meetings from house to house in Ottawa and Hull and some in the country district north of Hull. Besides the thirty-six families of our own people Mr. Vessot has access to speak upon the Word of God to fifteen Roman Catholic homes.

The school in Hull, owing chiefly to the death of Mr. Bonnenfant was closed at the end of June. The children were sent to Pointe-aux-Trembles and to the Hull Protestant School and have, with the exception of only two, been well provided for and have made good progress. In September we expect to re-open on the old premises, and by another year to be in a better property, for Presbytery is purchasing two acres of land in Wrightville, a suburb of Hull, for the expansion of this work.

Mr. Bonnenfant's death in June was a distinct loss. During the coming summer Mr. G. Gallou, a student, will do colporting in association with Mr. Vessot.

2. Angers and Perkins have twenty-five families under the pastoral direction of Mr. C. F. Cruccion. The two centres of labour are thirteen miles apart. The use of weekly envelopes has been introduced. There is an improved spirit in the charge which gives decided cause for gratitude to God.

3. Masham has been in charge of Mr. A. F. Rivard, who ministers to forty-one families of varied religious complexion, whose places of abode extend from Quyon to Otter Lake in the county of Pontiac, a distance of about fifty miles. Last August this mission in an interesting picnic celebrated the fortieth year of its founding. Mr. Rivard's labours are multifarious, and many a long and lonely drive is his holding house-to-house meetings away from the church centre at Duclos. The school was self-supporting, but ought to be in operation longer during the year.

4. Montebello was in charge of Mr. Pierre Le Bel, student, for five and a half months. Sabbath services were held at the Gore and Little Ripon, and colportage work done through the week.

5. Namur continues to make progress and in the near future we expect to see more. There are good possibilities in this congregation. Nine Roman Catholics united with the congregation during the year. The three day schools were in session the same as last year. At Lac Rond a building has been purchased for a school.

The missionary, Mr. J. S. Rey, is leaving in May for a field of labour in Montreal and Mr. Dubois, a young man from Switzerland, is to take charge.

During the year a committee of Presbytery visited all the fields and conferred with the people and their officers. From within the bounds of this Presbytery about forty children are in attendance at Pointe-aux-Trembles.

In closing this brief resume we bespeak from our French fellow-Christians more hears searching as to their part in the life of their congregations and from our English friends more sympathy and prayer for ministers and people who are in lonely surroundings in the carrying on of this work; and may God bestow on all the treasures of His grace.

JAMES TAYLOR, *Convenor*.

PRESBYTERY OF MONTREAL.

St. John's Church, Montreal. Rev. T. S. St. Aubin, pastor. The missionary reports eighty-eight families and 195 members. Last year it will be remembered that the grant was reduced by \$200. The church added \$200 to its pastor's stipend and paid the additional \$200, thus making an addition of \$400. The total amount raised this year is given as \$1,554. Of this \$80 was given to missions and benevolent objects.

La Croix Church. Rev. R. P. Duclos reports only fifty-nine families, against seventy-seven last year. The membership is given as 116, there having been an addition of twenty. Fifty-three persons are reported as having passed from Romanism to Protestantism. Last year the grant to this mission was reduced by \$150. The history of this mission in the direction of self-dependence, missionary activity and liberality has not been very encouraging.

Maisonneuve and Tetrautville have not made much progress. The missionary who has had charge of it, Mr. Gallo, is a converted priest, who has scarcely become initiated in the methods of work required in a field like this.

St. Jean Baptiste has about kept its own. Some families have moved north and Mr. Bruneau has held meetings in the hall rented for the Italian mission work on St. Denis Street. Mr. Bruneau reports forty-eight families with fifty-four members and the total contributions are only \$184, about \$3.83 per family.

Mr. Bruneau has been asked to take charge of Cornwall.

Pointe St. Charles is the other field we have in Montreal. It is a mixed field, the

English section being the largest. The stipend is paid partly by St. Paul's Church, and partly by the Board.

Valleyfield has been cared for by the Rev. A. Abram during the summer and by students the rest of the year. We have ten families, which form part of the English congregation, two of the elders being French. They take communion with the Valleyfield Church and the service is on such occasions in the two languages.

Arundel and De Salaberry have made encouraging progress under Rev. J. B. Sincennes. It is a mixed field. Eighteen new members have been added, a Young People's Society formed, the manse has been completed and a new church erected.

New Glasgow, another mixed field, with its annexes, St. Hypolite and St. Sophie, has kept its own financially, but by constant removals of Scotch families, a congregation of twenty-four families is reduced to thirteen. They are giving about as much as when they numbered twenty-four. Mr. P. S. Vernus is much esteemed.

Belle Riviere and Grenville, French fields, have been supplied by students during the winter months. We hope to have a permanent pastor at Belle Riviere shortly and a student for the summer at Grenville.

St. Hyacinthe has had its first year as a self-supporting charge and it has proved worthy of the honor which it has taken upon itself. The church raised over \$1,300 and gave \$113 to missions and benevolent objects. It reports twenty-two families. It may be interesting to know that in the face of persistent clerical opposition and determined fight Mr. P. F. Payan, an elder in our church, was a short time ago elected mayor of the city of St. Hyacinthe.

Joliette, a mixed charge, is developing in an encouraging way. The people have raised their contributions for stipend from \$200 to \$450 and hope to do better. They are talking of building a manse. We have thirty-two families. Eight are French. Other families are expected in the spring. Dr. Amaron is pastor.

St. Gabriel de Brandon has been worked by the Joliette missionary. This is a field in which we did work in years gone by, but it had been neglected of late years. Services have been held as often as possible, in French and English. About the 1st of November we had no place to lay our heads in this Roman Catholic village and we did not have a cent. In faith we appealed to the executive for a grant of \$300 from the Building Fund. We went to work, bought a lot, began at once building operations and at Christmas we were able to hold our first meeting in our chapel, when some seventy assembled, forty-five being Roman Catholics. On other occasions we had thirty, fifteen Roman Catholics, and the people seem prepared to receive the truth.

The building will cost us \$1,500 and we have secured \$1,200. We hope to get the balance before we dedicate the church. It combines chapel and school. We have here twelve families, half are English and the others French. The field has cost nothing to the Church so far. The people have paid incidental expenses and insured the building.

The Italian Mission has undergone several important changes during the year. The Rev. G. B. Castellini has gone to Vermont, but we were able to secure the services of Mr. E. Rivoire, who came to us well recommended and speaks Italian, English and French with equal facility.

The property on St. Denis Street has been sold and all debts being paid, there remains a balance of \$3,500. The Presbytery has given power to the executive to purchase a lot when a favourable opportunity presents itself.

In the meantime services are held as before in St. John's Church in the afternoon, with an attendance of sixty, and in the morning in the north end of the city in a building rented for the purpose. A school has been opened here with an attendance of over forty-two, all Roman Catholics except two. There has also been a successful night school taught by the missionary.

The Italian mission has never been in a more promising condition. Thirty-five families are reported; thirty-three members. The people paid \$72.00 toward stipend and raised \$155.00.

Our colporteurs have done good work. One of them was arrested at Valleyfield a couple of weeks ago for selling Bibles without a license.

The mission schools are St. Jean Baptiste, Lacroix, Grenville, Pointe St. Charles, St. Gabriel and the Italian. The enrolment in round numbers has been 500, with 250 Roman Catholic children.

C. E. AMARON, D.D., *Convenor*.

PRESBYTERY OF QUEBEC.

Our mission fields have suffered, being undermanned. Occasional supply was all that a number of them enjoyed. For this grateful acknowledgment is due to Professor Morin and Principal Brandt for services during the summer months and to the Secretary of the Board throughout the year. Without these services some of our fields would have been altogether deserted. Pray the Lord of the harvest to thrust forth labourers into His harvest.

Chicoutimi was dependent for occasional services upon the missionary of Lac St. Jean. In the circumstances growth cannot be looked for.

Ditchfield. Mr. G. C. Monsseau gave monthly supply which was greatly appreciated by the French people, few of whom can profit by the English services of our Church in Megantic village.

Ham Nord. Mr. Monsseau has done good work in this difficult field. In the absence of a teacher he taught the school, which is now a regular Dissident school and self-supporting.

Lac St. Jean. Mr. A. Gouin did good work in this district, preaching on Sunday and colporting during the week.

Lorette is dependent upon the missionary in Quebec for supply and has been without French service since June when Mr. M. F. Boudreau accepted a call to Merivale.

Port-au-Persal. Mr. S. H. Bourgeon, who has for the past five years been a sort of bishop in the Saguenay district looking after the scattered French and English people and the summer visitors at St. Simeon, was compelled by illness to give up work during the summer and the field has been unoccupied since. Mr. Bourgeon hopes to resume work elsewhere in the fall. Mr. L. Abram, teacher at Pointe-aux-Trembles, will take charge of this field for the coming summer.

Quebec. Since Mr. M. F. Boudreau's withdrawal in June there has been no permanent supply. An evening service has been kept up by ministers from the outside. The church on St. John Street has been sold and another very suitable property purchased. Until a building is provided Kirk Hall in connection with St. Andrew's Church will be used by the mission.

River-du-Loup. This bilingual field has been wholly dependent on outside supply during the year. The few families are courageous and hopefully looking forward to having a missionary permanently amongst them. Cacouna, St. Hubert and St. Cyprien were visited a few times by Mr. E. David.

St. Blandine. Mr. E. David did excellent work in this district. The school was taught by Miss E. Boucher. The few Protestant families here are faithful and zealous and subjected to much petty persecution.

St. Damase. Mr. J. E. Menancon, took charge of this field in May and soon won the confidence and respect of the community. He is greatly encouraged and looks forward to growth in the near future. The school was taught by Mlle. E. Pronovost.

Ste. Sophie. This field has been under the care of Mr. G. C. Mousseau, who drives fortnightly from N. Ham, a distance of thirty miles. Three families are about to leave for Saskatchewan, which will be a serious loss to the mission. The senior pupils of the school having gone to Pointe-aux-Trembles it was closed for the greater part of the year.

St. Valier. Only occasional services have been given this field during the year. It too has suffered by removals to the far West. Mr. E. Boucher has been appointed for the summer.

Colporteurs. Mr. G. Andre laboured in the St. Francis district and Mr. A. Gouin in the Lac St. Jean District. They sold 205 copies of the Scriptures and distributed many religious tracts and read to many and offered the gospel in 4,600 Roman Catholic homes.

J. A. MACFARLANE, *Convenor*.

PRESBYTERY OF ST. JOHN.

Mr. J. E. Boucher, student, worked in the Edmundston and St. Agathe districts, preaching on Sunday to the scattered French Protestants and colporting during the week. His services were appreciated by the Protestants and he was well received by the Roman Catholics.

PRESBYTERY OF REGINA.

Mr. S. P. Rondeau entered upon work in the Pinto Horse Creek district last June as a bilingual missionary ministering to several groups of English settlers and visiting the French settlements in the district. He reports that he has been well received in the latter and is hopeful of being able to hold religious services for them in the near future. It is a pioneer work, the significance and importance of which cannot be overestimated. Mr. Rondeau, with the permission of his Presbytery, has given some time to the work of pressing the claims of his fellow countrymen upon congregations in Manitoba and Saskatchewan. He is supported conjointly by the Home Mission Committee and French Board.

THE WOMAN'S MISSIONARY SOCIETY.

The following extract is from the annual report of the Woman's Missionary Society, whose co-operation in the work of colportage and at Pointe-aux-Trembles is fully appreciated and for which we are deeply thankful.

"Madame Cote still pursues her daily task of visiting among the French poor of our city, distributing bounty and assistance wherever she finds the need. Many in want have been clothed at her hand. Clothing or money amounting to \$52.00 was distributed among ninety-nine families and 688 visits were made. Our colporteur, Monsieur Dubuc, continues his work in the province of Quebec. Bibles, Testaments, Gospels and tracts have been sold amounting to \$82.00, and a very large number of visits made. We increased our number of scholarships at the Pointe-aux-Trembles schools from fifteen to twenty-three last year. From all these pupils we have received grateful letters of appreciation for the tuition and benefits received. It is impossible to give any estimate of the results of the work of our Bible woman and colporteur. It may be compared to the parable of the sower. We know the character of the seed sown, but so varied is the soil in which it is sown that it is difficult to anticipate its growth. As to the need of our French mission work, we have simply to open our eyes and look around us to see the formidable mass of Romanism at our doors, and while we are stretching out for that which is far away and perhaps seemingly more attractive, we are tempted to overlook what is nearest us and within reach, and much more difficult to handle. But the work is surely progressing. Changes are apparent. Many are looking for the Light that one day must come and shine throughout this dark province of Quebec. And so we are urged to go on, having faith in our workers, giving them all the support we can. Nor are we to leave it all to the Bible woman and the colporteur, thinking they are paid to do this work for us and that therefore we have no further responsibility. Every woman in the Society has a share in this work and is responsible for its progress. It can only be done by taking a personal interest in the work."

THE POINTE-AUX-TREMBLES MISSION SCHOOLS.

The Schools are situated on the north shore of the St. Lawrence River, nine miles east of Montreal. They were founded in 1846 by the French Canadian Missionary Society, and were purchased by the General Assembly of our Church in 1880, and since enlarged. There is accommodation for 190 boys and 80 girls. Upwards of 6,000 French-Canadians have been educated here. Many of these now occupy positions of trust and influence as ministers, teachers, physicians, lawyers, farmers, mechanics, etc. Pupils are admitted between the ages of thirteen and twenty-five, the average age last year being about fifteen. A preference is given to the sons and daughters of French Roman Catholic parents, and to the children of recent converts from Rome, living in parishes where there are no Protestant schools. The session begins in October each year and continues for seven months. The pupils reside in the buildings and thus enjoy the advantages of a christian home, under the supervision of earnest, devoted christian teachers. They all take their share of housework. The day's duties are thus laid out:—Rise at 5.30 a.m.; all are in the class room studying privately from six to seven; breakfast at seven; house and out-door work from 7.30 to 8.50; family worship, when all assemble together, boys and girls. School begins at nine, the first hour being given to Bible study, and continues till twelve. Then dinner, followed by recreation to 1.30. Classes resume till four; recreation from four to five; classes from five to six; tea at six; recreation to seven; family worship; studying privately in the class-room till nine, and all in bed and lights out at 9.30 p.m. Eleven teachers reside in the buildings.

Special prominence is given to the religious instruction of the pupils, and to the teaching of God's word on the points of difference between Protestants and Roman Catholics. It is no exaggeration to state that comparatively few, if any, of our English-speaking young men and women are better acquainted with their Bibles, or are better able to give a reason for the hope that is in them, than are the pupils of Pointe-aux-Trembles Mission Schools.

Great care is exercised in the selection of pupils from the increasingly large number of French-Canadians applying for admission. The schools are visited and examined monthly by a committee of the Board. In January and at the end of the session written examinations are held in all the subjects taught. The work of the past session on the part of both pupils and teachers was very satisfactory.

When the Board acquired the property in 1880, it was resolved to admit no pupils gratuitously, except Roman Catholics whose parents were unable or unwilling to contribute; all others are required to pay something, in proportion to their ability, towards board and tuition. The amount received in this way during the past session was \$5,000. A considerable portion of this amount was money earned by the pupils themselves during the preceding summer. After deducting these fees, the average cost to the Church of each pupil is \$50 per session. The Board desires that the institution should be supported by means of scholarships of \$50 each, guaranteed by private individuals, Sabbath Schools and Young People's Associations. A particular pupil is assigned to the donor of a scholarship, to whom reports as to the progress made are forwarded from time to time. In this way a Sabbath School contributing a scholarship is put directly in correspondence with the Mission Schools, and the letters, if read publicly to the Sabbath School, tend to keep up interest in the work. It is hoped, therefore, that many more Sabbath Schools and Young People's Societies will assume the support of pupils. From those unable to do so a contribution is earnestly asked. The Board has no hesitation in warmly commending the schools as worthy of public confidence, assured that no means are likely, by the blessing of God, to be more efficacious in the work of French-Canadian evangelization, and in advancing the cause of Christ in the Province of Quebec.

The teaching staff is composed of trained and experienced teachers, whose Christian character and missionary zeal give them special fitness for the work.

TEACHERS AT POINTE-AUX-TREMBLES—Rev. E. H. Brandt, Principal; Rev. L. Abram, Rev. P. E. St. Germain, Mr. J. Bassett, B.A., Mr. G. Peck, Mr. E. David, Miss J. Carmichael,

THE PRINCIPAL'S REPORT.

The 64th session of the Pointe-aux-Trembles Mission Institute is over.

The average attendance in forty-three mission fields of colportage districts of persons upwards of ten years of age was 1,950, representing 861 Protestant families. The communicants number 1,320 of whom 132 were added during the year; 1,065 scholars attended the Sunday Schools; 685 scholars were enrolled in the sixteen mission schools (Pointe-aux-Trembles included), of whom 309 were Roman Catholic. 170 Protestants were lost by removals and 121 Roman Catholics became Protestant. 2,373 copies of the Scriptures, in whole or part, and 23,000 religious tracts and booklets were sold and distributed. The gospel was offered in 15,980 Roman Catholic families.

\$6,656.00 were contributed by the fields, of which \$438.00 were for missions and \$5,250.00 by the mission schools, making a total of \$11,906.00.

The Board has recorded its grateful appreciation of the financial and other assistance received from Congregations and Sunday Schools, the Woman's Missionary Society and other Missionary and Young People's Associations, the Montreal Auxiliary Bible Society, the National Bible Society of Scotland and many individual friends, and its respectful request for their continuance.

POINTE-AUX-TREMBLES BUILDING FUND.

The Rev. A. D. Menzies gave up the canvass for this fund last July in order to accept the appointment of Financial Agent for the Saskatchewan College and no one has been appointed in his place. The debt on the building is \$7,577.16. An effort will be made to raise this amount in the near future. In the meantime any sums sent to Dr. Somerville for this purpose will be gratefully acknowledged.

FINANCIAL REQUIREMENTS.

A glance at the Treasurer's report will show that while there was an increase of receipts over the previous year of about \$3,000.00 they fall short of the estimates for the year by about \$4,550.00. To meet the estimated requirements for the current year \$52,300.00 are asked for, \$31,100.00 for the Ordinary French Evangelization Fund and \$21,200.00 for Pointe-aux-Trembles Ordinary Fund.

Respectfully submitted,

A. J. MOWATT, D.D.,
Chairman.

S. J. TAYLOR,

Secretary.

We never registered so many scholars as this year; the buildings were full to the doors. Two hundred and two boys and one hundred and one girls have been with us this winter, in all three hundred and three people. Among them about one hundred and fifty were coming from Roman Catholic homes. We received about three hundred and fifty applications; number of applications will surely increase, but we will not be able to welcome every one. Very soon our Committee will have to start similar educational work somewhere below Quebec. Why so many young people are coming to us? The main reason is the dissatisfaction of the people with the teaching of friars and nuns. French Canadians begin to see that success is not in quantity of Latin prayers, but more in knowledge of English, Arithmetic and Grammar. Many bring their children to us because they have discovered that our scholars make their mark in life after they have left us. Because they have learned with us how to think for themselves, our pupils could show better results than the graduates of convents and seminaries who think only through the priest.

So we had great opportunity this winter to preach the Gospel to the poor and the

needy. How interesting it is to see these boys and girls arriving here in the fall with all their superstitions and prejudices. The first days they appear staunch Roman Catholics; there is nothing superior to their own faith; the priest is nearly a God; out of their religion there is no possible salvation; the Bible is the book of Protestants; but, after a few weeks what a change! The preaching of the Word of God, the daily Bible class and the general spirit of the Institute have operated a great transformation in those minds. The priest, the Virgin Mary, the saints, and the whole machinery of the Church have vanished from their minds to give place to honour and trust in the only author of our Salvation, Jesus of Nazareth.

Fourty-seven pupils have become members of the Church; twenty of them were baptized on their own application. We are glad to say that these pupils are well trained in the Gospel. Before entering the Church they made a careful examination of the teachings of Christ and those of the Pope, and we can say that the scholars of Pointe-aux-Trembles can give a good account of their faith.

A good missionary spirit has been kept among our pupils. In their recreation, their play hours, as well as during their school hours, the good "entente" has been cultivated.

We had from time to time prayer meetings and temperance meetings where much enthusiasm and edification were found.

About \$5,000.00 have been contributed by the pupils towards their fees. Five of our students have been successful in their matriculation examination, one entered last fall the Presbyterian College, another McGill University, and two others Macdonald College.

The musical band met with great success. Our boys gave a concert in Knox Church, Montreal, which was much appreciated. The printing department and the manual training departments have flourished under the devoted attention of the boys and the needle work of the girls has been praised by lady visitors. The second inspection of our Cadet Corps by Captain Archambault, of the Royal Canadian Regiment, reflected great credit on its able instructor, Sergeant Hope.

We have reasons to be encouraged and tell our numerous friends that if ever the French problem shall be solved in this province it will be through the schools of Pointe-aux-Trembles. It is here that the young plants of the province are looked after and prepared to be the glory of the country. Prejudices, errors, superstitions, within our walls disappear and barriers between races and belief are falling. Once more we heartily thank our friends for their generous support.

E. H. BRANDT,
Principal.

REPORT OF THE FOREIGN MISSION COMMITTEE, EASTERN SECTION, 1909-10.

To the Venerable the General Assembly:

Since the Annual Reports of our missionaries have already appeared in the *Record* and in other publications widely read through the Church, the Foreign Mission Committee presents on this occasion only brief personal statements from the missionaries in the New Hebrides and summarized statements from the Mission Councils of Trinidad, Demerara and Korea. As the summary has in each instance been prepared on the ground the Church's sources of missionary information are increased rather than diminished.

The Statistical Tables and Reports abound in evidences of the Divine favour, speaking of much faithful labour rewarded with bountiful harvests; but no less clearly do they speak of whitened fields where harvests are being lost for lack of Reapers.

The lives of all the missionaries have been spared and their health, on the whole, has been excellent. The Rev. A. D. MacKenzie, however, after nineteen months of most promising service in Demerara, was reluctantly compelled to return home for a season. Mrs. MacKenzie's health also was seriously affected. It is earnestly hoped that their enforced furlough may issue in complete restoration. Meanwhile, the generosity of the Presbytery of Prince Edward Island, by whose special offerings Mr. MacKenzie has been supported since his entrance upon the work in Demerara, has provided a well qualified native agent from Trinidad to carry on the work.

The missionaries who were on furlough during the year gave themselves to all the congregations they were able to reach. It is surely not unreasonable to look for a great increase of missionary interest in the congregations visited. Would that our people generally felt the heat of the passion that flames in the hearts of all our missionaries.

In the New Hebrides, the work has not greatly differed from that of past years. The proximity of the Islands to the Australian Church has frequently suggested the question of the future relation of our Canadian Church to the New Hebrides mission; and that question has on several occasions been earnestly considered by the Committee. At a recent meeting it was agreed as follows: "Remit the matter of the transfer of the New Hebrides mission to the Australian Church to the General Assembly with the request that the Assembly refer the matter to the Synod with power to deal with the same."

Our educational work in Trinidad is making rapid progress and proving a mighty evangelizing force. Thanks to Dr. Coffin's noble generosity, Naparima College is raised to still greater efficiency by having a residence provided for its Principal and dormitories for its students. In Demerara our educational work is carried on at certain disadvantages. Financial considerations have hitherto prevented the carrying out of a worthy educational policy in Korea, where the multitudes seeking Christian instruction demand an army of trained native pastors. How can the results of past labours be conserved without a native-ministry, and how can a native ministry be trained without schools? The Committee's straitened financial condition has produced many regrets, but none keener than that occasioned by the consciousness of inability to meet the demands of educational work in Korea.

FINANCES.

The Foreign Mission Committee entered on the work of the year with a debt of \$19,251.75, and a revenue considerably less than the annual expenditure. Thus a serious problem confronted the Committee of which two factors required immediate attention,—the debt and the annual revenue. A special appeal to the Church resulted in the prac-

tical removal of the debt, only about \$600.00 of the debt with which the year opened being left; but as the revenue for 1909-1910 had only increased by about \$1,000.00 over that of the preceding year, the accounts showed a Dr. balance of \$10,963.67 on February 28th.

The seriousness of the situation impressed itself on the Committee. 1910-1911 threatened to close with a larger debt than the Committee had ever carried. There was nothing to justify the expectation of an immediate, extraordinary increase in revenue. Only one course seemed open. To quote from the Records of a recent meeting: "The Committee while deeply grateful for the handsome contributions which had so nearly liquidated the debt of upwards of \$19,000.00, which had accumulated before March 1st, 1909, were distressed to find that the ordinary revenue had fallen so far short of meeting the expenditure for the year 1909-10, and in view of the emphasis which at the last meeting of the Synod had been laid upon the importance of largely increasing the ordinary revenue, as well as of paying off the debt, its members felt that they were justified in coming to the conclusion that the mind of the Church is that obligations have been incurred beyond the present readiness of the Church to meet, and that it would be necessary during the present year to retrench to such an extent that there might be a reasonable prospect of equalizing income and expenditure."

Thus for the moment retrenchment seems imperative; but only for the moment. Our very success has caused temporary embarrassment. The Divine blessing has been vouchsafed in marvellous richness. Everywhere wide open doors are calling. Never did people have greater aids to faith. Consider the unexpected advance in Trinidad and the great cry from Korea, where the Western Section, in answer to our earnest appeal, came so readily to our aid. Verily this is a day for larger plans. If a pause is made now, it is only to gather strength for a braver advance. Last year out ordinary revenue was \$53,327.67. Another \$15,000.00 at least is needed to properly maintain the work already undertaken and provide for expansion that even to-day can only be described as imperative.

The following comparative statement indicates the sources of our revenue, and its relative amounts from these sources:—

ERROMANGA.

THIRTY-EIGHTH ANNUAL REPORT OF REV. H. A. ROBERTSON., D.D.

All the usual general work all over the island has gone on well and with regularity and especially so at the principal station where we guide and push everything ourselves

THE NEW TESTAMENT.

The event of the year has been the completion of the New Testament (into Erromangan) and the placing in the hands of each native who can read, or who is striving to learn to read, a copy, well and strongly bound. This priceless treasure was received with great joy and gladness by all and is daily read. The Word, or Bible, is the Church Directory and Statute Book of our Christian natives. They seek to shape and conduct everything by the clear and high standard laid down in God's Word.

During next year (1910) we will have a new Hymn Book and Catechism printed. The manuscript of all this is now nearly ready.

We have paid for all printing and binding of books, as these were issued, since we took charge of this island. We have at present about £200 sterling in the hands of the British and Foreign Bible Society towards the cost of printing and binding the New Testament, and if we could only get a market for our mission arrowroot at a fair price I could very soon pay off every shilling of the balance. We had 3,000 copies printed, 1,000 bound and 2,000 to be in sheets (insured for and by the Bible Society) until required. In all this I had the authority of the Bible Society in London. I posted copies of our New Testament to your Committee and also to Pine Hill College. The cost of printing 3,000 copies and binding 1,000 will be about £360, but as stated about £200 have already been paid back to the Bible Society.

CONTRIBUTIONS.—This year the natives have gathered and prepared 1,600 pounds of superior arrowroot and we are waiting for permission from Mr. Barnett, of Glasgow, to forward it to him, who will do his utmost to procure a market for it. We have also got £8 in cash, contributed for the Tanna Hospital, and which we are forwarding to Dr. Nicholson there.

STATE OF THE ISLAND.—There is perfect quiet and good will all over this island and everything running on smoothly, and we have visited the people as usual regularly.

The Sacrament of the Lord's Supper was dispensed at Potnarevin in October. There was a good gathering and good meetings. The discouraging feature on this island now is the smallness of the population, and which is growing smaller every year and no prospect of checking this sure and certain decrease.

Among those whom we have lost by death this year were two active and faithful teachers and two who did excellent work as teachers for over fifteen years. One of these was, Usuo, a high chief and a son of Anurani, the murderer of John Williams. Usuo's brothers all died several years ago and only two grandchildren of Anurani (young lads) remain. One of these is at the Training Institute on Santo.

There were twelve Christian marriages this year and nine adults and seven children were baptized. There are 340 church members in full communion at the present time, and eighteen teachers at work in various parts of the island.

In brief:—The complete New Testament placed in the hands of the people this year; marriages, 12; baptisms, 16; teachers, 18, and of these 9 are also elders; church members, 340; contribution in arrowroot, 1,600 pounds net, value of which after expenses, about £50; cash for medical hospital on Tanna, £8; sick calls made and medicine dispensed to all requiring it

Erromanga, December 31st, 1909.

EFATE.

Up to the time when the Foreign Mission Report was being prepared for the press no formal statement covering the year's work had been received from Efate. The work, however, has gone on prosperously. It will certainly interest the Church to know that from the native congregation a contribution of £15 sterling was received for the reduction of the Foreign Mission debt in the Synod of the Maritime Provinces. The Committee were deeply moved at this manifestation of Christian liberality, and while thanking Dr. MacKenzie for his interest in this matter requested him to convey to his people an expression of the warm appreciation of the Committee of their very handsome contribution.

SANTO.

Allow me to lay before you the following summary of our work during 1909. Our labours have been confined almost exclusively to the Training Institution. The duties thereof have been fulfilled to the best of our ability. Forty-five weeks in the year classes are conducted for nearly five hours daily.

The past year marks a real forward movement in the Institution. The number of students rose from fifty-six to eighty-six. This increase brought upon us more labours than we were able to accomplish. Quotations from our Mission Synod's minutes may best tell what was done.

"Dr. Annand having brought before Synod the necessity of additional help in the working of the Teacher Training Institution, Synod went into committee of the whole (house) to consider the subject."

The Committee reported: "That in order to the efficient working of the Institution a colleague and successor, and also an artisan assistant are necessary."

"The Committee recommended that, subject to the approval of the United Free Church of Scotland the Rev. F. G. Bowie, M.A., should be appointed colleague and successor to Dr. Annand."

The Synod unanimously agreed to this recommendation and decreed accordingly.

"In view of the appointment of a colleague to Dr. Annand the Training Institution is now entering on a new and wider sphere of influence, and Synod takes this opportunity of expressing its warm appreciation of the efficient way in which Dr. and Mrs. Annand have brought the work of the Institution to its present successful state, and heartily congratulates them on the result."

"Synod expresses the hope that Dr. and Mrs. Annand may be long spared to carry on their important labours."

From this last paragraph you see that we are not expected to retire from the work here very shortly.

You will excuse the egoism displayed in quoting the above.

Our warmest greetings to all the members of the Committee.

Yours in the service,

Tangoa, January 25th, 1910.

J. ANNAND

P.S.—Mr. Bowie's appointment has been confirmed by his Church, so he is now officially connected with the Institution.

TRINIDAD.

GENERAL REPORT FOR 1909.

From modest beginnings, first undertaken by Dr. Morton in 1867 and later by Dr. Grant in San Fernando in 1870 the field of operations of our Trinidad mission has gradually extended until at the present time our schools and mission stations are spread over the greater part of the colony wherever any of the 120,000 East Indians are found. A small work in St. Lucia is also conducted under our direction, while friendly relations of a helpful character are maintained with the work in the neighbouring island of Grenada under the care of the Church of Scotland, and also with the growing work in Jamaica under the efficient leadership of the United Free Church in that Colony.

During the year an unusual number of our more experienced missionaries were absent on furlough. In May Dr. and Mrs. Morton left Trinidad to enjoy a well earned furlough in Canada and Great Britain. It is a matter of satisfaction to our Mission Council to know that they are being greatly benefited in health and invigorated in spirit by the rest and change. While we rejoice in new accessions to our ranks we can never lose sight of the wise, faithful and abiding labours of our pioneer missionaries, Dr. and Mrs. Morton and Dr. and Mrs. Grant have made an impress for good on the life of this colony which years cannot obliterate. Messrs. Thomson and Fraser, who also were on furlough during a part of the year returned in December with renewed vigour to again resume their arduous labours. In April it was also our pleasant duty to welcome Rev. R. B. and Mrs. Layton to the oversight of the Susamachar congregation. The filling of this vacancy caused much satisfaction, and they have already heartily entered upon the work of this important charge. In August Mr. C. T. Baillie, M.A., who had so well filled the position of Head Master of Naparima College for more than three years, resigned his position to enter upon the study of Theology. Mr. E. W. Nichols, B.A., who was master of the Training School for one year, also left for Canada. Their places have been filled by Rev. J. A. Scrimgeour, M.A., and Mr. G. W. Irvine, B.A. In addition to his work as Head Master of the College, Mr. Scrimgeour had charge of the work in the Couva District during the six months of Mr. Thomson's furlough.

At the present time the Indian people are rapidly forming new settlements in the east

and south of the island. Into these new districts many of our Christian people are moving. This in itself demands expansion. During the year two new districts were opened, viz., Biche in the Tunapuna field and Rock River in the San Fernando district. This movement must continue for several years to come until the fertile lands of the island are completely occupied. This will demand, if our work is to conserve what is already gathered and reached, the many thousands yet outside our direct influence, still further expansion and outlay. At present our native agents are largely employed in the training and shepherding of those already Christians and are unable to do much purely pioneer work. One great need is a larger body of well trained earnest men, who suitably provided for, will give themselves fully to the work among their non-Christian fellow countrymen.

EDUCATIONAL WORK.

Our educational work is conducted along the following lines:—

(a) PRIMARY EDUCATION.—During the year there were sixty day-schools in operation with a total enrolment of over 10,000 pupils. The general character of the work done was quite up to the standard of any previous year and in some respects an advance upon the past. More intelligent methods of teaching are being introduced and the general character of the work in the smaller country schools greatly improved. Much attention is given to the study of agriculture and the good results of this have been clearly manifested in the excellent School Exhibitions of the year. At the present time the Education Code is being revised. Its changes will permit the introduction of new studies such as Hygiene and Sanitation, Manual Training and Domestic Science, all of an elementary character. The practical value of which to our young people is beyond question.

(b) IERE GIRLS' SCHOOL.—While many Indian girls attend the day schools still there has always been a need felt that there was a call for effort on behalf of Indian girls for more special training. Mrs. Morton for many years has done excellent service in this special field of missionary work. Indeed all the wives of our missionaries have in many ways rendered invaluable service to the mission in practical effort on behalf of the women and girls. It is gratifying to the Council to know that this work has become recognized as a regular department of our mission work and that the prospect for permanent provision for its support is probable.

(c) SECONDARY EDUCATION.—The work of the Training School and Naparima College during the year has been highly successful. The Training School is, year by year, training young men for the special service of the mission as day and Sunday School teachers. This small institution during the past fifteen years has done excellent service in this direction and its prospects for usefulness were never greater than at the present time. It is the nursery for the future native preachers and pastors of the mission. As such it is worthy of the earnest prayers of our Christian people.

The number of students attending the Naparima College was higher than in any previous year and its scholastic record excellent. If suitable provision for its growth can be made this institution, we feel, may become of still greater usefulness and power in advancing the higher interests of our work as a Christian mission.

(d) RELIGIOUS EDUCATION.—What may be called in the special sense, "religious education" is part of all our school work, as Bible instruction and devotional exercises form a part of all our school work from the primary grades to the highest classes in our Colleges.

Full advantage is taken of the provision made for the imparting of Bible truth in the day schools. This work receives much attention and has in general become much more efficient resulting largely, we think, from the benefits the teachers have received from the Teacher Training classes and the inspiration gained from more thorough organization and devotional gatherings and conferences. The importance of this work can be seen when we think of the large number of young people and little children reached through our day and Sunday schools.

Systematic Bible Study forms a part of the regular curriculum of the Naparima College and Training School. The students of these institutions have manifested much interest in this work, and the influence of the teaching of the Word of God is clearly visible.

The work of the Presbyterian College has been satisfactory, both in the Theological class proper and the Teacher Training classes. The former serves the same function in our Church life as Theological Colleges do at home. The Teacher Training classes have been acknowledged on all sides as of special value. The work done in these classes is of a thorough character, valuable in itself as a mental and spiritual stimulus, valuable also as a practical training school for religious work and as filling the gap between the Training School course and that of the Presbyterian College, toward which some of the members we trust are tending.

EVANGELISTIC WORK.

The printing press, under the management of Dr. and Mrs. H. H. Morton has been monthly issuing lesson helps in Hindi, which have been very helpful in circulating the Word among the Hindi speaking people in the country districts.

The *Trinidad Presbyterian* serves the purpose of a local church paper and provides reading in English and Hindi for our people of a wholesome and stimulating character. The object of this periodical is to aid in the promoting of a unified church life among our Presbyterian people, and in helping forward the formation of a Christian public sentiment in the community.

The general evangelistic work has been carried on as in previous years without any change of method. Much thought at the present time is being given to this most central element of our work. The preaching and teaching of the Word of God must always have the very foremost place in our missionary programme, and the different phases of our work must ever strive to contribute to its efficiency in the spreading of the Gospel message of the grace of God and in the deepening of the spiritual life of our people.

As we take a general survey of the year's operations several facts are strongly impressed upon us. Chief among these is the conviction that with our present limited staff of workers and inadequate financial resources we are unable to effectually take advantage of the splendid possibilities now presenting themselves for the rapid advancement and upbuilding of the native church. This is perhaps our greatest problem, and its solution demands most earnest attention.

It is encouraging to note that the contributions of the native Church have shown a gratifying increase for the year.

The work among the young continues to grow in extent and hopefulness.

In the foregoing we have endeavoured to give a general account of the work of the past year. Such of necessity must be somewhat of an external character, but we clearly realize that our greatest need is a quickening of our spiritual life, and a more thorough consecration on the part of ourselves and workers to the service of our Master.

We record our thanks to friends, old and new, for many favours, and desire especially to thank the W.F.M.S. for their generous aid to the Ière Girls' Home.

Respectfully submitted,

F. J. COFFIN,
Secretary Mission Council.

BRITISH GUIANA.

GENERAL REPORT OF REV. A. D. MACKENZIE, M.A.

Better Hope station is not now included in this district. Work was carried on in the city of Georgetown, and its environs, and on the east coast as far as Plin-Ogle, and also at Uitkomst, a small station up the Demerara River. It has been largely that of laying foundations. Much of the missionary's time was spent in securing buildings, through the lack of which the work was much handicapped. A new school house and a residence for the teacher have been built at Ogle. A neat little church building has been erected in Georgetown, in which day school and congregation are housed. Under the name of "St. Cuthbert's," it was opened on the first Sunday of the new year. For the erection of this building and the acquisition of the site on which it stands thanks are due to Mr. T. C. James and other friends in Prince Edward Island. At the river station also a new school house has been built.

The work has prospered, and particularly among the children. In Georgetown the little unkempt flocks of a year ago are now clean, orderly groups of boys and girls, who have learned to repeat the Children's Catechism, and could give the outlines of the life of Paul from the last half-year's lessons.

THE REV. J. B. CROPPER.

This district now includes the Better Hope station, at which the missionary is resident. The general work of the year has been satisfactory, and on the whole encouraging; and, despite some disappointments, progress can be reported. Regular Sabbath services were conducted at eleven places of worship; and the Lord's Supper was regularly dispensed quarterly at six central points.

THE REV. R. GIBSON FISHER.

The year has not witnessed any great advance, and some of our cherished hopes have not been realized; but on the whole there has been steady progress, and here and there marked indications of the presence and power of Unseen Auxiliaries, silently yet surely working for us, and building better than we knew. In Leguan four generations of one family were baptized on one day. On the Island of Wakenaam, the MacKay Memorial Church and School have made good progress, and a new school has been opened at Friendship. The annual mela held here in August was a great success. Two of our eight catechists were removed by death; but their places have been filled by their converts. A colporteur has also done good work, and distributed Bibles and Christian literature in no less than eight languages. These books have not been given away, but paid for; and that at such prices that the distribution has cost the mission nothing.

Open-air services have been regularly held; and thirty-nine new members—all converts from Hinduism or Mohammedanism—have been welcomed to the Lord's table during the year. But the work amongst the young is the most hopeful feature throughout this field; and great results may be expected therefrom as the years go by.

The acquisition of Sarnia House, and four acres of land surrounding it, as a residence for the missionary and district headquarters, has made the year memorable; but many more buildings are needed before we can be anything like adequately equipped.

GENERAL REMARKS.

One of our most serious difficulties is the carrying on of our day school work among the children. Under the conditions that prevail, the work is of special importance; but circumstances lay us under very serious disadvantages.

The government has accepted a measure of responsibility in the matter of education, and exercises certain control in regard to it. Schools fulfilling certain conditions are classed as "Aided Schools," and receive financial assistance. These schools naturally enjoy some local prestige; and instruction in them is carried to a standard, in many instances, higher than is needed in the early stages of mission schools. The government regulations are so framed that schools already established enjoy a monopoly, and no other school can share the grant. The disadvantage we labour under is that, on the one hand, the cost of keeping up an establishment on a par with a government-aided institution is too great (numbers of such are needed); and, on the other, that parents, once the children have been led out of the hovel stage, and introduced to the atmosphere of school life, soon despise the mission school, and discard it for the institution of prestige—even though, as in one notable instance, the mission school is actually giving far better instruction.

Contributions from the native Church have shown gratifying improvement. The annual Thanksgiving services have become a distinct feature in church life; good meetings have been held, much enthusiasm has been displayed, and the gifts in money and "kind" have been liberal. Much patience, however, must be exercised in training the East Indian in British Guiana to give, and that systematically; both heredity and environment being against a rapid growth in this grace.

Industrial conditions in the colony have for some time past been undergoing a change. The East Indian has been leaving the large sugar estates, and settling, as tenant or petty proprietor, on rice and other lands. The black population has preferred to exchange the gold fields and the "Balata Bush" (rubber) for the more regular life of the agriculturist. This has made an opening into which the East Indian has stepped. His position, material and social, is steadily improving; and he is no longer only the community's hewer of wood and drawer of water, as in former years. Other conditions, too, exist, which point to the present as the church's day of opportunity.

There has been much sickness during the year; and from among the native agents and their families death has claimed several victims. Mr. MacKenzie was advised to take a short holiday to Barbados, where it was hoped the Atlantic breeze and sea bathing would restore his health. The change, however, did not prove availing, and it has been found necessary that he should take furlough and go north.

KOREA.

The brief summary of a year's work requested by the Foreign Mission Committee can touch but the surface facts of a time of great advance and vast opportunity as far as Korea is concerned. These are days when "the plowman is overtaking the reaper." God's grace is being poured out as in no other land, and a harvest is waiting such as rarely granted in any mission field. The missionary no longer has time to evangelize. His hands are full binding up the sheaves, the native preachers are everywhere reaping. A day for which other missions are earnestly praying has already dawned upon Korea. The churches that work in line with God's will must evangelize Korea now. God grant that our beloved Canada with the constant object-lesson of her vast autumn harvests, into which thousands of labourers are poured at the pressing time of reaping, ever before her, may also get the vision of the whitened fields of Korea, ripened by His Sun of Righteousness yet awaiting the harvesters.

The expansion in country districts in each of our three fields has been remarkable, taxing to the utmost the resources of the small staff, and with all their efforts leaving much neglected territory. Especially is this true of Song Chin field, stretching far north into Manchuria. Deep notes of praise have ascended to God at the assurance that the Foreign Mission Board of the Western Section is ready to share in this work and will soon have brethren ready to occupy the great province of Kan Doh in the north.

Wonsan has been crippled by serious illness in Mr. Robb's family, which has delayed his needed furlough many months, and kept Mrs. Robb from active duties. Famine among the people has resulted in great poverty and hindered the sale of Scriptures.

Ham Heung has had no one to fill Mr. McRae's place during his prolonged furlough and Mr. Young has carried a heavy burden, especially in the oversight of a large church building, now happily completed.

Comparatively speaking, much has been accomplished during the year; yet only a fraction of what might have been had our staff been at all sufficient.

Our needs are many. The cry for schools is everywhere, but while we have no funds and must therefore charge fees for tuition, only a very few of those who desire it can afford Christian education. Heathen schools give free schooling and large teachers' salaries and with these we cannot compete. How then are we to be supplied even with native workers if we cannot train them for this time of pressure?

Among the blessings of the year we rejoiced in the visits of a number of missionaries—Rev. D. G. and Mrs. Cock, Miss Campbell and Miss Herdman, of Central India; Miss Kinney, of Formosa, and Miss Quinn, of China,—all of whom came because of the reports heard from Korea, and have gone to tell in China and in Canada the story of God's wonderful grace to our hungry people.

We also praise God for two recruits added to our forces—Misses E. A. McCully and M. M. Rogers,—whose help is sorely needed and for whose rapid acquisition of the language, we earnestly pray.

Wonsan Station.

Wonsan reports rapid growth in church membership both in city and country, and an earnest aggressive spirit among Christians. Forty men from the city church have volunteered help in conducting Sunday services in country places, every week, which means in some cases a walk of twelve miles. The staff of five elders is an immense help in congregational work.

A week of city services usually includes the following:—Monday evening, church officers for business; Tuesday, study classes for new women and Bible classes for men in various sections of the city; Wednesday, prayer-meeting; Thursday, advanced separate classes for men and women; Friday, study of Sabbath School lesson; Saturday, instruction to catechumens, and a school for young women carried on by Mrs. Footé and Mrs. Robb.

There is a large city Sabbath School of twenty-four classes.

At two communion services held this year sixty-six adults and twelve children were baptized, and 100 catechumens enrolled. A general class for women held in Wonsan in October had an attendance of nearly 100.

Country groups have shown steady growth all through the year, though visited only occasionally by the busy missionary. The event of the year to them is the Annual Class held by the "Moksa" of his helper during the autumn or winter in each group, when, into the brief space of a week or ten days must be condensed the instruction of months. One instance of the way in which groups of believers spring up and develop is the following. An inquirer came to Wonsan in February to see the missionary and buy books. He returned a few times during the year asking for teaching for his village. A colporteur went meanwhile and a native preacher and eighteen months later, the missionary, who found about thirty believers meeting regularly for worship and study, seventeen of whom were at once enrolled as catechumens. Similar work has been done among country women through annual classes.

The cry for education is met in small measure in Wonsan and district by a city Boys' Academy, Girls' School and Primary Boys' School, with nine schools for boys and three for girls in the outstations. The missionaries have necessarily given much time to the city schools, teaching and supervising. Country schools steadily improve though the churches have to struggle against poverty and the scarcity of qualified teachers.

Academy teaching has been done almost entirely by the missionary staff. A study of the Old and New Testaments is included in the curriculum. All the students are professing Christians and we expect all will aid the church as teachers, evangelists, doctors or pastors. We need this year buildings for our Boys' Academy and our Girls' School.

During the year over 150 General Assembly Diploma certificates and seals were distributed in Wonsan field for correct recitation of the Shorter Catechism and Scripture verses.

Mr. Foote was appointed by the mission to teach part of the session in the Presbyterian Theological Seminary at Pyeng Yang, attended this year by 140 students, nine of whom were from our mission. Fifteen native moksas have been ordained from this institution and two of the number are already missionaries.

Song Chin Station.

Song Chin sends a jubilant report of success under the inspiring motto of last year "Can Do"—and takes courage for the future in the new watch word, "Greater things." Christian communities have increased this year from twenty to sixty-two, yet there is room for immense expansion and faith to look for it.

Evangelistic work has touched all the extremes of this great field, either through the missionary or his helper. Besides, there is the native evangelist, a zealous type of man, untiring in his labour, preaching far into the night and returning with hoarse voice from his trips. These men with a band of colporteurs, supported by the British and Foreign Bible Society, have been a strong factor in the spread of the Gospel in the northern field.

It is with difficulty they can get away from the people. They sell Scriptures to travellers they meet on the road, to the innkeepers with whom they lodge, and even to men in the midst of their devil-worship. The wave of new interest in the Gospel that has touched other parts of Korea, was very marked in Song Chin district and new groups of believers seemed to spring up in a day. One of these groups lately adopted an effective way of observing the Sabbath by having all worshippers bring their weeding-hoes to service, and thus keep themselves from temptation to field labour. Classes held in these places are very popular especially when singing forms part of the teaching.

The local work in Song Chin includes preaching services, Sabbath Schools, prayer-

meeting, Bible and singing classes, all with good results. Direct effort has also been made to win the heathen. At one time last winter, every house in the part was visited and the inmates invited to attend service. With great thankfulness to God we saw the erection this summer of a splendid church building, by our local people, that has given a new impetus to the Church.

Effort among Christian and heathen women has been blessed in indirect ratio to the force of women workers. One Annual Class brought eighty-two students, some walking over many steep and rocky mountains, a distance of 140 miles. In spite of months of itineration much of the field has been unvisited by any Christian women. Bible women, ever eager and diligent, do much to awaken interest and to develop the faith of believers.

Song Chin Academy, which was closed for a time, has lately received new life along with the other educational enterprises. Funds were provided in answer to prayer through a gift from Mr. Marshal, of Halifax, sufficient to purchase a building for one school, and the opportunity to do transportation work for an American mining company, which brings the mission a revenue of \$50.00 per month—enough to finance the building of a large new school, already begun in faith.

There are seven other schools connected with country groups, all weak, all needing just a little help to supplement their endeavours to educate our Christian youth.

In spite of the fact that medical work is but an incidental in the life at Song Chin station, this year has been the most prosperous in our history. The number of patients increased more than fifty per cent. over last year. These have come even from the Tumen River and far-off Vladivostock, as we have the only surgical plant north of Wonsan. Present equipment, however, is far from being up-to-date and we are doing only fourth-class work under such conditions. We give glory to God for blessing and success also for the help of our beloved Kim Yong Pai, whose intuition, courage and knack has taken the place of knowledge, enabling him to carry on the work in the absence of the doctor. Would that some Canadian friend would give him a medical course at Seoul to fit him properly for further service and thus virtually add a missionary to our staff. God has been good to us in sending a Christian physician to the Kapsan Copper mines, who was previously in a mission in South Korea. He has taken with him a good supply of Gospel literature and a Christian helper.

We wish to repeat the suggestion that somebody aid in the education of our medical assistant to the extent of \$100 per year.

Medical statistics for the year are as follows:—

Number of patients.....	1,743
Number of treatments.....	8,000
Number of operations under chloroform.....	100
Sales and fees.....	\$365 74

Ham Heung Station.

Ham Heung could tell a long and interesting story of the erection of its new city church, the largest and by far the most beautiful on this coast of Korea; of the self-sacrifice of men, women and children; of the patient hours of toil to beautify the house of God, and of the joy in its completion. But we forbear and state only the fact that we now have a church adequate to our requirements, costing \$5,000 yen (\$2,500.00), of which all but some \$800.00 has already been contributed. We are praying earnestly that this balance may soon be met, as the church although opened for service, will not be dedicated until free of debt.

The Annual Classes this year gathered 250 men, young and old, for ten days' study in February, and in May forty leaders and helpers met for another ten days in a most helpful Bible school. One hundred women attended a class held in Ham Heung in March,

and in May forty Bible women and helpers studied for three weeks in a Bible school planned for the three stations. Qualified women are sorely needed for evangelistic work, and ours are so sadly ignorant that we are feeling greatly the urgency of a regular Training School to fit them for service.

The Book-room is a useful factor in our city work and preaching in the prison has been carried on when permission could be secured.

Sunday Schools hitherto held in the morning in various wards of the city will now be united in the new church. Hundreds of men and women gather at this hour for Bible study. Preaching service has been at different hours for men and women and demanded greater effort on the part of the missionaries than the union service that will now be held Sunday afternoon and evening.

Weekly classes for men are held on Monday and Saturday, for women on Tuesday and Friday. These are attended by helpers, who carry on the evangelistic work in city and country.

A Woman's Missionary Society has this year been organized, which already is a fruit-bearing branch of the W.F.M.S. of the Home Church, as some \$80.00 contributed by them in ten months, has been used to send out women preachers to those "who sit in darkness." There are seven organized branches in our outstations, making with the city membership a total of 265. The women take great delight in this new work.

Country districts have been worked through native helpers, and itinerations by the missionary. Mr. Young visited about half the Christian groups connected with his station during the year, but as the number has doubled in that time, the other half was beyond his power to reach. This is to be deplored from the fact that in some places the churches had been seized with a craze for education, and, having no one to restrain them, have got into a backslidden state. Yet it has been a joy to find little churches flourishing where no missionary had ever been, and that in the midst of sad trouble and oppression Miss McCully and Miss Mair have itinerated when time could be stolen from their busy school work, and have been deeply impressed with the ready response to their message and the urgent need of more time being thus expended.

According to instructions from Government Educational Department, our schools have been registered and put under their supervision, but receive no government support. Experience has proved that it is poor economy for the mission staff to attempt so much teaching as our schools demand, and either they must be closed or native teachers secured. The first was impossible, the latter, by faith, we have attempted. A splendid man who was engaged in a heathen school at \$40.00 per month has come to our Academy for \$25.00, and is a fine Christian preacher as well as scholar. When the school quadrupled its numbers during the year, we were obliged to get an assistant and this in the firm hope that funds would be granted us for extension. Our present source of revenue is the fee charged our boys, which they are ill able to pay and amounts to but a fraction of what is required.

Seven primary schools are also in our district. They follow a course of study prescribed by the Korean Presbytery, but as they are too far away for regular inspection, they do us but little credit. Girls' schools also number seven. All are in the country and all are taught by totally untrained women, usually the wives of leaders or teachers, chosen because they can read a letter. By way of contrast Miss Mair's school for girls in the city is a marvel. She spends much time and pains with them and has developed some very clever girls who will soon be ready to teach in the city.

We need \$675.00 this year for teachers' salaries for all our Ham Heung schools; we also need an Academy building and it was with sad hearts that we read the latest decision of the Foreign Mission Committee that no funds can be granted Korea for educational work. How then are we to face our problems? Would to God that the church could see its glorious opportunity for evangelization in this "chosen" country. Could she then refuse to furnish supplies for advancement? Would she not rather say, "Speak unto the children of Israel that they go forward?" "Hold fast that which thou hast, that no man take thy crown."

WESTERN SECTION.

KOREA.

Our young missionary, the Rev. J. M. MacLeod, arrived in Song Chin on the 7th November. He received from the missionaries of the Eastern section residing there a most cordial welcome, and every assistance it was in their power to give. The proposal is that Mr. MacLeod should co-operate in Council with the missionaries of the Eastern Section, so as to secure fullest co-operation and uniformity of policy.

In December Dr. Grierson, accompanied Mr. MacLeod in a survey of the field assigned the Western Committee. Their report impresses the Committee with two thoughts, viz., the magnificent opportunity and the need for immediate and energetic action.

TERRITORY.

The territory assigned us extends from Myung Chun north to the Tuman River and includes Kando, beyond the river. The new census reports for the whole of Korea 16,000,000 instead of the 10,000,000 formerly reported. With such large variation in reports there is of course uncertainty as to the population of our field, but there is no doubt that at least half a million souls are included in this region for which we have become responsible.

KANDO.

It lies beyond the Tuman River and is the Mecca of the Korean emigrant. It is not mountainous like Korea proper, but is like the foothills of our own western country. Already there are several hundreds of thousands of Koreans over there, and they are moving in as settlers are moving into our North Western country. The climate is severe but the soil is good.

Ten years ago, or more, a Roman Catholic priest went in there and found the Koreans oppressed by the Chinese. In behalf of those who became his followers, he exercised his political influence with the result that a very large following was secured. The type of religion is said to be low even for the Roman Catholic Church. Yet their presence does not simplify the problem. In order to occupy that field a station should be opened at Yong Chung and this is to be a Customs station. A medical missionary would establish helpful co-operation.

HOI RYUNG.

This is the natural centre of the Tuman River region, south of Kando. There are there six counties, which have been somewhat affected by the migrations to Kando as Ontario has been affected by the movements into the west. Still it will always be an important and central section of our field.

CHUNG CHIN.

This is still farther south and is the outlet to the sea. There will probably be soon a Japanese railway from Kirin down through Yong Chung and Hoi Ryung to Chung Chin,—which is an ice-free port. It will be a part of the Manchuria Railway System.

It seems important that these three stations should be occupied and occupied at an early date, in order to make a uniform advance into this interesting district that has fallen to our church. It is a privilege to have some share in the wonderful work of grace that is in progress in Korea.

NORTH FORMOSA MISSION, 1909.

In North Formosa there are four main departments of mission work, about which we wish to report, named as in former years,—The Evangelistic, The Educational, The Medical, and Women's Work.

EVANGELISTIC.

In this department the native Evangelists take a prominent part. At the end of 1909 four native pastors, forty-two graduated Evangelists, and eight student Evangelists, were in charge of churches, while eight others were studying in college. During the year one native pastor, and three Evangelists died, while a fourth towards the end of the year had a sudden attack of apoplexy, and became incapacitated for work. Last year's death rate among the members of our native staff was exceptionally high.

PASTOR GIAM-CHHENG-HOA.

Special reference may be made to Pastor Giam Chheng-hoa, whose name is well known among Canadian Presbyterians, as that of the first convert of North Formosa mission. He died on the second of June, 1909, exactly eight years after the death of the late Dr. Mackay, who had been his teacher, and friend. As recorded, he became Dr. Mackay's student April 25th, 1872; but that was before he was baptized, and only a month and a half after Dr. Mackay reached Tamsui, N. Formosa. He was baptized on the second Sabbath of March, 1873, one of the first five baptized in this mission. He was then twenty-two years of age, and became from the beginning of his Christian life a student, and a preacher. In 1884 he was ordained a pastor by Dr. Mackay. So he had a long term of service as a preacher of the gospel of Jesus—thirty-six years, for twenty-five of which he was an ordained minister.

A number of these native workers show increased zeal in their work. Evangelists' conferences have helped to broaden their minds, and stimulate their desire for service. There are held local conferences in three different districts twice every year. But in June, 1909, there was held in Tamsui a General Conference. A good programme had been carefully prepared; and the subjects discussed were taken part in by many of the native workers with intelligence and enthusiasm. These were all subjects bearing directly on the work, and responsibility of the Evangelist. One encouraging sign among the native workers is an increasing desire to preach the gospel among the heathen.

Something was done last year in the way of opening street-chapels on busy thoroughfares, and in places where there is not a church established. There is one such on the main street of Tamsui. The attendance there throughout the year was very encouraging. Two or three, who had started to attend during the year gave up their idols at the end, and professed to have become worshippers of the true God. One of the most encouraging signs of these street-chapel gatherings was the willingness of the native assistants to preach to the heathen.

GO EK-JU:—E. G.

The oldest preacher now in the mission is Go Ek-ju. He was baptized thirty-seven years ago, is one of the "first five" already mentioned, the only one still alive. He is for the present preacher at his native place, Tamsui. He is sixty-eight years of age still apparently healthy and strong; and his face lightens up every time he is asked to preach to a heathen audience. He often tells them "Why I became a Christian."

At the beginning of the year in order to secure better supervision, the churches not under native pastors were divided into three districts. One district was placed under the supervision of Mr. Gauld, another of Mr. Jack, and a third of Mr. MacLeod. But the pressure of other work prevented these missionaries from devoting as much time to pastoral visitation as the great importance of the work demands. College work, Book Room,

Building, etc., occupied a large share of the time of Messrs. Gauld and Jack, and language study of Mr. MacLeod. Visits to out-stations were therefore generally too hurried and short. The importance of itineration cannot be over-estimated. But our ordained staff is both too small, and too much occupied with other work to begin to do justice to the supervising of the work in the out-stations.

SABBATH SCHOOLS.

This phase of the work is deserving of special notice, because last year was only the fourth year of its introduction to North Formosa under the name of "The Lord's Day School." In many places it is not easy to get suitable teachers. But still reports are encouraging. Last year there was reported forty-seven schools with a total attendance of six hundred and forty-nine pupils. Of these ninety-nine learned to read Chinese in Romanized vernacular for the first time, and twenty-nine in Character. There were reported in all four hundred and eighty-eight who were able to read the Romanized vernacular, but only one hundred and seventy-five were able to read Chinese Character. The advance in this work has therefore been substantial; and the knowledge gained thereby steadily increases a thirst for more.

MEMBERSHIP.

Our Church Rolls require to be revised. The adult membership, as reported last year was as follows,—Communicants on Rolls Dec. 31st, 1908, were 2,062; Adult baptisms during 1909 were 45; Received on Certificate, 60; Profession of Faith, 11; Removed by Certificate, 62; Purged from Rolls, 8; Deaths, 25; Communicants on Rolls Dec. 31st, 1909, were 2,083.

In addition to the above the total number of catechumens reported for the year were 1,963, or an increase over the preceding year of 318.

An important addition to the membership are the baptized children. Baptized children, Dec. 31st, 1908, were 820; Child Baptisms during 1909 were 91; Received from abroad, 15; Transferred to full communion Roll, 11; Left Congregations, 14; Deaths, 15; Baptized Children Dec. 31st, 1909, were 886.

MISSION BOUNDARY.

There had been an understanding between the late Dr. Mackay, and the early Missionaries of the English Presbyterian Mission, South Formosa, as to where the boundary line between the two missions should be located. But this line had not been formally entered in the records of either Mission. To definitely settle the location of the boundary line, the Mission Councils of the two Missions, together with the Presbyteries of the two Churches, appointed Commissioners to meet, and endeavour to arrive at a mutual agreement as to where the boundary line should be. These Commissioners met in November, at Chiong-hoa, Centre Formosa, and after a friendly, and lengthy discussion, decided to recommend to their respective Councils, and Presbyteries, that the boundary line on the West be the Tai-kah river from its mouth to a point in the foot-hills, where the river takes an abrupt turn to the south, and from that point straight east across the mountains. But the boundary line on the East was not fixed, it being agreed that souls were more important than boundary lines, and therefore that each Mission should be left free to occupy the ground intervening between the two on the Kee-lai plain as speedily as possible.

At date of writing, the report of the Commissioners has been formally ratified by both our Mission Council and Presbytery. South Formosa Presbytery has not yet met.

In the new district thus definitely recognized as ours, we last year started work at Tai-kah City, and at Tun-a-kha. At both these places the work is very encouraging. See Mr. Jack's personal report.

EDUCATIONAL.

In North Formosa, except in the women's department, we have not yet started what is known as "Educational work" in other missions. We have a theological College, which is working at a great disadvantage, because we have not yet a proper preparatory school for boys.

The College was opened throughout the year. The teaching staff consisted of two Canadian Missionaries, Messrs. Gauld and Jack, two native Teachers, Messrs. Koa and Tiun, and a Japanese Teacher, Mr. Arakawa, joined us at the beginning of the year, and has proved a valuable addition to our staff. There were thirteen students in attendance the former half of the year, and nineteen the latter.

At the end of the spring term we divided the work definitely into two courses of three years each, the preparatory, and the Theological. Our aim in the Preparatory course is to give the students a fair knowledge of Japanese Language and Literature; Chinese Language and Literature; History; Geography; Astronomy; the Natural Sciences; and Mathematics; together with a good knowledge of the Bible. Our aim in the Theological course is to teach and train the students more directly for the work of the Evangelist. During the session the Theological students preach frequently, especially in the Tamsui street-chapel. Without such work as is done in the Theological College Formosa will never be evangelized. But to attract, and retain students this work must make progress; and be put on a footing more in keeping with the new environment. Education in the Island has made great progress since the incoming of the Japanese. But although there are a few Christian Teachers in their schools, these government schools are not Christian. There is great need of a more advanced class of teaching in our Theological school, and this will require minds trained in a Christian Preparatory school to receive it.

We cannot over look the fact, that since the imparting of instruction is in the Chinese language, it is most important that the Missionary Teachers have a good working knowledge of the Chinese language. We have already pointed out the need of more attention to Missionary itineration; we now feel it our duty to point out the need of improvement in our College equipment and work. The Teachers ought to be on hand almost continuously and ought to have sufficient time and opportunity, to prepare thoroughly their lectures for their classes. They ought not to have too much other work, however important that work may be, to distract their minds, and take up their time from their work as students, and Teachers of the Word of God in the Mission College. The logical conclusion is that we need additional ordained help; and in view of the near approach of Mr. Jack's furlough we ought to have an additional ordained Missionary this year.

Another logical conclusion is that in order to start a Preparatory School for boys as soon as possible, we ought to have a Middle School Teacher added to our staff this year.

The number of graduates from our College last year was five.

BOOK ROOM.

In connection with educational work the importance of the Book Room must be recognized. There has been a steady increase in the sales of Bibles, Scripture Portions, Bible Helps, and Commentaries, also other forms of Christian literature. Of complete Bibles, and Testaments four hundred and forty-nine books were sold, the greater part of these in the Romanized vernacular. The total Book Room sales for the year amounted to Yen 683.78, representing several hundred thousand pages of reading matter.

MISSIONARIES' LANGUAGE EXAMINATIONS.

Early this year, i. e., 1910, Rev. Duncan MacLeod, and Mrs. Milton Jack, passed successfully their second year's language examination. Rev. Mr. Barclay, of South Formosa was examiner.

MEDICAL WORK.

Mackay Hospital was kept open throughout the year, except for a period of six weeks, during July and August, when Dr. Ferguson was absent for a holiday in Japan.

The following statistical report indicates the work done during the year:—

In-patients.....	547
Out-patients.....	4,504
Total number of patients.....	5,051
Returns for treatment of same or other diseases.....	16,548
Total number of treatments.....	21,599

OPERATIONS.

Under local anæsthesia (mainly on eye).....	101
Under general anæsthesia.....	31
Without anæsthesia.....	27
Teeth extracted.....	170
Confinements.....	8
Total number of operations.....	337

About 250 of the above-mentioned patients were also seen in their homes.

The majority of the opium patients are reckoned among outpatients, as they are treated either in the homes of friends, or in a building rented for the purpose. About three hundred patients took treatment for the opium habit. As far as we can learn the majority have returned to the vice. Some held out for two or three months, and then meeting with a pain, or sickness, began to use the drug again. Others who took the treatment were at the same time secretly using opium in some form. They pretended to give it up in order to get treatment for some other disease, because no patient is allowed to smoke opium in the hospital. A goodly number have remained cured, and as a reward have received soundness of body, and mind and heart capable of receiving the truth.

Most of the Medical cases, owing to lack of accommodation in the wards, had to be treated as out-patients. Only the most serious cases, and those who had come long distances, were taken in.

SURGICAL.

The majority of operations, performed under local anæsthesia were eye operations, consisting of:—

- Iridectomies
- Excision for malignant tumor
- Cataract
- Entropion
- Pterygium
- Meibonion Cyst
- Removal of Lachrymal Sac and Ducts.

Operations under Chloroform take a great deal of time. As we have no qualified assistants, the whole responsibility rests upon the doctor. This year we had great comfort with our new operating-room outfit, purchased in Tokyo last year. We had no accidents during operations.

Two Cancer cases were very successful. They were treated with Radical Operation. The patients came to the hospital in such an emaciated condition, that at first the doctor was undecided whether it was advisable to operate. But although dismissed six months ago, so far there is no sign of recurrence.

DEATHS.

During the year there have been fifteen deaths in the hospital:—

Tuberculosis.....	4	Ileocolitis.....	1
Pneumonia.....	2	Heart-failure.....	1
Peritonitis.....	3		
Burns.....	2	Total.....	15
Bright's Disease.....	2		

FINANCIAL.

From Fees of pay-patients we have been able to meet all running expenses; and a kind donation of Yen 230.00 from the foreign community, together with a few Chinese friends in Taipeh, has given us a balance in hand.

EVANGELISTIC.

We have a wide-awake, faithful Evangelist, working continually among the patients. He also acts as secretary, and in this way learns much about them,—who they are, where they come from, etc., etc. On Dispensary mornings he preaches to the out-patients, and the remainder of his time is spent in teaching, and preaching, in the wards.

On Sabbath mornings classes for young men are held in the hospital chapel. Four classes in charge of the hospital assistants are learning to read the Bible in Romanized Chinese. The fifth class, taught by Dr. Ferguson, is composed of four young men who are well up in Chinese Character. Only one of them is a Christian. Another has signified his intention of uniting with the Church at next communion. A third, who is a teacher in a Japanese public school, is manifesting a keen interest in the gospel.

A FINAL WORD.

For the multitudes, who look to us for healing, we should always like to feel that we are doing the very best that can be done; and we are, therefore, looking forward to more help, and better equipment, in order that we may come nearer to realizing that ideal.

WOMEN'S WORK.

In this department the Girl's School is the best organized part of the work. It has entered upon the third session of its existence, since placed in charge of Misses Kinney and Connell; and it is already well established. The work it has done is much appreciated by our native Christians, as well as by the few heathen it has already reached. This is evidenced by the fact that it is overcrowded, and a number of applicants had to be refused admittance at the beginning of the autumn term. During the first half of the year there were thirty-six students in attendance, and during the latter half forty-six. Instruction was given in the ordinary branches of study through the medium of the Chinese language. The Japanese language is a compulsory subject; English and Instrumental Music are optional, students taking them being charged extra fees. Eight girls studied English, and thirty-two Instrumental Music. Besides the regular morning and evening worship, an hour a day was spent in Bible study, for which previous preparation had to be made. The older girls took turns in conducting the weekly prayer-meeting in the school; and occasionally helped the women's meeting in the Church, also in Sabbath School. During the year eleven girls united with the Church, making in all nineteen communicants in the school.

Towards the end of the year an addition was made to the teaching staff, in the person of a graduate of the Girls' School, Amoy, China. She is proving an efficient helper.

WORK FOR WOMEN.

The Missionaries' wives, together with the unmarried ladies, rendered efficient help among the women and children of Tamsui, who could be induced to attend the Sabbath

Schools, or Women's Prayer-meeting. There are three Sabbath Schools, one in connection with the Church, another in connection with the hospital, and a third in connection with the street chapel. This last is entirely for heathen children. These ladies also visited the native women in their homes with the message of salvation, and invited women and children to come to the mission homes for further instruction.

Miss Kinney spent a few days at Tho-hng, and there held a class for women daily; also organized a class for women to meet weekly afterwards. Miss Connell made several visits to Tsui-tng-kha, and Kelung, to conduct and organize women's classes.

MISSION HEADQUARTERS.

Early in the year the Mission Council, by a majority vote, petitioned the Foreign Mission Committee to order the removal of the head-quarters of this mission from Tamsui to Taipeh, the capital of, and the largest city in the island of Formosa. The Foreign mission Committee complied with this petition, and ordered the purchase of land at Taipeh. At date of writing nine and three-sevenths acres of land have been purchased. The site is in what is still open country, just outside of the city, and within easy reach of the Taipeh R.R. station, also Twatutia, and Bangkah Churches.

CONCLUDING REMARKS.

In conclusion the North Formosa Mission Council desires to thank the home Church, and especially the members of the Foreign Mission Committee, for their unfailing, intelligent, and generous interest in our work.

The Mission Council desires above all things to bow in reverent homage before the Great Head of the Church; to thank Him for having sent us to this island with the message of a free salvation; to thank Him for all His mercies temporal, and spiritual; to thank Him for all those in North Formosa who believe; and to pray earnestly for an abundant baptism of the Holy Spirit.

And now in harmony with what has been set forth in the report above written, we beg respectfully to repeat our opinion, that before the end of 1910, our staff should be increased by one ordained Missionary, one Medical Doctor (male), one Middle School Teacher, and three unmarried Lady Missionaries, one of whom should be a Doctor. For this number temporary residence can be arranged as soon as necessary.

We further recommend to the Foreign Mission Committee, in view of their decision that the head-quarters of the mission be removed to Taipeh, including our Theological College, that as soon as funds can be procured, a grant be made for building a new Theological College in Taipeh. We believe it to be in the interests of the work here, inasmuch as this move has been already decided upon, that steps be taken as soon as practicable to accomplish it.

With regard to a building for the Middle School, we recommend that in order that there may be no financial loss through buildings remaining unoccupied, the present Theological College be used as temporary quarters, as soon as the Middle School Teacher shall have acquired sufficient knowledge of the Formosan language to begin his work. When he has been in Formosa a sufficient length of time to form a proper estimate of the scope and possibilities of the work of that institution, the Mission Council will be in a better position to judge where the Middle School should be permanently located; and if it is thought wise that it should be located elsewhere, to decide what plan could be best adopted whereby the present Theological College could be otherwise utilized.

CENTRAL INDIA.

They have had their joys and sorrows during the year. The first note in their report is the removal of Mrs. Drew, a lady of uncommon beauty of character, who for a generation devoted herself to the welfare of the soldiers. The workers pass but their work abides. The mission comprises seven central stations and eleven out-stations. There are 1,057 communicants; 1,212 baptized members,—not communicants. There were 147 baptisms, 59 of whom were on profession of faith. The rising temperature cannot be put in tables and a new atmosphere is being created.

INDORE.

THEOLOGICAL SEMINARY.—"He that believeth shall not make haste." Dr. Wilson reports that whilst the students of other schools and colleges scattered at the approach of the dreaded plague, our Seminary students continued quietly with their work until the end of the session. The nine students in attendance were faithful in work and realized the responsibility of the ministry for which they are preparing.

Thirteen books of the Old Testament were studied in outline as well as seven book of the New. A broad comprehensive grasp of the contents of the Bible is the condition of intelligent, exegetical work.

Courses of lectures were given on the Moral Law and Christ's teaching as to God and salvation, and these contrasted with Hindu doctrines. Special mention is made of the valuable help given by Professor Johory, Rev. J. T. Taylor, and Dr. Shepherd, of the United Free Mission, Rajputana.

THE CONGREGATION.—The effort is made to make the whole congregation missionary in spirit by monthly missionary addresses and missionary organizations. There is a baptized community of 394, with a communion roll of 207. Whilst the death rate from plague rose in the city to one hundred a day, not one break was made in the Christian community.

HIGH SCHOOL AND COLLEGE.—Mr. Sharrard reports that the two best months in the year were lost through the inevitable panic caused by the ravages of plague. The attendance in the college proper rose the previous year to 110, the highest point reached. This year the government standard of matriculation was raised, which reduced the number of successful candidates in the high schools from which the college draws. That caused a drop in the First Year. There are seventeen in the Fourth Year,—the largest B.A. class in the history of the college.

The college is affiliated with the University of Allahabad and stands first in examinations of all the thirty or forty colleges so related.

The Bible receives an hour a day throughout the year.

A Students' Brotherhood and Literary Society give the students an opportunity of ventilating their views on political as well as religious topics and feeling their way to the truth.

In Principal King's absence on furlough Mr. Davidson shared in the work of the college. Mrs. Davidson and Mrs. Sharrard also made their contribution to the work of the staff.

The total enrolment in the High School is 272 and the Lower School, 92. Thus the enrolment of the entire institution is about 475. They go out class after class, bearing precious seed which will be scattered and produce a harvest by and by.

MHOW.

ITINERANCY.—From the beginning of November until the end of February is the best season. Mr. Taylor spent all the time in Nimar district. Several of the boys from Rasulpura went with him and had their first campaign and with encouraging results. They will be preachers by and by. Several were baptized,—intimations of the coming showers. The authorities have established the common right of all classes to the public well. This puts an end to much petty persecution.

PREPARATORY CLASSES.—These are held during the rainy season,—July 1st,—September 15th. There were enrolled 48 students, 23 of whom completed the two years' course. Some of these will go to the Theological Seminary at Indore, but it gives educational advantages and makes useful many who cannot pursue their studies farther. Mr. W. G. Russell took care of the Bible Training Department until Mr. Ledingham's return.

CONGREGATION.—There is steady growth, but need of a foreign pastor. The native catechist whilst faithful, does not draw out the best results.

The total Christian community in Mhow is 528.

SCHOOLS.—The Mhow Cantonment authorities offered to hand over the management of their schools to the mission. This proposal was accepted, the Cantonment making grants sufficient to meet school expenses. The mission determines the amount of religious instruction to be given. Bible study is not compulsory, but few withdraw, although the school comprises Hindus, Mohammedans, Parsees and Christians. There are 425 boys in the schools and prospect of increase in numbers.

The public, even the non-Christian, is awake to the importance of a school where the moral welfare of their boys is the first interest of the teacher. Mr. Dunn is in charge of this department.

INDUSTRIAL SCHOOL.—Mr. K. G. MacKay reports that the rug weaving is most popular,—orders having exceeded their ability to produce. Yet silk manufacture is most profitable, which they would like to enlarge. The majority of the boys work half the day and go to school the other half. Older boys who work all the day become self-supporting.

Seven small lads were received during the year, so that there are twenty who are under ten years of age.

Whilst plague raged, in God's goodness it did not come nigh our dwelling.

NEEMUCH.

EVANGELISTIC.—Rev. J. S. MacKay, who gives his time exclusively to evangelistic work during the cool season, writes:—"Four months is too short to cover a district fifty-five, or sixty, miles square, having a population of about a quarter of a million." That is an evident remark, but suggestive of the needs.

At one camping point some evil-disposed person circulated the rumour that the missionary had come to spread plague. Some men armed with clubs coming to drive them away looked serious, but prompt action on the part of a friendly official prevented trouble.

In many places they found the people were not only friendly but interested in their message. People came in the evenings to the tent who were longing for freedom from the burdens of caste and custom, and some follow to Neemuch for further instruction.

EDUCATIONAL.—The Secondary School at Neemuch has about thirty-five pupils.

An attempt was made to start village schools near Neemuch, but the authorities objected, although there were no state schools within reach. The people want them but the powers oppose. What further negotiations may accomplish remains to be seen.

CONGREGATION.—The removal of a number of the larger girls from the orphanage naturally affected the attendance. The congregation is so far missionary as to support a catechist and two Bible readers, and propose to undertake the support of two more workers.

RUTLAM.

Dr. Campbell takes charge of the work in the city and Mr. Harcourt in the out-stations. Regular Sabbath services, Sunday Schools, and Christian Endeavour meetings are conducted and the young led to take part in the ministry of tract distribution and preaching.

In the Girls' Orphanage there are forty-seven on the roll. The children respond most easily and receive affectionate attention.

PRINTING PRESS.—A large amount of printed matter issues from the press, including the monthly paper, *Satyarth Patrika*, 17,000 Hindi tracts, 2,000 shorter catechisms; commentary by Dr. Wilson, hymn books, etc. It is directly evangelistic as well as an industrial provision for young Christians.

The *Patrika* gives promise of being self-supporting and useful.

DISPENSARY.—The medical catechist reports 2,186 patients and 9,319 treatments.

ITINERANCY.—Mr. Harcourt visits the villages, having spent some months at Sitamau, Alote, etc., having baptized some and found many seeking instruction.

UJJAIN.

Dr. Nugent reports:—"Notwithstanding the increasing interest in missions in the Homeland, the winning of India for Christ is a task that will test the faith and patience of the Home Church. Yet His name will conquer."

LEPER WORK.—The Maharajah of Gwalior furnished the funds for a new leper asylum. It was a great day for the poor lepers when they packed their few belongings in an ox-cart and abandoned their mud cow-house for better quarters. There are forty of them. The new hoped for remedy "nastin" has not yet been fully tested, but the cost is almost prohibitive.

TOURING.—In a covered ox-cart and a tent furnished by the First Presbyterian Church, Vancouver, two or three months were spent in touring towns and villages.

In Dewas, for example, which is the home of two Rajahs, we were cordially received, but we have not even a Christian worker there. It should be a centre. Everywhere we were well received and many who a few years ago bitterly opposed, now make occasion to visit us frequently.

Rev. D. F. Smith reports a similar reception in the villages, some asking that a Christian teacher be sent to them. At Dewas the students of the High School came to the camp and eagerly discussed with an interest deeper than mere discussion.

Over 1,000 Scriptures were sold and 2,000 hymn and other books.

In Ujjain from the end of March to the end of June there was a great Mela in Ujjain. Worshipping multitudes crowded the river. Public speaking was suppressed for fear of sedition mongers, but there was much opportunity for personal work.

HOSPITAL.—It was a busy year. Close beside our hospital is a state hospital with a large staff and doors always open, where patients do not need to listen to Christian teaching. Yet the Christian hospital is preferred by many and the numbers are increasing who will listen to the story of the Great Healer and take medicines at the hands of Christians.

In past years homes were visited and women treated who would reluctantly put out

the arm from under cover that the doctor might feel the pulse. Now these same women appear in the open and converse freely.

Smallpox, cholera and plague visited the city, but our Christians have been preserved. We treated 9,318 patients,—in all 30,854 treatments.

AMKHUT.

Dr. Buchanan's work among the Bhils is as usual full of interest and enthusiasm. Forty-two were baptized during the year. There are eleven Bible Readers.

Last year it was reported that Chimliya, who had been elected to the eldership, was not ordained because he had called in a witch-doctor when his wife was dying. On account of his deep penitence and earnest life he was again unanimously chosen,—the only ballot that did not have his name was his own.

The development of the spirit of giving is difficult amongst a people so poor. Eggs, chickens, goats, grain, etc., are the gifts. A novel method has been adopted to promote this. The young man who takes the collection receives the offering in his hand. He then calls out the name of the giver and the amount. The missionary repeats the name and amount, all of which takes time, but emphasizes a Christian grace.

At a small Bhil village eight miles from Amkhut they decided to build a church. Volunteers were called for to prepare the timber. Every hand went up. It is to be entirely a labour of love, no metal being used and no money required.

The evangelistic work is done by the Christians themselves, each seeking to persuade his fellow to forsake the fear and worship of devils.

In the four Sunday Schools there are 407 in attendance,—the work usually being a combination of teaching and preaching.

The industrial work is chiefly farming. Six of the boys who came from the Mhow school are doing well on their farms. They got wives from the orphanages, who are helps indeed. The industrial work enables the missionary to have a daily Bible class and also to find out in their work the men that are thorough. The man who ploughs well will do other things well.

The medical work is untabulated. It is more a patriarchal than dispensary system. The doctor is the father who ministers to the body and takes occasion to have quiet talks on soul needs.

Mrs. Buchanan has her two classes for women, besides the care of girls of the orphanage. There is scarcely an hour of the day when some class is not going on.

Theological classes are conducted in April and May at Toran Mall, a summer resort where work can be done in the hot season. Professor Labhu Mall, of the U.P. Seminary, has been kind in giving July and August to the Third Year class of seventeen students with which he was delighted on account of their devotion to study and prayer. He reports: "I can say with confidence that the class as a whole studied attentively, laboriously, with painstaking care and eager relish for the subject. My soul leaps with joy and praise to see one climb a tree, another in the cornfields, another on the road, going to work, all with book in hand studying their lessons. One I saw sitting on the floor doing three things,—making butter in a bowl with one hand, keeping off the flies with the other, and his note book open before him as he memorized his daily task."

DHAR.

Rev. F. H. Russell reports a Christian community in Dhar of 288, with an increase in liberality.

Two of their workers, Devaji and Motilai, who had been receiving a small wage, have

determined to do their work in the future without financial aid. They are making an impression on their own people by their whole-hearted service. Some who were bitterly hostile are now friendly and invite their visits and message.

Dr. McPhedran was appointed with the expectation that the Government hospital in Sirdarpore would be handed over to the mission, and thus a new and important centre opened. Owing to unaccountable delays that transfer has not yet been made, but it is likely to be made in the near future.

The day school has an attendance of sixty and the Boys' Orphanage sixteen.

Industrial work is cultivated in carpentry and blacksmithing, but especially in farming and gardening. Land has been rented near a neighbouring village and three of the boys settled upon their farms. The evangelist who visits that district finds them helpful in his work.

There are twenty-four in the Leper Asylum to which Miss O'Hara has given much sympathetic attention. The lepers are not compelled to remain and the wandering habit clings to them.

WOMAN'S WORK.

A complete report of the work of the women has not come to hand. From a few personal reports the following points are culled.

HOSPITALS.

Miss M. Oliver, M.D., reports for the Indore hospital 387 in-patients; 6,126 out-patients; 16,022 treatments. The work goes on as usual. With the medicine for the body is also given the message for the soul. Many of the women determinedly set their faces against the Gospel and ask the question, "How can I, a woman, leave the religion I was born in?" Yet sometimes they do accept, they have the courage given, and they rejoice.

The new dispensary built on the compound gives a great comfort and a veritable Home of Healing.

Notwithstanding the opposition to the Gospel in our three mission hospitals the patients far exceed in number the attendance at the four state hospitals. An isolation ward for tubercular cases has been satisfactory. Out of twenty-four patients sixteen have been discharged as healed.

Dr. O'Hara reports in the Dhar Hospital 195 in-patients, 7,640 out-patients and 23,422 treatments. Miss O'Hara in addition paid 410 visits to homes and ministered there. These patients came from 200 towns and villages and went back with a new message for the people.

The hospital in Neemuch has not been reported upon. The work is similar and in numbers about the same as at Dhar.

WIDOWS' HOME.

Miss Grier, who was in charge of the Widows' Home reports ninety-four adults present and twelve children under eight years. They are taught industrially as well as religiously and are giving great joy to their teachers. The pathos of so many suffering women, socially ostracized for no fault of their own, appeals to the heart. And the heart is the power that wins them.

ORPHANAGE.

There are 150 girls in charge of Dr. Chone Oliver in the absence of Miss Campbell, who is on furlough. It is a busy home. Each morning an hour and a half or two hours in Bible study is spent. The seven classes taught by pupil teachers has good results, notwithstanding the lack of normal training. Then industrial work,—plain sewing, mending, drawn-thread work and fancy work. Then the marriages. That is the most perplexing problem. There are more girls than boys and yet it is important, very important, in India that a girl be married.

The spiritual results are interesting and delightful. They have learned the power of prayer and exercise the gift with the simplicity and faith of children,—and with the results. Dr. Chone Oliver had a severe illness that for a time seemed as if it might be fatal. The intercession of the children was persistent—and Dr. Oliver was restored.

Miss Glendinning who is yet in the "learning of the language" stage assisted in the care of the children.

SCHOOLS.

The Marathi School in Indore was in charge of Miss H. Thomson and the Camp School in Indore was in charge of Miss Grier. Both have suffered through the dreadful plague. Some children died and time was lost and yet examinations proved that good work had been done.

The Blind School, at Ujjain, has been closed. These interesting blind children became so entwined about the heart that it cost a pang to let them go. But other schools had been opened where many of the children came from, and the children in our own mission were so far advanced that it was thought better to close. Miss Goodfellow, who had charge has now more liberty for evangelistic work. Her health, which suffered, is improved and it is now hoped that she will be spared to the work.

NEED.

There is much need of more lady workers in this necessitous field. The cry is annually repeated, but the candidates are not forthcoming. Pray therefore that the Lord of the harvest would thrust them forth.

HONAN.

The year began with a remarkable religious movement, one of the many manifestations of spiritual power witnessed in recent days in the Orient. The end is not yet. Reports are being received of similar movements elsewhere, which excite large expectations. It is a time of special inspiration to those missionaries who have toiled courageously and long, when days were dark. It is also a time for a spirit of earnest prayerfulness lest the enemy gain an advantage, and we fail to reap the largest results. The other item of special interest in the mission is the organization of a Chinese Presbytery, consisting of seventeen elders and twenty-one foreign missionaries. To men who twenty years ago hung around the borders of Honan, for a year being denied an entrance, it was an occasion of thanksgiving to see not only congregations and native preachers, but a Chinese Presbytery deliberating on the best means of enlarging the Kingdom. Though He tarry he will surely come.

The additions during the year were 208 communicants and 342 catechumens.

The staff has been increased by the addition of Mr. and Mrs. H. P. S. Luttrell, Mr. and Mrs. J. D. McRae, Mr. Hugh MacKenzie, Miss Agnes Hall, Miss Annie O'Neil and Miss Margaret McDonald.

CHANGTE STATION.

The religious movement which touched every centre in the mission brought joy, but also a measure of disappointment. Many of those who received a new baptism have shown increased faithfulness and devotion, whilst others failed in maintaining the high life-standard set at the beginning of the year.

There has been a measure of disaffection on the part of the Chinese towards the foreign missionaries due to a combination of causes. Famine in certain sections and the increased cost of living, creates discontent and the foreigner is a convenient object for resentment.

Insubordination amongst the Normal School boys at Weihwei and refusal to accept the discipline of the school resulted in a temporary closing of that institution. Whilst this had a salutary effect and led to apologies and a reopening, yet hard feelings were generated which it takes time to allay.

EVANGELISTIC.—There is a city street chapel, which was kept open all the year, gospel services being conducted every night.

The bounds of the congregation at Changte have been so enlarged as to include a radius of three miles around the city. This circle is the parish of that congregation. The congregation has undertaken the support of three evangelists, one of whom will labour within the congregation itself, one to the east of the city and the other to the west.

There are nineteen outstations connected with Changte in which elders and deacons have been elected. At five of these outstations day schools have been conducted in addition to the two boarding schools in the city. Extensive preaching tours among the villages is a fundamental part of the mission and these are conducted by both men and women. The opportunities for such work are boundless. Annual fairs, where vast multitudes of Chinese congregate,—their great religious festivals,—are regularly visited by missionaries, who, aided by a large number of Christians, keep up a continuous testimony during the days of the festival. Much Christian literature is sold and thus by voice and printed page the seed is sown beside all waters.

MEDICAL WORK.—Dr. Dow was absent during the former part of the year and Dr. Leslie during the latter. Dr. Leslie took charge of Miss Dow's work as well as his own until her return. After Dr. Leslie left in September Dr. Scott took charge of the men's hospital and continued his work as well as his language studies. The treatments are as varied as the diseases. Many opium patients are released from their bondage. The total number of patients was 4,022 and total number of treatments, 25,172.

EDUCATIONAL WORK.—The Norman McFee Boys' Boarding School has had an attendance of forty pupils, and the Girls' Boarding School an attendance of sixty. Both have had a satisfactory year.

SUMMER THEOLOGICAL CLASS.—The evangelists from the whole mission to the number of forty-eight, assembled at Weihwei during July and August for study. Dr. MacKenzie, Mr. Griffith and Mr. Grant conducted the classes and good work was done and an excellent spirit prevailed.

THE CHINESE PRESBYTERY.—The organization of the Chinese Presbytery was the occasion of a visit to the mission of the Rev. Dr. MacGillivray, one of its founders. Dr. MacGillivray was appointed Moderator to constitute the court, after which Dr. MacKenzie was elected as the first Moderator. It is interesting to note that the first act of the new Presbytery was to make provision for widows and orphans, and for many Christian families in extreme poverty through famine.

WEIHWEI STATION.

There was a break in the little circle, in the death of one of Mr. Grant's children. Sympathy was universal. Otherwise the health of the mission was good.

NEW CHURCH.—The erection of a new church that will seat 600 is an important event in a young mission. This church, for which the Rosedale congregation, Toronto, supplied the funds, will prove an important contribution to the work. At the opening services, conducted by Dr. MacGillivray, the capacity of the church was taxed,—Christians coming in from the surrounding country. A special service for students was attended by 200 young men from the Government schools,—the Fu Mandarin himself, the highest official, being present,—together with several of the most prominent gentry of the city.

Evangelistic work in the church and outstations, field work by missionaries, and evangelists, visitation at fairs, attendance on hospital patients, etc., occupy the energies of all, and much is left undone. The Sunday School has 150 scholars and with the accommodation provided by the new church better work can be done.

SCHOOLS.—There was erected a two storey High and Normal School building with accommodation for seventy or eighty pupils, having dormitory accommodation for fifty. This was the gift of Mrs. Mary Maxwell, Peterboro, who has since passed to her reward. The school, as already stated, was temporarily closed, much to the disappointment of the missionaries at the time. Yet the investigation called for owing to the restlessness that pervaded the school, was so unreasonably resisted by the students that there was no other alternative. It was but one phase of the revolutionary spirit prevailing in the east. Other schools, government and Roman Catholic, passed through similar experiences. The school has been re-opened and in the new and better building organization and discipline will be more effective.

The Boys' School has forty-three in attendance. There are two Christian teachers and several of the boys have been baptized and others recorded.

In the Girls' School twenty-five pupils were in attendance, seven of whom were baptized during the year. The Christian Endeavour meetings were regularly held and sometimes led by the scholars themselves.

MEDICAL WORK.—The hospital work continues to grow in extent and in the confidence of the Chinese. The total number of treatments was 19,774, including a small number of women.

WOMEN'S WORK.—The work of lady missionaries parallels the work of the men,—teaching in hospitals, visiting the surrounding villages, and longer tours into the country.

HWAIKING STATION.

EVANGELISTIC.—There has been a deepening of spiritual life as a result of the revival, although in some cases the seed fell on stony ground and was disappointing. A new street chapel rented in the city has proved a strategic point for farmers by day and for business men by night. Touring into the country and attendance at fairs reveals an increasing desire to learn. There is a larger sale of literature and less persecution of Christians. Christians are usually willing to endure. In one case the chief men of the place were invited to meet the missionary. They were presented with a few Christian books and the purpose of preaching explained, after which persecutions ceased. Chapel services at the mission were well attended and a number of students of the city schools attended somewhat regularly. Dr. MacGillivray's visit was much appreciated and his addresses listened to attentively by students and officials.

EDUCATIONAL.—The chief difficulty is in securing teachers qualified to take up western branches of study,—children soon get beyond their teacher and if their studies are to be continued must be sent to Weihwei.

MEDICAL WORK.—The growing confidence of the people is seen in the larger number of operations consented to. A man must trust his physician when he is willing to enter the surgery. The number of opium cases increases. The price of opium has become prohibitive. The growth of the poppy is forbidden. Officials are showing commendable zeal in seeing that the laws are enforced.

WOMEN'S WORK.—The ladies, both single and married, have held meetings with women, visited surrounding villages, and made longer trips. Some of the poorer women are being taught industrial work and at the same time are being taught to read and through reading, Scripture truth.

TAO K'OU.

This is the first report from this youngest station. A foothold has been secured for both men and women's work within the city, and country work has been organized. At the opening of the year Mr. Clark resided in the city and Mr. and Mrs. Thomson in the railway house two miles away. Mr. Clark came home on furlough and Mr. and Mrs. Thomson moved into the city. A suitable Bible woman was sent from Changte. Some women came regularly to be taught and classes regularly held in four homes to which access was secured.

Rumours as to the partition of the Empire by European powers and of threatened rebellion disturbed the community and interfered with work, yet foundations are laid.

There were twenty-seven recorded and of these twenty-one were in one village, Yang Ma Hu. This was largely due to the work of a native evangelist, whose home is there.

SHANGHAI

ANNUAL REPORT OF REV. D. MACGILLIVRAY.

This report is so compact and interesting, we give it in his own words:—

At the beginning of the year I became Editor of our Society's monthly magazine called, *The Chinese Christian Review*. Ever since coming to Shanghai, I had been a frequent contributor. As the paper is the only organ in China of a purely inter-church nature for preachers and helpers, I accepted the post of Editor with gratitude, opening up as it did the way to reach thousands of Chinese preachers and helpers. The magazine aims to contain Editorials, Expositions of Scripture, special sections on Bible Study, The Prayer Life, The Pulpit, Biography, Stories, besides Church news, etc. During the year the gist of the best thoughts of Dr. J. Stalker, Dr. Torrey, S. D. Gordon, A. T. Pierson, and Professor S. S. Findlay; besides many original contributions from Chinese and foreign missionaries, have been presented to our readers, and, although denominational papers are springing up on every hand, we feel that we hold the field as an organ of unity, and preachers' magazine.

BOOKS COMPLETED.

A NEW LIFE OF CHRIST. Taking "The Incarnate Saviour," a work of Dr. Robertson Nicoll's, which has had a wide sale in Japanese, as my basis, I sought to take the thoughts most helpful to the Chinese out of David Smith's "In the Days of His Flesh," George Matheson's "Studies in the Portrait of Christ," Edersheim, Farrar, Geikie, De Pressense, and others, and wove them into my book, adding from time to time thoughts on special topics such as, Contrasts with Buddhism and Confucianism.

The London Missionary Society requested me to prepare a **LIFE OF THE LATE WM. MUIRHEAD, D.D.**, for over fifty years an evangelistic missionary in Shanghai. I had the privilege of knowing Dr. Muirhead personally in the last days of his life. His wonderful fidelity to the simple preaching of the Gospel for so many long years will appeal to the Chinese readers.

It was a special delight to take Dr. Stalker's **IMAGO CHRISTI**, and turn it into Chinese. Dr. Stalker's style is such that I find it takes less adaptation to the Chinese than any other writer whose work I have translated. The same thing is also said of his "Life of Christ," translated by Mrs. Owen.

Dr. Sydney L. Gulick, of the Doshisha University, some years ago delivered a series of lectures to the Japanese on **THE GROWTH OF THE KINGDOM**, illustrating by many diagrams the wonderful growth of the various forms of Christian work during the nineteen centuries. I put the substance of this book into Chinese together with the diagrams, and any one at a glance can see that Christianity is alive and growing, so unlike the effete and moribund faiths of the East.

The late Professor A. B. Bruce's **TRAINING OF THE TWELVE** has often been asked for by our foreign missionaries, and I completed the work this year. I have no doubt it will be of great use to theological students.

In previous years I translated two of S. D. Gordon's books, and this year completed the series by translating **QUIET TALKS ON SERVICE**. As he is to visit China in 1910, these books will prepare his way.

A friend in England having given the Religious Tract Society a sum of money to translate into Chinese Rev. P. Carnegie Simpson's **FACT OF CHRIST**, the Chinese Tract Society of Shanghai asked me to do the work, which I gladly did, but as the book is addressed to a Home environment of questionings and doubts, it required more than ordinary care in adapting it to Chinese readers. There are many books which are wonderfully fitted to modern conditions at home, but it is often an open question whether such books would do any good in China. They would raise more doubts than they allayed. In our work here we are constantly studying the situation and endeavouring to help it by constructive work of our own.

Drummond's PROGRAMME OF CHRISTIANITY. This little brochure heads the list of our best selling books this year. In addition to sales, it has been given away to officials, students and others. A sample of this sort of work has already been given in my special report on a visit to Honan.

For the *Chinese Christian Review* I have translated H. Clay Trumbull's **ILLUSTRATED ANSWERS TO PRAYER**, which will presently appear in book form. And the last thing for this year is a booklet on **THE GREAT REVIVALIST**, DR. FINNEY. Our own Dr. MacKellar, of Neemuch, sent the original to Mr. Goforth, and now in Chinese we pray that it may be used of God to promote fresh revivals, and prolong revivals already begun.

The subject of the Atonement has occupied much thought, and I have experimentally gone over Dr. Daie's great work, but I am not yet sure that his argument will be intelligible to the Chinese, so meanwhile we are not printing it.

For the conference of 1907 I prepared a Catalogue of Current Christian Literature. This year, in response to many requests, I prepared a **SUPPLEMENT**, describing 146 new books which have come out since that time.

During the year Messrs. Newell, and Deans, Rev. F. B. Meyer, and the Chapman-Alexander party have all held meetings in Shanghai. As Chairman of the Evangelistic Committee, I was privileged to have much to do with these meetings; while in the Free Christian Church I have frequently preached in English. In Chinese I have preached in the Mandarin Church. In addition to these opportunities in Shanghai, I addressed meetings in Wuhu, Nanking, and in Honan, for all of which I have already made special reports, and they need not be dwelt upon here.

When the *Chinese Recorder* was reconstituted after the Conference of 1907, I came on the Board of Editors, and have since worked as a member of the Executive Committee.

Several times I have been offered the post of Reviser of the Old Testament in Mandarin, but have always felt that such work would necessitate the abandonment of much in

which I am now engaged, and it was impossible for me to consider the offer. I, however, help a little as Acting Chairman of the Bible Revision Committee.

Mrs. MacGillivray has also translated during the year some books suitable for women and children, and as far as her other numerous duties permit, proposes to continue the work.

In conclusion, we both feel that the year 1909 has been one of the busiest and most blessed in our experience, and with the assistance kindly provided for us by the Foreign Mission Committee, we anticipate still greater things in the year 1910.

The arrival of Miss McNeely brought great joy. She will be a valuable helper in Shanghai.

MACAO.

"The year 1909 has been one of steady development in all branches of the mission work. Our hearts are filled with gratitude to God for all the doors which have been opened and for the opportunities set before us in the educational, medical and evangelistic work." These are two of the opening sentences in the report from our mission in South China. The note of encouragement here struck is maintained throughout. It is the indication of the new day which has dawned for China. The cry for more labourers to go in and possess the land is clamorous in this, as indeed in the reports from every field. How long ere God's people shall recognize this as the day of His power and offer themselves willingly for His service?

THE STAFF.

Rev. and Mrs. W. R. McKay, our senior missionaries, spent most of last year on furlough. It was feared that Rev. and Mrs. T. A. Broadfoot would be compelled to leave the work on account of Mrs. Broadfoot's ill-health. After several months' rest in Canada, however, our medical examiner reported so favourably that instead of Mr. Broadfoot leaving the work entirely, Mrs. Broadfoot has been able to return to the field. We trust that, under improved conditions of living they may be able to continue permanently in the service. Rev. and Mrs. Robt. Duncanson and Miss Harriet M. Latter, B.A., joined the mission last fall, thus making twelve missionaries including wives.

EVANGELISTIC.

In eleven places work is carried on,—Shek-ki, Ping Lam, Kong Moon City, King Moon Port, San Ui, Ngoi Hoi, Sha Tui, Pei Tsz, Tung Tseng, Tong Ha and Kiu Hang. During the year eight children and thirty adults were baptized. Two colporteurs, supported by the National Bible Society of Scotland, assisted by our staff.

KONG MOON.

Kong Moon, with about 100,000 people, is the headquarters of the mission. Two buildings are used, one as a girls' school, dispensary, and chapel, the other as a boys school and chapel. At the Port of Kong Moon, two miles northeast of Kong Moon city, nearly two acres of land have been secured. Here will be erected during this year, three missionary residences and two hospitals,—one for men and the other for women.

SHEK KI

Shek Ki, with a population of about 200,000 and in the centre of the populous district of Heung Shan, offers excellent advantages for a larger work. It must soon be made a main station with resident missionaries. Work is carried on in Knox Church, the gift of Knox congregation, Toronto. "The services are generally thronged with crowds of men and women, who listen attentively to the Gospel message." Miss Dickson writes—

"It is especially gratifying to see the results of the faithful work done by our Shek ki Bible woman, despite great bodily weakness. Scarcely a communion service passes that there are not one or more women over seventy years of age among the candidates for baptism."

SAN UI.

With upwards of 300,000 people and this year to be connected by rail with Kong Moon Port, the mission headquarters is a strategic point and easy of access. Already there is a chapel with 100 members. A graduate Bible woman, Leung Tsik Yuk, is at work under the direction of Miss McLean, who states that "both evangelistic and educational work are hampered through lack of native workers."

In the other places the sacraments have been dispensed and the chapels visited as frequently as the paucity of workers permit. The report says,—“When we think of the crowds who come regularly to hear the Gospel in such places as Ngoi Hoi, Kong Moon Port and Kong Moon city, where two years ago the majority of the people had never before heard the Message, we have great cause to thank God for the work already done, and to hope for greater things in the coming days.”

EDUCATIONAL.

The training of a native ministry is indispensable to permanent work. As Mr. Duncanson states in his report—"There is much of the work of evangelizing China that must still be done by foreigners; but the fact remains that China must be Christianized by the Chinese." Four more young men have been sent as students to Canton Theological College, but many more would be sent if available. "As boys' schools are opened in our mission greater opportunity will be afforded for choosing young men who may serve as teachers and preachers."

Two schools were opened during the year, making six in all. A girls' school has been opened in San Ui since the year closed and another will be opened in Ngoi Hoi "as soon as a building and good teacher can be secured." "We hope for great results from these schools,—centres of light in the midst of darkest idolatry."

Miss Dickson reports that "new doors are constantly being opened and new opportunities presenting themselves." The enrolment is,—in Shek Ki, 43; in Pi Tsz, 16; in Ha Lo, 18; in Kong Moon City, 13; and in Kong Moon Port, 6. The two last named schools were opened during the year and larger enrolment is expected this year. "The school children are all in the Sabbath School as well." "In all there are now 113 children enrolled in mission day schools, with good prospects of another school in San Ui city after the New Year."

MEDICAL.

The instruction of our Lord to those whom He sent forth,—“Heal the sick,”—still stands side by side with His other instruction,—“Preach the Gospel.” Medical effort is indispensable to successful missionary service. In four points medical work is maintained and has “greatly increased during the year.” “Temporary hospital wards have been opened.” “Dispensaries are kept open at each of the four places and are proving to be a strong factor in breaking down prejudice and in winning the sympathies of the people, thus preparing the way for the preaching of the Gospel.”

Drs. McDonald's and MacBean's reports show that there is less opposition to the foreign doctor; that total treatments numbered 5,142, being double that of the previous year; that while some in-patients were cared for yet many more could have been taken in if we had proper accommodation; that “there is always a large and attentive audience when the preacher speaks to the patients before we start to do medical work,”—indeed a number come “only to hear the preacher.”

Mr. Broadfoot closes his report by stating that there “is urgent need for more men and women to undertake adequately the work open to us.”

INDIAN MISSIONS IN THE SYNODS OF MANITOBA AND SASKATCHEWAN.

THE REPORT OF THE SYNODICAL COMMITTEE FOR THE YEAR 1909.

To the Foreign Mission Committee:

The year so far as our labourers among the Indians are concerned, has been one of earnest, hopeful and successful work. The same difficulties that beset it in former years beset it still. The most manifest of these is the temptation, never very distant, that would draw the Indian toward gambling and drunkenness. Not so long ago there were reserves away beyond the reach of white settlers: that time is past. Undoubtedly the settlement of the country has brought blessings to the Indians in many ways; but it has also brought this temptation to his very door; and many of them have fallen before it. It takes all the vigilance of the government official and all the loving care of the missionary to guard the Indian from the wiles of those who would make a profit out of his degradation. Especially is this the case as the temptation first comes into prominence. A few years ago the full force of these temptations was first felt at Crowstand as railway construction approached, and villages began to grow along the line. Now complaints of this evil are most insistent from missionaries at Lizard Point, Pipestone and Swan Lake. It has been freely charged that the law forbidding the selling of intoxicating drink to Indians, is in places all but a dead letter. An investigation, however, at some points has been promised and we may await its issue.

The other obstacle to the advancement of Indians is their own marriage law and the customs connected with it. So little is the binding force of the contract, that either party may break it at pleasure and regard themselves as free to enter into another marriage contract at once. Such a state of matters robs the family of most of its power for good and saps the strength of national virtue at what ought to be its source.

Law can do something and ought to be made to do something toward restraining both these evils. While it cannot make men moral it may remove some of the temptations to immorality.

It is, however, to the Gospel we turn for the remedy, and right among these Indians degraded and base though they be it is making its elevating power felt. The numbers that are gathering around the missionary and the school teacher bear testimony to this. It is not, of course, true that in reading of mission work among them we meet with the same imposing array of figures as we do in the Home Mission work of the same region. A nomadic race of hunters can never be numerous. The most fertile land, thus used, can only sustain a small population. The Indians of to-day are but the remnant of the braves who once hunted the game of the prairie and stained the prairie's summer green and winter white with the blood of the hostile tribe.

CHURCHES.

Our Church has among these Indians within the bounds of the Synods, sixteen missions. The Gospel is preached every Sabbath day to upwards of three hundred individuals, gathered into congregations of ten, fifteen, twenty, thirty and seventy individuals. Must not the Indians feel some attraction in the preached Word when so many come out to hear it? Upwards of three hundred families, drawn through our missionaries toward Christ call themselves by His name and 250 individuals have openly confessed their faith in Him and sit from time to time at His table. It is never an easy thing for one to break away from the customs of his fathers; there must have been a struggle before the first of these Indians forsook their ancestral deities and bowed in worship before our Lord. The fact that these have entered into the Christian Church is an evidence of the Gospel's power to draw men.

SCHOOLS.

The attendance of the children at school bears witness to the influence of the missionary and the Gospel he preaches. It is not the benefit of education which drew the Indians toward the school for they knew little or nothing of its benefits; but they believed the missionary and sent their children at his word. Last year upwards of 290 Indian children were receiving instruction in our schools daily, and 350 were enrolled during the year. The Indians' growing sense of the value of the school is clearly seen in the way he has been treating it. Up till recently the missionary spent not a small part of his time in persuading and urging the parents to send their children to school and often there was many a vacant seat in the school room because of all his efforts in this direction. Now in many cases parents come to the school asking that their children be admitted. Most of our schools are well filled. The File Hills school has outgrown the accommodation so that the Indian Department is planning extensive improvements of the building and its enlargement; if not for an entirely new structure. The Cecilia Jeffrey School, could if it had sufficient accommodation, and means to maintain the pupils, all but double its attendance. Three to five additional pupils at most put into each would fill the Portage la Prairie, the Birtle and the Crowstand School to its utmost capacity. A great change has taken place in the sentiments of the Indians, and through the faith and the earnest patient efforts of the Church and her chosen agents, by God's blessing in a few years the change will be greater still. That the schools are worthy of the Indians' confidence and ours is made evident by the results. As might be expected a large proportion of the pupils have got no further than the first upward step in the public school curriculum. Neither is it surprising that some linger long at this point for they have to learn their teacher's language as well as the instruction she gives. But they move upward year by year so that twenty are this year reported to be nearing the curriculum's highest level.

INDUSTRIAL WORK.

All these schools do some industrial work. All the Boarding Schools with the exception of Portage la Prairie, and it has a large garden, has now its farm. The wisdom of the Foreign Mission Committee in purchasing these farms is yearly becoming more manifest. The farms are paying now in the provisions they supply for the school and the market, they will pay handsomely when after serving the purpose for which they were bought they are put on the market for sale. But they pay best of all in the training they afford to the boys and girls. A number of these have already shown that not in vain did they plow, sow, harrow and reap on the school farm. We are becoming accustomed to the success that is attending the labours of the young men and women in the File Hills Colony as some of these young farmers reap two and three thousand bushels of grain in a single season. Is it surprising to be assured on the best authority that a young man from Regina school who had settled a year or two ago on the Swan Lake Reserve, which was regarded as one of the most backward reserves,—so much so that it was considered to be almost an impossibility to do anything for it, raised such a crop as all but shamed his white neighbors.

Thus the work takes many a form. There is the preaching of the everlasting word, there is the school and its many studies and the farm and all its many manifold labours. But one purpose runs through all this diversity, and that is to draw by God's grace the boys and girls, the old and the young, very near to the Saviour so they may learn of Him, and by His grace become like Him.

DISAPPOINTMENT.

The farming operations of the year were on the whole very satisfactory, and yet a sharp lesson as to the suddenness with which the brightest prospects may be blasted was given us. The Birtle farm promised a splendid yield; the harvest was drawing near. Then the clouds gathered—the storm broke: the hail driven by the blast threshed the grain; it broke and cut the straw, so that the crop was useless.

The Church has reason to be thankful for the equipment that has been gathered around her Indian Schools; but by far the best part of the equipment, that without which the other would be useless, is the band of men and women who are devoting themselves with such whole-heartedness, with such heroic self-sacrifice to this work.

INDUSTRIAL SCHOOLS.

In one respect it may be said that the work is drawing near the end of one of its stages. The Indian Department and for that matter most if not all workers among the Indians, have abandoned the idea of fitting the Indian boys for becoming mechanics, an idea which found expression in the Industrial Schools; and have resolved to concentrate their efforts in preparing them for working on the farm. This leads to abandoning the Industrial Schools. Ours at Regina is likely to be closed at the end of June. The Department propose to spend the money thus saved among our Boarding Schools in larger per capita grants as well as in providing for more pupils. The cost to the Church for maintenance will thus be reduced. If along with this ample provision is made for the education of all the Indian children under our care and there is every reason to expect that this will be done, the change will be greatly in the interests of the work.

All of which is respectfully submitted.

JAMES FARQUHARSON,
Secretary.

INDIANS IN BRITISH COLUMBIA.

There has been no expansion but the work in hand has progressed satisfactorily.

AHOUSAHT.

Mr. J. Ross, the Principal of this Boarding School, says, "The year has been satisfactory, notwithstanding several changes in the staff. Sabbath services were conducted regularly in the school house on the Reserve. The Sunday School received special attention. Sunday evenings the children have their usual study of the Shorter Catechism, Bible Catechism and the memorizing of Scripture."

The children visit their homes on Saturday. It is hoped they will help their parents, for low as in the Indian life may be, he loves his children and rejoices in their progress.

With the exception of four or five all the children of school age are in school,—thirty-seven in all. The school can only be increased by gathering from neighbouring tribes.

Two years ago Mr. Millar, the former Principal, recovered eighteen acres of valuable land by simply draining a small inland lake. It has proved a valuable source of revenue as well as a training for the boys in gardening. They are also handy in the use of tools. They last year built a workshop and painted it. The girls learn housework and are capable.

The children attend school forenoon and afternoon. Four hours a day they follow the course of study prescribed by the Department, and the inspector's report is satisfactory. There are sixteen children in the Fifth Standard.

The tribe is decreasing in numbers. Since 1904 there were 100 deaths and sixty-five births. Of the 100 who died thirty-one were tubercular and twenty-nine died from improper care and inherited disease. A tubercular sanitarium would be of great value on the coast for children cannot be kept in the school after the disease appears.

ALBERNI.

There are forty children in the Boarding School. There has been much trouble there through tuberculosis. Many children are refused admittance by the medical examiner.

Services are held every Sabbath in the school and when the ranch people are at home they enjoy coming to worship with the children. There is an Indian village church where services are conducted at certain seasons. There are twenty-three names on the communion roll. The Sunday School is well maintained. The children do gardening, gather and cut wood, care for stock, and whatever other chores are necessary.

UCLUELET.

Mr. Vanderveen has taken up the work at this school from which Mr. Ross was transferred to Ahousaht. Mr. Vanderveen has had four years' experience at Regina, which gives him a practical knowledge of Indian character.

DODGER'S COVE.

The work here has not been resumed since Mr. Ross withdrew. The unsettled state of the Indians makes it difficult to accomplish much and the seclusion of the mission makes it difficult to find a satisfactory missionary.

CHINESE IN CANADA.

VICTORIA.

Mr. L. W. Hall, the teacher there, reports, evening classes well attended, notwithstanding the new Chinese Public School recently opened, and in which day and evening classes are taught. The attendance varied from thirty to sixty. The total enrolment was seventy. The classes are conducted from seven to ten p.m., the first two hours being given to English and the last hour to Gospel instruction.

The prayer meeting on Thursday evening is well attended and encouraging.

Sunday services, forenoon and afternoon, not largely attended, but evening services quite large and attention marked.

Street services in which Methodist missionaries unite, are well attended and by a good class of men. The sick are visited in the home and Chinese hospital, and visits are always welcomed.

Seven young men were baptized on confession of faith and received into membership.

CUMBERLAND.

Mr. Ma Seung finds the work greatly hindered through strikes amongst the miners and clan feuds amongst the Chinese. Evening classes, which are kept up all the year, are sometimes well attended and then suddenly abandoned. Volunteer teachers are difficult to secure, inasmuch as the Chinese are not acceptable to the white population.

Chinese services on the whole are well attended.

VANCOUVER.

The Chinese work in Vancouver has been revived. Mr. Ng Mon Hing was sent west from Toronto and through the hearty co-operation of students of Westminster College and some of the churches, especially St. Andrew's, there has been satisfactory progress, under the superintendence of Mr. Buchanan. At a communion service seventeen Chinese partook of the Lord's Supper and one was baptized by the Rev. Mr. Wilson.

Sabbath chapel services have an average of thirty-eight and street services from seventy to 200. Sunday School varies from sixteen to twenty-five pupils and prayer meeting attendance averages fifty-seven.

The evening school is well attended, having an average of forty-eight each night. There are four teachers present each night,—two English speaking and two Chinese.

WINNIPEG.

Mr. C. A. Colman was transferred from Vancouver to Winnipeg in order to prosecute work amongst the 800 or 900 Chinese in that city,—125 of whom were then in attendance at different schools. The four schools then existing have increased to eight—four Methodist and four Presbyterian, and there is each Sabbath evening in Zion Methodist Church a union meeting of Chinese addressed by Mr. Colman and well attended. Eight Chinese were baptized during the year.

This is the first effort at united work and its success justifies wider effort in the same direction. A joint committee of Methodists and Presbyterians are contemplating the opening of new schools and an extension of the work. An evening school to be open three or four nights a week is proposed. The Chinese will be expected to pay one dollar a month to meet expenses.

Mr. James Thomson, who has given nineteen years' faithful service to this mission, has now reached his eightieth year. He has given up the superintendence, but still visits and promotes the work as he is able. It is not possible to estimate in a report Mr. Thomson's many years of unobtrusive service. His work will abide.

TORONTO.

There are in all 1,400 Chinese in Toronto. The increase is particularly noticeable amongst the boys, most of whom attend the public schools. Mr. Ng Mon Hing's removal to Vancouver it was feared might prove serious, but another has been provided. We have in Mr. Mas Wou an acceptable successor.

There are nine Chinese classes in different Presbyterian Churches, having in all 258 officers and teachers. There are eight classes in connection with other churches having a teaching staff of about 160. This makes in all a company of about 400 young people who give time and labour to promote the spiritual welfare of these strangers within our city.

The work has suffered through the wave of excitement that passed over the country in connection with the murder of a white woman in New York by a Chinese. This tragedy called forth unreasonable attacks upon the Chinese, and especially upon the employment of white women in Chinese schools. There were some defections amongst the teachers owing to these attacks, but the excitement subsided and the work has recovered itself.

For some years a desire existed to secure some rooms suitable for a Chinese Christian Association, but no suitable place seemed available. In the latter part of 1909 the way opened up through the generosity of Knox Church, in offering the use of the building formerly known as the Duchess Street Mission. The Chinese accepted the offer with enthusiasm and now they have preaching services morning and evening, Sabbath School, Christian Endeavour Society and Prayer meeting, and it is interesting to note that this has not interfered with attendance at the other classes.

The contributions towards the Macao Mission amounted to \$612.34.

Seven men were baptized during the year but the chief encouragement lies in the conduct of the men themselves and the testimony that comes to hand from so many sources that these men are sowing the seed in their own homeland, of an immeasurable harvest.

MONTREAL.

There are about 1,300 Chinese in Montreal and vicinity. Amongst them are thirteen women and from thirty-five to forty children. Besides these there are thousands of transients who tarry for a time and then pass on to other centres.

EDUCATIONAL.—There are in Montreal eighteen Chinese Sunday Schools, besides four Bible classes, and a Chinese Christian Association. There are about 500 Chinese

enrolled in these various activities, and 400 volunteer officers and teachers. Professor R. E. Walsh, D.D., is president of the Chinese Mission and his aid has been invaluable. Dr. Thomson and his family continue their unremitting services in season and out of season. Mr. and Mrs. Chan Nom Seng are valuable aids in the work. Altogether the mission has had a good year. There have been nine baptisms, making in all the accessions to Knox Church, 114, with fourteen children baptized. In all 168 have become members of the Chinese Christian Association and the faith and zeal of some of them is an inspiration to Christians who have had greater privileges.

FUNDS.—The Chinese Sunday Schools and Christian Association contributed \$1,278.91, which with other outside amounts reached \$1,735.78. The Chinese of Canada contributed \$3,734.04 to the Macao Mission, which is situated in their home land and is to them of special interest.

JEWISH WORK.

The past year, in the work of the Jewish Mission in Toronto, has been one of unusual activity. Notwithstanding the peculiar difficulties that beset such work, real advance has been made. The mission is well organized, and in increasing measure is becoming more widely known, and is finding a larger place in the confidence of the Church.

Toronto is rapidly becoming one of the large centres of Jewish population in Canada. With the growth in numbers, and increase in wealth and in influence, the Jews are becoming a factor in civic influence. They do not like the mission. In a variety of ways they show their hostility. This argues, however, that which is well known, and which we have no reason to regret, that our mission is a force of which the Rabbis are forced to take account. One happy feature of the work is that, notwithstanding the opposition from the Jews, permanent and satisfactory advance has been made.

THE DEPARTMENTS OF WORK.

1. READING ROOMS.

There are two, one for men and one for women. The one for men is open every night except Monday and Wednesday. It is furnished with a wide variety of literature, attractive to Jews, including newspapers and periodicals in Yiddish, Hebrew, German, and English. It is always in charge of a Christian Jew. It has been kept open for 241 nights in the year. The aggregate attendance was 8,234 Jews. A room upstairs has been set apart as a reading room for women, in connection with which an earnest effort is being made to reach young business women.

2. NIGHT SCHOOL.

Willing learners from all lands enrol in this school; Jews from Russia, Poland, Galicia, and Roumania, all anxious to learn the English language, enrol in these evening classes. On the roll are 292 Jews. During the year there were 208 school sessions, with an aggregate attendance of 4,592.

3. EVENING BIBLE CLASS.

After the night school, the men and women from these evening classes come together for a period of Bible study. Some of those who attend for the purpose only of learning the English tongue are less eager to take their place in this class. The class met 155 times during the year. The aggregate attendance was 3,724.

4. CLASS FOR SEEKERS AFTER TRUTH.

This is an interesting feature of our work. The class meets on Sunday afternoon, from 3.30 o'clock to 5 o'clock. It is significant that over 300 men, for the most part non-

Christian, but earnest enquirers, meet weekly to discuss questions relating to the Christian faith. Fifty-two sessions of this class have been held, with an aggregate attendance of 3,047.

5. SATURDAY AND SUNDAY GOSPEL SERVICES.

The changed attitude of the Jew, and the increased confidence in the mission, have been shown in the large and sustained attendance at these meetings. Eighty-four regular services have been held. The services this past year have been marked by an increase in the number of women attending. The lantern is much used at the Saturday evening meetings, to illustrate the facts and messages of the Old Testament. The total attendance at these services was 5,243.

6. THE SUNDAY SCHOOL.

This school was open every Sunday in the year, and the average attendance was thirty-eight. This is a gain over last year. The school is well officered, and well equipped with teachers.

7. SEWING CLASS FOR GIRLS, AND CLUB FOR BOYS.

These are popular gatherings, and are manned pretty largely by voluntary helpers from the city congregations. In these classes, sewing and other useful arts are taught the girls and boys. The aggregate attendance of girls was 1,516; and of boys, 514—an average of fifty-eight each week.

8. MOTHERS' MEETING, AND NURSERY.

This is held on Wednesday afternoon from three to five o'clock. While mothers meet for sewing under competent helpers, the little children are cared for in a nursery, in charge of one of the voluntary workers. This makes one of the fine opportunities to reach women, all too ignorant, with the gospel message.

9. VISITATION.

Perhaps no part of the work yields more fruit than house to house visitation. In this way the missionaries get near to the people. During the year, the members of our mission staff made 3,623 visits to homes and shops, and 123 visits to hospitals.

10. FREE DISPENSARY.

The medical work of the mission is a fine agency for good. Two competent physicians, a surgeon, and two nurses, a dispenser and interpreter, and the missionaries are the staff for this work. Tuesdays and Saturdays are given to general diseases; Fridays to diseases of the eye, ear, nose, and throat; and Thursdays to women only. In the past year 3,142 cases were treated, and 242 visits were made to homes, forty-one of which were maternity cases.

11. TRACT DISTRIBUTION.

Aggressive work has been done in the distribution of literature. In the sale of literature a most hopeful advance has been made, particularly in the sale of the Scriptures. During the year, there were given away 5,427 Yiddish tracts, 2,872 Hebrew tracts, 223 Yiddish New Testaments, 192 Hebrew New Testaments, 17 Hebrew Bibles, 75 Yiddish Bibles; while quantities of such literature had been sent for distribution in other Canadian Jewish centres. In addition to such free distribution, 411 Bibles and 750 portions of Scripture have been sold. The proceeds from the sale of Scriptures to the Jews total \$509.32.

12. OPEN-AIR SERVICES.

Large gatherings of Jews hear the gospel in the open air. Men who will not come to the Mission Hall will respectfully listen to an address at the open-air services.

13. PERSONAL INTERVIEWS.

Mr. Rohold has given much time to dealing with enquirers. Over 1,500 Jews sought interviews, many (Nicodemus-like), coming by night.

14. POOR RELIEF.

Through insufficiency of funds, less was done in this work than should have been done. The record of this ministry, however, shows that 580 persons received help; 45 were helped into employment; and, through the missionaries, 41 were admitted into the City Hospitals.

RESULTS.

These are greater than can be tabulated. Six men during the year openly confessed Christ, and united with the Christian Church. Others have accepted the Saviour who have not yet openly confessed Him. Six women also are open believers in Christ, and meet weekly in the home of one of our missionaries to pray.

STAFF.

With the permission of the General Assembly, Mr. S. B. Rohold, the Superintendent, was ordained by the Presbytery of Toronto for work amongst the Jews. He has had a busy year. The superintendence of the work of the mission is a heavy task. In addition to this, Mr. Rohold visited twenty-three cities and towns outside of Toronto; he visited 923 homes, made twenty-two visits to hospitals, and preached frequently on Sunday. Altogether, he gave 374 addresses to Jews, and sixty-three addresses to Gentile gatherings. Associated with Mr. Rohold as Superintendent, is a fine band of earnest workers—Miss Florence Tasker, Miss D. McDonald, (without salary), Miss Martha Smith, and Mr. Henry Bregman. In addition to a large number of voluntary workers—Mr. T. C. Wilmott as dispenser in connection with the medical work, and as Superintendent of the Sunday School, gives almost as much time as a regular member of the staff; and Miss Elizabeth Mitchell, a trained nurse, gives almost an equal amount of time voluntarily in connection with the Dispensary work.

NEW PREMISES.

Some advance has been made towards getting a new Home for the Mission. A lot at the corner of Elm and Elizabeth Streets has been purchased, and plans for a new building have been approved; subscriptions are now being received; and it is hoped that, early in the New Year, building operations will be commenced. The present confined quarters which we occupy at a high rental, are not satisfactory, and are a somewhat serious handicap to the expansion of the work.

GENERAL.

1. On the 4th of August, 1909, the Rev. Professor Wm. MacLaren passed away. The Foreign Mission Committee recorded the following resolution regarding his death:

"This Committee desires to place upon record the deep sense of the loss sustained in the removal by death of one of its members, the late Principal MacLaren.

"Dr. MacLaren was appointed a member of the first Foreign Mission Committee of the Presbyterian Church in Canada, and continued after the union in 1875 an active member until the date of his death, August 4th, 1909. For eighteen years Dr. MacLaren acted as Convener of the Committee. During these years, owing to there being no salaried secretary, the correspondence devolved upon the Convener. This gave Dr. MacLaren a knowledge of the staff and policy of the Committee in our various fields, which made

him invaluable as counsellor in all matters touching the administration and policy of our Foreign Mission work. Under his convenership the Woman's Foreign Missionary Society was organized as an auxiliary to the Foreign Mission Committee, and largely under his inspiring counsel the organization has grown to its present strength and efficiency throughout the Western Section of the Church.

"Richly endowed with clear discernment and retentive memory, wise in counsel, calm in judgment, always characterized by the highest Christian courtesy in his intercourse with his fellow members of the Committee, Dr. MacLaren was a man beloved by all, and one upon whose judgment all placed great reliance.

"We are grateful for a life so long and fruitful in good works and so cheerfully given to the service of the Master.

"To, Mrs. MacLaren and family the Committee extends its deepest sympathy and commends them to the God of all comfort, with the prayer that His grace may sustain and keep them through their sorrow."

2. Much anxiety was felt during the year as to the health of our Convener, the Rev. W. A. J. Martin, D.D. It is with profound thankfulness the Committee report that his health has much improved and that there is prospect of complete recovery. He has been appointed a delegate to the World Missionary Conference at Edinburgh, and is now in Scotland. The amount of time and gratuitous service given by Dr. Martin to the foreign mission work of the Church and the value of these services can be fully appreciated only by those most intimately associated with him.

3. The Regina Industrial School is to be finally closed on June 30th. The Government grants hitherto given for its support are still to be applied to Indian work, but in the way of increased grants and better equipment to Boarding Schools and improved Day Schools.

A few years ago industrial schools at Red Deer, Morley, Calgary and Regina had a large attendance of pupils and were prosperous. Morley, Calgary and Regina are gone,—and Red Deer and others feel the stress of weather. The Indian Department does not think Industrial Schools have realized expectations although good work has been done. The Boarding school and improved day school will henceforth receive the emphasis.

4. One of the afflictions of the foreign missionary in the past has been the necessity of sending their children home for education. The separation has been a cruel experience for both. The difficulty is to be overcome, in part at least, in Honan by the erection of a school for this special need. The building is being provided by special contributions and current expenses to be born by the missionaries themselves.

5. The foreign mission cause has lost an ardent supporter in the death of Mr. David Yuile. One of the last acts of his life was to undertake the contribution of \$4,000.00 a year, for three years, towards the support of an entire new station in Honan. Mrs. Yuile not only desires to carry out the wishes of her husband, but she and her daughters have undertaken to contribute \$10,000.00 towards the erection of a hospital in the new station, in memory of husband, father, and friend. He rests from his labours, but his works do follow him. The sympathy and appreciation of the Assembly are extended to Mrs. Yuile and her family.

6. The Rev. J. M. MacLeod has been appointed to Korea, in pursuance of the instructions of the last Assembly. Mr. MacLeod received a most cordial welcome from our missionaries in Korea and in company with Dr. Grierson has already surveyed the field. Another missionary would have been appointed had a suitable candidate offered. In Korea the fields are white to a degree unknown in any country in recent times.

7. It was reported to the last Assembly that the Synod of British Columbia had asked for the appointment of a missionary to labour amongst the Hindus in that Province, and that the Committee had declined to undertake additional responsibilities. The reasons then given are even more valid to-day. The opportunities and the urgency of

the work in the many fields already occupied call for a largely increased staff. Before opening new fields the fields already occupied should be adequately equipped.

8. The following missionaries have been sent during the year: Mr. Hugh MacKenzie, Rev. J. D. McRae, Rev. H. P. S. Luttrell, Miss Annie O'Neill, Miss Agnes A. Hall, and Miss M. McDonald to Honan; Miss J. Sinclair and Miss M. MacHarrie to Central India; Rev. J. M. MacLeod to Korea; Rev. R. Duncanson, and Miss Harriet Latter to Macao; and Miss M. Verne McNeely to Shanghai.

9. The following are under appointment:—Miss M. Gay, Rev. J. Menzies and Dr. F. M. Auld, to Honan; Miss M. Clazie, to Formosa, and Mr. R. Schofield, to India.

10. The visits of laymen to the foreign mission fields is one of the happy results of the Laymen's Movement. They see with their own eyes and bring home their living message. The visits of Mr. and Mrs. James Rogers and Mr. and Mrs. W. Y. King have been helpful to the Missionaries and brought inspiration to the Home Church.

11. The W.M.S., Montreal, have had another prosperous year. In addition to the \$3,136.14 contributed for the support of the work done by the four ladies in Macao, they have undertaken the erection of a bungalow for the ladies and a women's hospital, which is estimated to cost \$6,500.00.

12. The W.F.M.S. reports 848 Auxiliaries and 471 Mission Bands, having a total membership of 30,568. The total contributions for the year are \$78,014.05, being an increase of \$7,058.78 over the contributions of the previous year. Of their total expenditure \$21,735.69 were expended on the Indians in our own country.

The inspiration that has come to the Church through the self-denying labours of these Women's Societies can scarcely be overestimated. Their share in the evangelization of the world is greater than the financial returns represent,—great as they are.

13. FINANCIAL.—The year has closed with a deficit of \$4,148.37. Yet the year began with a deficit of \$9,999.02, against the General Fund and \$4,339.81 against the Macao Fund, which, because of the nature of that mission, was, up to this year kept as a separate account. It is now merged into the General Fund.

Whilst the year has been an encouraging one, it is to be regretted that it was found necessary to draw on the Reserve Fund to the extent of \$14,183.95. Buildings are urgently needed and the revenue for the year did not provide the amount estimated for that purpose. It was hoped that all that could be spared from the Reserve Fund would be applied to necessary buildings.

REPORT OF THE BOARD OF MANAGEMENT OF THE PRESBYTERIAN COLLEGE, HALIFAX, 1909-1910.

To the Venerable the General Assembly:—

The Board of Management of the Presbyterian College, Halifax, respectfully submits its report for the past year, and transmits also the report of the Senate, which clearly indicates the work accomplished by the faculty and students.

The College has just completed its ninetieth year. During its long history it had at times severe struggles, but it had also splendid successes. It gave to the ministry four hundred and thirty-three young men, and has thus been an untold blessing to the Church at home and abroad. The Board, therefore, desires to express anew its sincere gratitude to the Great Head of the Church for all that He has done for and by the College in the past, and for the bright prospects which it now enjoys.

On the thirtieth of last December, the venerable and beloved Professor of Hebrew, Dr. John Currie, was called home in the eighty-second year of his age. For fifty-three years he was a minister of the Church, and for thirty-eight years a Professor in the College. So eminent was he as a Hebraist that the British and Foreign Bible Society engaged him to revise their latest edition of the Hebrew Bible, and hundreds of his suggested corrections of the text were adopted. He was modest and unassuming in manner, gentle and lovable in disposition, and diligent and faithful in everything until death. As a teacher he was earnest, thorough, patient, and always deeply interested in the welfare of his students. By his gifts and graces, his worth and work, he won the respect and affection of all connected with the College, and of all who were acquainted with him. The Board is pleased to report that the induction of Principal MacKinnon by the Presbytery of Halifax took place on twenty-seventh October last. The Moderator of the Assembly kindly attended, and earnestly and appropriately addressed both the Principal and the large congregation assembled. Thereafter a public reception was tendered to Dr. MacKinnon, and he was cordially welcomed by a host of old and new friends. Since his induction the Principal has visited many of the congregations of the Synod and by his sermons and addresses aroused an increased interest in the College. Under his zealous and wise superintendence the Board confidently expects greater prosperity than ever for the College.

Professors Falconer and Stewart have carried on their work with increased efficiency and success, and ex-Principal Pollok has continued his deep interest in and valued labours for the welfare of the College. Mr. H. A. Kent's work as Assistant Professor of Hebrew was much appreciated by the students.

Having been recommended by many Presbyteries as successor to Dr. Currie the Board on twenty-eight April agreed to nominate him for the Chair of Hebrew and Old Testament Exegesis and to ask the General Assembly to formally appoint him.

The Lecturer on Elocution, Rev. J. S. Carruthers, after a number of years of great service, resigned in March last. On leaving for British Columbia he received many tokens of the affection and esteem of those connected with the College, and a host of friends outside of it. The Board hopes to secure ere long an efficient successor to Mr. Carruthers.

In accordance with the recommendation of Synod several of our ministers delivered lectures on Evangelism and kindred subjects which were greatly appreciated. The Board met the expenses connected therewith and joins with the Senate in hearty thanks to the lecturers.

The College buildings consist of four Professor's houses, the students' residence, and the College proper, which contains the library and lecture rooms. These are all beautifully situated on the North West Arm, and the members of Assembly are cordially invited to inspect them. The cost of the new house for the Principal, which was completed last Christmas, was over \$8,000. The other houses cost \$15,000, the College \$20,000, and the residence with grounds \$37,000, or a total of \$80,000. The Church in the Maritime Provinces has done nobly in thus providing comfortable accommodations for professors and students. But a nobler work still should be done. It is not enough to provide fine buildings, we must provide a far larger number of able students. Men are better than money—and more men are sadly needed.

The Senate reports the attendance last winter as only twenty-four. Eight of these completed their course, and it is noteworthy that they are all graduates in Arts. It is encouraging to know that more than thirty young men in Prince Edward Island are looking forward to the ministry, but it is lamentable that there are congregations in the Synod which have never given one of its sons to the sacred office.

A year ago it was resolved to make a change in the boarding system. The House Committee on first July engaged a very capable matron for \$300 a year with board. All monies received are paid to the Agent of the Church, and all accounts for supplies, when duly certified, are settled by him. The students pay \$2.25 per week and \$1.00 per week is paid out of the Bursary Fund. This system has given general satisfaction and will be continued. Up to February twenty-eighth the receipts were \$2,885.64 and the expenditure \$2,683.94.

The invested funds of the College are as follows:

(a) General Fund.....	\$116,792 03
(b) Dalhousie College Professorship.....	29,330 01
(c) Bursary Fund.....	15,492 40
(d) Lectureship Fund.....	2,001 43
(e) Scholarship Fund.....	2,000 47
(f) Library Fund.....	519 44
Total.....	\$166,135 78

The receipts for the year were as follows:

(a) From Presbyteries	\$7,569 76
(b) From Interest.....	8,015 51
(c) From Donations.....	635 00
(d) From Repayments.....	23 05
(e) From Bequest.....	10 00
(f) From Students' Board.....	2,885 64
	\$19,138 96

It is with great pleasure that the Board notes the increasing liberality of our people in supporting the College. They gave in 1907-1908, \$5,915.81; in 1908-9, \$6,799.16; and in 1909-10, \$7,569.76.

The items of expenditure were as follows:

Salaries, Presbyterian College.....	\$9,383.07
Salaries, Dalhousie College.....	2,375 00
Lectures on Elocution.....	500 00
Travelling expenses of College Board.....	158 85
Travelling expenses of Lecturers.....	30 70
Travelling expenses in connection with Repair Fund.....	79 00
Printing.....	238 22
Telephone.....	50 85

Furnishings.....	\$566 65
Repairs.....	1,751 91
Light.....	243 20
Fuel.....	783 56
Janitor, St. Matthew's Church.....	10 00
Caretaker College residence.....	23 79
Assistant Librarian.....	25 00
Grant to College Library Fund.....	120 00
Interest.....	171 03
Taxes.....	331 41
Insurance.....	42 00
College residence (groceries, etc., and wages).....	2,683 97
Grant towards Principal's moving expenses.....	250 00
Refund.....	1 28
Binding "Witness".....	3 00
Proportion of office expenses.....	401 28
Total.....	\$20,223 79

The excess of expenditure over income was therefore \$1,084.83 which added to the debt of \$2,692.84 at the beginning of the year, makes a total indebtedness of \$3,777.67. There was an increase in salaries amounting to \$1,102.53. Next year the salaries will be \$375.00 less. Owing to a partial reshingling of the professors' houses the item for repairs is unexpectedly large. If, therefore, the liberality of our people continues and the subscriptions promised for the Repair Fund in 1908-9 are paid, the present indebtedness ought to be removed before the year closes.

The College library account is as follows:—Receipts, \$411.71; expenditure for books, magazines, etc., \$302.26; leaving a balance in favour of the Fund of \$109.45, which, added to \$139.53, the balance of the previous year, gives \$248.98 to the credit of the Fund now.

The sub-committee on the Bursary Fund reports as follows:—Receipts, \$2,288.64; expenditure for bursaries, \$951.22; prizes, \$107.00; aid to boarding department, \$735.00, of which \$135.00 was refunded; office expenses amounted to \$41.07, and interest \$15.64, making a total expenditure of \$1,849.31. The balance of \$438.71, placed against a Dr. balance of \$597.29, with which the year began, leaves a Dr. balance of \$158.58.

The Board, in conclusion, desire to record its profound thankfulness for the past history and work of the College, and its earnest prayer that the Divine blessing may rest upon it in full measure so that it may be increasingly successful in training men for the Lord's work at home and abroad.

JOHN McMILLAN,
Chairman.

Secretary.

QUEBEC, May 23rd, 1910.

REPORT OF THE BOARD OF MANAGEMENT OF THE PRESBYTERIAN COLLEGE, MONTREAL.

To the Venerable the General Assembly:—

The Board of Management of the Presbyterian College, Montreal, beg leave to present the following report for the year and have much pleasure in stating that the past session has been on the whole a successful one. They believe that the institution has been able to make a valuable contribution towards advancing the work of the Master in the Dominion.

Seventy-two students in all were enrolled as attending classes, not counting those from the Congregational College who took one of Dr. Gordon's classes in Old Testament Literature. Of the whole number thirty were in the Theological classes and the remaining forty-two at various stages in their Literary studies.

The Board regret to have to report to the Assembly a considerable increase in the deficit of last year in the Ordinary Fund, now amounting to \$3,825.93. This is due to an unavoidable increase of expenditure in various items, while the additional endowment that was hoped for from the appeal made to the congregations has come in more slowly than was anticipated. Instead of the \$50,000 asked for we have so far received only \$19,635, though there are further subscriptions secured which will probably amount to about \$15,000 more when paid in. In view of these circumstances the Board thought it not prudent to exercise the authority granted by last Assembly to appoint a professor to the vacant chair of Practical Theology, but provided for the conduct of the work through co-operation with the Congregational College and a series of addresses by various ministers of the Church on questions of a practical character.

They would recommend:—

1. That the effort to increase the endowment already approved be again commended to the liberality of the Church so that the increased expenditure which will be involved by the completion of the staff may be provided for.

2. That the board be again given authority to make an appointment to the vacant chair if the way be clear and that failing this they be allowed to make suitable provision for the conduct of the work during next session.

All of which is respectfully submitted.

Chairman.

QUEENS' COLLEGE AND UNIVERSITY.

REPORT OF THE BOARD OF TRUSTEES.

The Trustees of Queen's University respectfully submit the following report for the session of 1909-10:

The enrollment for the past session, the sixty-ninth session of the University, has been as follows:—

	1908-09	1909-10
Undergraduates in Arts (in attendance).....	439	475
Post-graduates in Arts (in attendance).....	19	30
Undergraduates in Arts (extra-mural).....	318	410
Post-graduates in Arts (extra-mural).....	21	28
Candidates for B.Paed and D.Paed.....	25	14
Students in Theology.....	39	25
Students in Practical Science.....	292	310
Students in Medicine.....	210	218
Students in Education.....	56	43
	<u>1409</u>	<u>1553</u>
Registered in two Faculties.....	58	36
	<u>1351</u>	<u>1517</u>
Total number of students.....	1351	1517
Increase over preceding year.....	100	166

Included in the above estimate, the number of women students is, in attendance 214, extra-mural 108, total 322.

There has been a large increase in the number of extra-mural students, partly, no doubt, because of the regulation requiring that all extra-mural students registering after the twenty-first October, 1909, must attend classes for at least one year. To meet this increase, additions to the staff will be required, and a committee of Senate is at present pursuing enquiry as to the best means for making this department of our work still more efficient.

TRUSTEES.

One member of the Board of Trustees, Mr. John Charlton, has been removed by death. Mr. Charlton was one of the most liberal benefactors of the University, having endowed the "John and Ella D. Charlton Chair of Moral Philosophy," to the amount of \$50,000. Illness prevented him from taking at any time his seat at the Board, so that the Trustees had not the benefit of his counsel, but he continued to be warmly interested in the welfare of the University.

The Hon. W. A. Charlton has been elected to succeed the late Mr. John Charlton, and Lieut.-Col. W. A. Logie has been elected to succeed Dr. Arch. E. Malloch, resigned.

THE STAFF IN ARTS.

Several additions were made to the staff during the year. Mr. W. A. Bain, M.A., was appointed Assistant-Professor of Classics; Mr. A. S. Ferguson, M.A., Assistant-Professor of Ethics and Lecturer in Psychology; Mr. W. H. Houser, M.A., Assistant-Professor of Mathematics. Although the past session has been the first in which we have had the

services of Dr. MacNeill in the Department of English, yet his appointment was noted in our last annual report. The rank of Associate-Professor has been given to Assistant-Professors Matheson (Mathematics), Marshall (English) and Patchett (Moderns).

Through the generosity of Dr. James Douglas, of New York, a graduate and trustee of Queen's, a Chair of Canadian and Colonial History has been founded (conditional upon certain changes being secured in the constitution of the University), and the Trustees have appointed as the first professor Mr. W. L. Grant, M.A., son of the late Principal, already well known as Lecturer on Colonial History in Oxford University.

CONVOCATION.

At the autumn Convocation, October, 1909, the honorary degree of LL.D. was conferred on the Rev. Chas. W. Gordon, D.D., of Winnipeg, on His Honour Lieut.-Governor Fraser, of Halifax, Nova Scotia, and on James H. Coyne, of St. Thomas, Ont.

At the recent Convocation, on April twenty-seventh, the degree of D.D. was conferred on Rev. A. T. Love, B.A., of Quebec, the degree of LL.D. on the Hon. Dr. Pyne, Minister of Education for Ontario, on Dr. William H. Park, Professor of Bacteriology and Hygiene in the University of New York, and on Prof. T. R. Glover, Lecturer in Classics in St. John's College, Cambridge. On the same occasion, thirty received the degree of M.D.; twenty-three, M.A.; sixty-three, B.A.; forty-two, B.Sc.; one, M. E.; one Ph.D.; two, B.D.; eight, Testamurs in Theology.

FACULTY OF EDUCATION.

The Faculty of Education is supported by the Provincial Government. Changes have already been made in the staff of the Faculty, owing to the resignations of Dean Lavel and of Prof. Stevenson. W. S. Ellis, M.A., Principal of Kingston Collegiate Institute, has been appointed Dean of the Faculty, and Sinclair Laird, M.A., Assistant-Professor of Education in St. Andrew's University, has been appointed Associate Professor.

FACULTY OF THEOLOGY.

Systematic Theology. The class in Systematic Theology, conducted by the Principal met two hours each week, the subjects considered being the Person of Christ and the Atonement. The Principal was prevented from fulfilling his intention of taking up also the Work of the Holy Spirit. Each student was required to write two essays, one on the Temptation of our Lord, the other on the Teaching of our Lord regarding His Death. These compositions are reckoned as equal in importance to the terminal examination in giving the student his class standing. The work of the class was supplemented in an important manner by Professor Jordan and Professor Scott, the former lecturing weekly on O.T. Theology, and the latter on N.T. Theology.

CHURCH HISTORY.

Professor Scott reports: The session was mainly occupied with a course of about seventy lectures dealing with the period from Augustine to the eve of the Reformation. Special attention was given to the history of religious thought during this period, and the "Cur Deus Homo" of Anselm was read and discussed in this connection. There was a further course of lectures, about twenty in all, on the Apostolic Age, with particular reference to the Pauline theology. The class, though somewhat smaller than usual, was exceptionally good in quality, and a large amount of valuable work was accomplished.

O. T. CRITICISM AND EXEGESIS.

Professor Jordan reports:

1. The language classes connected with the department have been conducted during

the session by the Rev. H. T. Wallace, Ph.D., Assistant-Professor of Hebrew, except during that part of the session extending from January to the end of March. Professor Jordan met the Senior Hebrew class once a week and read with them three chapters in the book of Job.

2. The Pass class in the O.T. Criticism consisted of twenty-two Theological students. The subject of study was "The Structure of the Pentateuch," and in the hour devoted to Exegesis selections from those books were read in the original language. An examination was held at Christmas on "The History of the Documentary Theory," and during the session each student was required to hand in a carefully prepared essay on Genesis or Deuteronomy. The members of the final year sent in the Hebrew Critical Exercise required by the rules of the Church. This session the Professor began a new course of lectures on O.T. Theology, one hour per week. The subject this year was "The Prolegomena to the History of the Hebrew Religion" and "The Mosaic Period."

3. The Honour class in O.T. Criticism met two hours per week and had an attendance of seven members. This is an optional class which takes up some of the B.D. subjects. This session most of the time was spent upon the Book of Deuteronomy, a number of chapters were read, and the structure and religious significance of the book carefully discussed. In this department papers were set on "The Documentary Theory" and "The English Bible."

4. During the first term the Professor gave a course of lectures on the English Bible in the University. This is an optional class and was attended by a number of Arts students, including ladies, as well as the Theological students.

On the whole considerable interest has been shown in the work of these classes and the students have given much time and thought to the required exercises.

N. T. LITERATURE AND CRITICISM.

Professor Ross reports:—One hour a week was given to the study of the N.T. Language, based upon the reading of selections from the Pauline Epistles. Some of these passages were taken up afterwards in the Exegetical class. All the students in Theology, excepting two, were in attendance.

The work in N.T. Criticism and Exegesis was carried on throughout the session, one hour a week being devoted to lectures and oral examinations in each of them. The lectures in Criticism dealt with the authenticity, authorship and contents of 1 Cor., Eph., Phil. and Col.; and selections from 1 Cor., Eph. and Col. were subjected to minute and careful exegesis. The students in the final year—eleven in number—each wrote a critical exercise on a prescribed subject, and these were carefully examined and approved.

The lectures in the Apologetics class dealt chiefly with present-day speculations concerning the question, "Who is Jesus Christ?" and the problem of Revelation. A brief course was also given on a Comparative study of some of the leading Ethnic religions and Christianity. Two essays were written by each member of the class, and much diligence was shown in the work from day to day.

PRACTICAL THEOLOGY.

Professor Laird reports: As this is a newly organized department, the work during the past session has necessarily been of a somewhat tentative character. Lectures were given on Preaching and on the History and Conduct of Public Worship. Essays were written by the students on different aspects of the Church's work. Through the courtesy of Kingston ministers, each member of the graduating class conducted a service and preached a sermon in one of the city churches. These sermons were afterwards carefully analyzed and discussed in the class, with special reference to their content, structure and delivery.

GRADUATES.

The members of the graduating class are, John W. Johnston, M.A., Robert H. Liggett, B.A., A. M. Little, B.A., J. A. McAskile, B.A., J. M. Macgillivray, B.A., W. D. McIntosh, B.A., Alexander Rintoul, B.A., J. C. Robinson, C. C. Salisbury, J. A. Shaver, B.A. B. D. and William Stott, B.A. These eleven graduates were licensed by the Presbytery of Kingston on April 28th, and on the same occasion, by arrangement with the Presbyteries concerned, Messrs. McAskile and Stott were ordained.

During the past session there were sixty-five students in the Faculty of Arts, who have announced their intention of studying for the ministry of the Presbyterian Church, and eighteen others for either the Anglican or Methodist Church.

THE ALUMNI CONFERENCE.

Dr. Wallace, Secretary of the Theological Alumni Association, reports as follows: The annual Alumni Conference has become one of the outstanding events of the College session. The attendance of the Alumni themselves at the conference of 1909 was for a variety of reasons, rather small, but all the sessions were well attended by the students and friends in the city. The Chancellor's Lecturer was again Professor Dyde, who continued the series of lectures on Aesthetics given last year. The evening meetings were addressed by Rev. Dr. Rose, of Toronto, on "The Outlook of the Pulpit of To-morrow;" Prof. Skelton on "Industrial Insurance and the Workingman;" Prof. Morison on "John Calvin," and Rev. C. J. L. Bates on "Potent Forces in the Making of New Japan." The papers of the members of conference were of exceptional merit, and mention must also be made of Prof. Scott's paper on "Jesus and the Kingdom of Heaven."

The nineteenth conference will be held in 1910 during the week of October 24-28, and the programme promises that the high standard of excellence, characteristic of the Queen's Conference, will be fully maintained. The evening meetings will be addressed by President Falconer, Toronto University; Dr. Andrew McPhail, Montreal; Dr. Bonar, Master of the Mint, Ottawa; and Dr. A. H. V. Colquhoun, Deputy Minister of Education, Toronto. The Chancellor's Lectureship is in the hands of one of the best friends of the Conference, Dean Cappon, and will of itself assure its success for 1910.

RESIGNATION AND APPOINTMENT.

Dr. Ross, who has long been Professor of N.T. Literature and Criticism, as well as of Apologetics, recently resigned the former position, while retaining for another year the professorship of Apologetics. The Trustees, in accepting Prof. Ross's resignation of this part of the work so long and so faithfully discharged by him, determined that, in view of the great importance of the subject, New Testament Literature and Criticism should be made a separate chair. They have, therefore, subject to the approval of the General Assembly, transferred to this chair Prof. Scott, at present occupying the chair of Church History, who is eminently qualified for this new position. They respectfully request the Assembly that they be allowed to proceed to appoint another to the chair of Church History and the History of Dogma without further reference to the Assembly.

CONSTITUTIONAL CHANGES.

By invitation of the Commission of the General Assembly, the Board of Trustees conferred with the members of the Commission at Kingston in October, 1909. Afterwards a committee was appointed by the Board of Trustees to confer with a committee of the Assembly's Commission as to certain details involved in the proposed changes in the constitution of the University. These sub-committees met for conference in January last, and agreed upon a statement to be submitted to the Board of Trustees and to the Commission of Assembly respectively for consideration.

On the 26th April last, the Board of Trustees and the Assembly's Commission met and separately considered the statement of the sub-committees, prior to conference upon the same. The Board of Trustees approved of this statement, and, after conference, the Chairman of the Commission reported to the Board that the statement had been substantially approved of by the Commission.

The financial statement of the Treasurer and the report on the Endowment Fund of the University, which were submitted to the Board of Trustees, are herewith presented.

All of which is respectfully submitted.

THE ENDOWMENT FUND.

APRIL, 1909—APRIL, 1910.

In addition to the handsome gift offered by Dr. James Douglas, of New York, for the endowment of a Chair in Colonial History, subscriptions amounting to \$32,574.25 have been received since April, 1909. The total amount now secured by subscriptions and other definite assurances is \$398,779.35. Of this amount \$200,305.19 have been paid, \$17,924.00 having been paid during the year ending March 31, 1910. It will thus be seen that the \$400,000 required to claim Mr. Andrew Carnegie's gift, and to complete the half-million fund have been practically promised. This, however, will not be available until the \$400,000 are secured in cash or realizable securities. In view of the conditions obtaining during the past two years, payments have been coming in remarkably well. Especially is this true of the more moderate subscriptions, and the greater part of what is still outstanding is in the larger amounts. Friends and subscribers are earnestly requested to pay their subscriptions as promptly as possible, and thus ensure the complete success of the Fund.

It is interesting to note the sources of the subscriptions. The canvass was made in large measure through Presbyterian organization, and the returns from the Presbyteries of the Central Synods, including benefactors in other places, are as follows:

This movement has involved the visiting of more than four hundred congregations in the three Central Synods of the Presbyterian Church, and the personal solicitation of many individuals in more distant places. Widespread organization and a vast amount of persistent toil were necessary to carry out the canvass. It could not have been done in considerably less than four years' actual work, had not the Committee and the Agent had the loyal and enthusiastic co-operation of many friends and graduates, who gave generously of their time and energy for the good of the University. It is respectfully suggested that the Board of Trustees should mark by suitable resolution their appreciation of the value and unselfishness of the service rendered by these gentlemen, and that a copy of such resolution should be sent to each one who participated in the work.

ROBERT LAIRD,
General Secretary.

April, 1910.

REPORT OF THE COMMISSION OF THE GENERAL ASSEMBLY TO CONFER AND CO-OPERATE WITH THE TRUSTEES OF QUEEN'S UNIVERSITY, WHICH COMMISSION MET AT KINGSTON, OCTOBER 5TH, 6TH AND 7TH, 1909, AND APRIL 26TH AND 27TH 1910.

To the Venerable the General Assembly:

In reporting their judgment upon the matters committed to them by the last General Assembly, the Commission beg to lay on the table of this General Assembly the complete record of the proceedings of the various Sederunts of the Commission, together with the original documents submitted to them, and to present herewith a statement, with extracts from the minutes, which the Commission ordered, to be compiled and printed for the information and use of the General Assembly.

The Commission were called together by the Moderator and met at Queen's University, Kingston, on the 5th, 6th and 7th of October, 1909.

The following members were present:—The Right Rev. The Moderator, Samuel Lyle, D.D., and the Rev. Drs. William Farquharson, C. W. Gordon, T. C. Jack, D. D. McLeod, D. McTavish, D. M. Ramsay, E. Scott; the Revs. D. W. Best, J. Binnie, J. D. Boyd, C. H. Daly, J. Edmison, A. T. Love, D. Strachan, J. Wallace, J. J. Wright, and Messrs. Edward Brown, Hamilton Cassels, William Chisholm, Lieut.-Gov. Fraser, J. M. Gill, George F. Henderson, Richard Lees, Lieut.-Col. McCrae, Alexander McFee, and Samuel Russell.

An extract minute from the Records of the General Assembly of the appointment of the Commission was read.

At this Sederunt the Board of Trustees were heard and the Chairman, Hon. Justice MacLennan, read the following resolution, passed by the Trustees:—"That the Trustees express their gratification at the reply of the General Assembly to their Memorial and at the appointment of a Commission to confer with them regarding the subject of the Memorial.

"That the Trustees respectfully draw the attention of the Commission to the following considerations, namely:—

"I. That the Constitution of Queen's University has been modified in 1874, in 1888, and in 1904, the changes thus made being such as to render the University more national in its character.

"II. That in the opinion of the Trustees there are certain denominational restrictions which tend to impede the development of the University, viz.:—

"(1) That all the members of the Presbyterian Church in Canada constitute the corporation of a University.

"(2) That of the thirty-seven members at present constituting the Board of Trustees, twenty-seven must be members of the Presbyterian Church.

"(3) That the Principal must be a member of the Presbyterian Church.

"III. That it may be possible so to change these provisions of the charter as to promote more fully the progress and welfare of the University, while at the same time conserving the vital sympathy and interest of the Presbyterian Church."

At the second Sederunt the following further resolutions passed by the Trustees were presented:—

"The Trustees are of opinion:—

"(1) That the Corporation of the University should consist of the benefactors and graduates.

"(2) That the Board of Trustees should be composed as follows:—

"(a) The Chancellor and the Principal ex-officio.

"(b) Two members to be appointed by the Corporation of the City of Kingston.

"(c) Four members to be appointed by the Ontario Government.

"(d) Five members to be elected by the University Council and five members to be elected by the graduates.

"(e) Twenty members to be appointed by the Board of Governors by co-optation.

"(3) That the restriction in respect to the election of the Principal be removed."

At the next Sederunt the Trustees were heard at length.

At the fourth Sederunt the Trustees were further heard and the following resolution passed by the Board of Trustees and relating to the Theological Faculty was presented by the Chairman:—

"That the Theological Faculty be placed under the management of the Presbyterian members of the Board, and if at any time the number falls below fifteen the General Assembly shall be requested to appoint members up to that number, for this special purpose.

"That in the event of the proposed constitutional changes in Queen's University being carried into effect, the whole facts of the case be set before the subscribers to the last Endowment Fund, inquiring what change, if any, they desire to have made in the disposition of their contributions."

At the fifth Sederunt deliberations on the whole matter were continued.

At the sixth Sederunt on the report of its Committee appointed to draft a resolution the following was adopted unanimously:—

"That the Assembly's Commission sympathize with the Board of Trustees of Queen's University in the difficulties that confront them in providing for the expansion of the University, and feel that this expansion calls for some reconstruction of the Constitution and governing body of the University, and the Commission would welcome from the Board of Trustees a more comprehensive and more detailed outline of their proposals for the future character, management and maintenance of the University, especially with regard to the Faculties of Arts and Theology, and feel constrained to defer a final decision until such outline can be considered at an adjourned meeting of the Commission to be held at a convenient time, and to that end are willing to appoint a Committee to co-operate with a similar Committee of the Trustees in framing such a plan."

In accordance with the foregoing it was agreed that a Committee of five members to be named by the Moderator and the Clerk be appointed to co-operate with a similar committee from the Board of Trustees.

The Moderator called upon the Rev. Dr. C. W. Gordon to lead in prayer and the Commission then adjourned to meet again at the call of the Moderator.

The adjourned meeting of the Commission was held at Queen's University, Kingston, on the 26th and 27th of April, 1910, at the call of the Moderator. The members present were the Rt. Rev. The Moderator, Samuel Lyle, D.D.; and Rev. Drs. Wm. Farquharson, A. T. Love, D. D. McLeod, D. McTavish; the Revs. D. W. Best, J. Binnie, J. D. Boyd, C. H. Daly, J. H. Edmison, D. Strachan, J. H. Turnbull, J. J. Wright; and Messrs. Hamilton Cassels, Wm. Chisholm, George F. Henderson, Richard Lees, Lieut.-Col. Logie, Lieut.-Col. McCrae, Alexander McFee and Samuel Russell.

A letter from Rev. J. M. Millar, expressing his views and regretting his inability to be present, was received; also letters of regret at being unable to be present were received from Dr. John McMillan, Dr. C. W. Gordon, Dr. D. M. Ramsay, Lieut.-Gov. Fraser, Hon. G. W. Ross, Edward Brown and Lieut.-Gov. Gibson.

The Moderator, Mr. Cassels, and the Clerk of the Commission, were appointed a Committee to compile such extracts from the minutes as should be printed for the information of the General Assembly.

The report of the joint meeting of the Committees of the Commission and of the Board of Trustees were received.

It was moved by Mr. Cassels, seconded by Mr. Henderson, "that the report of the joint committees be adopted and reported to the next General Assembly as the judgment of this Commission."

The Commission resolved itself into a Committee of the Whole to consider in detail the report of the joint committees.

At the eighth Sederunt the Trustees were invited to be present and were heard.

At the ninth Sederunt the Commission again sat in Committee of the Whole. When the Committee rose it reported in favour of the report of the Joint Committees with certain additions thereto agreed upon in Committee of the Whole with a further note of the Principal's explanation regarding certain benefactions mentioned on page 330 of the University Calendar for 1909 and 1910 to the effect that these refer to scholarships and other foundations, which are defined in terms of their foundation, and as to which it was agreed in Committee of the Whole, to recommend that they be earmarked for the Theological Faculty in whatever arrangements shall be made.

The report was received and Mr. Cassels' motion, made at the seventh Sederunt, for the adoption of the report of the joint Committee was then put as covering the report of the Committee of the Whole and was declared carried.

The report as adopted became the judgment of the Commission and is as follows:—

"Report of the joint meeting of the Committees of the Commission of the General Assembly and of the Board of Trustees of Queen's University to further consider the proposed changes in the Constitution of the University, and the future maintenance of the Faculties of Arts and Theology."

After quoting the reference to committees as per the resolution already given in the extract from the minutes of the sixth Sederunt the report goes on:—

"In compliance with the request of this resolution, the Committee of the Board of Trustees submitted to the Committee of the Assembly's Commission a statement regarding:—

I. Proposed changes in the constitution and management of the faculties of Arts and Theology.

II. The future maintenance of those faculties. The proposed changes affect only the departments of Arts and Theology. These originally constituted "Queen's College." The School of Mining, which is affiliated to the University, is practically a Faculty of Applied Science, but is under a separate Board of Governors. Certain chairs (Physics, Geology, Mineralogy, Chemistry and part of Mathematics) were transferred to it, and

have been maintained in connection with it. Arts students attend these classes, and Science students attend some Arts classes. The Medical Faculty (originally the Royal College of Physicians and Surgeons) is to a large extent under the management of the members of the medical staff. The appointments to the Faculty of Education are under the joint control of the Board of Trustees and the Provincial Department of Education. If the proposed Constitutional changes are carried into effect, it would be possible to have these various faculties of Science, Medicine, and Education brought into much closer relation to the Faculty of Arts than at present.

I. In regard to changes in the constitution and management of the Faculties of Arts and Theology:—

In the memorandum submitted by the Board of Trustees of the Commission of Assembly on October 5th, 1909, it is stated "that in the opinion of the Trustees there are certain denominational restrictions which tend to impede the development of the University: (2) That of the thirty-seven members at present constituting the Board of Trustees, twenty-seven must be members of the Presbyterian Church: (3) That the Principal must be a minister of the Presbyterian Church."

MEETING OF JOINT COMMITTEE, JANUARY 7TH, 1910.

MEMBERS OF COMMITTEE OF ASSEMBLY'S COMMISSION.

1. Rev. Dr. Lyle, Moderator of General Assembly.
2. Rev. Dr. Ramsay, Knox Church, Ottawa.
3. Rev. D. W. Best, Beaverton, Ont.
4. Mr. Hamilton Cassels, K.C., Toronto.
5. Mr. Edward Brown, Winnipeg.

MEMBERS OF COMMITTEE OF BOARD OF TRUSTEES.

1. Sir Sandford Fleming, K.C.M.G., Ottawa.
2. Principal Gordon, Kingston.
3. Rev. Dr. Herridge, St. Andrew's Church, Ottawa.
4. Adam Shortt, Ottawa.

The Chairman, Mr. Justice McLennan, was prevented by illness from being present.

The two committees met by appointment on January 6th, 1910, and formed a joint Committee, presided over by the Moderator, Rev. Dr. Lyle.

After full consideration of the foregoing statement and of all the matters involved, the unanimous recommendations of the Joint Committee are as follows:—

Attention is first directed to the fact that, by Royal Charter Queen's College was founded, "for the education of youth in the principles of the Christian religion and for their instruction in the various branches of Science and Literature." It is agreed that this shall continue to be the character of the University.

The following changes in the Constitution are proposed:—

CORPORATION.

It is proposed that the Corporation shall consist of the members of the Board of Trustees, the Professors, the graduates and the benefactors.

TRUSTEES.

It is proposed that the Board of Trustees shall be constituted as follows:—

The Chancellor, elected as at present by the University Council.

The Rector, who shall be elected by the students every three years.

The Principal.

The Minister of Education for the Province of Ontario.

An Assessor, appointed by the Minister of Education.

Two members, to be appointed by the Corporation of the City of Kingston. One member from each affiliated College.

Six members in addition to the Chancellor to be elected by the University Council. (Note—The Council consists of the Trustees, the Senate and an elected number of graduates equal to the combined number of the Trustees and Senate.)

Six members, to be elected by the graduates, according to by-laws that have been or may be made for this purpose by the University Council. (There are over 3,000 graduates). Four members, to be elected by those benefactors who have contributed one hundred dollars or upwards to the endowment of the University. (There are over 600 such benefactors).

Twelve members, to be elected by the present Board of Trustees. These twelve members, or any of them, may be chosen from amongst the present members. After the first election of these twelve members the Board of Trustees shall fill vacancies in this number by co-optation.

Of the members elected by the University Council, two shall retire annually; similarly with those elected by the graduates. Of those elected by the benefactors, one shall retire annually; and of those elected by the members of the Board, three shall retire annually. Retiring Trustees shall be eligible for re-election.

SENATE.

The Senate shall continue as at present constituted, subject to the following provision, viz.:—The Board of Trustees, acting in consultation with the Senate, shall have power to enact any statute, that they may, from time to time, think proper, to add to the Senate professors of any School or College that may be connected with the University, or to change the present constitution of the Senate.

At present the Senate consists of all the professors and assistant-professors in Arts and Theology, the Dean of the Faculty of Medicine, and those professors of the School of Mining whose chairs were connected with the Arts Faculty prior to the existence of the School, and the professors of the Faculty of Education. These shall continue to be members as at present. It may, however, be necessary, on account of the increase of the staff, to make the Senate consist of representatives of each Faculty; and it is proposed that authority to do this be vested in the Board of Trustees.

THE THEOLOGICAL FACULTY.

The Theological Faculty of the reconstructed University shall be known as "Queen's College," and shall be governed by a Board of Management consisting of twenty-five members appointed by the General Assembly of the Presbyterian Church in Canada; five to retire annually and to be eligible for re-appointment. Until the appointment of the Board of Management by the General Assembly, the Faculty of Theology shall be governed by the Board of Trustees of the University.

THE PRINCIPALSHIP.

This position should be separated from that of Primarius Professor of Divinity, and laymen as well as ministers should be eligible for it.

II. In regard to the future maintenance of the Faculties of Arts and Theology:—

If the proposed changes were carried into effect, some of the subscribers to the present Endowment Fund might desire to change the destination of their contributions. Accordingly, the Trustees, on October 6th last, resolved, "that, in the event of the proposed constitutional changes in Queen's University being carried into effect, the whole facts of the case be set before the subscribers to the last Endowment Fund, enquiring what change, if any, they desire to have made in the disposal of their contributions."

The maintenance of the Faculty of Theology would be dependent on revenue from endowment and on annual congregational contributions.

When it was proposed eight years ago to change the relations of the University to the Church it was agreed by the University to set apart for the maintenance of the Theological College, \$150,000 with proper accommodation, light, heat and attendance.

This amount was regarded as fairly representing the proportion contributed for theological education of the successive endowment funds that had been raised in aid of Queen's College, and this appropriation was concurred in by the joint committee representing the Church and the University.

Although the present endowment fund was specially intended for the Arts Department, yet some subscribers did not exclusively restrict their contributions to the maintenance of Arts. It might, therefore, be suitable that the minimum sum of \$50,000 be allowed for the Theological Department from the amount received in the present endowment campaign, and that if the total amount of contributions diverted by desire of the donors, to the Theological Department exceed \$50,000, this excess shall also form part of the endowment of the Faculty of Theology, and that the total amount of \$200,000 or more, as the case may be, be set apart by the University for the maintenance of the Theological College with accommodation, light, heat and attendance satisfactory to the Board of Management of Queen's College.

The contributions received from the Church for the Theological Faculty have been about \$3,500 annually. They should amount to \$6,000. And if the maintenance of the Theological College were the only purpose for which we appeal to the Church, this latter sum would be a very moderate annual contribution. It is necessary that the staff of the Theological Department should be increased at an early date, and that existing salaries should be increased, but the revenue from the proposed endowment, along with the contributions of congregations, should meet the requirements of the Theological College, even with such an increase of the staff.

The Moderator, Mr. Cassels, and the Clerk were appointed a Committee to prepare the report of the Commission for submission to the General Assembly, and the Moderator and Mr. Cassels were appointed to present and support the report of the Commission before the next General Assembly.

Dr. Farquharson, Mr. J. H. Turnbull and the Clerk were appointed a Committee to draft the following resolution:—

The Assembly's Commission desire to express their thanks to the people of Kingston for their kindness in entertaining them on the two occasions on which they met in this city.

They are especially grateful to the Board of Trustees for their courtesy and kindness in informing them as to the facts and in assisting them in considering what modifications would best serve the interests of the University.

They earnestly desire that nothing may in any degree diminish the interest which has

always been taken in Queen's by the Presbyterian Church. They recognize that the Institution owes her origin to the Church, and that her progress to the prominent place which she now holds among the educational forces of the land has been in large measure due to relations with the Church and to the self-sacrificing loyalty of many members of the Church. They rejoice in the many tokens of affection on the part of the Church for Queen's and trust that the University will still continue to enjoy the sympathy of the Church and the assistance of all who may be able to further her interests, so that this secret of past success may be an element in her future prosperity.

Anticipating a further development of the University as gratifying as the past has been they are impressed with the importance of maintaining the Theological Faculty with increasing liberality in order that it may keep pace with the other Faculties of the University.

And finally, whatever changes the General Assembly may see fit to sanction in the constitution of the University, they trust that those good influences which have attended her birth and development will be perpetuated with increasing power and fruitfulness.

All of which is respectfully submitted.

SAMUEL LYLE,
Moderator.

Clerk.

THE REPORT OF THE BOARD OF MANAGEMENT OF KNOX COLLEGE.

To the Venerable the General Assembly:—

The Board of Management of Knox College has the honour to present to the General Assembly its sixty-sixth annual report.

From the report of the Senate herewith transmitted it will be seen that at the close of last session twenty students completed their theological course and received their diplomas. The Board has for many years urged that, whenever at all possible, students should obtain a degree in Arts from some recognized University before entering upon their theological course. The Board observes with great satisfaction that, with one exception, all the students who last session received their certificates, held University degrees.

The expenditure of the College during the last year has been.....	\$27,462.09
Balance at Dr. March, 1909.....	7,592.71
	\$35,054.80
The total income for the year including revenue from congregations and from endowment.....	\$23,549.47
Leaving an accumulated deficit of.....	\$11,505.33

This annually increasing deficit is a matter of great concern to the Board. It is hoped that congregations will realize the gravity of the situation, and bestir themselves to remove this encumbrance from the College. During last year congregations contributed \$9,968.25,—a fair advance upon the giving of preceding years but still inadequate to meet the needs of the College.

The amount of the Endowment Fund is now \$315,112.77 and the revenue produced by it, was \$13,581.22. With the continued fall in the rate of interest, no increase of income from this source can be anticipated, unless substantial additions to the capital be made.

All investments of the capital fund of the College are made only after they have been approved by the Trustees of the Presbyterian Church in Canada, and no security is accepted which does not fall within the class authorized by the Trustee Act.

A continuous audit of the accounts of the College is conducted by Henry Barber & Co., C.A., the Auditor appointed by the Board. Full statements of the finances of the College are appended hereto.

The Committee of the Board which has been charged with the matter of raising funds or the erection of the new college building continues to prosecute the work intrusted to it.

The City of Toronto has already subscribed \$150,000 to the fund, and the Board confidently looks to the congregations throughout the Province to provide at least another \$150,000.

The present building has not yet been sold; and at the meeting of the Board, held on April 7th, the following resolution was passed:—

THAT WHEREAS by the resolution of the General Assembly passed at London on the seventh day of June, 1906, authority was granted to the Board of the College to sell the pres-

ent College property and to proceed with the purchase of a new site and the erection of new College buildings, "so soon as by the sale of the present College property, and the securing of other sources for raising the necessary funds to defray the cost of the new site and building they will feel warranted to proceed with the same."

AND WHEREAS it has not been found possible to sell the present College property at a price satisfactory to the Board. AND WHEREAS it has been found expedient, and necessary, in order to secure the site which, in the judgment of the Board, was most suitable, to complete the purchase of the same. AND WHEREAS the Board of the College has, by an appeal to its supporters, secured by subscriptions and payments a fair measure of the "other sources" which are necessary to meet the cost, in part, namely, over \$200,000.

AND WHEREAS it is expedient, and in the best interests of the College, that the erection of the new buildings should be proceeded with without regard to the sale of the present College property.

THEREFORE BE IT RESOLVED that the General Assembly be asked to remove the condition attached to the permission granted in its resolution, passed as aforesaid, and allow the College Board to proceed with the erection of the new buildings without waiting for the sale of the present property; and that a formal application to this end be embodied in the Report to the General Assembly, and the other necessary steps be taken to secure the same.

The Board therefore requests the Assembly to relieve it from the restriction placed upon it in 1906, to approve of its action and to grant permission to proceed with the erection of the new buildings.

The Assembly at its last meeting authorized the Board and Senate of the College to fill the vacancy caused by Professor Kennedy's resignation, before the beginning of the then next session, or should this not be found possible, to make such temporary arrangements as might be found necessary for the teaching of New Testament Literature and Exegesis, during the then next session.

The Board and Senate being impressed with the desirability of having the vacant Chair filled without delay, devoted much careful attention to making inquiries regarding gentlemen suitable for the position in Canada, the United States and in Britain.

Principal Gandier was sent to Britain to prosecute inquiries there, and submit the result of his investigations to the Board.

On his return the matter was again thoroughly considered and from a number of names of scholars, all very suitable, that of the Reverend Robert Law, M.A., B.D., Edinburgh, was unanimously selected. The Board has great pleasure in reporting the acceptance by Dr. Law of the position, his induction into the Chair, and that he entered on the discharge of his duties early in the first term of last session.

The Board with profound sorrow reports the death of the Reverend William MacLaren, D.D., Principal Emeritus of the College.

Principal MacLaren's name will ever be held in loving and reverential memory by the Church.

The Board has placed on its minutes a record of its very high appreciation of his straightforward character, his openness of mind, his unvarying courtesy and his admirable sound and calm judgment.

The Board granted to Mrs. MacLaren, his widow, without solicitation on her part, a small annuity, to increase her comfort in her declining years, but regrets to say that she lived to enjoy only one payment of this grant.

All of which is respectfully submitted.

WM. MORTIMER CLARK,
Chairman.

REPORT OF THE SENATE OF KNOX COLLEGE.

To the Venerable the General Assembly:—

Since the last report presented by the Senate of Knox College to the General Assembly the hand of death has removed from our Staff two emeritus Professors whose lives stretched back, the one sixteen, the other twenty-seven years before the founding of the College.

Two years after Knox College was founded in Toronto, William Gregg graduated from the New College, Edinburgh, and came as a missionary to Canada. Trained under such giants of the Disruption as Chalmers and Cunningham, he, like many others, brought to Canada in his own person, the warm evangelical and moral intensity of that great movement. He was early recognized as one of the great preachers of his time, and both in Belleville and in Cook's Church, Toronto, great numbers of young men were attracted to him as one who spoke directly and with authority to the conscience.

In 1872 he was appointed Professor of Church History and Apologetics in Knox College, and with the greater opportunity this gave for research became the historian of our Church.

In 1895 he resigned his Professorship at the ripe age of seventy-eight; but, during the fourteen years that still remained to him of life, he never lost interest in the College.

During sixty out of the sixty-six years of the life and work of Knox College, William McLaren was associated with it as student, alumnus, Professor and Principal.

He was a man of strong positive faith, whose mind found perfect satisfaction in the Calvinistic conception of Divine truth. He saw everything, even man's free will, as having its place within the sovereignty of God, and that gave to his nature its calm and balance, and to his life a steady forward movement as to a pre-destined end. He was a beautiful illustration of the strong man, and the dogmatic mind, mellowing with the years; and in old age was so beautiful in person, so dignified in bearing, so gracious in spirit, so wise in counsel as to be universally loved, revered, and constantly consulted on all matters pertaining to the welfare of the Church. His death occurred on the fourth day of August, 1909.

During the past year the Senate of Knox College have, with deep regret, given up Professor H. A. A. Kennedy to the department of New Testament Literature and Exegesis in the New College, Edinburgh. Beloved alike by students and fellow professors, Dr. Kennedy was a man of rare scholarship and fine insight into religious truth—one who breathed the atmosphere of the New Testament. We feel our Staff weakened and our College greatly poorer by his removal; but the Senate record with gratitude that a worthy successor has been found in Rev. Robert Law, who has come to us from the city to which Dr. Kennedy went. Professor Law had already proved himself as Pastor, Preacher, Lecturer and Author, and during this first session, he has amply maintained the reputation that preceded him. Professor Law was appointed in September, and at much personal inconvenience, without waiting to bring his family, sailed for Canada in October, and began his class work the first week of November, thus relieving the Senate of any necessity to make temporary provision for the class in New Testament.

The work of the other classes has been carried on as in former years. Professor Ballantyne conducted the classes in Church History, and gave lectures on Sunday School methods. Professor McFadyen conducted the classes in Old Testament Literature and Exegesis, and gave lectures on the Conduct of Public Worship. Professor Robertson lectured in Apologetics and Christian Ethics and conducted the class in Practical Homiletics. Professor Kilpatrick conducted the classes in Systematic Theology, and gave a special course of lectures on Evangelism. The training in Elocution has been made an integral and essential part of the course, and continues under the supervision of Professor Frank H. Kirkpatrick, of the Toronto Conservatory.

In connection with the class in Practical Theology, conducted by the Principal, and attended by the men of all three years, each student of the first and second years engaged in some definite form of congregational or practical missionary work within the city, reporting twice during the session to the Principal, while each student of the third year investigated some special form of Christian or Social work, and embodied the result of this research work in an essay.

In January Rev. H. Roswell Bates, of Spring Street Church, New York, gave the first course of the Penman lectures. With his own intense devotion, his large experience of work among the tenements of down-town New York, and having visited the mission fields of India, China and Japan, he has helped Professors and students to re-interpret the meaning of discipleship under present day conditions, and in view of a whole world, suddenly opened to the best the Church has to give in Christ's name. The Senate are glad to be able to state that through the generosity of Mr. John Penman, of Paris, Mr. Bates is to continue his course of inspiring talks on practical themes next session and the session following.

The warm evangelical spirit and missionary interest of our students has been evidenced by the number who attended the International Volunteer Convention in Rochester, the formation of a Gospel team, and the enthusiasm with which the work of the Missionary Society has been prosecuted. The Student's Missionary Society reports the largest income in the history of the Society, and again this year forty men are being sent to labor for the summer months in the mission fields of Northern Canada, Saskatchewan, Alberta and British Columbia.

The students in attendance this past year were:—

Third Year.—W. A. Cameron, B.A.; W. J. Cook, B.A.; Matthew Cree, B.A.; Hislop Dickson, M.A.; R. G. Dredge, M.A.; Henry Duckworth; Edward A. Earchman; B.A.; J. H. Martin, B.A.; James M. Menzies, B.A.Sc.; P. McLeod, B.A.; Calvin McQuesten, B.A.; Edwin H. Oliver, Ph.D.; W. T. Percy, B.A.; John Richardson, B.A.; J. R. Sanderson, B.A.; P. W. Spence, B.A.; T. A. Symington, M.A.; William Scott, M.A.; C. W. Webb, B.A.; C. W. Wright, B.A.

Second Year.—T. A. Arthurs, B.A.; Robert Campbell, B.A.; Herbert Bain Johnston, B.A.; David J. Lane; C. A. Mustard, B.A.; R. N. Matheson; John McEwen; C. F. McIntosh, M.A.; E. R. McLean, B.A.; Andrew McRae, B.A.; Samuel Prenter, B.A.; A. A. Scott, B.A.; James Hugh Urie, B.A.; Angus D. Watson, B.A.; Neil O. White;

First Year.—J. D. Bannatyne; H. A. Boyd, B.A.; Cecil H. Best; Gilbert Gomm; George Gordon D. Kilpatrick, B.A.; H. McFarlane; C. V. McLean, B.A.; D. E. McVannel; A. Murray Porter, B.A.; John A. Tuer, B.A.; Rex. Smith.

The Senate regret the unusually small number of men in the first year, and this at a time when an ever increasing number of ministers are required to meet the need of a growing Church in a land rapidly filling with people. The outlook is somewhat brightened, however, by the knowledge that a good class from the University are likely to enter next year. It is hoped that the visitation of congregations all over the Province, by representatives of the College, which is now taking place in connection with the canvass for the building fund, will mean more men for the ministry as well as money for new buildings.

Of the twenty men in the third year all have completed the required course and received their diplomas.

At the Convocation on April 7th, closing the sixty-sixth session of the College, the following scholarships and prizes were awarded:—

The Alumni Conferences, held the last week in September and immediately preceding the opening of the College session, have proved a most important feature of the college work. Last autumn the lectures of Professor Kilpatrick on Evangelism were specially inspiring, and did much to help the brethren assembled in conference apprise anew the greatness and the privilege of their high calling as the ambassadors of Jesus Christ. The

lectures of Professor Ballantyne upon some religious factors in the history of Canada, the papers read by the Alumni, the after dinner addresses by Mr. Goforth, Mr. J. A. MacDonald and the Principal combined to make the whole Conference a time of mental stimulus and spiritual quickening. A particularly strong and attractive programme is being prepared for next September, and it is hoped that many more of the Alumni than hitherto will find it possible to come apart from their work for a few days and share the good fellowship and spiritual uplift of the Conference.

All of which is respectfully submitted.

MANITOBA COLLEGE.

REPORT OF THE BOARD OF MANAGEMENT.

o the Venerable the General Assembly of the Presbyterian Church in Canada:—

The Board of Management of Manitoba College has the honour to present its annual report to the General Assembly together with the report of the Senate and the Financial Statement.

The report of the Senate shows the nature and the amount of the work done in the College during the year.

In accordance with the authority bestowed on it by last Assembly the Board has appointed Mr. F. W. Clark, B.A., as professor of Classics in the College. The increase in the number of matriculation students as well as the enhanced requirements of the University of Manitoba made some increase in the staff necessary. As will be seen from the report of the Senate the number of members of the staff, professors and lecturers, giving their whole time to the work now amounts to twelve.

The Board continues to promote to the best of its ability the Ruthenian work in which the Church is engaged. It gives the use of its class rooms free of all expense for the elementary classes which include seventeen members, and it provides free education in the College classes for twenty-eight students. The fees of these latter students would amount to more than a thousand dollars and represent a donation of that sum by the College to the Home Mission work of the Church.

The retirement of Professors Bryce and Hart and the necessity of obtaining additional class room accommodation has involved an additional expenditure for the year of \$3,300. The Board has been able to pay this sum out of ordinary revenue, partly by the general increase in its revenue, but mainly through the liberality of some Winnipeg friends of the College who spontaneously offered to raise a considerable sum to meet this extraordinary outlay.

The Board desires to thank the congregations east and west for their contributions to its funds.

The contributions from congregations in Ontario and Quebec exhibit a decrease but this decrease has been counterbalanced by a corresponding increase in the personal contributions. The ordinary contributions from the west amounting to \$6,880 are somewhat larger than last year, exclusive of the special gift of Winnipeg friends already mentioned.

In view of the considerably increased amount of the invested funds the Board decided this year to place these in the hands of a trust company. The appointment has been given to the Toronto General Trusts Corporation.

All of which is respectfully submitted.

Winnipeg, April 13, 1910.

WILLIAM WHYTE,
Chairman

WESTMINSTER HALL, BRITISH COLUMBIA.

The Board has the honour to submit its second Annual Report, together with that of the Senate.

The past year has been one of steady progress in all lines and increasing appreciation of the work of the College by every class in the community. The number of special subscribers has steadily increased, and though we have had some exceptional expenses this year, we have been able to finish the year with a very small deficit, which will be wiped out in the first few months of the next year by increased revenue already in sight. The churches of the West have rallied splendidly to our support and, in addition to amounts contributed by special subscribers, have allocated considerable sums from their general revenue. While grateful to all those in the East who have come to our assistance, we feel that the great majority of congregations in the older districts are not alive to the importance of our work, or more would have contributed toward it. It will be only a matter of three or four years before we will be able to meet all our expenses with funds contributed by the West, but our whole future depends in large measure upon the support given in the next few years by the Church in the East.

We are glad to be able to report two new scholarships:—The Langan General Proficiency Scholarship of \$50.00, founded by Mr. John F. Langan, of Vancouver, and the McBain Bursary of \$80.00, founded by Mr. and Mrs. Geo. McBain, of North Vancouver.

The Ladies' Auxiliary keeps up its splendid work with unabated interest and efficiency. In addition to about \$400 raised for the regular expenses of the residence, it has already provided nearly \$1,000.00 as a nucleus for furnishing the new Building when our site is finally determined.

The Board has again to express its deep sense of gratitude to the men who are so generously giving time and effort to strengthening the teaching staff:—to Professors D. J. Fraser, D.D., LL.D., A. E. Wicher, D.D., W. G. Jordan, D.D., C. Anderson Scott, D.D., Rev. W. R. Taylor, M.A., and Rev. J. D. Gillam, M.A.

The Board is planning for a vigorous campaign in the interest of the endowment of the College, and hopes to be able very soon to report a substantial increase in annual income and to materially strengthen the permanent staff.

Respectfully submitted

G. F. GIBSON,
Chairman.

These men are of a very high average of ability and promise well for the future theological classes of the College.

VANCOUVER, B.C., April 6th, 1910.

REPORT OF OTTAWA LADIES' COLLEGE.

The session of 1909-1910 has been one of the best in the history of the College.

Our building has been taxed to its utmost capacity and the Board feels that the time has come for enlargement.

New school rooms are urgently needed. We had, during the session, regretfully, to refuse considerable number of day-pupils who desired to avail themselves of the advantages the school offers.

It is hoped that a sufficient number of well-disposed friends of the College will be found to provide the funds needed for this undertaking.

The number of resident pupils we can accommodate is sixty, and all available rooms have been occupied.

The income of the College so far as it can be estimated at this date, will more than balance expenditure, although a considerable sum has been spent on improvements.

We had hoped to see the debt on the College building completely removed this year. This has not been done, but \$2,500 has been paid on it and it now stands at \$7,500. Except in a few cases no appeal had been made outside the City of Ottawa.

There is one thing to which the Board would call special attention. This College belonging as it does to the Presbyterian Church should, we think, receive more patronage from the members of the Church than it does. It is fully recognized that it gives an education, to say the least, as valued and as thorough as any institution of the kind in the Dominion:

Its staff is one of high professional standing, of well-tested efficiency, and of superior moral and religious tone.

The members of our Church in sending their daughters from home to a residential school for education should take careful note of the religious and moral influence under which they are placed and should prefer those that are in accord with their own ideas.

Presbyterian parents can without hesitation entrust their daughters to the instruction discipline and moral and social influences of their own college.

The training given in the college has for its aim the development of its pupils into strong, attractive, intelligent womanhood and fitting them for service in home, social and church life.

The Rev. Dr. Armstrong, who resigned his charge in September last to give his undivided attention to the College will always be pleased to give any information that may be desired in regard to the College and its courses of study.

W. D. ARMSTRONG,
President.

G. L. ORME,
Secretary.

REPORT OF THE BOARD OF MANAGEMENT OF THE CHURCH AND MANSE BUILDING FUND OF THE PRESBYTERIAN CHURCH IN CANADA, FOR MANITOBA AND THE NORTH-WEST, FOR THE YEAR ENDING FEBRUARY 28TH, 1910.

To the Venerable the General Assembly:—

During the year which closed on the 28th of February last the Board granted thirty-two applications; eight for grants and twenty-four for loans; three to help build manses and twenty-nine churches. The total estimated cost of these buildings to erect which help is asked is \$35,075 00, the amount promised by the Board as loans \$9,875 00 and as grants \$1,550 00; so that the congregations erecting the buildings proposed to supply three-fourths of the cost and asked the Board to furnish one-fourth. Now, as ultimately six-sevenths of the amount supplied by the Board will be returned with interest, the cost to the Church as a whole of having these buildings erected is very small.

The Board regrets that it has been constrained to cancel the indebtedness of congregations to the amount of \$1,155.00 of principal and \$668.63 of interest. With one exception the indebtedness thus cancelled is on loans dating from the early years of the existence of the Building Fund. Notwithstanding that this is an unusually large sum for one year it is satisfactory to know that after deducting the grants, the indebtedness of congregations that has been cancelled, and all expenses from the interest paid to the Fund during the year, there is a balance left to be added to the capital.

The Board reported last year that it had, since it was first organized, helped in the erection of seven hundred and sixty-nine church buildings. During the year which has just closed twenty-nine were added to this number raising it to seven hundred and ninety-eight. Of those helped, six received grants and twenty-three loans.

The Board's inability a year ago to provide funds to meet the needs of the congregations desiring to build, undoubtedly discouraged congregations from making applications for loans this year and also from building. Further, it compelled the Board to reduce the amount of loan to be made on one building from \$1,000.00 to, at first, \$750.00 and ultimately to \$500.00. This step in turn led many congregations that would, in former years, have applied to the Board for loans, to borrow elsewhere, or to postpone building for a season. That the Board should be able to make larger loans in some cases than it is at present doing is very desirable; and yet the congregations erecting the more costly buildings are in a much better position to negotiate for a loan with the ordinary companies than those erecting small and cheap buildings. The Board is so thoroughly convinced of this that it readily makes a loan on a building costing less than \$2,500.00 and rather insists on those building at a cost of \$3,000.00 or upwards to finance the building without its help.

The balance on hand at present, as will be seen by the accompanying financial statement, is somewhat large. The receipts from loans on churches and manses, the only source of revenue the Board now has, save a small sum received from the Bank as interest on deposits, is the largest on record; and probably almost as large as under the most favourable circumstances it will in the future receive until the capital of the Fund is in-

creased. The need for church buildings, especially manses, in the newer west, is growing rapidly. Hence it is all but certain that the number of applications during the year just begun will greatly exceed that of the year under review; and that the Board will report a smaller balance on hand to the Assembly next year.

All of which is respectfully submitted.

JUDGE MYERS, Chairman.

JAMES FARQUHARSON, Secretary-Treasurer.

REPORT OF THE AGED AND INFIRM MINISTERS' FUND, FOR THE YEAR ENDING FEBRUARY 28TH, 1910.

To the Venerable the General Assembly:

The Committee begs to submit their Report, together with the usual Financial Statements.

In the preparation of the Ordinary Fund Account, it was thought expedient to present the items in their relation to the two former sections in such manner, that, any person wishing to know the relation of outgo to income in each section, may be able to inform himself from the account itself. Treating the Ordinary Fund without regard to sections, the income was sufficient to pay Annuities in full and meet all other obligations, and leave a substantial balance of \$5,853.30. From this, however, must be deducted the sum of \$4,450.45, the amount of Ministers' Rates in the West Section, the other income from that Section having been more than sufficient to pay the Annuities and other charges, and, therefore, under the Rules, this sum is added to capital, making the net surplus \$1,402.85. Dealing with the income and expenditure under the former Eastern and Western Divisions, the income from all sources, from the East Section, including a share of the amount received from the Hymnal Committee, divided on the basis of one-fourth and three-fourths, was \$7,420.70, while the outgo for Annuities, share of expenses of Dr. McCurdy's office and rates repaid, was \$7,923.37, causing an indebtedness of \$502.67 for the year, which, with the debit balance at the end of the previous year, namely, \$2,222.27, makes the total debit \$2,724.94. The income from the West Section, exclusive of Ministers' Rates, was \$27,249.20 while the expenditure, which includes all the charges for general expenses, was \$25,344.12, leaving a balance for the year of \$1,905.08, which allowed the entire amount of Ministers' Rates to be added to capital. As compared with the previous year the West Section shows an increase in Congregational contributions of \$15.28, and a decrease in Ministers' Rates of \$214.65, and in interest of \$460.11. In the East Section, there is a decrease in Congregational contributions of \$78.11, with an increase in Ministers' Rates, of \$81.45, and in interest of \$181.64. It will be seen that there is abundant room, in both sections, for greater liberality on the part of Congregations of the Church, and the Committee would earnestly press upon the friends in both Sections, and perhaps more especially in the East Section, the necessity to bring the claims of the Fund before Congregations with greater earnestness.

With regard to the Ordinary Fund, in view of the particulars given in the first paragraph of the report, it is probably not necessary to make remark, more than to explain that the less satisfactory condition of the Eastern Branch arises, in part at least, from the increase in the amount of Annuities paid as compared with the previous year, being \$1,009.89 more than in that year. It is also quite probable that the strong appeals on behalf of another important fund that was considerably behind, may have prevented the presentation of the claims of this fund during the past year. The Committee trusts that during the present year this will be remedied, and that more satisfactory results will appear in the next report.

With regard to the West Section, while the condition of the Fund for the past year is satisfactory, there is an absolute necessity to strengthen the fund, in view of what is more than a possibility, owing to the hardships attending Ministerial work in the West and in New Ontario; as these will almost certainly lead to the breaking down of the men and render retirement necessary, it may be, long before reaching the age of seventy. The Committee therefore earnestly pleads that everywhere a deeper interest may be stimulated in all Congregations, and that contributions will be increased, so that the annuities may be maintained, and the capital, in both sections, built up. The Ministers of our Church have a right, in view of the comparatively small stipends received in the large majority of cases, to look forward to a reasonable maintenance, when active work becomes no longer possible.

THE ENDOWMENT—WESTERN SECTION.

It will be pleasing to observe that the Endowment has passed the quarter of a million stage, and now stands at the sum of \$256,172.19. While it is now a respectable amount, there is need for further growth. Ministers everywhere should encourage those in the Church, who are able—and there are many such—not only to contribute during their lifetime, but, when leaving money under their Will to religious and benevolent objects, to remember the old Ministers, to whom the country owes a large debt for what they have done to help make what is the best in it to-day.

ANNUITANTS AND ANNUITIES.

122 Annuityants drew benefit from the Fund last year, 94 in the West Section and 28 in the East Section, being three less in the West than in the previous year, and an increase of one in the East.

The following brethren, whose names appear in the list of Annuityants, have fallen asleep and have gone to be with the Lord:

John Fotheringham, J. B. Duncan, Wm. Gregg, D.D., D. Forrest, R. Hamilton, D.D., D. Macrae, D.D., D. B. Macdonald and M. C. Cameron, B.D., in the Western Section and H. Crawford in the Eastern Section.

It may be of interest to note that, in the case of Rev. John Fotheringham, whose death during the past year has been already noted, his name appears in the List of Annuitants in the year 1873, in which year the list of Annuities paid was first published.

The Convener wishes to explain with regard to the case of Dr. Herdman, whose name appears as an Annuitant, though he had not been formally retired, that as his case appeared to have been overlooked, and was one calling for special consideration, he assumed the responsibility of placing him on the list as soon as the regular papers were received. He also desires to explain in regard to the case of the Rev. Dr. T. F. Fotheringham, who is now living in California, and engaged in Mission work there, for which he receives remuneration, but of limited amount, that his case called for consideration, and he had, after consultation with Dr. Somerville, agreed to allow half annuity while so employed. The Committee has had the action taken in these two cases under consideration and expressed approval.

SPECIAL GRANTS.

The case of the Rev. W. M. Reid, who, on account of ill health, was placed on the Fund for one year by the last Assembly, has again been before the Committee, and in view of the continued ill health, the Committee recommends that he be continued for another year, and that a special grant of \$65 be made, as was done last year, making the annuity \$200.00.

The case of Rev. D. Henderson, of Chatham, N.B., who went on the Fund as an Annuitant in 1908, has had the special consideration of the Committee, and, in view of his serious physical condition, it is recommended that he be allowed a special grant of \$100 for the year beginning with April first of this year.

THE STATUS OF MINISTER EVANGELISTS AND THEIR RELATION TO THE FUND.

The Committee in its Report to the Assembly last year brought this question forward and asked for a deliverance by the Assembly, but so far as the Committee is aware, the Assembly did not give it any consideration. The Committee has received further correspondence in regard to the matter, as well as a formal deliverance by the Presbytery of Edmonton, with recommendations as follows:

RE AGED AND INFIRM MINISTERS' FUND.

"It having been pointed out that there were obstacles to ministers having the status of Minister Evangelists sharing in the benefits of the Aged and Infirm Ministers' Fund, the Rev. C. A. Myers moved, Rev. Dr. McQueen seconded,—That whereas ordained Minister Evangelists are ineligible for connection with the Aged and Infirm Ministers' and Widows' and Orphans' Funds until they shall have obtained the full status of the Ministry after serving four years in Mission work after Ordination, and whereas, according to the letter of the present regulations, they are therefore prohibited from ever uniting with these funds.

"And whereas there is some doubt as to whether the years spent in probation after ordination would be reckoned in computing the future claims of Minister Evangelists upon the said funds if admitted after obtaining full status.

"We would request the Assembly's Committee on Aged and Infirm Ministers' and Widows' and Orphans' Funds to consider the advisability of so changing the regulations as to admit of Minister Evangelists connecting themselves with said Funds within nine months after they shall have been admitted by the Assembly to full status, and we would heartily recommend that the Committees should, in computing the future claims of such labour, reckon the time of service from date of ordination."

The Committee is of the opinion that it is in the best interests of the Home Mission Work, that careful consideration should be given by the Assembly to the question, and

such reasonable deliverance reached as will afford encouragement to a class of Ministerial workers greatly needed if the work, lying to the hands of the Church, is to be overtaken in the meantime.

The Committee recommends accordingly.

ACTION OF THE SYNOD OF MONTREAL AND OTTAWA.

The Committee has had formally transmitted to it the following Minute passed by the Synod of Montreal and Ottawa:

"That the Synod of Montreal and Ottawa urgently advocates the placing of the fund for Aged and Infirm Ministers upon a footing which will secure for it increased efficiency; sanctions an equitable and adequate apportionment with a view to the improvement of the fund, and hopes that the new interest awakened through the Laymen's Missionary Movement may be manifested by increased consideration and tangible assistance for the aged ministers of the Church."

The members of the Committee are in entire sympathy with the object and spirit of this resolution and heartily join in the hope expressed for a more adequate support of the aged Ministers of our Church.

APPLICATIONS FOR LEAVE TO RETIRE.

Applications for leave to retire and be placed on the Fund for benefit have been received from the following Ministers:

NAME.	PRESBYTERY.	AGE.	YEARS OF SERVICE IN CANADIAN CHURCH.	REASONS FOR RETIRING.
J. C. Herdman, D.D.	Calgary	54	30 years	Ill health.

A. McLean Sinclair	Pictou	70	40 "	Age.
F. Ballantyne	London	63	31 " 4 mos	Infirmity.

The Committee recommends that all be permitted to retire from the active duties of the Ministry and be placed on the Fund for benefit, the same to commence from the following dates:

Dr. Herdman from June 1st, 1909.

Messrs. Heine, Mitchell, Nichol and Dewey from the date of actual retirement.

Dr. Battisby from December 1st, 1909.

Mr. Panton from March 1st, 1910.

Messrs. Crozier, McRae, Macdonald, Oswald, Anderson, Layton, Bearisto, and Sinclair from April 1st, 1910; Ballantyne from May 1st, 1910. The case of Mr. Oswald is subject to completion of regular papers.

Messrs. Panton, McRae and Bearisto, not having paid rates, will only rank for one-third of full annuity.

The Committee has also had under consideration the case of Rev. James Anderson, who has laboured in both sections of the Church, and is now in California in circumstances calling for consideration.

It was not possible to decide what course is best to pursue in his case, and, meanwhile, it has been suggested to him to ask for leave to retire, through the Algoma Presbytery, where he last laboured.

The case was left in the hands of the Convener to take such action as, in his judgment, the circumstances call for.

The Committee expresses its sincere thanks to the Hymnal Committee for the generous contribution made to the Fund.

Respectfully submitted,

The Committee expresses its sincere thanks to the Hymnal Committee for the generous contribution made to the Fund.

Respectfully submitted,

J. K. MACDONALD,

Convener

MINISTERS' WIDOW'S AND ORPHANS' FUND, WESTERN SECTION.

To the Venerable the General Assembly:

Your Committee on the Ministers' Widows' and Orphans' Fund would respectfully present their report and Financial Statement to the General Assembly for the year ending March 31st, 1910

We are pleased to be able to report that the revenue for the past year was \$28,409.69, an increase of \$1,300 over the preceding year. Your Committee has paid the annuity of \$150 and the usual allowance to children under eighteen, to the widows on the list, and added \$6,000 to capital account. Your Committee would have been pleased to increase the annuity but the report of the actuary who was engaged to make an investigation showed that it was absolutely necessary to strengthen the fund by increasing the capital. It was, therefore, deemed wise not to increase the annuity, but to help to make it certain that even the present annuity could be maintained. The General Assembly a year ago adopted the report which was presented and gave its sanction to the new table of rates which had been before the Church for a year, and had been considered by Presbyteries. This new scale provided for any minister up to the age of fifty-two years connecting with the fund, provided he could pass a satisfactory medical examination. The regulations were, therefore, revised, and brought into conformity with the new provisions, and a copy sent to every minister of the Church. As a result, twenty-five ministers have united with the fund during the year, making a total of four hundred and nineteen now in connection with it.

The following widows have passed to their rest during the year: Mrs. Anne MacLachlan; Mrs. Margery McLaren, Mrs. Amelia McMechan, and Mrs. A. M. Proudfoot, and six new names have been added to the list, viz.:—Mrs. Anderson, Mrs. Phoebe Gregg, Mrs. E. C. McKibbin, Mrs. Anna Millican, Mrs. D. B. MacDonald, and Mrs. Margery McLaren. RECOMMENDATION.

All of which is respectfully submitted.

REPORT OF THE COMMITTEE OF THE MINISTERS' WIDOWS' AND ORPHANS' FUND.

The assets of the fund at date are \$189,698.55, as against \$179,769.38 reported last year, showing an increase of \$9,929.17

The amount of receipts during the year is the highest ever received from ordinary sources, though nothing has been received from the Hymnal Committee, and congregational collections show only a slight increase. Only about eighty congregations have contributed during the year, and the amounts given have been comparatively small. The constitution of the fund being what it is, the Committee make no complaint of this last, and are grateful for the interest shown in the fund, but they think the area of contributions might be considerably extended

They desire thankfully to record the receipt of a legacy of \$300.00 from the late Mrs. Margaret Speed, an example which might well be more generally followed.

Since last reporting the following brethren have connected themselves with the fund:—In Class I., Mr. A. D. MacKinnon, Waterville, N.S.; in Class II., Messrs. D. Lang, St. Andrew's Church, St. John, N.B.; J. A. Scrimgeour, Trinidad; E. H. Ramsay, Knox Church, Amherst, N.S.; L. B. Gibson, St. Stephen's, N.B.; W. S. Galbraith, Leitch's Creek, C.B.

The number of widows in receipt of annuity is twenty-one, and of orphans eight

The list of annuitants is as follows:—

REPORT OF COMMITTEE ON CHURCH LIFE AND WORK.

To the Venerable the General Assembly:—

Your Committee on Church Life and Work submits the following report:

No greater problems can confront the Church than those which are connected with its life and work. It requires little skill to tabulate results financially and numerically. It is not so easy to ask such questions as will reveal in the answers the real state of the Life and Work of the Church. Such was the aim of the Committee this year in so far as "the congregation" is concerned. Although the convener has not been called, as far as he knows, an inquisitor or other names this year, yet there seems to be an unwillingness on the part of so many sessions to pass under review the work of the congregation, that many presbytery reports come to hand so meagre and sapless that were it not for the splendid reports from such presbyteries as Huron, Maitland, Quebec, Brockville, Stratford, McLeod, Rock Lake and some others your convener would have to make his bricks without straw. Surely Brockville is right: "The enquiry into the Church Life and Work is our one and chief and all-important enquiry, other questions are but side issues." The questions sent down to sessions in October deal with "The Congregation" under the following heads:—

Ordinary Church Services.
Systematic Beneficence.
Evangelism.
Addenda.

I. ORDINARY CHURCH SERVICES.

Under Ordinary Church Services, questions are asked concerning Sunday and Week day services, including the Prayer Meeting, Preparatory Service, Young People's Society and Men's organizations. The reports show that on the whole the old gospel has lost none of its attractive power as preached from our pulpits. In some communities as high as ninety per cent. attend fairly regular, while in others there are fully fifty per cent. of the people who absent themselves from the House of God. The most optimistic report makes it plain that the non-church goer is a type to be found in every community. The causes do not seem to be those over which the people have no control. In most cases the things that hinder seem to be on the decrease. The outstanding causes are "carelessness," "indifference," "late hours Saturday night," "old habits of long standing." How necessary that the message of the pulpit should be earnest and soul-inspiring and the work of the pew aggressive in bringing in those who are without. Amid the changing customs of our transitional age it is a matter for deep thankfulness that the joy of beholding the beauty of the Lord and enquiring in His Temple are among the things that abide. It is quite evident "the family" is not regarded as the unit it was a quarter of a century ago, though the cheery note comes from many presbyteries that family attendance is still a feature of Sunday service, especially in rural congregations, yet even there the lament is made that heresies are at work, chief among which is the "single rig," while in city congregations the too frequent absence of parents allows the children to sit where they like and very often advantage is taken to sit in other churches, in other people's pews, or to tramp the streets. Nothing sensational is reported as being resorted to to attract the children to church. The usual methods of "sermonettes," "hymns," "occasional services," "marking attendance," are followed with varying degrees of success.

Not very eagerly do presbyteries take up with new things in Church work, so that it is not to be wondered at that the *Adult Bible Class* in its organized condition has not been received with open arms. Where it has been honestly tried the results are good in interesting parents, in providing teachers, in keeping grown-up boys in the school and in stimulating Bible study among men. In several congregations it has taken the place of the Young People's Society and seems to be doing more practical work. Its success where an honest effort has been made ought to inspire the rest of us to find out for ourselves its possibilities.

WEEK DAY.

The Apostle Peter wanted to remain on the Mount; Jesus bade him go to the plain. Leaving the mount of ordinances for the week's activities let us seek to ascertain what effect the Sunday service has on our week day services and work?

The first question deals with the "prayer meeting." It is somewhat surprising to learn that there are so many congregations where no prayer meeting is held; in more it is held but it counts for little; in some the Young People's Society has been merged into it; while in a few cases it is represented as a meeting of real helpfulness due very largely to the amount of work put into it by the minister and people. Where it is of little value the causes assigned are: "Lack of faith in prayer and lack of sense of real need." One presbytery says: "If the prayer meeting is the lungs of the Church then the Church is in the advanced stages of consumption;" "a day of humiliation is required;" while another makes bold to say, "the problem of the prayer meeting has awakened much interest and these searchings of heart have led, in some cases, to quickened zeal, sanctified experimenting and gratifying results." The reports show very clearly that the prayer meeting is not deemed an important factor in the spiritual life of many congregations; no one, however, admits it is a heartbreak, no one is entirely satisfied with it. There is little desire to change it yet all think there is something wrong. Winnipeg thus sums it up—"The prayer meeting is not the index of the spiritual life of the people; active service is. Many of our best people who go about doing good are never found at prayer meeting. For the sake of those people who like it and need it, it ought to be made bright and helpful."

YOUNG PEOPLE'S SOCIETY

If one is to judge by the names given, there is a great lack of unity in Young People's work. There may be unity of effort under various titles but it seems a pity that the names given to the Young People's work should resemble Joseph's coat as far as variety is concerned. While some reports are roseate concerning this department, yet from the many comes a wail. In many congregations there is no Young People's organization. In presbyteries where the Christian Endeavour once flourished it is now a dry and withered thing. While the reports leave much unsaid as to the extent in which the rising manhood and womanhood are fulfilling their Christian possibilities to themselves, the Church and the community, yet, as one report states, there is still a good deal of work being done among the young and many of them are finding the Saviour to be their guide and friend. If organized effort among young people is a failure at present then one presbytery's remark has some significance. We have done something when we have realized our failure.

PREPARATORY SERVICE.

There is perhaps more unanimity and enthusiasm regarding this service than any other of the week day services. While there are some dirges sung by sessions whose experience leads them to believe that the people think there is no need of attending any other than the Sunday service, yet the majority believe the preparatory service is a factor in the way of true preparation that the Church cannot do without, and there is no desire on the part of the people as a whole, to dispense with it. Many find it good to meet every night the week preceding Communion Sunday, thus preparing the hearts of the people for that examination enjoined by the Master before "doing this in remembrance of me."

BROTHERHOOD.

The Brotherhood, like the Adult Bible Class, has not fastened its roots in our Church as yet, and unless some presbyteries change their minds it will not be allowed to do so. While bemoaning the fact that the men are handed over to the tender mercies of the orange, blue and other coloured lodges, and the growing tendency to indifference, pleasure seeking and shirking responsibility, many congregations can see no need for any organized effort to draw out the activities of the men. Many are crying out against organization, forgetting that the Brotherhood's aim is rather to unify the forces now in existence and to make them more helpful. Nearly all praise the good work done by the women. One report says the men and women are equally active, but does not say how active the women are. In many, the reports show the men's activities are mostly called out in attending lodge meetings, skating and curling in the winter, and outdoor sports and lounging in the summer.

SYSTEMATIC BENEFICENCE.

It is quite evident the weekly envelope for ordinary revenue has secured a good grip of many congregations and the results are gratifying. Where it is used for missions the reports are loud in their praises, some claiming an increase of four hundred per cent., but it is making its way slowly in city churches and has been put under the ban in many of the rural congregations whose conservatism makes them believe it is not feasible. "Use and wont" is a wonderfully powerful weapon in the hands of some staid congregations. Many there are who believe Paul is thoroughly orthodox in his teaching, except in the method advocated concerning giving,—"lay by on the first day of the week as the Lord has prospered you." One presbytery sums up the opposition to weekly giving in "want of money and want of system." The report from the Synod of Hamilton and London says: "A pickpocket would do some business in the rich congregations though some reports show that in this twentieth century the farmers have no money to bring each Lord's day as an offering to God's house, though one county is still flowing with milk and another with oil, yet he who would steal his neighbour's purse on the Sabbath would be stealing trash." What a pity that all our congregations could not be induced to adopt a system that has no place for the painful drudgery imposed on innocent collectors and that more than any other secures promptness and stimulates the grace of liberality.

Taking into account the material prosperity of your people would you say their spiritual life was in a healthy condition judged by their giving? The answers received range from a pessimistic negative to an optimistic affirmative. Many treated this question like the priest and Levite treated the man who fell among thieves; they passed it by, while others found it difficult, on this diagnosis, to give a certificate of good health. One report says in many instances much self-denial is involved both in time and money, which is a fair test that spiritual life is in a wholesome condition; while another would be sorry to judge the spiritual life of their people simply from their givings for the session feels the congregation as a whole lacks the outlook upon the world and the cause of Christianity that would call them to the full measure of their duty in this respect. The consensus of opinion seems to be that generosity to missions has not increased with prosperity in due proportion.

Where the Laymen's Missionary Movement has touched most closely the results in deepened spiritual life and increased giving are most marked.

EVANGELISM.

In not a few congregations evangelistic services have been held during the year with varying testimonies. On the whole the results were gratifying; the ideal seems to be where every pastor is his own evangelist, help, however, has been received in many instances from brother ministers. In very few cases has the Professional Evangelist been made use of. Only a few presbyteries experienced the simultaneous campaign, and where this was entered upon after much prayer and preparation and the work followed up by wise and judicious methods, the results have been most gratifying. Such a campaign cannot be carried on with satisfactory results just by the mere wish of a few or because some

other pastor reaped a rich harvest, yet, as one presbytery records, the need is apparent, the stillness of death is in the atmosphere, our dry bones need a great shaking.

PERSONAL EFFORTS.

One of the great advantages of such a campaign is the remedying of the condition of affairs brought out by this question: Do the people feel the responsibility of personal effort in winning souls for the Master? The answers to which reveal that the people very largely regard this as the minister's duty and privilege, and the statistics of our Church bear this out, for it required twenty church members the whole of last year to bring one soul into the Kingdom. Surely the Church has a distance yet to travel before the winning of souls becomes the prevailing spirit of Christ's professing people. What a field is ours and how ripe is the harvest, the number of non-church goers in every community shows, for the reports state that in all congregations there are some outside the Church, and in some cases very many, yet there is no organized effort being made to reach them. Why should the Church fail in reaching the lapsed and in gathering them to her fold? Is it because of her lack of adaptability or consecration that the non-church goers are deprived of the blessings which accrue to Christian fellowship? If the Church is not suited to meet the condition of the careless which are found at her door, should she not strive to adapt herself to their wants? If she lacks consecration should she not get on her knees and pray till God thoroughly fits her for his great work of redemption?

ADDENDA.

Under Addenda an opportunity was given sessions to dilate upon the strength and weakness of their congregations, and to set forth some of the present tendencies in church work. The weaknesses reported may be gathered up under "worldliness," "pleasure seeking," "lack of enthusiasm, of interest in spiritual life, of social spirit, of leaders and workers, of personal responsibility," "unwillingness to take part in public devotion, to assume responsibility in the master's work." A serious lack of spirituality colours every report from some presbyteries, which issues in neglect of prayer, lack of vital Godliness and growing demand for pleasure.

While the strength lies in loyalty, which is the key-word in every report, loyalty to Christ, to the Church, and the word of God, while others see this loyalty manifested in the educational and philanthropic side of church work to the detriment of the spiritual. With such loyalty what cannot be done in the way of aggressive Christian activities.

Some of the tendencies are reported as follows:—

"Too highly organized and too much dependence on it."

"More attention to the sermon on the Mount and less to ecclesiastical dogma."

"To love our congregation more than our church." "Accepting religion as a form, not a life; a code of morals, not a new creation." "Little sense of sin against God; desire to interpret life and duty from public opinion rather than from God's word and will." "The choir more popular than the minister and the old Athenian trouble to hear something new." "Widening of the Church's horizon and known obligation."

From these it will be seen that some of us are optimistic and some are pessimistic in regard to present tendencies.

In summing up this report we may use the words of one presbytery convenor for the larger field: "There is no spirit of contentment with present attainment," while the loyalty and strength of our various congregations furnish cause for joy there is much felt and admitted weakness, a yearning for better things, a call for calm, sober reflection, for renewed earnest effort."

The Church has many problems to solve; she has great undeveloped resources and unutilized energies. How to use it for God and His glory in the saving of men and women is our problem; but its solution means the enrichment of our Christian religion and the reward that is always theirs who overcome. Let us thank God and take courage.

RECOMMENDATIONS.

1. That inasmuch as the prayer meeting is in a special sense the people's meeting, and believing that however small its attendance may be it has its indispensable place in the life of the Church, our people be urged to feel their responsibility along with the minister for making it one of real helpfulness.
2. That systematic giving for ordinary revenue and missionary work be commended to all our people and, where practicable, the weekly offering for both be adopted.
3. That more efforts be put forth to enlist the men of our Church in more active work, whether through such agencies as the Laymen's Missionary Movement or Adult Bible Class or in any way it can be done.
4. That parents be urged to retain the custom of the "family pew," or to revive it where lost; and that ministers be urged to remember the lambs of their flock in some interesting way at the morning service especially.
5. That we express our gratitude to Almighty God for the hold the preparatory service still has on our people, and urge the necessity of making it more and more a season of true preparation of heart and life before each communion.
6. That the responsibility of winning the non-church ~~geers~~ to Christ be urged upon our people until they feel the burden of souls resting upon them.
7. That, while acknowledging with grateful hearts the manifold goodness of God in our Church Life and Work, we nevertheless feel that a fuller outpouring of the Divine Spirit and a deeper sense of consecration on the part of our people are needed for the the accomplishment of the great work before us.
8. That earnest prayer be offered to God for a work of grace in our beloved Zion which shall result in the quickening of spiritual life among Christians, and the winning of a larger number of souls for the Master.

Respectfully submitted.

A. E. MITCHELL,
Convener.

HAMILTON, April 18, 1910.

REPORT OF COMMITTEE ON SABBATH SCHOOLS.

To the Venerable the General Assembly:

Your Committee at its last annual meeting adopted a definite forward policy aiming at coming in touch with all the Sabbath School workers of our Church during the next three years, and also at organizing schools in every place where there are children to attend. In order to carry out this policy, all Synod Committees were guaranteed the necessary expenses for this work so far as the funds would permit.

It is, therefore, a very great pleasure to record the faithful and efficient services of Synod and Presbytery Sabbath School Committees throughout the Church, through whose loyal co-operation the results accomplished have very largely been made possible. No effort will be spared to develop this feature of our work yet more fully, as we believe that the Committees of our Church in Synods and Presbyteries are the proper channels through which instruction, guidance, and help should be provided for all the Sabbath School workers within their bounds, and that these Committees should accept full responsibility for these very important duties. The following statement will give some general idea of the methods of work adopted in the various Synods:

Synod of the Maritime Provinces: Rev. J. H. A. Anderson, St. John, N. B., Convener. During the past two years every Presbytery of this Synod has been visited, and series of Institutes held at convenient centres, within easy reach of almost all the Sabbath School workers. Representatives of your Committee took part in all these meetings, along with the Synod and Presbytery Sabbath School Conveners, and had thus an excellent opportunity of learning at first hand of the splendid force of Sabbath School workers in this Synod. Several Presbyteries will continue this work during the present year, aiming so far as possible to reach the schools which were not touched in the previous series.

Synod of Montreal and Ottawa: Rev. Orr Bennett, Almonte, Ontario, Convener. Different arrangements were made by the several Presbyteries. The Presbytery of Quebec had a field worker, Mr. A. G. Howat, of Montreal College, who visited most of the schools in the rural districts. The Presbytery of Montreal continued its plan of having rural schools visited by volunteers from the city schools. The Presbytery of Ottawa had a series of Institutes reaching all the city schools, and a visitation of a considerable number of the rural schools. Arrangements are now under way for some definite work in each Presbytery during the current year.

Synod of Toronto and Kingston: Rev. T. H. Rogers, East Toronto, Convener. The following statement is taken from their report to Synod: "During the past year Mr. C. F. McIntosh, M.A., of Knox College, spent six months, April to September, as Synod Field Secretary, visiting the Presbyteries of Saugeen, Barrie, North Bay, and Temiskaming, and holding conferences with the Sabbath Schools workers in almost all the schools of these Presbyteries. Everywhere his visits were much appreciated, and your Committee believe that much good has been done in this way. For this year arrangements have been made with Mr. E. R. McLean, B.A., of Knox College, to continue this work in the Presbyteries of Lindsay, and Kingston, and other Presbyteries as time may permit."

Synod of Hamilton and London: Rev. J. W. McIntosh, Mitchell, Ontario, Convener. The Sabbath School Committee last year definitely adopted the policy of aiming to reach and help all the Sabbath Schools in the Synod in the next three years. During the past year more than one third of this work has been overtaken, and it is being enthusiastically promoted by Synod and Presbytery Conveners.

Synod of Manitoba: Rev. J. W. Little, Elgin, Man., Convener. Exceptionally good work has been done by Synod and Presbytery Conveners, who have given considerable time to a personal visitation of schools in which the introduction of the best methods of work was urged upon officers and teachers. A similar visitation will be continued during the current year, under the immediate direction of the Synod Convener.

Synod of Saskatchewan: Rev. James Russell, Wolseley, Sask., Convener. During the summer of 1909 a thorough visitation of schools was carried out by Mr. W. A. Cameron, B.A., of Knox College, who gave six months to this work. Arrangements have been made for two months' work by the General Secretary in the northern part of the Synod during the summer of 1910. The Synod and Presbytery Conveners will do similar work in other Presbyteries.

Synod of Alberta: Rev. A. D. Archibald, Ponoka, Alta., Convener. The year given by the Synod Convener to personal supervision of Sabbath School work has been of the greatest value in securing better organization in each Presbytery. For the present summer it has been arranged to employ Mr. J. B. Ritchie, B.A., of Manitoba College, to visit several Presbyteries where there is a very rapid increase of settlers, to organize schools wherever possible throughout these districts.

Synod of British Columbia: Rev. R. J. Wilson, Vancouver, B.C., Convener. All the Presbyteries of this Synod have been visited during the past year. Kootenay by the General Secretary, Kamloops by the Presbytery Convener, and Westminster and Victoria by Mr. C. B. Kerr, B.A., of Westminster Hall, who was employed for six months, October to April, as Synod Sabbath School Field Worker. Plans are being made for following up this work during the current year.

SPECIAL HELP FOR SCHOOLS.

In all the work as outlined above, careful attention has been given to organizing new schools, and strengthening those that were weak. During the past year, one hundred and ninety-two schools were provided with Lesson Helps and Illustrated Papers at a cost of \$534.00 paid from Children's Day Fund. Most of these were newly organized schools in the West, which are in this way being helped to self-support. In this connection it is gratifying to note that the number of Presbyterian Sabbath Schools west of Lake Superior has increased by about two hundred and forty in the last two years.

The grant of \$350.00 has been continued for the publication of "Le Rayon de Soleil" in order that the French Protestant children under the care of our Church may have a Sabbath School publication in their own language at a merely nominal cost.

Something has also been done toward providing suitable literature for the Ruthenian children in the West, and your Committee is carefully considering the best plans for extending this work in the immediate future.

SPECIAL HELP FOR TEACHERS.

A "Canadian First Standard Teacher Training Course" which was referred to in this report two years ago, has now been completed. The books of this course have been prepared by common action of the Sabbath School Committees of the larger denominations in Canada, and of several of the Provincial Sabbath School Associations, all of whom it is hoped may ultimately adopt them as their own. This course has been formally and heartily endorsed by your Committee, as being admirably suited for its intended purpose as an elementary Course in Teacher Training. It consists of the following five text-books of thirty-two pages each, sold by our Sabbath School Publications' Committee, at five cents each, post paid. "The Old Testament" by Rev. Professor J. F. McLaughlin, Toronto, "The New Testament," by Rev. Professor J. W. Falconer, Halifax, "The Teacher" by Principal W. E. Groves, Toronto, "The Pupil" by Principal W. A. McIntyre, Winnipeg, and "The School" by Sabbath School Secretary, J. A. Jackson, Toronto.

Our own Teacher Training Course will now rank as an "Advanced Standard Course," and with the addition in the very near future of a text-book on "Church History" and one on "Missions" it should continue to occupy an ever enlarging sphere of usefulness in increasing the efficiency of our Sabbath School officers and teachers. Arrangements have been made for examinations on both of these courses at the end of each quarter.

OTHER SPECIAL FEATURES.

The "Patriotic Service" for the last Sunday in June and the "Children's Day Service" for the last Sunday in September have been continued as in previous years. The former is sold at cost to any schools desiring to use this service, and the latter is sent free to all schools with the request that a special offering be taken on that day for the promotion of the Sabbath School work of our Church.

The Organized Bible Class work has developed rapidly during the year. "The Bible Class Magazine" provided by our Sabbath School Publications' Committee has helped very materially both in creating an interest in and in meeting the needs of this department. The Charter Certificate prepared by your Committee for Organized classes has also been very favourably received.

An effort has been made to secure some definite statement as to the number of Chinese in Canada receiving religious instruction under the care of our Church, but the returns are incomplete. It is, however, a conservative estimate that there are more than twelve hundred attending special Sabbath School classes with about an equal number of officers and teachers.

THE OUTLOOK.

While the steady increase in the enrolment is satisfactory, it is quite evident that much remains to be done, since this increase represents less than our proportionate increase of the population in the larger cities, and in the Western Provinces. It is only by ceaseless vigilance that we can hope to reach all those who should be enrolled in our Sabbath Schools, and the urgency of this feature of our work is the more apparent when we realize that the children who are not reached by the Sabbath School are most likely not receiving any other religious instruction whatever.

But while special efforts to increase the enrolment can never be neglected, it would seem that the time has now fully come for a more determined effort to increase the efficiency of our Schools. In this connection your Committee notes with pleasure the steadily increasing prominence being given to this department of work in our Theological Colleges. The minister must always be the leader in any plans for improving the standard of religious education in his congregation. The officers and teachers of the Sabbath School will appreciate very much his guidance and help in all matters requiring careful consideration, such as the introduction of teacher training, graded courses of lessons, suitable books for the library, etc., and they will gladly respond to any wise suggestions looking to a higher standard of efficiency. What has been accomplished through the Sabbath School in the past is an indication and a promise of far greater usefulness in the years to come, when its opportunities and its possibilities are more clearly recognized by all who share the responsibility for the religious education of those committed to the care of our Church.

SUMMARY OF STATISTICAL REPORT FOR 1909.

The total number of Schools reported for 1909 is 3,327 (2,909 Presbyterian, a gain of 136, and 418 Union, a gain of 37), making a total gain of 173 Schools.

1,890 Schools, a gain of 131, contributed to Children's Day Fund.		
1,102 Schools, a gain of 6, contributed to other Schemes of the Church.		

RECOMMENDATIONS.

1. That the General Assembly expresses its hearty appreciation of the faithful services of the officers and teachers of our Sabbath Schools.

2. Realizing that efficient teaching is a first essential in Sabbath School work, we earnestly request our ministers to accept the responsibility for establishing a Teacher Training Class in every congregation.

3. In view of the fact that the missionary enterprises of our Church present a supreme opportunity for service, we recommend that full and accurate instruction be given as to the necessities of our Mission work, and that its claims on the sympathy, prayer, liberality, and personal consecration of our children and youth be faithfully and lovingly presented.

4. That our Ministers, Parents, Superintendents and Teachers be affectionately urged to keep ever in view the paramount importance of winning the children for Christ, and of training them in His service.

Convener.

SYNOD OF SASKATCHEWAN.

240241

REPORT OF THE COMMITTEE ON YOUNG PEOPLE'S SOCIETIES.

To the Venerable the General Assembly:

DESIDERATA.

1. A vigorous organization campaign, so that the 30,000 young people who are not in societies may take their part with the 30,000 who are enrolled in them.
2. A campaign of missionary education.
3. Another missionary text-book. Probably the next book should deal with what may be called "Canadian Problems."
4. More articles in the religious papers on practical methods of work.
5. The formation of a Presbyterian Union in each Presbytery. At present there are only twelve or thirteen of these unions. Some of these have been exceedingly useful, and doubtless if others were organized they might render equally helpful service.
6. A series of lectures in each of the theological colleges. These lectures should deal mainly with the formation and maintenance of Young People's Societies, and a course should be delivered once in three years, so that no theological student could graduate without hearing something on this important branch of the Church's work.
7. The holding of a series of institutes extending over two or three days, in important centres, for the discussion of methods of work and study.
8. Two or three summer schools should be held to carry on, in a more comprehensive fashion, work similar to that undertaken in institutes.
9. A sermon at least once each year, from every pulpit, indicating the claims which the Church, and Christ as King and Head of the Church have upon young people, and how, and why, the young people should respond to these claims; also one offering per annum from each congregation, to be employed mainly in an educational propaganda.
10. Greater unity and cohesion among societies. Owing to the diversity of talents possessed by the members of our societies, and to the difference in their training, their surrounding, and their locations, it may not be possible to find one type of society which will meet the needs and conditions of all young people; but it does not appear to be necessary to have over twenty different forms of organization, as is the case to-day. Inasmuch as the Presbyterian Guild can be organized in one, or two, or three or in all four departments, it ought to be adapted to a great variety of conditions. Your committee believes that it would be a distinct advantage if societies for the most part, conformed to these three types—the Christian Endeavour, the Presbyterian Guild in one or more of its departments, and the Mission Study Class. Doubtless some young people are placed in exceptional circumstances, and they may require something which is not provided in these three types. But ordinarily, one or other of the three will suit the conditions.

The Church, following her present methods can scarcely hope to accomplish these things, but your committee believes that the time has come when she should seriously face the situation, and provide means to meet it adequately. The young people are too

valuable an asset to be neglected, and if your committee is right in its judgment as to what ought to be done, then no time should be lost, and no pains spared to win, and train and use them for Christ and the Church.

GENERAL SURVEY.

Notwithstanding the fact that so little is done to aid the young people, they have prosecuted their labours with a commendable degree of vigour, and with a goodly measure of success. In the Maritime Provinces the tide has turned, and the progress there is very gratifying. The number of societies now reporting is 164 as compared with 136 last year. The Synods of Saskatchewan and Alberta also show very considerable gains. The returns from the other Synods are not so satisfactory, though here and there in individual Presbyteries the work is being pushed forward with energy and enthusiasm. The total number of societies is somewhat larger than that reported last year. It cannot be denied, however, that, in a few Presbyteries, very little interest is taken in this department of the Church's work either by the young people themselves or by their pastors.

Unfortunately, during the past year there have been many changes in convenerships. Probably in no other year were there so many. Some of the new conveners took office about the time for the preparation of reports. They were thus sadly handicapped in their work, and the result is that the returns from several Presbyteries are very incomplete. Had it not been for this handicap the showing would have been considerably better than it is.

CANDIDATES FOR THE MINISTRY.

In view of the fact that the last Assembly appointed another committee to deal with the problem of securing candidates for the ministry, your committee did not deem it necessary to continue to work along the lines mentioned last year, but decided, instead, to offer to co-operate with the special committee in whatever way might be considered the best to further the objects aimed at.

OPINIONS OF PASTORS.

Only one pastor out of scores who have expressed their opinions has said a disparaging word regarding young people and their work. But another minister in the same Presbytery says:—"The society has proved an unspeakable blessing to the congregation. Interest in the work never ceases. We adopt everything helpful and in so doing, keep the work up. I consider my pastorate a failure if I should fail in keeping up my interest in Christian Endeavour work." Other ministers give such testimonies as the following:—"The society is the back-bone of the Church." "It is a splendid training for the young people themselves." "The interest is more with Church life and work and less with worldly amusements." "The society does a splendid practical work in visiting the sick, distributing flowers and holding cottage prayer meetings with those who are shut-in." "The missionary activities of the society are a great inspiration to the congregation." "The Guild is very helpful, looks after young people coming to the town, gets them acquainted, and brings them into touch with Church life." These quotations might be multiplied at great length, but perhaps enough have been given to indicate the mind of ministers respecting societies. Surely ministers who have not yet organized societies may well be encouraged to do so.

COURSES OF STUDY ADOPTED.

It is difficult to state exactly to that extent the courses of study prescribed by your committee have been adopted by societies. The question, "Have you adopted any of the courses of study prescribed by the Assembly's Committee?" is ignored by many secretaries, while others answer, "Yes, with modifications," or "partly." Two hundred and sixty-three answered the question in the affirmative.

The following are some of the courses followed when these prescribed by your committee are discarded:—Bible study in general, lecture courses, debates, addresses, biographical studies, the International S.S. Lessons, Isaiah, Life and Times of Christ, Life Problems in Y.M.C.A. course, Pilgrim's Progress, Uplift of China.

MISSION STUDY CLASSES.

The number of mission study classes is slightly larger than one year ago. This is a department of work which ought to be pushed more energetically than it is. Those who know the facts about missions will give the funds to missions. An enthusiasm for missions cannot be maintained without missionary education. Such excellent text-books and so many suggestive aids to study are now available that those who are really interested in promoting mission study need have little hesitation in forming a class. The influence of even one small class in a congregation is likely to be potent and far-reaching.

EVANGELISM AND YOUNG PEOPLE'S SOCIETIES.

As the Christian Endeavour Movement was originally the outcome of a revival, and as the first Presbyterian Christian Endeavor Society in Ontario was organized to meet the needs of young converts, your committee deemed it advisable, with a view to the formation of new societies, to work with the Committee on Evangelism. Accordingly a list of the Presbyteries contemplating evangelistic services was secured from the Committee on Evangelism, and a circular was sent to each minister in those Presbyteries, calling attention to the importance of organizing their young people, and especially the young converts, into societies where they would be given an opportunity of bearing public testimony for Christ, and engaging in Christian service. Your committee is pleased to report that as a result several new societies have been formed, but most of them were formed too late to be reported to this Assembly.

YOUNG PEOPLE'S DAY.

On Young People's Day an offering amounting to \$586.80 was contributed by 209 societies. It is a pleasure to note that the offering is increasing from year to year, \$421.30, being contributed last year, and \$324.25 the previous year.

CLASSIFICATION.

It is difficult and indeed, almost unnecessary, to make a complete classification. One new type had been added to the list of a score or more reported in previous years, viz., Knights of King Arthur. The Presbyterian Guild is slowly winning its way, there being now 217 Guilds as compared with 213 last year, and 197 the previous year. The Christian Endeavour still leads with 286 societies. It is a significant fact that usually the most satisfactory and encouraging work is being done in those Presbyteries in which the Guild and the Christian Endeavour largely predominate, and your committee is of the opinion that these two types will outlast the organizations which have temporarily supplanted them.

RECOMMENDATIONS.

1. That "Harvests in Many Lands" be again recommended as a suitable text-book for Mission Study Classes, Young People's Societies, and Missionary Associations generally.
2. That in order to conserve the results in congregations in which special evangelistic services may be held, the young people be organized, wherever practicable, into societies, where they may be trained in Christian service, and have an opportunity of bearing testimony for Christ.
3. That the committee be authorized to proceed with the publication of another missionary text-book provided satisfactory arrangements can be made.
4. That at least once a year, preferably on Young People's Day, every minister whether there is a society under his charge or not, be requested to call the attention of the young people to the claims which the Church has upon them; and that all societies be requested to take up an offering on that day for the work of the committee.
5. That a Presbyterial Union be formed wherever it is deemed practicable; and that where such Union does not exist, the Presbytery give a place on its docket, at least once a year, for the consideration and discussion of work among the young people.
6. That in view of the immense growth and the hopeful outlook of the Dominion and the supreme importance of holding the young people in living connection with the Church, your committee having studied the matter for years, is convinced that the future of this vital work depends on the appointment of a Field Secretary to organize and develop it, and recommends that such an appointment be now made.

Respectfully submitted,

Kingston, April, 1910.

W. S. MACTAVISH.

THE PRESBYTERIAN RECORD FOR 1909.

For itself, the RECORD can report a good year, with a larger issue than ever before.

It has not, however, accomplished for the Church what it might or should have done. It was established by the Assembly as a Monthly Bulletin through which the "Schemes" could be kept before the Church by those in charge of them, and who best know their needs. But it is seldom used for this purpose. There are important "Schemes" of the Church that have not had, in the RECORD, a presentation of their work by those in charge, for the past dozen or twenty years.

Statements and appeals are frequently made by Committees, but are usually issued as separate bulletins, or leaflets; with a distribution of five, ten, or twenty thousand copies, and at considerable cost; while in the Assembly's Bulletin, they would have an issue of more than sixty thousand copies, free of all cost; and then, if the excellence of any statement created a demand for more copies, it could be issued in leaflet form as a permanent addition to our Church Literature.

This matter does not materially affect the RECORD, except in lessening what it might accomplish for the Church, and in taking from it the interest and character and standing and position it would have, if it were used for the purpose for which the Assembly established it, and if people were accustomed to look to it, and to find in it, as is the case with other churches, the authoritative statements of the Assembly's Committees regarding their work.

As to whether it affects the "Schemes" for better or for worse, for Committees to issue special bulletins, at extra cost, with one-half to one-tenth the circulation; instead of using, free of all cost, the regular Monthly Bulletin established by the Assembly for this very purpose, and reaching from twice to ten times the number of readers, is for the Assembly itself to judge.

The regular issue has been sixty-two thousand copies monthly, a total of nearly forty millions of pages for the year. As in several other years a little of the working balance has been used in enlargement and extension.

Montreal, May 5th, 1910.

REPORT OF THE COMMITTEE OF SABBATH SCHOOL PUBLICATIONS, 1910.

To the Venerable the General Assembly:—

The premises at 60 Bond Street, into which the offices of the Committee were removed in April last, have proved thoroughly satisfactory, affording ample facilities for the carrying on of every part of the work.

To meet the rapid development of the Adult Bible Class movement, the BIBLE CLASS MAGAZINE, issued monthly, was begun with the New Year. It has met with a warm reception, and has already made a place for itself.

The total circulation of our eleven periodicals has now passed the quarter million mark, being 261,855, a net increase of 8,503 for the year.

By instruction of the General Assembly a Presbyterian Year Book for 1910 was issued, containing 96 pages of useful information. The Year Book has been well received, many congregations purchasing a sufficient number to provide each family in the congregation with a copy. It is the intention to continue this little manual year by year.

Dr. Tracy's Handbook on Sabbath School Methods and Organization has been rewritten and republished under the title of The Teacher and the School.

The First Standard Teacher Training Course, consisting of five 32-page booklets, and prepared by representatives of the principal denominations in Canada and of the various Provincial Sunday School Associations, has been issued. We have secured an imprint edition for our Church, so that the Church is now provided with a complete Teacher Training Course in both the First and the Advanced Standard Courses, thus standing alone amongst Canadian Churches in this regard.

The business of Contribution Envelopes has developed very rapidly, some 4,000,000 in all having been sent out during the twelve months. They have, however, been furnished so close to cost that the profit has been small.

In addition to Contribution Envelopes and a complete line of Weekly Offering and Duplex Records, etc., we now provide Communion Rolls, Baptismal Registers, Ministers' Records, Marriage and Baptism Certificates, etc. In short, the department of Church Supplies has now been fully organized, and is filling a long felt want.

The year began with a cash balance on hand of \$17,054.84; cash received during the year, \$84,503.73; expended \$85,189.89, leaving a cash balance to credit at date of \$16,368.68, being \$686.16 less than that of the previous year.

The excess of assets over liabilities is at date \$26,101.14, which is \$1,791.00 less than the previous year. This decrease is accounted for by the initial cost of the new BIBLE CLASS MAGAZINE and the necessary expenses of the transference of the offices and business to the present premises. These expenses are exceptional and will not appear again.

In regard to the Overture re Home-Service Leaflet, referred to the Committee by last General Assembly, the Committee, owing to the exceptional circumstances of the year, was unable to give the matter the requisite attention, and therefore asks permission to report next year.

REPORT OF THE HYMNAL COMMITTEE.

To the Venerable the General Assembly:

Your Hymnal Committee in presenting their thirty-second Annual Report are glad to announce that the business for the year has been very satisfactory.

The sales of the Book of Praise for the year ending Nov. 1st, 1909, were as follows:

Sabbath School edition.....	19,427
Small type (Ruby) edition in several bindings.....	41,662
Medium type (Long-Primer) edition.....	10,647
Large type (Pica) edition.....	669
Smaller size music edition.....	6,798
Large size music edition.....	2,061
Emerald edition.....	745
Diamond edition.....	83

Total..... 82,092

The amount of royalty received was \$3,243.59. This is the largest in any one year since the year the Book of Praise was first published.

From the monies on hand the committee agreed to allocate \$3,600 according to regulation of the General Assembly, as follows:—

Aged and Infirm Ministers' Fund.....	\$2,200
Ministers' Widows' and Orphan's Fund (West).....	1,100
Ministers' Widows' and Orphans' Fund (East).....	300

The Joint Committee of American and Canadian Churches to prepare a new version of the Psalms in metre have completed their task, and have presented their work in printed form; and our representatives on that committee have reported as follows:—

"In 1905 the Joint Committee submitted to the churches they represented a draft of their work for examination. The Supreme Courts of most of the churches expressed gratification with the progress made; they offered criticisms and suggestions for the improvement of the work; and they desired the Joint Committee to carry it on to greater perfection. In our own Church the new Psalter was sent to all our Presbyteries, and their verdict was like that of the other Churches; consequently the Joint Committee continued their labours; and they now present their final report.

It was in June, 1896, immediately after the Assembly had instructed the Hymnal Committee to issue our present Book of Praise, that the Assembly also instructed the Hymnal Committee to co-operate in this joint work. The Assembly thus showed that it did not look upon our present selection of Psalms as a finality, but as in need of enlarging and improving.

Your Sub-committee believe that with the material now at our disposal this improvement of our Psalter can be effected; and that, with the best music in Christendom available, our Psalter can be greatly enriched and popularized."

The Executive ordered 300 paper-bound copies of the new Psalter while it was still in type; a copy was sent to each member of the Hymnal Committee and the rest are for the use of Presbyteries as the Assembly may direct.

REPORT OF THE COMMITTEE ON SYSTEMATIC GIVING.

To the Venerable the General Assembly of the Presbyterian Church in Canada:

From the reports received during the last three years, it is evident that there is a slow but steady increase in the number of congregations whose members give systematically through the weekly envelope both for local support and the general work of the Church. Two years ago, less than fifty congregations reported the weekly offering by envelopes for the Schemes of the Church. Last year, two hundred and eighteen reported having adopted that method; while this year the number has risen to three hundred and forty-four, and it is known that there are many others from which no report has come. The introduction of the *duplex envelope* has been of great service to the work and to the truer thought of the Church by placing the giving of the Schemes on a basis of equality with the giving for local self-support. But it has done more—in many cases, it has largely increased the number who give weekly to congregational revenue. In all the congregations, which have adopted the method of weekly giving to missions, there has been large increase, ranging from fifteen per cent. to eighteen hundred per cent. This has been due not to new methods merely, but to new interest which has made the new methods possible and successful.

LAYMEN'S MISSIONARY MOVEMENT.

In most congregations, where better methods have been introduced and largely increased giving has resulted, the credit is at least partially due to the direct or indirect influence of the Laymen's Missionary Movement. The men of the congregations have been interested and organized, have been made to feel that the financing of missions is their part, and that common sense business methods are necessary. It is not uncommon in this year's reports to come upon congregations which have doubled, trebled or quadrupled their giving since the introduction of the weekly offering by envelope. In some cases this means much, in others not much, for the giving before was so infinitesimally small that the doubling, trebling, quadrupling, or as in one case the multiplying eighteen fold has produced an amount that is still shamefully small.

The introduction of the weekly offering is not of itself a guarantee that the giving of congregations will be general or in proportion to the ability of the people. In only one hundred and fifty-eight out of the three hundred and forty-four congregations, reported as having adopted the weekly offering, is it affirmed that giving to the Schemes has become general. The explanation of this is found in the fact that in only about the same number of congregations was there a thorough canvass by a committee of men when the new method was introduced, and that in still fewer congregations is there a Laymen's Missionary Committee, who make it their business to promote the missionary giving of the congregation.

In one or two congregations, the introduction of the weekly envelope has been followed by a *decrease* in giving, and no wonder,—where no new interest is awakened where no worthy standard is set for the congregation to attain, where no canvas is made, where nothing is done but provide envelopes, which people may use or not as they wish, the chances are for decrease rather than increase.

LARGE INCREASE IN TOTAL GIVING.

The total amount received at the treasurer's office for the Schemes of the Church this past year was \$741,984. While this amount is far short of the million dollars from the

Western Section of the Church, and the \$200,000 from the Eastern Section, which last Assembly named as the amount necessary if the Church was to perform adequately her educational and missionary work at home and meet the most pressing needs of those parts of the heathen world for which we have become responsible, it exceeded the receipts of the previous year by more than \$100,000, the largest increase for one year in the whole history of the Church. Apart from a few honourable exceptions, this large increase is from congregations in the cities and larger towns—the centres most easily reached by our modern missionary movements. The multitude of our rural congregations are still untouched and continue on the old way and on the old level.

THE PROBLEM BEFORE US.

The problem before us now is: How through the Laymen's Missionary Movement and the Committees on Systematic Giving in the various Presbyteries, the men of the rural congregations can be reached, awakened, led to accept worthy standards, and organized for action. Of all the Presbyteries reporting from the Western Section of the Church, only eleven indicated that there had been any attempt to visit congregations with the object of encouraging them to accept their share of the million dollar budget, and to advise with the men as to methods. This is the crucial point, and this is where work must be done. No multiplication of enthusiastic conventions at the different centres is of any avail unless the men of each congregation prayerfully, deliberately and enthusiastically determine to raise their share of the whole amount required.

LITERATURE.

In less than half the congregations reporting was there a distribution of "The Estimates" and comprehensive statement of the Church's work at home and abroad, prepared by this Committee; and in still fewer congregations has any other literature on Systematic Giving been distributed. The Committee would pass on as a suggestion to all Presbyteries the resolution adopted by Westminster Presbytery—"That all sessions be urged, on penalty of being named in open court, to apply from time to time to the central offices for copies of 'The Estimates,' and other missionary literature for distribution in congregations." During the year, three excellent tracts on the Scriptural principles of giving were prepared by Rev. J. Buchanan, of Dundalk. These were printed and sold at twenty-five cents a hundred, or given freely to such weak congregations and mission stations as applied for them. The Committee, knowing that these tracts have been well received, are filling a place of their own, and doing a needed work, has arranged for the printing of a much larger edition. These will be sold at 20 cents a hundred, or will be sent free in such numbers as may be required to weak congregations or mission charges whose ministers or missionary make application. Orders should be sent to Rev. J. Buchanan, Dundalk, or direct to the Armac Press, Agnes Street, Toronto.

COMPARISONS.

The schedule sent down to Presbyteries and congregations closed with this question:—

What percentage of increase has there been since 1900,—

- In the number of communicants?
- In the total amount paid for stipend?
- In congregational expenses other than stipend?
- In the amount contributed to the Schemes of the Church?

It is rather an interesting comment on the recent growth of our Church to have Presbyteries report that there was no Presbytery and not even one congregation of the Presbytery in existence in 1900.

The answers to these questions have brought out some facts worthy of the Assembly's serious consideration. The total membership of the Church has increased from 219,470 in 1901, to 279,556 in 1909. But most of this increase is in the Presbyteries which include large cities and in the Home Mission Presbyteries of the rapidly filling West. Not only is it true that a few Presbyteries (almost wholly rural), report an actual decrease, owing to the exodus of young people and families to the cities and to the West, but many of the Presbyteries which show a fair advance in number of communicants over the whole Presbytery, have in them congregations that are inevitably dwindling owing to this exodus. A number of our ministers are in charges, where, do their utmost, it is impossible to prevent decrease in membership and revenue, owing to the partial depopulation of the district. These men should have the sympathy and the loyal support of their brethren, who work under conditions more heartening, and the question is suggested whether some form of Church union is not essential if worthy men are to be retained as pastors in these districts where, for many years to come, population will be sparse. The report from Montreal Presbytery says: "This Presbytery contains rapidly dying country and city congregations, and rapidly growing city and suburban churches. The heroism of the former in holding their own is just as significant as the ease of the latter in achieving almost sensational results."

Another fact to be noted is, that in some Presbyteries the average increase in the amount paid for stipend is not equal to the average increase in the number of communicants, and falls far short of the average increase in the amount paid for other congregational purposes. The report of the Committee on Systematic Giving to the Synod of Hamilton and London contains this paragraph: "In the matter of stipends, very serious conditions present themselves. In 1900 the average for this Synod was \$3.99, and in 1909, \$4.14. That is an advance of four per cent. over nine years ago, but when it is remembered that the number of preaching points within the bounds has increased since 1900 from three hundred and forty-four to three hundred and seventy-eight, or ten per cent., and that the number of ministers has also increased, it would appear that the average salary is less to-day over the whole Synod than it was nine years ago, despite the increased cost of living (at least thirty-five per cent.) and the greatly increased ability of our people to give." The fact is, that notwithstanding the rapid growth of wealth and the increase in the cost of living, a large number of our ministers, and especially those on smaller salaries, have not had one cent of increase to their stipend for years. It is easily seen that this must involve great hardship for many, create restlessness and dissatisfaction, and, perhaps, prevent possible students for the ministry from entering on that course.

The most gratifying fact in the comparison of 1909 and 1900 is, that in almost every Presbytery of the Church the gifts to Schemes have increased in greater proportion than the number of communicants or the gifts to congregational purposes. But when it is stated, that notwithstanding all talk about evangelizing the world in this generation, and all our boasted increase, the average over the whole Church for all the Schemes—missionary, educational and benevolent, is only five cents a week per communicant, we may well hang our heads with shame.

"The Estimates" for 1910-11 are:

ESTIMATES FOR 1910-11.

Home Missions.....	\$248,000
Foreign Missions.....	234,000
(Not including amount given by W.F.M.S., but including \$10,000 for needed buildings).

Total.....	\$732,000

This is the smallest amount with which the work now undertaken can be carried on, and not the goal of the Church's endeavour or the standard by which congregations should fix their giving. This amount must be rapidly and largely increased year by year, if we as a Church are to have our part in the redemption of Canada, and are to evangelize our share of the world. The weaker congregations should take an average of ten cents a week per communicant, or twenty-five cents a week per family as the minimum amount to be aimed at, while stronger congregations should give their thousands as an investment in the great enterprise now on for the world's redemption.

RECOMMENDATIONS.

(1) That this Assembly again place itself on record as heartily in accord with the National Missionary Policy adopted at the Laymen's Congress held in Toronto, March, 1909.

"In view of the universality and finality of the Gospel of Christ and of the spiritual needs of mankind, we believe that the Church of our generation should undertake to obey literally the command of Christ to preach the Gospel to every creature

"According to their ability and several opportunity, we believe that the laymen of the Churches are equally responsible with the ordained ministers to pray and to work for the coming of the Kingdom of God upon earth.

We believe that every Christian should recognize the world as his field and to the full measure of his ability work for its evangelization.

"We recognize the clear duty of the Churches of Canada to evangelize all those in the Dominion or who come to our shores, who have not been led into the Christian life, and also to provide for the adequate preaching of the Gospel to forty millions of the souls in the non-Christian world.

"We believe that the call to make dominant and regnant in all human relationship, either personal, racial, or national, the principles and spirit of Jesus Christ present to every man, His supreme opportunity of development, usefulness and satisfaction, and we appeal to men everywhere to invest their intelligence, their influence, their energy, and their possessions in the effort of combined Christianity to redeem the world."

(2) That this Assembly recognize and urge upon Presbyteries and congregations the responsibility of our Church to do her share in caring for the people of our own land and to evangelize the 14,000,000 heathen allotted to this Church under the Comity of Missions, in India, China, Formosa and the Islands of the Sea.

(3) That this Assembly again declare to the Church that not less than \$1,000,000 from the Western Section and \$200,000 from the Eastern Section is required before the Church will be in a position to perform adequately her educational and missionary work at home and to meet the most pressing needs of those parts of the heathen world for which

we have become responsible, and that no congregation should aim at a lower standard than an average of ten cents per week per communicant.

(4) That this Assembly rejoice in the stimulating efforts put forth by the Laymen's Missionary Committee on behalf of the cities and towns, and heartily urge upon them the necessity of extending the good work and introducing the improved methods to the rural districts of our country.

(5) That the Assembly express gratification at the steady growth in the number of congregations in which the weekly offering by envelope on the Lord's Day has been adopted as the method of contributing to the Schemes of the Church, and the Assembly strongly urges that in every case where this method of Systematic Giving is introduced, there be a thorough canvass of the congregation by a men's committee.

(6) The Assembly learn with satisfaction that an ever growing proportion of congregations throughout the Church in apportioning their gifts have regard to the proportionate needs of the different funds as set forth in "The Estimates," and the Assembly urge all ministers to see that a copy of "The Estimates" and brief statement of the Church's work be placed in every home.

(7) That provision be made in Assembly Minutes for placing the names of all missionaries regularly or specially ordained, who are under appointment for one year or more, on the Roll along with the name of the field, so that all circulars, blank forms, etc., bearing on the work of the Church, will be sent to them and so brought before their congregations and these fields kept in touch with the Church's work.

(8) That it be a suggestion to Presbyteries, that wherever it is found necessary or advisable, a Committee of Elders be formed to look into the question of ministers' salaries in relation to the increased cost of living and to devise some means of bringing home to our members a sense of their duty to share with their minister the evident prosperity with which the people of this country have been blessed during the past few years: such Committee to report to Presbytery any proposed line of action.

REPORT OF THE COMMITTEE ON PUBLIC WORSHIP AND AIDS TO DEVOTION.

To the Venerable the General Assembly:

In accordance with the direction of last Assembly the Executive of your Committee met twice in Toronto, to take steps to revise and publish the "Aids for Family Worship." After due consideration it was decided that in order to meet the needs of the Church there is required a smaller book with prayers that are for the most part shorter. It is thought that while the book should contain prayers selected from other sources it should be largely the product of the devotional spirit of our own Church. Steps have already been taken to carry out this design and considerable progress has been made. A general outline of the changes proposed by the Executive has been communicated to the members of the Committee and has received their approval. It is hoped that the work may be ready for publication before the next meeting of the Assembly.

Your Committee would therefore recommend:

1. That they be authorized to complete and publish the work in the form thus outlined.
2. That for this purpose the guarantee of last Assembly of a sum not exceeding \$300.00 for an edition of two thousand copies be continued.
3. That all details as to publication be left in the hands of the Executive.

All of which is respectfully submitted.

Durham, April 12th, 1910.

WM. FARQUHARSON,
Convener.

REPORT OF THE COMMITTEE ON CORRESPONDENCE WITH OTHER CHURCHES.

There has been no occasion during the past year for action on the part of the Committee. The Convener, however, addressed to the Moderators of the General Assembly of the Church of Scotland and of the United Free Church of Scotland joint letters commendatory of the following gentlemen who intimated their intention of being in Edinburgh, Scotland, during the sittings of those Assemblies and their desire to represent our Church at the same, viz.: Rev. W. A. J. Martin, D.D., of Brantford; Rev. Principal King, M.A., of Assembly's College at Indore; Rev. J. M. Duncan, D.D., and Rev. A. E. Armstrong, M.A., of Toronto.

REPORT OF THE DEACONESS COMMITTEE, WHICH IS ALSO THE BOARD OF THE EWART MISSIONARY AND DEACONESS TRAINING HOME OF THE PRESBYTERIAN CHURCH IN CANADA.

To the Venerable the General Assembly:—

The Deaconess Committee, which is also the Board of the Ewart Missionary and Deaconess Training Home, presents its report upon the work of the year.

It records with deep sorrow the loss which the Board has sustained in the death of its Chairman, the Rev. Wm. McLaren, D.D. He had been most intimately identified with the Ewart Training Home from the beginning, and when its scope was enlarged, so as to include the training of deaconesses, his services as counsellor, friend and guide were invaluable. Mrs. McLaren also has passed away. Her interest, like her husband's, was ever deep in planning for the success of the work. Mrs. Bell, an active member of the Board, has removed from the city and her place will be difficult to fill.

THE NEW TRAINING HOME.

The General Assembly, at its meeting in June last, endorsed the action of the Board in seeking to provide more suitable premises for the proper carrying on of the work, and commended the undertaking to the liberality of individuals and congregations throughout the Church. Acting upon this authority, your Board, after careful inquiry, purchased the property on Grosvenor Street, Toronto, known as the former Hammond residence. The lot has a frontage facing south on Grosvenor Street of one hundred and sixty-five feet, with a depth of one hundred and thirty-seven feet. The Hammond residence is substantially built, in excellent repair and stands in the midst of beautiful grounds, and in the meantime, gives ample and suitable accommodation for the students. The Home is admirably situated, being quite near to the University grounds, the new Knox College site, the Medical School and the new General Hospital, so that students can conveniently avail themselves of the educational advantages thus afforded, and from this as a centre, they may easily reach any part of the city in which they may be doing practical work.

The purchase price of the property was \$25,000, of which \$4,000 has been paid. The Board of Trustees has loaned to the Deaconess Board, as represented by Messrs. John Lowden, Chas. Stuart MacDonald, Hamilton Cassels and R. Douglas Fraser, the sum of \$21,000 upon mortgage at five per cent., for a term of five years. The Board of the Ewart Missionary and Deaconess Training Home has the privilege of paying \$500.00, or any multiple of \$500, or the whole amount of the mortgage, which may be remaining unpaid, upon any interest day, and it hopes that the Church will be so impressed with the value of the work of the Home that it will clear off the greater part, if not the whole indebtedness within two years.

THE CLASSES.

1. The teachers. The course of study covers two years. The following subjects were taken up during the past session:—

Old Testament—Conducted by Rev. J. A. Turnbull, D.D.

New Testament—Conducted by Rev. D. Strachan, B.A.

Christian Doctrine—Conducted by Prof. Kilpatrick.

Church History—Conducted by Prof. Ballantyne.

Preparation of Addresses—Conducted by Prof. Robertson.

Practical use of the Bible—Conducted by Rev. D. McTavish, D.Sc.

Sabbath School Methods—Conducted by Rev. J. C. Robertson, B.D., S.S. Secretary.

Missions—Conducted by Rev. D. McLaren.

Voice Culture—Conducted by Conservatory of Music.

Medical Work—Conducted by Dr. Stenhouse and Dr. Goodchild.

Provision was made for teaching Stenography and Typewriting.

The Board and the whole Church are greatly indebted to these gentlemen for giving their time freely to the work of instruction during the session. The work being in such capable hands, will give the Church confidence that those who pass through the Institution into the Foreign Field, or graduate as Deaconesses, will be thoroughly equipped for their work.

2. Students. The classes opened in the beginning of October, and during the session the following students were in attendance:—Mrs. McGill, Misses Bertha Watson, E. Mabel Gunn, Lily Adair, Ethel Cameron, Mabel J. Clazie, Leah H. Dinwoody, Margaret Drummond, Margaret R. Gay, J. R. King, Bertha Manary, Mary Moffatt and Jessie Thomson. At the close an examination upon the work of the session was conducted by the teachers. The results showed that the students had applied themselves diligently to their work, for the standard reached was high. All the students passed, receiving more than fifty per cent. in the aggregate, and, in many cases, from sixty-six per cent. to over ninety per cent. was attained.

THE CLOSING EXERCISES.

Closing exercises of the session were held on the evening of the fifth of April in Grosvenor Street Church in the presence of a congregation which filled the auditorium. Three of the students, Mrs. McGill, Miss Bertha Watson and Miss E. Mabel Gunn, having successfully completed their course, were presented with diplomas.

The rest of the students were granted certificates, showing that they had successfully completed the first year. The students wore the uniform which has been adopted and presented a fine appearance.

On the same evening, immediately following the closing exercises in Grosvenor Street Church, a special meeting of the Presbytery of Toronto was held, at which Mrs. McGill and Miss Bertha Watson and Miss Mary Waugh were designated as Deaconesses in a most impressive service. Professor Ballantyne addressed the Deaconesses on their work, and Principal King of Indore addressed the students on the importance of Missionary Work.

PRACTICAL WORK.

1. During the session, in addition to the teaching in the class-room, the students are required to devote part of their time to practical work in the city. This forms a very important part of their training. The following extract from the report of Mrs. Livingston, the Superintendent, shows the nature of their work. "The service at the Industrial Refuge has been carried on as usual each Sunday morning at 9.30; the Mother's Meetings at the Duchess Street Mission and Davenport Road Church each Friday afternoon; the rounds with the mission nurses in the mornings, together with some hours each week spent in the free dispensary, where a great deal of practical knowledge has been gained through the kindness and patience of the doctors in attendance. The

new work undertaken is in connection with the Jewish Mission and the Chinese Work carried on by Cooke's Church. In connection with all these Missions, there is constant visiting among the poor and the sick, giving many opportunities for personal work, the value of which can hardly be over-estimated. The students have been called upon frequently during the winter to address Auxiliaries and Mission Bands in connection with the W.F. and the W.H. Mission Societies."

2. During the term, after the lectures closed, the students, so far as possible, were assigned by a Committee of the Board to congregations where they will labour under the Session. Miss Adair was appointed to Cooke's Church, Toronto. Miss Drummond will labour in connection with Riverdale congregation. A friend of the Training Home has generously undertaken to provide for her maintenance. Miss Watson who received her diploma as a graduate, and was designated as a Deaconess by Toronto Presbytery, was appointed to St. Giles congregation, Toronto. Mrs. McGill will labour in connection with the Women's H. M. Society of Portage la Prairie congregation.

DEACONESSSES IN THE FIELD.

One of the regulations adopted by the General Assembly was that each Deaconess shall report to the Board once a year. Most interesting and valuable reports were received from Miss Adelaide Sutherland, who is labouring in Winnipeg in connection with the Margaret Scott Nursing Mission of that city. Her work is inter-denominational and the report shows the value of skilled Christian work in rescuing the fallen and winning them back to a life of purity.

Miss Glendinning, who has the honour of being the first graduate of the Training Home designated as a Deaconess, reports from Moose Jaw, where she is labouring under the Session of St. Andrews' Church. This extract from her report will show how varied and valuable is the work of a Deaconess:—

"My work has been varied; being to assist the pastor in getting newcomers into the Church and Sabbath School; to help in the various organizations of the Church; to visit the sick and those in trouble; to visit the poor and endeavour to supply their needs; to visit non-church-goers, get them interested in the Church, and bring them to the Church services; to befriend the strangers and get them into touch with new friends and to help the unemployed to find employment. The supreme object of all Deaconess Work is of course to save the soul. For about three months, a house to house visitation was carried on, to get acquainted with the people and to find the strangers. At the pastor's request, three new organizations were formed, a class for Chinese, a Junior Society of Christian Endeavour and a Young Woman's Club.

"On November 28th the Chinese Class of sixteen decided to give an offering every Sunday and the month's offering amounted to \$6.30. The attendance at the Junior Endeavour Society is between thirty and forty."

This varied work shows what latent power there is in the Church along the line of Deaconess work. Not that the paid worker shall be the only one engaged in such work, but that she shall have, under the direction of the pastor, the charge of many kinds of service, and the initiation of others into the work.

In the neglected areas of our large cities, and in many sections throughout the Church, there is abundant scope for the work of the Deaconess.

The training of missionaries for the Foreign Field is an important element of the course. During the year Miss O'Neil and Miss Hall have gone to China, and Miss Sinclair and Nurse McHarrie to India. Miss Clazie is under appointment to Formosa and Miss Gay to Honan.

REGULATIONS.

Your Board is seeking to frame such regulations for the government of the whole work as the circumstances warrant. It is feeling its way, as some phases of the work are new to the Church.

The question of the employment of Deaconesses and of students during their course claimed its attention and it recommends:—

1. That all appointments of students and graduate Deaconesses be made by the General Assembly's Deaconess Committee.
2. That appointments be for not more than one year, but to be renewable year by year.
3. That the salary in all cases be approved by the Deaconess Committee and be not less than \$360 per annum.
4. Requests for the continuation of engagement of a Deaconess shall be made by the Church Court or Committee under which she works, to the Deaconess Committee, not less than two months before the engagement terminates and similar notice shall be given by any Deaconess not wishing to continue her engagement.
5. Deaconesses shall be permitted to retire altogether from the work by giving three months notice to the Deaconess Committee.
6. Only students in the Training Home and graduates in active work are permitted to wear the Presbyterian Deaconess uniform, except by special permission of the Deaconess Committee.

The financial statement is appended to this report.

RECOMMENDATIONS.

1. That the name of the Ewart Missionary and Deaconess Training Home be changed to the Presbyterian Missionary and Deaconess Training Home.
2. That the Training Home be commended to individual members of the Church and to the congregations not only for contributions towards its annual maintenance, but also for the removal of the debt upon the property.

All of which is respectfully submitted.

REPORT OF COMMITTEE ON PROTECTION OF
CHURCH PROPERTY.

To the Venerable the General Assembly:

During the past year there has been no occasion for calling the Committee together; nor has any application been received for advice as to congregational property.

The only matter which received attention during the year was, securing, in Ontario, a needed amendment to the Act respecting the Property of Religious Institutions. Under that Act, the only mode in which a congregation could dispose of any of its property was a sale by public auction, after certain specified advertising. There were congregations having missions connected with them, which had acquired property for the use of these, this being held, in the only way it could be, by the trustees of the congregational property. There were two cases in Toronto, in which such Missions had been erected into separate independent congregations, and in each case, the congregational trustees, at the request of the congregation, conveyed the property acquired and held for the use of the mission, to trustees appointed by the newly organized congregation. One of the latter, after a time, obtained leave to change its site, and sold the property so conveyed to it, in the regular way provided by the Act. It was surprised to discover, when the purchaser's solicitor examined the title, that it had none, because it had not acquired the property in the only mode provided by the Act, and further, that it would now be necessary to apply to the Legislature for a special Act. The other congregation, desiring to raise money for building, got similar advice as to its want of title. Quite recently a congregation in Hamilton, proposing to convey property held for its mission to that mission, which had been organized as a separate congregation, was advised that it had no power to do so.

The Convener hearing of these cases, and believing their might be others, took upon himself to bring the matter to the attention of the Commission now engaged with the revision of the Ontario statutes. To do so, he wrote to Chief Justice Sir William Meredith, a member of the Commission, and as he agreed that an amendment of the Act was desirable, they between them drafted an Act to secure the needed change. The draft was laid before the Commission, approved of, introduced into the Legislature by the Attorney-General, and has now become law.

By this amending Act, when land is held for the use of a congregation, and a separate congregation is formed therefrom, the trustees for the time being may convey to trustees of the separated congregation, such part of the land as is no longer required for the original congregation, but the consent thereto of that congregation must first be given. The Act further provides that any conveyance heretofore executed, with such consent, conveying land to a separated congregation, shall be valid, unless already, on any legal proceedings, declared invalid. The Act will thus not only permit of land being so conveyed in future, but will relieve the two Toronto congregations, and possibly others also, of the expense of applying to the Legislature for special Acts, to make good the title to their property.

All of which is respectfully submitted.

THOMAS W. TAYLOR,
Convener.

REPORT OF THE COMMITTEE ON EVANGELISM.

To the Venerable the General Assembly:

Fathers and brethren,—With humble thanks to Almighty God your Committee on Evangelism begs to present its report for the second year of its work.

The committee feels as if it were still experimenting to a greater or less degree with various methods of evangelistic work. But while every method has been attended with good results, there are some that appear to be more successful than others. The Simultaneous Mission, whether in urban or in rural congregations contains features that increasingly commend this form of evangelism.

CAMPAIGNS OF 1909-10.

District Simultaneous Campaigns were carried on in the following Presbyteries:—Calgary, Red Deer and Vermilion in Alberta; the Soo Line (part of Alameda, Arcola and Regina), Abernethy and Qu'Appelle, in Saskatchewan; Glenboro, in Manitoba; Bruce, Stratford, Orangeville, Owen Sound, Peterboro and Kingston, in Ontario; Truro, Prince Edward Island and St. John in the Maritime Provinces. In all these campaigns good results followed, but in varying degree in proportion to what was put into preparation and follow-up work.

NEED OF PREPARATION.

While local difficulties may account for only partial success in some instances, the experience of the committee would suggest that success can only be expected where the preparation is thorough and adequate. Indeed the committee would emphasize with increasing insistence the absolute necessity of preparatory work both in the individual congregation and in the district where the mission is to be carried on. There is no instance during this past year of a campaign for which thorough preparation had been made ending in anything but great blessing. The experience of the committee in this connection has wrought in its members the determination to undertake for the future no mission, either in an individual congregation or in a district, where there is not a pledge given that preparation of the most thorough kind will be made.

BENEFICIAL RESULTS.

The good resulting from these campaigns may be gathered from the following brief testimonies:—

(a) *The effect on the missionaries themselves*, most of whom had not before attempted to conduct a mission of this kind.

"I have come out of it with a deeper sense of the Master's presence. Certainly it has been in some respects a resurrection from the dead to myself."

"To have had the privilege of taking part in last night's meeting was worth coming out to Alberta many times over."

"I believe any minister may well covet the opportunity of taking part in such a campaign. I thank the committee for using me. It has been good for my own soul it will be good for my own work when I return: it has given me a deeper consecration to

stand before the cross pointing the way to other sinners not on Sundays alone, but day after day."

"I returned home after the most blessed experience I have known in the ministry."

(b) *The effect on the ministers and missionaries* of the churches where the services were conducted may be seen by the following:—

"I cannot tell you what a lift this has given me: I was losing heart."

"In all my life I have never experienced the blessing that last Sunday brought."

"I cannot tell you how much I have been blessed by these meetings: it is easier for me to work now."

"The most marvellous meetings I ever attended."

(c) *The effect on Church Life*.—

"Have men now who will lead in prayer."

"Thank God the differences between members have been removed: former enemies are now friends."

"As a direct result of the meetings the young men have organized for Christian Endeavour."

"Christian people doing work that they would not touch before."

(d) *Interdenominational Effect*. Ministers of other churches have expressed themselves as follows:—

"The way the churches have been drawn together through this work is delightful."

"The very happiest relationship between the churches has resulted."

"A fine spirit of unity is being promoted."

"Another marked result has been the new spirit of love and good fellowship between the different churches."

The Anglican, Methodist, Baptist and Presbyterian ministers of one community forwarded a letter of thanks to the Assembly's Committee. Here are a few extracts:

"We rejoice in the number of definite decisions made for the Christian life, in the quickening of the spiritual life of the Christian people, in the bond of unity which has drawn the churches closer together, and in the new moral sense awakened in the community."

"We cannot speak too highly of the character of the missionaries who were with us, or of their untiring efforts to promote the King's Business while in our midst. Suffice it to say that all the suspicion and prejudice with which evangelism was regarded by some, soon disappeared, and before they left our community they had won the confidence as well as the love and esteem of all the Christian people."

In this place, with a population of perhaps 2,500, about 100 professed faith in Christ. One of these is a leading business man, who for fifty years as he said, had been serving the devil. His face tells the story of a changed heart. The first night he took part in public prayer after uttering only one sentence, "Oh God this is my first public prayer; I want to be a good man," he broke into a great sob that carried a message to scores of hearts.

These are but samples selected from a volume of similar testimonies.

CAMPAIGNS FOR 1910-11.

Already plans are laid for an evangelistic mission this autumn in the District of Algoma. It is intended also to conduct a campaign in the Kootenay country on slightly different lines from those which the first campaign followed. In the Presbytery of Yorkton there is now being conducted what is called a Progressive Evangelistic Mission, the character of the mission being indicated by its name. Toward the close of the year the Yorkton Mission will culminate in a simultaneous campaign in the larger centres of population. We believe the whole Western Church is following this experiment in the Yorkton Presbytery with interest.

It will be observed that in all these districts the work that the committee is undertaking is largely of missionary character, and it is confidently expected that its results will be of the very greatest value to the Home Mission work in those Presbyteries.

While the Assembly is in session a campaign is under way in part of Lanark and Renfrew and a large number of other Presbyteries from Atlantic to Pacific are planning for campaigns in the coming autumn or winter.

LITERATURE.

An important element in the work of preparation is the use of literature bearing upon Evangelism. The committee has prepared a series of pamphlets which have been found to be both instructive, suggestive and inspiring.—

"Preparation for a Simultaneous Mission of Evangelism."

"The Conduct of a Simultaneous Mission of Evangelism."

"The Follow-up Work in a Simultaneous Mission of Evangelism."

"Counsels to a Young Missioner."

These pamphlets, together with the inspiring stories of the Kootenay and Minnedosa campaigns, have contributed in no small degree to the success of campaigns where they have been generously and wisely distributed. It is the intention of the committee to enlarge this series from time to time, and in all probability to publish a text book prepared on the subject of Evangelism for use among students and missionaries of our Church.

GENERAL POLICY.

The committee is coming every day to see more clearly that to accomplish its best results for our church, evangelism must not be considered as a spasmodic and sporadic form of Christian effort, but that it must take its place among the regularly established means of grace and must be linked with the ordinary departments of Christian activity which our church is organized to carry on. It would be a grave mistake to conceive the work of this committee to be accomplished when a temporary and passing wave of emotion is excited in any congregation or district by means of an evangelistic campaign. Excitement there will be. A rising tide of emotion is inevitable. Great convictions and great resolves produce this excitement and these emotions. But unless all these be linked to service, a great wrong has been done. It is with the desire of discovering the best methods of conserving the spiritual dynamic attendant upon a continuing revival of religious conviction in any congregation, and of connecting such dynamic with the ordinary work of the church that your committee entered into conference with representatives of the Home and Foreign Mission Committees of our Church and with the Board of Moral and Social Reform and of the Presbyterian Layman's Missionary Movement. Your committee is pleased to state that as a result of this conference plans will be adopted by which these great committees will work in harmonious co-operation with the result that the whole life of the church will receive great and permanent uplift. It is only when as a result of an evangelistic mission the congregation in every department

of its local work—Sabbath School, Brotherhood, Young People's Society, Finances, etc., as well as in its activities abroad, as indicated by its missionary contributions, and in its service to the community as represented by the work of Moral and Social Reform, feels a new energy pulsing in its life that the evangelistic campaign can be counted as a genuine success.

Your committee believes the time has come when this work should be put on a more permanent basis and when the whole church should be given opportunity to support it and believes this can best be done, not by creating a new scheme, but by making Moral and Social Reform and Evangelism, one department, and therefore concurs in the recommendation to this effect already before the Assembly in the report of the Committee on Church Life and Work.

SPECIAL WORK—REV. DR. PATTERSON

The committee considers itself extremely fortunate in the prospect of being able to announce that it has secured the services of the Rev. Wm. Patterson, D.D., of Bethany Church, Philadelphia, for special work during this coming year. As all the church knows, Dr. Patterson is an evangelistic preacher of wide experience and of great gifts. At considerable financial sacrifice he is expected to accept this position for one year, and the committee confidently hopes and prays that the results of this experiment will be so happy both to Dr. Patterson and to the work that the appointment may take on a more permanent form. This appointment it will be observed in no sense indicates a departure from the general policy of the committee, which is to employ pastors rather than professional evangelists, so called, in carrying on its work. Dr. Patterson is a pastor of twenty years fruitful service, but the committee is persuaded there is a widespread demand for men of his wisdom, gifts and grace, to help pastors by leading them in special efforts. Already there are applications in the secretary's hands for the help of Dr. Patterson, which would keep him working the greater part of a year were he to accept all. The Assembly is asked to confirm this appointment for the year and to give Dr. Patterson full ecclesiastical standing, the appointment to take effect on September 1st next.

SYNODICAL EVANGELISTS.

An interesting development is seen in the work planned in the Province of Alberta where the Synod has decided to employ permanently one or more evangelists in the mission fields within the bounds of its territory, under the direction of the Synod's Committee and the Superintendent of Missions. This experiment will be watched with greatest interest, by the church. Other Synods are favourably considering similar plans.

ASSISTANT SECRETARY.

The enormous development of the work in the committee's hands made it absolutely necessary that Dr. Shearer, who had been acting in the double capacity of Secretary for this Committee and the Board of Moral and Social Reform, should be given assistance. Accordingly, immediately after the rising of last Assembly Rev. F. A. Robinson, B.A., of Stirling, was invited to act as his helper for one year. This appointment was of a temporary nature, but the service Mr. Robinson has been able to render both in the office and in the field has been of such a high character and has become so well nigh indispensable that the committee asks the authority of the General Assembly to make this appointment permanent. This, of course, will give Mr. Robinson standing as a member of the church courts and the Assembly is asked to allow him to choose the Presbytery with which he will be identified.

The entire salary of Mr. Robinson is being provided by the American Presbyterian Church, Montreal, whose beneficence is so widely known. The Assembly will agree with the committee in warmly appreciating this generous contribution to this department of the church's work.

WORLD-WIDE PRESBYTERIAN EVANGELISM.

During the year a meeting was held in Chicago under the auspices of the Pan Presbyterian Alliance to consider the question of World-wide Evangelism under the auspices of the Presbyterian Church. A committee was appointed, in which your committee is represented to perfect plans for such a World-wide Movement. But your representatives upon the committee feel that such a movement can be successful only if it is preceded and accompanied by a great tide of prayer. In this connection the committee feels that this project of World-wide Evangelism has received a severe blow in the death of Mr. John H. Converse, who ever since its inception has been so large hearted and so loyal a supporter of the work of evangelism in the American Church. The Canadian Church will remember with gratitude Mr. Converse's warm, enthusiastic support of the proposal to initiate in a formal way the work of Evangelism under the General Assembly in this country as also his hearty approval and help in the Kootenay Mission of last year.

This leads us to say that the church owes a debt of gratitude to many of the wealthy laymen of the church for their liberality in supporting this work and in particular to Mr. John Penman, of Paris, who has given not only of his means but of his time, talents and wisdom without stint as chairman of the Executive, as also to Mr. Robert Kilgour, who has kindly acted as treasurer for these two years.

RECRUITS FOR THE MINISTRY.

Your committee would like to hope that as a result of its work a larger number of our choice young men may be induced to enter the ranks of the ministry to serve both in the Home and in the Foreign field. With this in view the committee is specially planning that where campaigns come in touch with high schools and colleges special efforts will be made to set before young men the magnificent opportunities the office of the ministry holds for service to God and man.

EVANGELISM IN THE COLLEGES.

With profound gratitude in this connection the committee reports the cordial co-operation of the colleges in bringing this matter of evangelism before our students. Special courses of lectures on this subject were delivered during the past winter in Pine Hill, Knox, Manitoba and Westminster Colleges.

As a further evidence that interest in evangelism is growing among our students your committee is pleased to announce that a College Gospel Team (Knox) is at present in the field, conducting a series of missions under the charge of Rev. F. A. Robinson, and as the reports say, with blessed results.

Your committee feels that there is a place in every college curriculum for the subject of Evangelism, and cherishes the hope that this work, both in its scientific and in its practical aspects will receive the earnest study of the most thoughtful minds in our church, being confident that such study and such practical training will be attended with the highest benefit to our students and to the future generation of ministers.

ADDITIONAL RESOLUTIONS.

1. In view of the great and ever-growing number of non-English speaking people in our country and in view of the fact that they are to a great extent open to receive the preaching of the Evangelical doctrines of our holy religion, and that the preaching of these doctrines will do more than anything else to thoroughly Canadianize and Christianize these, our fellow-citizens in the Dominion, the General Assembly approves the co-operation of the Home Mission Committee and the Committee on Evangelism in carrying on this work.

2. The Assembly authorizes the new Board of Moral and Social Reform and Evangelism to add to its estimates for the year for the work of Evangelism the sum of \$15,000.

THE BOARD OF MORAL AND SOCIAL REFORM, ANNUAL REPORT, 1910.

To the Venerable, the General Assembly:—

Fathers and Brethren,—In presenting this Third Annual Report, your Board humbly acknowledges the Church's debt of gratitude to the Giver of all good, for the large amount of work it has been privileged to overtake, and for the measure of success crowning its labors in awakening the public conscience, turning the light of truth and publicity upon some of the dark things in our country's life, and in endeavoring to right the wrongs from which it found society or its individual members suffering.

We desire—

- (1) to report the progress of the year in various lines of effort;
- (2) to outline the work waiting to be done, and calling for immediate attention or action.

In doing this, we have had before us the reports of Synods, Presbyteries and Sessions, as well as the Minutes of the Board and its Committees, and other office records.

I.—REPORT OF WORK UNDERTAKEN, AND OF PROGRESS MADE DURING THE YEAR.

1. TEMPERANCE.

The Reports indicate that the subject of temperance has received an unusual degree of attention alike from the Church and from the electors in most of the provinces during the year. It would seem that the ministers of the Church and the leaders in Sabbath Schools and Young People's Societies are very generally active and faithful in the promotion of total abstinence, especially among the young. Reports from certain sections that have for many years been free from the traffic in intoxicants for beverage purposes, alone indicate that little has been done in the preaching of temperance, and give the reason that there is no manifest need.

The following is the condition so far as Temperance Legislation is concerned, in the various provinces of Canada:—

Prince Edward Island.—Prince Edward Island is under Provincial Prohibition, which in general seems to be giving satisfaction. The Temperance forces are engaged principally in securing its proper enforcement. At the request of the Temperance Alliance of that province, and supported by a unanimous resolution of the Legislative Assembly of the province, your Board has actively pressed for the enactment by the Parliament of Canada of a law prohibiting the importation into Prince Edward Island of intoxicants, excepting for personal and family use, and for medicinal, industrial, and sacramental purposes. Such a bill was introduced in the Senate by Sir Richard Scott and passed its second reading by a vote of two to one, but was, strange to say, defeated on its third reading.

Nova Scotia.—Nova Scotia for years has had no legalized sale of liquor, excepting in three counties, Halifax, Richmond and Cape Breton. This year no licenses were issued

in the last named. Richmond has had only one license. So that, excepting in Halifax, with a population of between 40,000 and 50,000, the province has been almost wholly under some form of prohibition, ten of the counties being under the Canada Temperance or Scott Act.

The Nova Scotia Temperance Alliance, under the leadership of Rev. H. R. Grant, B.A., has been aggressively pressing for provincial prohibition, the law to be provincially enforced, similar to the law of Prince Edward Island. Their efforts have now been crowned with victory. The Legislature, under the leadership of the Government, has enacted prohibition for the province. In the case of Halifax, an exception is made. Over twenty licenses are cut off at once, reducing the number to seventy. After the census of 1911 only one can be issued for each 1,000 of population, and on petition of twenty-five per cent. of the ratepayers, the City Council must submit to the people the question of "license or no license." Should a simple majority vote "no license," the city will come under prohibition.

New Brunswick.—In nine out of the fifteen counties, the Scott Act is in force,—in the other six, a fairly drastic and effective license law, with a local option section, by which not only municipalities but parishes and city wards have the right on a simple majority to veto the sale of drink within their bounds. The enforcement of the Scott Act is in the hands of the local authorities. The enforcement of the license law, including the local veto by-laws, is in the hands of a Commission appointed by the Provincial Government. At present in some counties there is a disposition on the part of the Temperance people to repeal the Scott Act and enact the local veto by-law, which is usually much better enforced than the Scott Act. The Temperance forces have pressed for provincial prohibition, but their request has been refused by the Government.

The Moral and Social Reform Council of New Brunswick, under the presidency of Rev. A. A. Graham, B.D., of St. John, is making its influence felt. It embraces all the churches and the Temperance Federation and secures the co-operation of the Roman Catholic Church as well.

Quebec.—In Quebec nearly 700 municipalities out of a total of slightly over 1,000 are under some form of local prohibition, either Dunkin Act, Scott Act, or Local Veto. During the year, considerable progress has been made, under the leadership of the Anti-Alcoholic League (Roman Catholic) and the Quebec Branch of the Dominion Alliance, in reducing the number of licenses, and the hours of sale, and in securing more rigid enforcement of the license and other liquor laws. It is doubtful if, in any province the Temperance forces are better organized or more united than they are in Quebec. Comparatively recently the two societies above named marched together through the streets of Montreal and listened to an address by His Grace, Archbishop Bruchesi, who is, beyond comparison, the most influential Moral Reform leader in the province.

Ontario.—With the exception of a very few counties which are still under the Dunkin Act, Ontario is under the license law, with a strong local option clause, by which municipalities have the power, on a three-fifths majority vote, to veto the sale of liquor within their bounds. The license law, including the local veto by-law, is vigorously enforced by the Provincial Government through License Inspectors, and a special detective force. All the prestige and power of the province is exerted through the Government in the interests of the thorough enforcement of the liquor law. During the past year 170 municipalities voted on local veto by-laws, viz., 158 to introduce the by-law, and twelve on its repeal, with the following result, that seventy-seven municipalities voted to banish the bar rooms, and only two to re-introduce them. In a number of other municipalities, by the passing of license reducing by-laws or by action of the Commissioners, many more licenses were cut off. In all, about 250 licenses

were cut off, so that at the present time 405 out of 812, or one-half of the municipalities of the province, including three-fourths of the area, and considerably less than half of the population, is now without legalized sale of intoxicants for beverage purposes, and the present outlook is that in January, 1911, a large number of municipalities will vote upon the question. These campaigns in Ontario are conducted by the Ontario Branch of the Dominion Alliance, supported strongly by our own and the other Church Boards, and by the Moral and Social Reform Councils.

Manitoba.—Like Ontario, Manitoba is under a License Law, with a strong Local Option clause, in terms of which municipalities can veto the sale of drink on a simple majority vote, the Manitoba law being more stringent than any other in Canada with regard to the permitted sale or importation of liquor into municipalities under veto. Indeed the law is so strict in this regard that many temperance people consider it a handicap upon the progress of the temperance movement, and believe that it accounts for the limited success of the campaign for veto during the year on which we are now reporting. Thirty-nine municipalities voted. In twenty the by-law was carried. In nineteen the by-law was defeated. In three municipalities the vote was on repeal. In two repeal was defeated. In one only repeal was carried. Out of a total of 128 municipalities seventy-two are without the legalized sale of liquor.

The temperance agitation in Manitoba is under the leadership of the Moral and Social Reform Council of the province, in which one of the most influential and active units is the Royal Templars of Temperance, whose secretary, Mr. W. W. Buchanan, is also secretary of the Moral and Social Reform Council, with the Rev. Principal Patrick as president. In this Council, the Roman Catholics, Lutherans, Anglicans, Presbyterians, Methodists, Baptists, Congregationalists, Trades and Labor people, Royal Templars, Good Templars, and W. C. T. Unions are federated for purposes of Moral and Social Reform.

Saskatchewan.—Saskatchewan is as yet almost wholly under License. The Temperance Reform is under the auspices of the Moral and Social Reform Council of the province, with the Right Reverend, the Bishop of Saskatchewan, as president, and Mr. G. B. Keenleyside, B.A., as secretary. The composition of this Council is similar to that of Manitoba. Mr. Keenleyside has the Moral Reform forces now pretty thoroughly organized throughout the province, and last year nine municipalities voted or local veto. In five veto was carried; in four, defeated. During the current year, it is intended to have a simultaneous vote in almost all the municipalities and local improvement districts of the whole province. It is not improbable that from 150 to 200 municipalities or districts will vote, including the Capital City of Regina, and the other cities of the province. It is the intention of your Board to render such assistance as the funds will permit in this heroic and most promising campaign in Saskatchewan. The local option law of Saskatchewan is exceedingly satisfactory. The by-law carries on a simple majority vote.

Alberta.—Alberta is wholly under License. The Local Option Clauses of the License Law put very heavy handicaps upon temperance, the temperance people being required in each case to put up \$100 deposit, which they forfeit in case they are unsuccessful, and a three-fifths majority is required to carry veto. In consequence, only one municipality, viz., Claresholm, has voted. This took place last year, and the by-law was defeated by a small majority. The Temperance and Moral Reform League, whose secretary is Rev. W. G. W. Fortune, B.D., is pressing for a new local option law, removing the handicaps above mentioned, and when this is done it is probable that Alberta will take its place with the other provinces in a determined fight against the traffic in drink by the local option method. Should the way be opened for this during the current year, your Board hopes to render assistance to this province also.

British Columbia is wholly under License, the Municipalities not having the power by the local option method to veto the sale of drink. In connection with the recent general provincial election a plebiscite was taken on the question of whether the

right of veto should be granted to the municipalities by the Legislature, the Government promising that if a majority, not simply of the vote cast for or against the proposal, but of all the votes cast for candidates in the provincial election were favorable, they would grant the right of veto to municipalities. A majority of 3,500 was polled for local option, but inasmuch as this fell a few hundred short of the majority fixed by the Government, it has refused to give the right of veto to the municipalities. A number of important amendments to the license law have, however, been passed. Meantime, the temperance forces are keeping up the agitation for the right of veto in the municipalities, and while temperance is not as far forward in British Columbia as in the other provinces of Canada, it is doubtful if any other is making greater progress in the influencing of public sentiment.

Moreover, Mr. Ralph Smith, M.P., has brought to the notice of the Government at Ottawa the desirability of amending the Canada Temperance or Scott Act so as to make it possible for counties or municipalities in British Columbia to vote on it as counties can in the other provinces. The Secretary of State has introduced the necessary amendment. It will doubtless pass. If so, our friends in British Columbia will have the right of local veto in another form at once, in spite of the Provincial Government and Legislature. (This measure has since been passed by Parliament and is now law.)

TEMPERANCE POLICY.

The General Assembly at Winnipeg, 1908, adopted, as had seven out of the eight Synods, the following resolution as outlining the policy of the Church on temperance reform:

"The Assembly would re-affirm the deliverance of former Assemblies that nothing short of the prohibition of the traffic in intoxicants for beverage purposes can satisfy as the goal in temperance reform, and would recommend our people in those provinces where there is no immediate prospect of carrying and enforcing prohibition, to unite with others in working toward this end, by—

- (a) The curtailment of the traffic by local veto;
- (b) The abolition of the bar-room and the public treating system associated therewith, and
- (c) The prohibition of the residue of the traffic, with this proviso, that where in cities or towns the said sale is demanded by a majority of the qualified municipal electors, such sale shall be conducted under such conditions as will eliminate the element of private gain."

One of the questions submitted to Sessions by your Board during the year was:—

"Are you prepared to press for a more complete and radical method of dealing with the question along the lines of the policy adopted by the General Assembly of 1908?"

Sessions were supplied also with copies of the resolution. The reports indicate that the action of the seven Synods and of the General Assembly is very generally endorsed by the Sessions of the Church, while of course necessarily they vary in different provinces. In Prince Edward Island they have already attained the goal of provincial prohibition. In Nova Scotia the great majority of the Sessions believe that the province is ready for provincial prohibition, while a minority, notably in the larger centres, think that some such proviso as the Assembly's resolution suggests should be made in the case of cities. In Quebec, the Sessions rightly believe that it is better for the temperance forces of Quebec to follow the lead of the Anti-Alcoholic League, representing as it does the overwhelmingly predominant Roman Catholic population. In the other provinces of the Dominion it would seem from the Reports that a very large majority of the Sessions, varying from sixty per cent. to one hundred per cent. in different Presbyteries or parts of the country, favor the policy

recommended by the Assembly of 1908; but a large number of the Sessions, in some provinces approaching fifty per cent., are very doubtful whether public sentiment is at present far enough advanced to warrant so drastic a forward movement, and incline to think that for their districts it will be wiser for some time yet to press on along the line of local veto.

Never in the history of Canada has the outlook been so promising in the temperance reform, and never has the Presbyterian Church been more deeply and generally interested, or exerted so powerful an influence in the direction of temperance. And never have the liquor forces shown so much of anxiety or of the spirit of panic in consequence of the great revival of interest in this question among the churches and of the combination of science and economics, with religion and morals, in the advocacy of the cause.

2. GAMBLING.

The Reports on Gambling indicate that so far as Sessions are aware the habit of gambling in the usual sense of the term is very little known outside of the large centres of population. Your Board very much fears that a good deal of information on this subject might be gathered in the various communities, which has not come to the knowledge of the members of Sessions in our congregations. From other sources we have reason to believe that there is not a little betting on elections and on all sorts of sporting events, and that this is by no means confined to the large centres.

From the large centres two forms of gambling are very generally reported, viz., bridge, and other games of cards, for prizes, or for money, by society people, and betting upon horse-races through the medium of the bookmaker on the race-track, or the handbook man on the street or in shops. The latter has been very much in the public eye during the year on which we are reporting, owing to the public agitation for legislation prohibiting the business of gambling in general, including betting on the race-track followed by the struggle in Parliament in response to this agitation.

It has fallen to the lot of Mr. W. E. Raney, K.C., the Chairman of the Executive of your Board, acting as Counsel, and the Secretary, acting as Secretary of the Moral and Social Reform Council of Canada, to bear the responsibility of the conduct of the campaign in Parliament and before the Select Committee of the House of Commons. They had pitted against them some nine legal gentlemen, representing the various jockey clubs, horse breeding associations, and other "interests," and had their courage and skill well tested. The result of the great Parliamentary struggle is now well known. We report herewith the amendments to the Criminal Code, which have passed both Houses and have received the assent of His Excellency, the Governor-General, and are now the law of our country. Their effect is to prohibit absolutely the business of gambling and betting on the street, and everywhere else excepting on the race-tracks, whether done by bookmakers or handbook men, or by whomsoever; to prohibit also the work of the tout and the tipster, and the transmission by telegraph, telephone, express, newspaper or otherwise of information intended to assist in betting.

But we regret to be compelled to say that the measure makes exception of book-making and pool-selling on the race-tracks of incorporated associations during racing meets, and on races that are being run on the said tracks, providing that the running race meets do not last for more than seven days of continuous racing, twice a year, with at least twenty days between, and that in the case of trotting and pacing meets, the meets do not last for more than three days in any calendar week, and do not exceed fourteen days in the year.

This measure was put through on the initiative of Members of Parliament after the bill submitted by the Moral and Social Reform Council of Canada, known in the House as the Miller Bill, had been defeated by a majority of one, in Committee of the Whole House of Commons. Mr. Miller and the others within the House who strongly desired to prohibit the business of gambling and betting on race-tracks as

everywhere else, felt that it was better for the time being to agree to this compromise measure rather than leave the door as wide open as it has been heretofore. Whether they were right in this conclusion or not, they are entitled to the gratitude of the Christian people of Canada for their courage and long-lasting efforts to secure the enactment of the legislation asked for by the Assembly of last year, and by the other churches and sympathetic bodies. The main principle contended for, that our Criminal Code should be uniform and should prohibit the business of betting and gambling everywhere, at all times, by all individuals, has been sacrificed for the time being. It remains, therefore, for the Christian people of the Dominion to continue, with unabated zeal and determination, the agitation for the clearing from the good name of Canada the stigma of being "the Paradise of American Race-track Gamblers" and their following of swindlers and other undesirable characters of many kinds.

The gambling sections of the Code, as amended, are as follows:—

1. Section 227 of The Criminal Code is repealed and the following is substituted therefor:—

"227. A common betting-house is a house, office, room or place—

"(a) opened, kept or used for the purpose of betting between persons resorting thereto, and

(i) the owner, occupier or keeper thereof,

(ii) any person using the same,

(iii) any person procured or employed by, or acting for or on behalf of any such person,

(iv) any person having the care or management, or in any manner conducting the business thereof; or,

"(b) opened, kept or used for the purpose of any money or valuable thing being received by or on behalf of any such person as aforesaid, as or for the consideration

(i) for any assurance or undertaking, expressed or implied, to pay or give thereafter any money or valuable thing on any event or contingency, of, or relating to any horse race, or other race, fight, game or sport; or,

(ii) for securing the paying or giving by some other person of any money or valuable thing on any such event or contingency; or,

"(c) opened, kept or used for the purpose of recording or registering bets upon any contingency or event, horse-race, or other race, fight, game or sport, or for the purpose of receiving money or other things of value to be transmitted for the purpose of being wagered upon any such contingency or event, horse-race or other race, fight, game or sport, whether any such bet is recorded or registered there, or any money or other thing of value is there received to be so transmitted or not; or,

"(d) opened, kept or used for the purpose of facilitating or encouraging or assisting in the making of bets upon any contingency or event, horse-race, or other race, fight, game or sport, by announcing the betting upon, or announcing or displaying the results of horse-races, or other races, fights, games or sports, or in any other manner, whether such contingency or event, horse-race or other race, fight, game or sport occurs or takes place in Canada or elsewhere.

"2. The word 'place,' as used in this section and in the preceding section, includes any place, whether enclosed or not, and whether it is used permanently or temporarily, and whether there is or is not exclusive right of user."

2. Section 230 of the said Code is amended by adding thereto the following paragraph:—

"(e) being the owner or other person in control of premises occupied or used as a disorderly house, knowingly allows any contrivance whatsoever upon the said premises for the purpose of preventing, obstructing or delaying the entry of any constable or officer authorized as aforesaid into any such disorderly house, or any part thereof."

3. Section 235 of the said Code is repealed and the following is substituted therefor:—

"235. Everyone is guilty of an indictable offence, and liable to one year's imprisonment, and to a fine not exceeding one thousand dollars, who—

"(a) uses or knowingly allows any part of any premises under his control to be used for the purpose of recording or registering any bet or wager, or selling any pool; or,

"(b) keeps, exhibits, employs or knowingly allows to be kept, exhibited or employed, in any part of any premises under his control any device or apparatus for the purpose of recording any bet or wager or selling any pool; or,

"(c) becomes the custodian or depository of any money, property or valuable thing staked, wagered or pledged in any case or transaction in which such staking, wagering or pledging is itself contrary to the provisions of this Act; or,

"(d) records or registers any bet or wager, or sells any pool upon the results,—

(i) of any political or municipal election;

(ii) of any race;

(iii) of any contest or trial of skill or endurance of man or beast;

"(e) engages in pool-selling or bookmaking, or in the business or occupation of betting or wagering, or makes any agreement for the purchase or sale of betting or gaming privileges, or for the purchase or sale of information intended to assist in bookmaking, pool-selling, betting or wagering; or,

"(f) advertises, prints, publishes, exhibits, posts up, sells or supplies, or offers to sell or supply, any information intended to assist in, or intended for use in connection with, bookmaking, pool-selling, betting or wagering upon any horse race or other race, fight, game or sport, whether at the time of advertising, printing, publishing, exhibiting, posting up or supplying such news or information, such horse-race or other race, fight, game or sport has or has not taken place; or,

"(g) advertises, prints, publishes, exhibits or posts up any offer, invitation or inducement to bet; or,

"(h) wilfully and knowingly sends, transmits, delivers or receives any message by telegraph, telephone, mail or express conveying any information relating to bookmaking, pool-selling, betting or wagering, or intended to assist in bookmaking, pool-selling, betting or wagering; or,

"(i) aids or assists in an manner in any of the said acts which are by this section forbidden.

"2. The provisions of this section and of sections 227 and 228 shall not extend to any person by reason of his becoming the custodian or depository of any money, property or valuable thing staked or to be paid to the winner of any lawful race, sport, game or exercise, or to be paid to the owner of any horse engaged in any lawful race, or to a private bet between individuals not engaged in any way in a business of betting, or to bets made or records of bets made upon the race-course of any incorporated

association during the actual progress of a race meeting conducted by such association upon races being run thereon, or to the sale by such association of information or privileges to assist in or enable the conducting of bookmaking, pool-selling, betting or wagering upon the race-course of such association during the actual progress of a race meeting conducted by such association upon races being run thereon, or to bookmaking, pool-selling, betting or wagering upon such race-course during the actual progress of a race meeting conducted by such association upon races being run thereon. Provided that as to race meetings at which there are running races no such race meeting continues for more than seven days of continuous racing on days on which such racing may be lawfully carried on, and provided that no such association holds in any one calendar year more than two race meetings at which there are running races and that there is an interval of at least twenty days between meetings, and provided that such race meeting is held upon the race-course of a racing association now incorporated, or upon a race-course located in or within three miles of a Canadian town or city having a population of not less than fifteen thousand people by a racing association hereafter incorporated. Provided also that as to race meetings at which there are trotting or pacing races exclusively, no such race meeting continues for more than three days, on which racing may be carried on, in any one calendar week, and that no race meetings at which there are trotting or pacing races are held on the same grounds for more than fourteen days in all in any one year."

3. SABBATH OBSERVANCE.

The Reports on Sabbath Observance are on the whole re-assuring. Speaking of the country generally, there are very few violations of the Lord's Day Act reported. In the industrial centres, and in the large cities, and along the frontier, the number of such violations reported is very considerable. They are various in form, though more frequently of the nature of unnecessary labor and business than of the form of the business of pleasure-seeking.

Moreover, it is encouraging to observe from the reports that in a very large number of the instances reported action was taken either through the Lord's Day Alliance or by direct action of pastors or other individuals, by way of remonstrance, reason, and persuasion, and that in a very large number of these instances the Sabbath breaking concerned was discontinued, thus avoiding the necessity for legal action.

A good deal of harm has resulted from certain legal decisions given in Toronto permitting the sale of cigars and tobacco by druggists on the ground that they are drugs and hence their sale permitted in terms of the law—permitting also the sale of ice-cream and other light refreshments served apart from meals by the holders of restaurant licenses, on the ground that these are of the nature of foods wanted for immediate consumption. Your Board has taken an intelligent interest in these decisions, and through the Lord's Day Alliance has shared in bringing these matters before the higher courts in the form of test cases, the result of which has not yet been reached.

Owing to the fact that a considerable number of the Sessions, as usual, did not report, it is not possible to make from the reports submitted any intelligent estimate of the number of men employed on Sunday throughout the Dominion, nor to come to any accurate conclusion as to what proportion of these are employed on that day in doing work that is unnecessary. But the reports warrant the statement that a large number of men, and in some cases women, are employed either in business or in labor, unnecessarily, on the Lord's Day, and thus are deprived of their rest day rights, including the opportunity of worship and of hearing the Gospel.

Some very important forward steps have been taken during the year in the way of the preservation, and thus making possible of the due observance of the Lord's Day. Among these may be noted:—

(1) The granting of two rest days in the month to policemen in some cities, such as Toronto, with good prospect that ere long they will get one day in seven, as is the right of every man.

(2) A very great reduction in the work of railway telegraph operators, especially on the Grand Trunk System, as a result of special pay for Sunday work being conceded to the operators, after a struggle covering several years, in which the Christian churches, through the Lord's Day Alliance, have rendered material assistance.

(3) Through the action of the Honorable Rodolphe Lemieux, Postmaster-General, strongly supported by Deputy Postmaster-General Dr. Coulter, and Chief Inspector Ross, ordering the closing on Sunday of the post-offices, including the corridors giving access to lock-boxes, in New Ontario and throughout Western Canada. In the early frontier days, now approaching a generation ago, the wickets were open for general delivery of mail, in Winnipeg and other Western centres, to accommodate those who were compelled to travel long distances for their mail, or who were passing into the new territory of the West, and were desirous of obtaining their mail without being unduly delayed. Some years ago, the opening of the wickets was discontinued in these post-offices, but the outside door of the office was left open, giving to box-holders access to the mail, which for this purpose had to be distributed to the lock-boxes on the Lord's Day, requiring a large amount of unnecessary work, and depriving many Government employees of their rest day rights.

This, moreover, had resulted in many unscrupulous business men, thus given access to their business mail, going to their offices or other places of business, and requiring stenographers, clerks, or other employees, to join them at the place of business, and answer correspondence and fill orders, on the Lord's Day. This was not usually done openly, but it was a growing practice, and becoming fairly general in certain lines of business in the larger centres of population in Western Canada. Complaints were made by these several classes of employees to their pastors, or to the officers of the Lord's Day Alliance, and for five or six years, while the Secretary of this Board was General Secretary of the Lord's Day Alliance, and since he entered the direct service of the Church, persistent efforts were made on his part and on the part of those who have succeeded him in the Secretaryship of the Lord's Day Alliance, to encourage the postal authorities to take the action that is here acknowledged with so much gratification. Many of the employees that have profited by this action have privately expressed their appreciation of the services rendered to them by the Christian people of Canada, through the Alliance, and by the Postmaster-General, through his Sunday closing order. And while some hotel men, commercial travellers, and other business men, have complained about the order in question, there has been very general approval and gratification expressed. In giving expression to these, the Trades and Labor people in different centres have joined.

Your Board would suggest that the General Assembly should adopt a resolution upon this subject.

It is to be noted with gratification that the United Steel Trust has recently taken action giving to its employees, to the number of 100,000, their rest day, being persuaded, on economic grounds, that it is in the interests of both employers and employees to do so.

4. THE SOCIAL EVIL.

Along with Gambling, the Social Evil has shared the special attention of the Board during the past year. Three important booklets have been published:—

(1) "The Social Evil—Toleration Condemned," by Mr. Recorder Weir, D.C.L., of Montreal.

(2) "Social Vice and How to Deal with it," by our Secretary—being a summary of an address given at an International Purity Congress, held in Burlington, Iowa, and

(3) "Canada's War on the White Slave Trade," also by our Secretary.

The last named in particular has received special attention at the hands of the press in all parts of Canada, and bids fair to accomplish much toward arousing the public to the extent, the heartlessness, and the resultant perils of the traffic in girls or women for immoral purposes.

The Reports indicate that the vice of prostitution carried on as a business, that is in its criminal form, as prohibited by the Code, is known only in a limited number of places in Canada, Newfoundland, and the Bermudas. In the Bermudas, it is limited almost wholly to the City of Hamilton; in Newfoundland, to the City of St. John's; in the Maritime Provinces, to the City of Halifax; in Quebec, to the Cities of Quebec and Montreal; in Old Ontario, only slightly known in the largest cities, and in the New Ontario, in the mining centres; on the Prairie, in Winnipeg, Calgary, Edmonton, MacLeod, and Lethbridge; in British Columbia, it is fairly general in the mining centres of population, and in the Coast cities; and in several places is a means of graft to private individuals, or of revenue to the municipality. It is found also in White Horse, Klondike City, and possibly other places in Yukon.

It is openly tolerated in certain of the far Western cities named, and in Winnipeg, Montreal, Quebec, and Halifax.

Your Board has actively assisted our ministers and congregations in their efforts in co-operation with other churches in bringing this condition of things, where it exists, before the public, and before the authorities, municipal, provincial, and Dominion, and is glad to be able to report that progress is being made, that during the year prostitution has been driven out of a few centres, and that in others the authorities after years, and in some cases generations, of inaction, are beginning to show a sense of shame and of responsibility, and of purpose to remove this open social sore from the local body politic.

The Reports of Presbyteries indicate that in a good many centres where prostitution is known, and where the law brands not only keepers and inmates as criminals, but their male frequenters as well, the law is much more rigorously enforced against the women than against the men. This quite harmonizes with the all too prevalent distinction between the male and the female offenders, in the practice of social vice. Your Board would express its clear-cut conviction that until this double standard is put under the ban of the Church and of society, and all those responsible for the administration of justice, there is little likelihood that social vice, either secret or open, will be reduced to anything like the possible minimum.

The following quotations from Dr. Shearer's booklet on "Canada's War on the White Slave Trade" indicate the extent of this traffic in Canada, and the possibilities of coping with it:

THERE IS A WHITE SLAVE TRADE.

"The day has passed for proving the existence of a traffic in girls for immoral purposes. It has been demonstrated beyond a doubt. All the world has been convinced of the truth of this terrible statement. Hon. Edwin W. Sims' estimate, announced through the megaphone of the press, that 15,000 foreign girls, and 45,000 native born are the victims every year in the United States and Canada, has reached the ear of the world and aroused the indignation or terror of all who have hearts to feel. And a multitude is asking 'What can be done to suppress the cruel business, punish the heartless traffickers, and rescue their victims?'"

THE INTERNATIONAL TREATY.

"One thing alone should satisfy us of the existence of the terrible traffic, namely, the fact that more than twenty Governments—our own being one—have signed an

international treaty, in terms of which each has entered into covenant with all to co-operate in detecting and punishing the traders in innocent or foolish girlhood and in restoring their victims to their own country and friends. Even individual governments do not, without reason, sign treaties for any purpose. Official and diplomatic inertia is proverbial. Only an unusual need, a need fully demonstrated, a most urgent need, can result in well-nigh all the nations of the world binding themselves together in a great common effort such as that undertaken in the Treaty for the Suppression of the White Slave Trade.

HAS CANADA HER SHARE?

"But we Canadians, ready though we are to believe almost anything of the great cities of the United States, the Mother Land, and the rest of the world, are loath to believe that such things can by any possibility be going on in Canada. No wonder we are hard to convince. The trade is so despicable, so cruel, and one would suppose so difficult.

CANADIAN GIRLS IN AMERICAN BROTHELS.

"Everyone knows that for many years a constant stream of Canadian girls have crossed the border to earn their living as writers, nurses, teachers, stenographers, ladies' companions, seamstresses, domestic helpers, etc. Success in unusual degree has crowned their effort. Their integrity and industry and ability have been rewarded with generous remuneration. Stories of their success are widely known. This makes the work of the procurer the easier. His promises of an easy life and otherwise incredibly large wages are believed. Deceptive advertisements are answered. The innocent victims go blindly into a bondage worse than Hell. Once within the door of the house of shame, escape is well-nigh impossible. Locked doors, barred windows, withheld street garments prevent escape, while drugs and brutality do their debasing, enslaving, crushing work. Even if the street could be reached, who will give refuge? To whom can a girl from the house of vice go? Who will believe her? She is an utter stranger. There are good Samaritans aplenty, but ere she can discover one such, her captors are on her trail, she is accused of stealing her employer's clothes, or brazenly branded as a daughter of shame, and cunning tempters besiege her. The chances are many to one against her escape and restoration. Will she in any case turn her steps homeward with a foul stain upon her reputation? Heart-broken, though free, many such have gone back to the evil life as the only thing open, determined now to go the pace and die, but never to let mother and friends know of their experience. Five years, on the average, ends it. Vice, drink, drugs, and disease do rapidly their deadly work. Quick, cold-blooded murder were merciful by comparison!

"Others are first seduced, then half willingly go, this seeming to them a less evil than facing the shame at home. Still others are wooed, won and wedded in cold blood by heartless slavers, then inveigled or forced into the segregated colonies in the great American cities.

"Mr. Clifford G. Roe, of Chicago, Assistant U. S. District Attorney, after investigating in Boston, Mass, says in *Woman's World*: 'Taking the biography of one hundred girls in disreputable houses at random, it was learned that about one-third come to Boston from Canada, mainly Nova Scotia.'

CONCRETE CASES.

"A scoundrel bearing a French-Canadian name is at this writing in prison in Buffalo for endeavoring to force his twenty-one year old Toronto bride into a house of ill-fame, intending no doubt to be her 'cadet' and live at ease on her 'earnings.'

"Two other young villains from Ottawa were recently convicted in Ogdensburg

of procuring for immoral purposes two foolish girls whom they had induced to go from the Dominion capital 'for a lark,' and are now doing time in the Federal Penitentiary at Atlanta, Georgia.

"These are sample instances of recent occurrence. Many others might be given.

AN OFFICIALLY AUTHENTICATED INSTANCE.

"The Dominion police are responsible under the Treaty for the Suppression of the White Slave Trade for giving effect to the Treaty so far as Canada is concerned. Colonel Sherwood, the Commissioner in command, is thoroughly capable and equally anxious to do his duty. In a letter to the writer, under date November 9th, 1909, he says:—

"In reply to your letter of yesterday, I may say that the parties of whom I spoke who were engaged in the White Slave Traffic with headquarters at Belgium, were Armand Lechien, and a woman, Alsie Lechien, who masquerades as his wife, otherwise known as Alzir Hennart, born in France, but of late years living at Liege, Belgium. They would appear to have been engaged in debauching and bringing young girls to this continent for some years back. It is known that in 1903 they brought some into the Yukon, one of the girls at that time being under fifteen years of age.

"The particular case with which we had to do was the importation of Philomena Jongen, who was brought out by way of St. John, N.B., in 1908, and taken to a family near Stettler, Alta., to await a convenient opportunity to take her across the line. This was done later on in that year when she was taken to a ranch in Montana, kept by one Jules May (Maille) and later taken to Denver, where she came under the notice of the officers of the Immigration and Naturalization Bureau, who apprehended her and got her story, resulting in the arrest of May (Maille), who for his participation in the matter was in July last convicted and sentenced to four (4) years in the Federal Penitentiary at Leavenworth, Kansas, and in addition to pay a fine of one thousand dollars (\$1,000), an indictment was also found against Mrs. Leichen, but both she and her male companion have so far evaded arrest, but the officials, both of the United States and Canada have been warned to be on the lookout and have been furnished with descriptions, and in the event of arrest they will be rigorously prosecuted.'

WHITE SLAVE MARKETS IN CANADA.

"Canada is responsible for furnishing her share of the demand for, as well as the supply of, the victims of the White Slave Trade. We are not without our vice markets in the form of Red Light Colonies with or without the 'red light' as the business sign. Such colonies 'segregated' or 'tolerated' are said to be a 'necessity' for men—that is for human males—and essential to the 'safety' of good women and girls, who otherwise would be assaulted by the said males. Of course if prostitution is a necessity, and must be tolerated, then a 'supply' of prostitutes must be furnished. Hence on this theory the White Slave Trade is justified or at least must be 'tolerated' since it simply supplies the 'victims'! 'Segregated' or 'tolerated' colonies are an essential adjunct to the 'business.' Only in such colonies can the 'victims' be hidden and securely held. Anywhere else an unwilling victim can easily enough reach the eye or ear of respectable citizens who will give refuge or find it."

5. INDUSTRIAL PROBLEMS.

The Reports of Presbyteries on Industrial Problems indicate that in rural communities, including villages and many quiet towns, either industrial problems do not exist, or Sessions are not aware of their existence. Even in the case of industrial centres where problems are recognized, according to the reports the problems are not numerous, widespread, alarming, or even serious. It would seem that only to a very limited extent are working men out of sympathy with the Church, excepting those

who have recently come from the Mother Country, or the Continent of Europe. There would seem to be few indications, so far as Sessions are aware, of the existence of sweat shops, of child labor excepting to a limited extent, or at all extensive suffering by women wage workers from inadequate remuneration, or other unjust or oppressive conditions, though several of the reports express the conviction that sales girls in departmental stores are not given what may fairly be called a living wage.

It would seem also that very few experiments looking to the solution of industrial problems, such as profit-sharing, co-partnership, welfare work, or the like, have been made in Canada. In the City of Toronto at present there is a movement among manufacturers employing women and girls to introduce various forms of welfare work, and certain of the down-town churches have opened their premises as noon-day rest rooms and lunch rooms for those who do not go to their homes or boarding houses for lunch. This action alike on the part of employers and churches is highly appreciated by the beneficiary girls and women.

Speaking of the Dominion generally, there would seem to be comparatively little Socialism, of which Sessions at any rate have become aware. While there is a great deal of public ownership and public control sentiment showing itself, which while it does not bear the name is of the nature of Socialism, limited in its application. From Cape Breton comes the report that Socialism is making perhaps slow but steady progress among the masses and among the limited number who are intelligently studying industrial and social problems, but that it is not of the anti-church or anti-religious type, and by no means to be deprecated.

From the other end of the Dominion, namely, at the Pacific Coast, comes the report that the prevalent type of Socialism in the extreme West is distinctly anti-church and anti-religious, and that it is not making very rapid or alarming progress.

6. THE PRESBYTERIAN BROTHERHOOD.

Under this head the questions submitted by your Board asked for information not only as to the existence of organizations bearing the specific name "Presbyterian Brotherhood," but other organizations of men, at all similar. The Reports would seem to indicate that the majority of Sessions in rural communities and smaller places do not feel the need of any congregational organization of men, or find it impossible to make a success of such, and that even in the larger centres the same idea prevails among a considerable number of the Sessions. Hence it would seem that progress in organizing the men of the churches for systematic work in the name of Christ, in the interest of missions, moral and social reform, evangelistic effort, the development of social life, of the spirit of devotion, and of Bible study, is considerably slower than could be desired.

The number of men's organizations reported would seem to be about 125. They take the form of "The Presbyterian Brotherhood," "The Brotherhood of Andrew and Philip," "Men's Associations," "Men's Clubs," "Men's Unions," "Organized Men's Bible Classes," etc. So far as we are able to gather from the Reports, there have been organized during the past year in the neighborhood of twenty-five organizations bearing the various names above enumerated.

Your Board would call the attention of members of the Assembly, and of readers of this report, to the booklets issued by the Board, entitled—

"The Presbyterian Brotherhood—Suggested Constitution."

"The Presbyterian Brotherhood—Bible Study Courses, and Subjects for Debate," as well as to the book entitled "The Church and Men," by Dr. W. H. Smith, of Fredericton, N.B., in which the problem in all its phases and bearings is vigorously and intelligently discussed.

7. MORAL AND SOCIAL REFORM COUNCIL.

The questions sent down by the Board to Sessions asking for statement as to the extent to which Moral and Social Reform Councils are organized in the various municipalities or electorates, aim to elicit whether any other inter-denominational organizations exist, either as a substitute for, or in addition to a Moral and Social Reform Council. The Reports indicate that in Prince Edward Island, Nova Scotia, New Brunswick, Ontario, Manitoba, Saskatchewan, and British Columbia, provincial Moral and Social Reform Councils have been formed, some of them doing extensive and aggressive work in the promotion of the various moral and social reforms requiring attention in their respective territories, and that in Alberta the Temperance and Moral Reform League covers substantially the same ground, though confining its attention principally to the promotion of temperance. Along with the Moral and Social Reform Councils of the provinces above named, it stands related to the Moral and Social Reform Council of Canada. The Local Option League of British Columbia, the Dominion Alliance for the suppression of the drink traffic in Ontario and Quebec, the Temperance Federation in New Brunswick, and the Temperance Alliances in Nova Scotia and Prince Edward Island, give their attention exclusively to the promotion of temperance, and do not promote, regularly at any rate, other moral and social reforms.

The Moral and Social Reform Council of Canada, federating as it does for the promotion of moral and social reform—the Church of England in Canada, the Presbyterian Church in Canada, the Methodist Church in Canada, the Baptists of Canada, the Congregationalists of Canada, the Salvation Army, the Trades and Labor Congress of Canada, the Dominion Grange and Farmers' Association, and the Canadian Purity-Education Association, has already commended itself to the approval of all the moral and social reform forces of the Dominion, and has made its influence powerfully felt in the Dominion Parliament in the promoting of legislation, and in the securing of adequate administration of laws having a moral bearing. In the study of the subject of political purity, the moral education of the young, and the prevention of sweatshops and other undesirable economic conditions among wage earners, and in many other lines, satisfactory progress is being made by the Moral and Social Reform Council alike of Canada and of the various provinces. This simple method of federating the moral and social reform forces in a single organization that will serve for the promotion of all moral and social reforms requiring attention, in Dominion, province, or municipality, as the case may be, ought to have the heartiest support of our people, alike in cities, towns, villages, and rural communities, in very few of which there are not serious problems of this nature requiring attention, and therefore the need of such an organization, which from its very nature does not call for complex machinery or for the multiplying of meetings beyond that which is actually necessary in giving attention to the questions or conditions calling for such.

An International Moral and Social Commission for the promotion of moral and social reforms, especially by the use of literature suitable for distribution in all countries, has been incorporated in Washington, D.C. There are two Canadians among the charter members of this Commission, viz., Revs. Dr. S. D. Chown and Dr. J. G. Shearer.

8. IMMORAL LITERATURE AND AMUSEMENTS.

(1) IMMORAL LITERATURE.

Your Board is gratified in being able to report that much has been accomplished during the year on which we are reporting, as on the one that preceded, in preventing the circulation of books and literature of immoral tendency. The legislation reported a year ago has made it somewhat easier for the authorities to detect, convict, and punish the criminals who are ready to make gain out of the poisoning of the minds and morals of the youth of our country. In this we have had the heartiest co-operation of the authorities, Dominion, provincial and municipal. The post-office and customs departments are constantly on the lookout for any violation of the Criminal

Code in this regard, and do not hesitate to take drastic action to punish such offenders as are discovered. The Department of Customs has prevented the importation on Sunday of American papers, at the different ports of entry. The Post-office Department has repeatedly, in various parts of the Dominion, held up the mail destined for men who were carrying on a criminal business. Many illustrations might be given. One may be taken as typical and sufficient. The Toronto Antiquarian Book Company, consisting of two men of good social standing, one a University graduate, doing a legitimate business in antiquarian books, were conducting on the side an extensive business in antiquarian books of a demoralizing character, and making an immense profit. While they did a fairly extensive trade in Canada, they were exploiting the United States particularly. The Secretary of the Board has kept in touch with Mr. Anthony Comstock, whose life is given as Chief Post-office Inspector under the American Government, and as Secretary of the Society for the Prevention of Vice, to the protection of children and youths from the demoralizing influence of evil literature of every variety. Mr. Comstock came into possession of the advertising circulars of the Toronto Antiquarian Book Company, and advised the Canadian authorities, with the result that their place was raided, they themselves taken into custody, and their mail withheld. Many of their books were examined by the Crown authorities and by the Secretary of the Board, and after months of delay the two men when called for trial before His Honor, Judge Winchester, pleaded guilty and were sentenced to one year each in the Central Prison.

After serving two months they were given a free pardon on recommendation of Hon. A. B. Aylesworth, Minister of Justice. When his action was challenged in the House of Commons he sought to justify his course by claiming that the books they were selling were "scientific" and "classics," and that in his opinion these men were "not guilty of the offence with which they were charged."

This action and defence on the part of the Minister of Justice is as inexplicable as it is inexcusable, in view of the facts, (a) that the two men pleaded guilty on the advice of eminent counsel, (b) that the books on the sale of which the charge against them was based have been denied transmission in the American and Canadian mails, (c) were called by Dr. Arthur Jukes Johnson, Chief Coroner of Toronto, under oath in the Police Court, "unutterably vile, reeking with filth from beginning to end," and "absolutely without scientific value," and (d) that the Toronto Globe says editorially after full examination of them that it "endorses Dr. Johnson's judgment" and adds, "Their only value to science is as samples of the erotic factors in the making of degenerates and perverts. As literature they range all the way from the serofulous French novel, unexpurgated, vilely illustrated, and elegantly bound, to the still more lecherous exposition and advocacy of the grossest unnatural sensuality."

(For the special deliverance of the Assembly on this case see the Minute of Assembly herewith.)

Your Board is of opinion that what the Church, through it, has been able to accomplish in the way of preventing the circulation of evil literature, has in itself alone more than justified the existence of the Department of Moral and Social Reform, and all that it has cost, during the three years of its service.

(2) IMMORAL AMUSEMENTS.

The people's play and particularly the children's play, are and ought to be, in a special sense, the concern of the Church. It often happens that on the street, in the public park, in the one-cent, and five-cent show, or in even the better class of theatre, demoralizing work is done in a single hour that the Church, the Sunday School and the home, combined, will not undo in a month, or in some cases a lifetime.

Your Board has a Committee making a special study of this question of amusements during the present year. It is in touch with the various forms of amusement prevailing in various cities of Canada, and hopes to be instrumental in evolving and

instituting some plan of censorship and control of public amusements. It is, however, not enough to put the ban of the Church or of the law upon those amusements of a demoralizing tendency. It is still more important to provide clean substitutes, and this is no easy matter—more difficult for winter than for summer. The supervised playground has already justified its introduction, and has passed beyond the experimental stage. Your Board would recommend that our ministers and people generally should let no opportunity pass of exerting their influence to its utmost in instituting, fostering, and encouraging the supervised playground in all our cities and towns. Your Board holds itself in readiness to give desired information on the subject to inquiring friends.

9. READING COURSE IN SOCIAL SCIENCE.

As announced in its report to last Assembly, your Board has through its Committee on Literature been carefully preparing a reading course in social science, and has much pleasure in submitting the result of its labors in the Appendix to this Report. It will thus be placed in the hands of every minister and elder in the Church. Many may not find it of much service. Many others will. (See the Blue Book).

As will be observed, it is in three parts:—

- (1) Shorter General Course.
- (2) Additional Books of Reference on the subjects covered by the Shorter Course, and—
- (3) Practical Moral and Social Problems.

Your Board and the Church are under a special debt of gratitude to Professor Magill, Professor Adam Shortt, Professor O. D. Skelton, and the Hon. Dr. W. L. Macenzie King, for suggestions and valued aid in the preparation of this course.

II.—OUTLINE OF WORK WAITING TO BE DONE, AND CALLING FOR IMMEDIATE ATTENTION OR ACTION.

1. TEMPERANCE.

This Report has already demonstrated that splendid progress is being made in putting out of business the debasing traffic in strong drink, one of the greatest hindrances to the onward progress of the Kingdom of God.

But much remains to be done.

(1) The Assembly is asked earnestly to urge all our ministers and Sessions actively to co-operate in the limiting of the traffic in drink in every way within their power, whether by the reduction of the number of licenses, by local veto, or by provincial legislative action in abolishing the bar-rooms, and hastening as rapidly as public opinion makes possible, toward the goal of the complete suppression of the sale of intoxicants for beverage purposes.

(2) The Assembly is asked as earnestly to urge ministers and people not to trust unduly to legal limitation or prohibition of the traffic in drink, but persistently to urge upon children, young people, and adults, under their influence, to abstain altogether from the use of alcoholic liquors for beverage purposes, and in order to this end systematically to communicate to the people information showing the teaching of science and economics, as well as religion and morals in favor of such abstinence, and in this connection to use the abstinence pledge cards provided by the Sabbath School Publications Committee, in co-operation with this Board.

2. GAMBLING.

Your Board is persuaded that a great work requires to be done by the Church in dissuading the people from all forms of gambling, whether in connection with business, social life, sports or pleasure. The recent campaign, aimed at the outlawing of the business of gambling in all its forms, has demonstrated how extensive and deep-seated is the mania for the excitement and gain of getting money by betting or gambling, and this without giving a fair equivalent in value. There will be need for years to come of the most thorough and systematic teaching of the children and young people of our Church and country as to the evils of this insidious vice, and the duty of abstaining from and discouraging all gambling practices.

The following resolution was added in Assembly:—

WHEREAS the legislation asked by the Assembly last year making the business of gambling and betting a crime on the racetracks and everywhere else was introduced and ably supported by Mr. H. H. Miller, M.P., and favorably reported upon by a select committee of the Commons after searching inquiry and afterwards defeated by a majority of one in Committee of the Whole.

AND WHEREAS this defeat was the result of bitter opposition and grave misrepresentation by leading members of Parliament.

AND WHEREAS thereafter a compromise measure consisting of Mr. Miller's bill with an exception permitting professional gambling on racetracks during racing meets of limited duration was passed by both Houses and is now law;

THEREFORE RESOLVED that the General Assembly records its appreciation of the efforts of Mr. Miller and those who stood loyally with him, deploring the attitude of those who opposed and especially of those who misrepresented the supporters of the bill, is gratified that the Code has been extended so as to include in its prohibitions handbook making, publication of tips and information intended to aid in professional betting; deeply regrets the action of Parliament in legalizing pool selling upon the racetrack and establishing professional book-making upon the track more firmly than ever, leaving the Code as inconsistent as it formerly was, making professional gambling a crime in one place and not in another, at one time and not at another, for most people and not for others, and leaving upon the good name of Canada the stigma of being one of the few portions of the continent where race-track gambling as a business is not criminal.

The Assembly further declares that it cannot rest satisfied so long as the Criminal Code legalizes and thus encourages a vice under the debasing influence of which thousands of lives are being demoralized and by reason of which young men in business are constantly threatened with ruin and disgrace.

3. SABBATH OBSERVANCE.

While considerable progress has been made in preserving the integrity and promoting the worthy observance of the Lord's Day, there is need of pressing on along the lines at present being followed, if we are to retain our Canadian Sabbath and protect it against the inroads of business, pleasure, and the lower ideals in this regard of the foreigners of many nationalities streaming into our country and presently to share with us the heritage of Canadian citizenship and therefore the governing of our country.

The following resolutions were added in the Assembly:—

1. The Assembly expresses its high appreciation of the importance of the work carried on by the Lord's Day Alliance for the preservation of the National Rest Day and the better observance of the Christian Sabbath.

It regards with highest approval the energetic and wise labours of the Secretaries of the Alliance, and commends them and their work to the sympathy and support of all her people.

2. The Assembly cordially commends the action of the Hon. Rudolphe Lemieux in closing the corridors of the post offices on the Lord's Day, recognizing it as an important step toward securing the Rest Day and all its privileges to many employees of the Post Office Department as well as of business firms who having access to their mail on that day were requiring those who served them to labor at correspondence or in filling orders on Sunday.

4. THE SOCIAL EVIL.

We have reason to be thankful to God and to be gratified at what we as a Church, in co-operation with others, have been able to accomplish during the past year in studying and contributing to the solution of the social evil, but much remains to be done.

The Board recommends action—united, energetic and persistent—along the following lines outlined in Dr. Shearer's "Canada's War on the White Slave Trade":—

PUNITIVE EFFORTS.

1. "Punitive effort is not only defensible but necessary. Only the fear of punishment will deter procurers or procuresses, or 'cadets' or the hardened 'madames,' who are keepers of dens of infamy. They are not only not entitled to consideration at the hands of society. They ought to be relentlessly pursued and prosecuted in the interests alike of social welfare and for the sake of those whom they have so cold-bloodedly victimized and in many cases procure and sell and hold as slaves.

"Moreover, as Mr. Recorder Weir, Rev. Arthur French, and every one experienced in direct dealing with those who have for any reason been led to make commerce of sex, have said over their signature, it is only when the law is being enforced rigorously against them that there is any use offering refuge to these wretched girls. It is only when in sore trouble that they are open to the ministry of mercy. Experience almost uniformly demonstrates this. I do not apologize, therefore, for making this my first suggestion—rigorously and uniformly enforce the law making procuring and prostitution criminal offences.

REDEMPITIVE WORK.

2. "But redemptive effort should always accompany punitive effort. The hearts of all true followers of Jesus should yearn to rescue and restore and save the women—and the men—of the underworld. Whether they have gone in voluntarily or under the coercion of cunning or force, we must open to them the door of hope and extend to them the hand of help and deliverance.

"To this end there ought to be in every city or district some house of refuge whose door is ever open to the penitent Magdalene, whether her sin has been secret or open.

"Moreover, there ought to be in every province some institution under Christian care, to which the impenitent can be sent under the authority of law, and given a chance under fair conditions to get free from the bondage of the life of vice.

PREVENTIVE WORK BEST OF ALL.

3. "But preventive effort is more important than either punitive or redemptive. This needs no arguing.

What can we do to prevent the daughters of Canada or other nations living among us, getting into the life of shame? That is the question in this connection.

The following suggestions are offered:—

(1) It would seem that while something is being done, more is required by the Dominion immigration authorities in discovering and bringing to justice those engaged in victimizing girls of other nations, and bringing them into Canada, or through Canada to other countries, for immoral purposes. This matter is being brought now by the moral and social reform forces to the attention of the Dominion Government. The United States Congress has recently voted \$50,000 for a similar purpose.

(2) Let preachers, pressmen, teachers, parents, and moral reformers persistently proclaim the single standard of morals—holding the man equally with the woman responsible in all cases of social vice, whether open or secret. For every fallen woman there is at least one "fallen man." Why ostracize the one and continue to honor the other?

(3) Warn women and girls of the perils to which the young are exposed. Most vic-

tims are utterly ignorant of danger. The pulpit, the platform, and the press may and ought to lead in sounding the note of warning. Literature like this should reach every home in the Dominion. Could not the sympathetic women's organizations undertake the task?

(4) In every large city or industrial centre, travellers' aid work should be systematically and faithfully done. It should be made impossible for any lone girl to arrive at any city railway station or on any wharf without being offered the protection and guidance of a sister woman recognizable by her costume or badge.

(5) Christian and social service workers in every city should make up and advertise a list of inspected and safe and comfortable boarding houses for girls and women wage earners. This is vital.

(6) Though it may be difficult and delicate and often unpleasant work it is becoming absolutely essential that the young of both sexes be instructed in the purposes and problems and perils of sex, including information as to the awful penalty nature imposes, in the form of social diseases, such as syphilis and gonorrhœa, well designated the Black Plague, upon those who violate her laws of sex, and not only upon the guilty, but upon the innocent and pure with whom these guilty afterwards wed.

(7) To give any sort of general effect to the above suggestions, organization is essential. What is everybody's business is nobody's business and will not be done."

Your Board feels that it is not to the credit of the Presbyterian Church that heretofore as a Church we have done nothing toward winning back, by means of the Gospel, the fallen women who have gone into the life of shame, whether as victims of the White Slave Trade, or of the seductive wiles of professed lovers, or of their own folly, believes the time has come when a beginning should be made in both redemptive and preventive work among this class, and asks the Assembly for authority to make such a beginning and in co-operation with the Woman's Home Missionary Society, to secure the services of some capable woman for this purpose, and to direct her in her work.

The following resolution was added in the Assembly:—

"The Assembly deeply regrets that the law making criminal the business of social vice is in not a few cities nullified by the unsympathetic attitude of Police Commissions, Magistrates or Chief Constables in permitting in fact what in law is clearly prohibited, thus not only exposing the communities affected to physical and moral contamination from this loathsome vice, but setting up a school of lawlessness under the protection of the very men sworn to enforce the laws of the land, and calls upon all good citizens to unite in pressing for the uniform enforcement of this and of all laws having a moral bearing."

5. INDUSTRIAL PROBLEMS.

The Board suggests that the Assembly should urge all its ministers and members to avail themselves of the Reading Course in Social Science recommended by the Board, and appended to this report, in order that they may thus be enabled intelligently to consider and contribute to the solution of the various economic, social and moral problems presented by the conditions prevailing in industrial life, and would commend to their favorable consideration the following recommendations made by the Board at its last annual meeting:—

"That our people should make earnest effort,—

(1) Toward securing legislation in every province of the Dominion making regular attendance at school compulsory up to the age of fourteen years, and the strict and uniform enforcement of such legislation.

(2) To discourage the continuance in street occupations of boys above the compulsory education age limit, because of the danger of such youths, if they do not take up a trade or some other permanent calling, drifting into criminal habits, on the one hand, or being permanently unfitted for anything but unskilled labor, thus adding to the numbers of those suffering from unemployment, from time to time.

(3) Toward placing the power to appoint truancy officers and the enforcement of compulsory education in the hands of Boards of Education, rather than of Police Commissioners.

(4) Toward securing shorter hours for child and women workers.

(5) To press for the abolition of all sweat shops and the conditions that make for them.

(6) To endeavor to secure more uniformly adequate remuneration for women workers, being convinced that one of the causes of lax morals among girls and women of the working class, and of their becoming victims of the White Slave Traffic, is inadequate support.

(7) To recommend to the proper authorities the establishment of employment bureaus under Government control, where all men wanting work can be registered free; and the appointment of Government inspectors, with sufficient authority to see that satisfactory accommodation and care in health and sickness is provided by contractors and other employers, for freight handlers, navvies, loggers, etc."

6. PRESBYTERIAN BROTHERHOOD.

The Board suggests that the Assembly should again earnestly urge upon Sessions the favorable consideration of the advisability of organizing the men of their congregations into Presbyterian Brotherhoods or other form of men's organization for the purpose of the cultivation of their own spiritual life, and for the individual and united effort in extending the Kingdom of Christ among brother men, and leavening with Christian spirit all the institutions of municipal and national life.

7. MORAL AND SOCIAL REFORM COUNCIL.

The Board suggests that the Assembly should urge upon ministers and members of the Church that they should heartily co-operate with those of other churches, in their respective communities in forming some such simple inter-denominational organization as the Moral and Social Reform Council for the purpose of uniting the Christian forces with the view of promoting moral and social reform, and the highest type of citizenship.

8. POLITICAL PURITY.

The Board suggests that the Assembly should commend to the favorable consideration of the Church the following recommendations which in substance were adopted at the annual meeting of the Board, aiming in wise and moderate ways at promoting political purity, and higher ideals of national life.

"(1) That in the way of educational effort—

(a) The ministers and members do all within their power to awaken the public conscience in regard to the sacredness of the franchise.

(b) That they do all possible to secure the co-operation of schools, colleges, Y. M. C. A.'s, and the religious and secular press.

(2) That they do all possible to cultivate a spirit of greater independence, to dissipate the fallacy that extreme partizanship is either worthy or necessary, and to speak with no uncertain sound in condemnation of deliberate misrepresentation and bribery in political campaigns.

(3) That they use their influence toward setting the Civil Service entirely free from the degrading influence of the 'patronage' or 'spoils' system.

(4) That they consider whether it is not essential, in the interests of political purity, that investigation and prosecution of violation of the election laws be in the hands of an officer or officers, whose political independence is guaranteed.

(5) That Christian citizens be urged to take such action as will secure thorough watchfulness before and after and during campaigns."

9. THE SYSTEM OF PROBATION AND INDETERMINATE SENTENCE, CARE OF FEEBLE-MINDED AND PROTECTION OF INDIANS.

The Board purposes—

(a) Continuing to press for the introduction as extensively as is feasible into the administration of justice of the principle of the indeterminate sentence and the system of probation in dealing with criminals, which aims at the reformation of the criminal as well as the punishment of crime;

(b) To press for the more adequate and scientific care, protection and training on the part of provincial authorities and Boards of Education of feeble-minded women and children;

(c) To press for the more adequate protection by educational means, by legislation if necessary, and by the thorough-going enforcement of liquor and criminal laws, of the

Indians, and especially of Indian girls and women against the designs of vicious men, whether red or white.

10. LAW ENFORCEMENT.

The Board has made a special study of the best methods of law enforcement as exemplified in practice in the various provinces of the Dominion, and recommends—

"(1) That the extension of provincial or general police forces be encouraged by the friends of moral and social reform throughout the Dominion.

(2) That in every case municipal police forces be placed under the control of some governing body not subject to the influences of local public opinion, and thus taken out of the sphere of municipal politics.

(3) That the rural municipal police system should be discontinued, and made a part of the provincial police system, if necessary grouping several municipalities under the control of one capable, energetic and adequately supported provincial constable.

(4) That the Attorney-General of each province should be given power to provide adequate training for the members of municipal as well as the provincial police forces; and that this authority should be uniformly used to insist upon the careful instruction of all constables as to the laws they are called upon to enforce, the extent of their powers, and the best way of performing their duty.

(5) That wherever this is not the case now, the Provincial Attorney-General should be given the power to compel all police commissioners and constables to do their sworn duty in the enforcement of all laws.

(6) That it is desirable in the interests of law and order and of good citizenship in general, that liquor laws should invariably be enforced by provincial officers, and that in particular for the enforcement of these laws a special, movable, detective force would seem to be a necessity, the personnel of which can be changed as frequently as is found necessary."

11. PATRIOTIC SUNDAY.

The Board after two years' experience is persuaded that the observance of the Sunday nearest to our national birthday as a special day for the consideration of national righteousness through the promotion of the various moral and social reforms needed to meet the conditions and solve the problems of our Canadian life, is fraught with possibilities of great good, and in consultation with the Assembly's Sabbath School Committee has decided—

(1) That Sunday, 26th June, be observed as Patriotic Sunday for 1910.

(2) That the subject recommended for special consideration be the "Strangers within our gates."

(3) To furnish special information and suggestions bearing upon the subject chosen to ministers, Sabbath School workers, leaders in Young People's Societies, and other Church workers.

12. The Board recommends that hereafter it shall consist of not more than thirty members.

13. Finance—

Deficit, 1st March, 1909.....	\$1986.66
Receipts, up to 28th February, 1910.....	8574.29
Expenditure, for year 1909-10.....	7763.97
Deficit, 28th February, 1910.....	1176.34

Estimates, 1910-11, including the deficit, \$12,500.00.

14. The Board recommends that the Assembly instruct the Board of Trustees or other Committee to provide a building in Toronto for the accommodation of the Church offices at as early a date as possible.

15. The following resolution was adopted by the Assembly, on motion of Messrs. G. M. Macdonnell, K.C., and Walter Paul:—

"The Assembly records its thankfulness for the work done and attempted by the Board in the cause of Moral and Social Reform, and our sincere appreciation of the wise and indefatigable and effective services of our Secretary, Dr. Shearer, in the cause he so ably represents."

GEORGE C. PIDGEON,
Convener.

READING COURSE IN SOCIAL SCIENCE.

RECOMMENDED BY THE BOARD OF MORAL AND SOCIAL REFORM.

- I. Foreword.
- II. Shorter General Course.
- III. Additional Books of Reference.
- IV. Practical Moral and Social Problems.

I.—FOREWORD.

This is the day of the Social Problem. That our Social conditions have become a problem in the modern world is by no means to be taken as indicating the deterioration of Society or the degeneracy of modern life. On the contrary it is one of the hopeful signs of the times and proclaims the wider intelligence and quickened sense of moral responsibility undoubtedly characteristic of our age. The evils complained of in the body politic have existed in one form or another from time immemorial. But whereas in the past they were too often acquiesced in as a matter of course, and endured without hope and almost without protest, they are to-day promptly and universally challenged by reason and conscience to show cause why they should any longer be suffered to exist. Unjust social conditions there have always been. In the past they were regarded as a burden to be borne, in the modern world they constitute a problem to be solved.

It is this changed spirit and attitude of modern life that have called up the *Social Problem*; and in the existence of that problem lies the hope of Society and the opportunity of the Church. And it may be said that the Church is becoming alive to her opportunity. Perhaps as never before the call to Social Service is heard, and a zeal for Social reform has taken possession of religious leaders and people alike. The situation is one of the greatest hope and of the gravest peril. Who will set bounds to our achievement if that zeal be well informed and wisely directed? Who can measure the calamity that will result, if it be left uninstructed and misguided?

To the average man the problem of social reform is altogether too likely to seem a very simple affair. Even a little study and investigation, however, is sufficient to dispel that illusion; and still further inquiry serves but to bring out with still stronger emphasis the extreme difficulty of the whole matter—the multitude and magnitude of the interests involved, the complexity and intricacy and delicacy of the elements that enter into even the simplest questions of social life. So impressive does all this become to the student, that not infrequently men grow discouraged, the enthusiasm of zealous ignorance giving place to the paralysis of partial knowledge. But the remedy for the evils of partial knowledge is to be found in fuller knowledge, and it is along that way that our road lies. Once and forever let it be understood that we turn our backs resolutely upon all the quack nostrums and ready-made devices of dreamers and demagogues. In all these things there is nothing for us.

Having chosen the way of patient investigation and scientific knowledge, it will not be found an easy way. Here, as in all other fields of human learning in these days, the Preacher's words find emphatic illustration,—“Of making many books there is no end.” And the selection of books is always a difficult and risky matter. But at any rate in the following list, with its three divisions, three things have been attempted. In the first division there is

outlined a general course of reading, covering in a fairly adequate manner the whole field of the Social Sciences, and designed to furnish the student with a general knowledge of the subject, such as ought always to precede more particular inquiry into special fields.

In the second division the list is much more extended, though by no means exhaustive, and is meant to indicate under the various heads some of the more useful and important books for those who may feel themselves sufficiently equipped with general knowledge, and who desire to follow out a more detailed course of study in some of the special departments.

The third division might perhaps be described as containing a list of present day essays in Social Science. It contains books and pamphlets that are considered as making worthy contributions to the discussion of existing problems of social life, and as of value therefore in leading to a right understanding of these problems, and in promoting their solution.

In issuing this Reading Course in Social Science, the Board is not to be understood as in any sense standing sponsor for all that these books may contain, or as endorsing all or any of the views therein set forth. To do that with this or any other list of books that might be compiled would be utterly impossible, and altogether undesirable. The purpose in mind was neither to endorse any particular views nor to propagate any set of opinions, but to stimulate an interest in the study of Social questions, and to indicate the sources whence a knowledge of these questions might be obtained. The wise student will form his own opinions.

It must not be supposed, either, that light on social problems is to be sought only in technically scientific works. General literature has much to teach us on these matters, history being especially valuable in this regard. Further, also, it ought to be said that no reference to the subject would be complete that did not particularly direct the student to the works of the great Nineteenth Century Prophets, Ruskin and Carlyle, whose moral earnestness broke through the shallow sophisms of "*laissez-faire*" and whose writings did so much to give a more humane interest to the great social questions that so directly affect human happiness, and so vitally concern the advancement of civilization and the future of our race.

In preparing this Reading Course, the Committee was privileged in being able to consult at different times with Professor Magill of Dalhousie, Professor Adam Shortt of Ottawa, the Honourable W. L. Mackenzie King, and Professor Skelton of Queen's. The special knowledge, wide experience, and ripe scholarship of these gentlemen made their advice and assistance very valuable. Their aid was most generously given, and is gratefully acknowledged.

In the name of Him who came to redeem life is this sent forth in the earnest hope that in some measure it may be instrumental in helping those who may read and follow its suggestions, more intelligently to pray, and more effectively to labour for the fulfilment of the prayer,

"Thy Kingdom come, Thy will be done in earth as it is in Heaven."

REPORT OF THE COMMITTEE ON UNION WITH OTHER CHURCHES.

To the Venerable the General Assembly of the Presbyterian Church in Canada.

Your Committee on Union with other Churches begs to report that no meetings have been held since their report was presented to last Assembly. It will be necessary for the General Assembly to consider what action shall now be taken.

Respectfully submitted.

WM. PATRICK,
Convener.

REPORT OF THE COMMITTEE TO STRIKE STANDING COMMITTEES.

To the Venerable the General Assembly:

The Committee to Strike Standing Committees at last Assembly was continued during the year and was asked to make certain recommendations if it were found practicable to do so. Minutes 1909, page 61, paragraphs I., 1-4; page 62, V., 1-2.

The Convener addressed a circular letter to all Clerks of Presbyteries asking them to forward to him the names and addresses of the ministers and elders, who in the judgment of their respective courts, possess special qualifications to serve on any of the Committees of Assembly. He also asked the Clerks as experts in the organization and work of the Church to express their opinion on the two matters remitted to the Committee by last Assembly, viz.: 1. What should be the numerical strength of each of the Standing Committees; and, 2. Whether certain persons who sustain an official relation to various Standing Committees should be corresponding rather than regular members thereof, and if so what officials should be given this status.

Nearly all the Clerks submitted these two questions to their Presbyteries so that their answers embodied not the individual opinion of the Clerk, but the judgment of the Court. Twenty-six Presbyteries sent reports and more or less full expressions of opinion. The brethren of the Eastern Section seem to be fairly well satisfied with things as they are, but are willing that the Committees should be made multiples of three.

In the Western Section there is considerable diversity of opinion regarding the numerical strength of committees. Five Presbyteries desire no change. Several think some of the committees might be made smaller without losing any working efficiency. All the Presbyteries west of the lakes are agreed that they are not adequately represented on the important Committees of Assembly. Two Western Synods, for example, have no representative on the Foreign Mission Committee and some of their members complain that they are not able to keep in touch with the Indian work.

A number seem to desire that the Synod should be the basis of representation, that each Synod should nominate its representatives on the Assembly's Committees and forward these nominations to the Assembly. For the larger committees five members are suggested from each of the three Central Synods, three from Manitoba and two from each of the Western Synods, making twenty-four in all. Half this number is suggested for each of the smaller committees, chosen from the Synods in substantially the same proportion.

In view of the difficulty of getting the West adequately represented on the Home Mission Committee it is suggested that a re-arrangement might be made, dividing the Committee into Eastern, Central and Western Sections, with an Executive of men representing the Church as a whole.

Several are strongly of opinion that on all committees of Assembly, whose work cannot be done entirely by correspondence, the far distant sections of the Church ought to be represented by corresponding members, whose opinions would be sought on specified details and to whom copies of the minutes would be regularly sent.

Some Presbyteries, while strongly deprecating the very great inequality between the number of ministers and the number of elders on the committees admit the difficulty of

getting able business men, whose judgment and experience would be valuable to serve on these committees.

In regard to the question of salaried officials being regular members of their respective committees fourteen Presbyteries think they should be corresponding members only. Two of these Presbyteries make an exception of the Home Mission Superintendents because they are almost the only representatives of some of the Western Synods on the Home Mission Committee. One or two add that "no salaried Secretary or paid servant of the Church should be Convener of any of the Standing Committees."

Four Presbyteries think they should be eligible for regular membership and one adds that "all salaried Secretaries and Clerks of Assembly should be *ex-officio* members of Assembly when not Commissioners."

Notwithstanding the opinion of the majority of the Presbyteries reporting, the majority of your Committee believe that these officials ought to be eligible for regular membership on their various committees in view of the fact that they are the servants of the Assembly and not of the Committee, and also because their expert knowledge makes their judgment valuable and because they are responsible for the success of the work.

The following persons have been nominated by their respective Presbyteries for service on the Committees under which their names appear, viz.:-

COMMITTEE *RE* THE AGED AND INFIRM MINISTERS' FUND AND THE WIDOWS' AND ORPHANS' FUND.

To the Venerable the General Assembly:

Your Committee appointed by the last Assembly to consider the returns of Presbyteries to the remits concerning the Aged and Infirm Ministers' Fund and the Widows' and Orphans' Fund, beg to report as follows.

1. In *re* the Overture relating to the Aged and Infirm Ministers' Fund (Minutes 1908, page 43).

Whereas the large majority of the forty-seven Presbyteries making returns approve of the principle embodied in the first clause of the Overture, but are divided as to the exact scope of the legislation contemplated, (eight Presbyteries only approving provided ministers are not deprived of the liberty at present enjoyed by them), your Committee would recommend:

(a) That the Assembly sanction the prayer of the Overture, and enact that it be obligatory for all ministers hereafter at their ordination to connect themselves with the Aged and Infirm Ministers' Fund.

(b) That the Committee in charge of the Fund be instructed to prepare such rules as they may deem necessary to give effect to this legislation, and to report to the next Assembly.

2. In *re* Proposed Amended Rules of the Widows' and Orphans' Fund, (Minutes 1908, App., page 263).

Your Committee find the answers to this remit meagre and disappointing, only twenty-eight Presbyteries making any return. They are of opinion that the mind of the Church has not been indicated with sufficient clearness to make legislation, upon such an important matter, wise. They would therefore recommend:

(a) That the rules be again sent down to Presbyteries and that the Assembly enjoin all Presbyteries to report upon them not later than April 1st, 1911.

(b) That the Assembly, at the same time, remit to Presbyteries for their judgment the question of the advisability of enacting for this fund also an obligatory clause, similar to that recommended for the Aged and Infirm Ministers' Fund in the first section of this report.

All of which is respectfully submitted.

New Westminster, April 21st, 1910.

T. WARDLAW TAYLOR,
Convener.

REPORT OF COMMITTEE ON STATISTICAL FORMS.

To the Venerable the General Assembly:—

The report submitted to the Assembly last year by the Special Committee appointed to consider the question of Statistical Forms, and to report an amended form for the Statistical and Financial Report, was sent down to Presbyteries for their consideration, and Presbyteries were requested to forward to the Committee, before the end of January, any alterations in the form recommended by the Committee that they might deem advisable.

Reports have been received from only sixteen Presbyteries. Three of these Presbyteries disapprove of the recommendation to combine the Rolls of Presbyteries with the Financial and Statistical Reports of Congregations, while the remaining thirteen approve of the report of your Committee, either simpliciter or with some minor alterations. The alterations suggested have been carefully considered and many of them have been acted upon in the framing of this amended report. Quite a number of Presbyteries insisted very strongly upon the omission of the columns giving the date of each minister's ordination and of his induction to his present charge. These columns have accordingly been omitted. Your Committee recommend:—

1st. That hereafter the Rolls of Presbyteries be combined with the Statistical and Financial Reports of Congregations.

2nd. That congregations be arranged under two heads, namely: (1) Congregations (including Augmented Charges as well as Self-sustaining Congregations), and, (2) Mission Fields—Home Mission fields and French Evangelization fields to be kept separate for convenience of reference.

3rd. That, where a pastoral charge is composed of more than one congregation, each of the associated congregations in which there is a Session, be reported separately.

4th. That congregations be instructed to forward their contributions to each of the various Schemes of the Church in even dollars; and that in any case in which the allocation of its money by a congregation shows fractions of a dollar as contributed to any of the Schemes, the Church Treasurer be authorized to re-allocate these fractions among the different Schemes, and to devote any remaining fraction to the Assembly Fund.

5th. That, in the column headed "Minister or Ordained Missionary," there be inserted only the names of ministers or missionaries who are members of Presbytery, with the usual appendix at the foot of each Presbytery Roll.

Appended to this report is a sample of the form which the Committee recommends the Assembly to adopt.

All of which is respectfully submitted

E. D. McLAREN,
Convener.

REPORT OF COMMITTEE ON CONSTITUTION OF PRESBYTERY.

As instructed by the General Assembly of 1909, your committee beg leave to submit draft of a Declaratory Act in terms following:—

DECLARATORY ACT ANENT MEMBERSHIP OF PRESBYTERY.

Whereas it is desirable that a more uniform practice should be observed than at present obtains in drawing up Presbytery Rolls,—

It is hereby declared and enacted that, in conformity with the deliverances of previous assemblies and recognized practice, the Presbytery consists of:

1. Ordained Ministers within the bounds (a) who are pastors of congregations; (b) who are professors of theology in the Church, or professors in Colleges connected with the Church; (c) who are employed by appointment of the General Assembly in some department of the work of the Church; (d) who have been appointed to Mission fields at home for not less than one year, with the sanction of one of the Assembly's Mission Committees; (e) who by special enactment of the Assembly have their names placed on the roll*; (f) who have retired from the active duties of the Ministry with leave of the Assembly, retaining all their judicial functions, so long as their permanent residence is within the bounds of the several Presbyteries* to which they belonged at the date of their retirement;

*The General Assembly has declared (1) that this privilege be ordinarily asked for only in the case of brethren whose long service and wide experience entitle them to receive it; (2) that the permanent residence of the brethren for whom this application is made, be within the bounds of the Presbytery making such application; (3) and that they may be engaged in no secular employment.

(g) Ordained Ministers who have been appointed by this Church to foreign fields where there is no local Presbytery of the Church, being placed on the roll by the sanction of the General Assembly.

2. Minister-Evangelists who have received appointments from Presbyteries for two years, with consent of the Home Mission Committee.

3. An elder from each pastoral charge, and representative elders from Mission fields, in which are organized Sessions, whether the field be a single station or consist of a group of stations.

The Committee recommend that this draft act be made an interim act, and be sent down to Presbyteries in terms of the Barrier Act as requested in the Overture of the Presbytery of Westminster.

MINISTER-EVANGELISTS.

It being remitted to your Committee to prepare a deliverance anent the status of Minister-Evangelists, in view of the returns on that subject presented to the last General Assembly in connection with action taken by previous Assemblies, your Committee beg leave to recommend:

1. That it be an instruction to Presbyteries that may have placed on their rolls the names of Minister-Evangelists who have received a two years' appointment within their bounds, in terms of a resolution of the General Assembly of 1902, to retain said names on their rolls.

2. That, in accordance with the views expressed by Presbyteries in the returns on this question presented to last Assembly, no further names of Minister-Evangelists be placed on Presbytery rolls.

All respectfully submitted, in name and by authority of the Committee.

ROBERT CAMPBELL,
Convener.

I.—*Re* REFORMATION IN SCOTLAND.

The Synod of Montreal and Ottawa unanimously agreed to transmit to the Venerable the General Assembly, indicted to meet at Halifax, June 1st, 1910, the following Overture:

WHEREAS there will occur in the month of August next the three hundred and fiftieth anniversary of the establishment of the Reformed faith in Scotland, it is humbly overtured by the Synod of Montreal and Ottawa to the Venerable the General Assembly that it suitably note that event and take such steps as to it shall seem fit to call attention to the blessed results flowing therefrom to Scotland and the world.

Dr. Robert Campbell and Dr. A. J. Mowatt were appointed to support the Overture.

Sederunt: G. R. Fasken, Moderator, Drs. Ballantyne, Carmichael, etc.

Inter Alia. It was resolved on the report and recommendation of a special committee to overture the General Assembly in the following terms:—

To the General Assembly of the Presbyterian Church in Canada:

WHEREAS the Presbytery of Toronto did present to the General Assembly held at Hamilton, in the year nineteen hundred and nine a request for "special ordination of Mr. S. B. Rohold for work among the Jews in Toronto"; and,

WHEREAS the said Assembly did direct "the ordination of Mr. Rohold as asked"; and,

WHEREAS Mr. Rohold was accordingly, and in consonance with the practice of the Church, ordained to the said work; and,

WHEREAS certain congregations within the bounds of the Presbytery of Toronto have appointed Assistant Pastors, who have likewise been ordained to the work to which they have been thus appointed; and,

WHEREAS the effect of ordination conferred for special work does not seem to be clearly set forth in the enactment of the General Assembly;

NOW THEREFORE the Presbytery of Toronto does respectfully request the General Assembly to pass an Act defining the effect of special ordination, and also determining for what special objects, and under what circumstances special ordination may be allowed.

Dr. Turnbull and Dr. Somerville were appointed to support this overture before the General Assembly.

Inter Alia. Professor Ballantyne submitted and read the following overture for the consideration of the Presbytery, and moved, seconded by Mr. MacGillivray the reception and transmission of the overture, with the approval of the Presbytery:

WHEREAS it is important that the General Assembly should have the benefit of the judgment of the Permanent Clerks of the Assembly of their familiarity with its procedure, and their experience in the affairs of the Church generally; and

WHEREAS the Presbyteries of which the Permanent Clerks are members have not always elected them as Commissioners to the Assembly, and cannot be expected to do so;

IT IS THEREFORE humbly overtured the Venerable the General Assembly to take steps to secure that the Permanent Clerks shall always be members of Assembly.

IV.—Re THE FINANCIAL SYSTEM OF THE CHURCH.

At London, and within First Church, on the third day of May, in the year of our Lord one thousand nine hundred and ten, the Presbytery of London met, being duly constituted.

Inter Alia. Consideration of the overture proposed by Mr. Inkster was resumed, and the motion to adopt and transmit to the General Assembly carried. The overture is as follows:

1. WHEREAS, in our opinion there are at present too many special appeals being made, and that these appeals are hindering the development of Systematic Giving;
 2. WHEREAS it is generally believed that the scarcity of candidates for the ministry is due in part at least to inadequate and uncertain support;
 3. WHEREAS, there seems to be no reasonable ground for the discrimination that is being made between the methods of supporting our Home and Foreign missionaries;
 4. WHEREAS, the payment of ministers and missionaries in Augmented charges, and Home Mission fields is, under our present system, causing a good deal of criticism;
- BE IT RESOLVED, that we the Presbytery of London, do overture the General Assembly to appoint an Assembly Commission to make exhaustive enquiry into the whole financial system of our Church, with a view to any such changes as they, in their wisdom, may deem advisable, and report to the Assembly at their earliest convenience.

Inter Alia. Mr. Thomas Alexander moved in terms of the notice given in at forenoon sederunt, that "an overture be presented to the General Assembly asking that the word, 'Schemes,' as applied to the various mission and benevolent funds of the Church be abolished, and a word in better keeping with the work to which it has hitherto been applied, be substituted."

The motion was duly seconded and carried. The General Assembly is hereby overtured accordingly.

VI.—*Re* AGED AND INFIRM MINISTERS' FUND

At Sarnia, and in St. Andrew's Church, on Monday, the seventh day of March, one thousand nine hundred and ten, at eight p.m., the Presbytery of Sarnia met and was duly constituted.

Sederunt: The Moderator, Rev. J. J. Paterson, the Clerk, Rev. H. Currie, and others.

Inter Alia: On motion of Dr. McNair, duly seconded, the following Overture was submitted to the Presbytery:—The Presbytery of Sarnia, in presenting this overture, desires to place on record its appreciation of the services to the fund of the Convener of the Assembly's Committee, Mr. J. K. Macdonald, and to state that this overture is offered, not in the spirit of faultfinding, but with a view to making the fund more helpful to the ministry.

WHEREAS, without the names of the ministers paying rates into the fund, with the rates they pay, it is impossible to know all that is necessary about the fund, or to make satisfactory improvements.

WHEREAS the Aged and Infirm Ministers' Fund was intended to meet the needs of the aged and infirm in the ministry.

WHEREAS only about ten per cent. of the ministry ever received any aid from the fund, and over eighty per cent. of those who pay rates never receive aid, although there are many cases of illness and infirmity among them.

WHEREAS there are about 338 ministers of the Church ordained before 1895, who do not pay any rates, but who have a third claim upon the fund.

WHEREAS the rates have been raised so that, while the claim stands, they are not likely to join the fund.

IT IS THEREFORE humbly overtured the Venerable the General Assembly:

1. THAT the rates paid by the ministers of the Church be acknowledged in the Blue Book.
2. THAT of those ordained before 1895, and who do not pay rates to the fund, the third claim of all who are under the age of fifty-five years be abolished.
3. THAT Rule 11 be applied to all cases of illness and infirmity within the ministry, that is that the Committee be empowered to pay all ministers whose health is impaired, and for the time of impairment, half the allowance to which they would be entitled in case of complete disability; but only this if they pay the rates and are members of the fund, and that Presbyteries be empowered to forward all claims to the Committee.
4. THAT all ministers be brought under the Office Males Table rates.

After due consideration the overture was adopted, and ordered to be forwarded to the Synod of Hamilton and London, with the request that it be transmitted with its approval to the General Assembly.

The Presbytery appointed Messrs. Dr. McNair, L. H. Currie and J. R. Hall to support the overture before the Synod of Hamilton and London, and Messrs. L. H. Currie and J. R. Hall to support it before the General Assembly.

VII.—*Re* APPOINTMENT.

At Paisley, on Tuesday the seventh day of December, in the year of our Lord one thousand nine hundred and nine, the Presbytery of Bruce met according to adjournment, and was constituted.

Inter Alia. On motion of Mr. Atkinson, seconded by Mr. Leslie, the Presbytery agreed to transmit the following overture to the General Assembly:

WHEREAS there are now a large number of appointments (filled by ministers) connected with the administration of the affairs of the Church, particularly in the work of the General Assembly's Committees, and,

WHEREAS heretofore some of these have been filled by the direct action of the General Assembly, and others filled in such a way as to preclude the Church at large through the Presbyteries having a voice in the selection of the appointees, or

in the ratification of the appointments, it is respectfully overtured that the General Assembly should provide such regulations as will

- (1) Make known to the Church at large that such a position is vacant, or has been created, with full statement of proposed duties, emoluments, etc.
- (2) Give opportunities to Presbyteries, aside from the action of particular committees to nominate candidates for the position, and
- (3) Require nominations by committees to be submitted to Presbyteries so far in advance of the meeting of the General Assembly in each year as to allow of their expressing approval or otherwise of the nominations.

At Winnipeg, and within Manitoba College there, on Friday the twelfth day of November, in the year of our Lord one thousand nine hundred and nine, the Synod of Manitoba met and was constituted.

Inter Alia. The following overture to the General Assembly was presented by Dr. Bryce, who moved its reception and adoption. The motion was seconded by Dr. Hart and unanimously adopted. It was further agreed that Dr. Bryce and Dr. Gordon be appointed to support the overture before the General Assembly. The overture is as follows:

WHEREAS the people of Western Canada intend celebrating the Centennial of the landing of the first band of Lord Selkirk's Colonists on the bank of the Red River in August, 1812.

WHEREAS it is generally recognized that the arrival of this first colony to Rupert's Land was a chief element in the preservation to the British Crown of the Prairie Provinces of the Dominion.

WHEREAS Lord Selkirk's colony, being Scottish and Presbyterian, have stood from the beginning for truth and righteousness in the West and have had a full share in laying the foundations of Western Presbyterianism.

THEREFORE the Synod of Manitoba overtures the General Assembly of the Presbyterian Church in Canada to take some part in the Centennial Movement by sending a delegation to be present at the proposed Centennial of 1912.

IX.—*Re* METHOD OF APPOINTMENT OF GENERAL ASSEMBLY'S STANDING COMMITTEES.

At Winnipeg, and within Manitoba College there on Friday, the twelfth day of November, in the year of our Lord one thousand nine hundred and nine, the Synod of Manitoba met and was constituted.

Inter Alia. Mr. Hall presented an overture from the Presbytery of Portage la Prairie suggesting change in method of appointment of General Assembly's Standing Committees, with a view to a more general representation on these committees. Extract minute from said Presbytery was read showing that the overture had been adopted by the Presbytery of Portage la Prairie, and that Messrs. Hall and Fraser had been appointed to support the same. After deliberation it was agreed to adopt the principle of the overture, transmit to the General Assembly, with recommendation that it be favourably considered by the Assembly, and further that Messrs. Hall and Fraser with Dr. Patrick and Dr. Bryce, be a committee to make certain changes in the prayer of the overture so as to conform to the mind of the Synod brought out by present discussion. It was also agreed that Mr. Fraser and Dr. Patrick be appointed to support the overture before the General Assembly. The overture as modified is as follows:

WHEREAS it is in the interests of the Church that each Synod be represented on Group "A" of the Standing Committees, and

WHEREAS, the policy of the Presbyterian Church of Canada calls for a democratic form of government, whereby each section of the Church shall be adequately represented, and

WHEREAS under our present working system the central Synods have a large preponderance in the membership of the General Assembly's Standing Committees, and the outlying Synods are inadequately represented, as a result of which the interests of the Church suffer.

BE IT SO RESOLVED, that we the Presbytery of Portage la Prairie, overture the Synod of Manitoba, to lend its support to overturing the General Assembly to be convened in Halifax, next June, that each Standing Committee of the General Assembly, Group "A" be composed of:

1st. In so far as is practicable and reasonable, at least one representative of each Synod of the Church, nominated by that Synod.

2nd. Of such other ministers and elders as may be nominated directly by the General Assembly.

FROM THE SYNOD OF ALBERTA.

XII.—*Re* A THEOLOGICAL COLLEGE.

At Edmonton, and within First Church there, on Tuesday, April the twenty-sixth, nineteen hundred and ten, the Synod of Alberta was duly constituted with prayer

Inter Alia. An overture from the Presbytery of Edmonton was presented, praying that the "the Synod should take into its consideration the question of caring for the religious life of Presbyterian students in attendance at the University, and of giving theological instruction to such students as may desire to equip themselves for the Christian ministry; and that the necessary steps be taken to this end."

The overture was supported by Mr. J. M. Miller and Dr. McQueen, who moved that the following overture be sent from this Synod to the Venerable the General Assembly, meeting in Halifax this year:

THAT WHEREAS the matter of theological education within the bounds of the Province of Alberta has occupied the attention of the Synod for several years past; and

WHEREAS in April, 1907, the Synod expressed its belief that a Theological College in connection with the Provincial University should be established as soon as advisable after the University is established; and

WHEREAS the situation now after the lapse of three years evidently calls for immediate action by reason of the organization and development of University sentiment, the expansion of the educational system throughout the province, the exceedingly rapid growth of the whole country demanding a specially vigorous Home Mission policy on the part of the Presbyterian Church, and the actual attendance of students at the University, who are looking forward to the ministry as their vocation; and on other grounds:

THEREFORE it is humbly overtured by the Synod of Alberta that the General Assembly, taking these urgent circumstances into consideration, should sanction the establishment of an institution in connection with the Provincial University, which might serve the twofold purpose of (a) a Residence for Presbyterian students and (b) a Hall in which regular theological instruction may be imparted to the young men who desire to equip themselves for the ministry.

The debate was not concluded when the hour of adjournment arrived

At Edmonton, and within First Church there, on Wednesday, April the twenty-seventh, nineteen hundred and ten, the Synod of Alberta met, and was duly constituted with prayer.

Inter alia. The adjourned debate on the overture *re* the establishment of a theological college was then resumed and after some discussion, in which it was pointed out that the overture did not specify the location of the proposed college beyond placing it alongside the Provincial University the motion proposed by Mr. Millar and Dr. McQueen was unanimously adopted and Dr. McQueen and Messrs. Millar, Reid, Brown and other commissioners from the Synod to Assembly were appointed to support the overture on the floor of Assembly.

XIII.—*Re* EVANGELISTS.

To the Venerable the General Assembly at Halifax, 1910:

At Edmonton, and within First Church there, on Wednesday, April twenty-seventh, nineteen hundred and ten, the Synod of Alberta met, and was duly constituted with prayer.

Inter Alia. In connection with a discussion on the Report of the Committee on Evangelism an overture was read from the Presbytery of High River, asking "Assembly to set apart suitable ministers for a term of years who might engage in the work of conducting evangelistic services throughout the Church."

It was agreed to receive the overture and refer it for further consideration to a special committee to report later.

At Edmonton, and within First Church there, on Friday, April twenty-ninth, nineteen hundred and ten, the Synod of Alberta met and was duly constituted with prayer.

Inter Alia. The special committee that was appointed to consider the overture from High River Presbytery *re* the setting apart of certain ministers as evangelists, recommended that the following be the Synod's overture to Assembly:

THAT the Assembly authorize the setting apart for a term of years of suitable men for this work; that they be maintained in such a manner as to render them entirely independent of local support; that men so appointed be given full ecclesiastical standing; and that they be under the direction of the various Synods' Committees on Evangelism.

This overture was approved by Synod and ordered to be sent on to the General Assembly.

REPORT OF THE COMMITTEE ON STATISTICS FOR THE YEAR ENDING DECEMBER 31st, 1909, AND CONTRIBUTIONS TO SCHEMES FOR THE YEAR ENDING FEBRUARY 28th, 1910.

To the Venerable the General Assembly:

The Committee on Statistics respectfully submits the following report. In order that there might be no misunderstanding of what was required of Presbytery Clerks who are charged with collecting the Statistics and preparing the Presbytery Rolls, circulars were issued setting forth as clearly as possible what was required in preparing the Statistical Tables and Rolls of Presbyteries. Notwithstanding this, in some cases the clerks either overlooked or misunderstood what was required. As in past years, the Statistical Tables are arranged in the following order: 1. Self-sustaining charges; 2. Augmented charges; 3. Ordained Mission Fields; 4. Student Mission Fields; 5. French Evangelization Missions. In each group the arrangement of congregations and mission stations is in alphabetical order.

That the returns for each group might be made as accurate as possible, the General Assembly requested Presbytery in 1907 to include in its Committee on Statistics the Conveners of its Home Mission, Augmentation, French Evangelization Committees, and last year requested that the Sabbath School conducer be also a constituent member. If this were done and the Statistical Committee of Presbytery took its work up seriously, the report of Presbytery could be made fairly complete and accurate. There should be no conflict between the Statistical Report of Presbyteries and the several Reports of Home Missions, Augmentation, French Evangelization, and Sabbath Schools, in so far as these are coterminous. Yet these several reports will be found conflicting if carefully scrutinized. The circulars prepared pointed out the requirements of each so that there might be no danger of inaccuracies this year. In the end of November, 1909, blank forms for each congregation and mission station were sent to the Presbytery Clerks. These blank forms were prepared with the view of securing material for making up the Presbytery Roll as well as a statement of Congregational Statistics and Finances. Special sheets were provided for tabulating (1) the Statistics of the Presbytery, (2) the Presbytery Roll, and (3) the changes in the Presbytery including students licensed and ordained, ministers received from other churches, and deaths in the ministry. A form was also provided for the names of Conveners of the Standing Committees of Presbyteries and Synods.

The Presbyteries in the older and established sections of the Church have furnished reports which reflect great credit on the clerks for their diligence and faithfulness and the returns are very complete and accurate. In the newer sections where the population yet is largely in a state of flux, the returns are very far from being either complete or accurate, and do not give an adequate idea of either the Statistics or Finances of the congregations and mission stations. Clerks report that they find it impossible in some cases even to get an answer to letters which enclose a stamped envelope for reply.

The disappointing feature is that from many mission fields which are largely supported by the Home Mission Fund of the Church, the General Assembly can get no definite information from the Statistical Tables as to the number of families that are ministered to, or as to what they are doing for the maintenance of ordinances among themselves. Your Committee would hope that as conditions become more settled in the new Presbyteries in the West such returns will be secured as will give an accurate as well as complete state-

ment of the Statistics and Finances of the congregation. Your Committee recognizes the fact that many of the fields are vacant during the winter, at the time when the Presbytery Clerk is trying to gather the information for the report, but surely a congregation which receives money from the Home Mission or Augmentation Fund should feel itself morally bound to make a report to the Church which deals so generously with it.

For each Presbytery the Statistical Table gives not only the grand total for the year, but shows the increase or decrease as compared with 1908.

A summary is given by Synods also, and also the grand total both of Statistics and Finances for the whole Church, and the contributions to Schemes for the year with a comparison showing the increase or decrease as compared with last year.

It is pleasant to notice that there is increase all along the line, and an increase which shows a very decided advance.

A table of the several Presbyteries has been prepared which shows the average per family and per communicant of giving to salary, to Schemes of the Church, and for all purposes. This table recognizes the average value of the manse or rented house as \$75 per annum.

A comparative statement of Statistics covering the years 1875, 1902 to 1909 is given. This compendium on a single page gives a bird's eye view of the whole Statistics and Finances of the Church and is arranged under the following divisions:—(1) Church Courts, (2) Ministers, (3) Congregations, (4) Contributions.

The Statistical Statement shows that the number of families in the Church is now 157,161, an increase during the year of 18,787, which would seem to be our fair proportion of the immigrants who are coming. The number of communicants is 279,556, an increase of only 9,868, that is a little over half as many communicants gained as were the families. There were added on profession of faith 15,720, almost exactly one communicant from every ten families. Surely this calls for searching of heart on the part of the Church, both members and ministers.

The Finances show that \$1,410,161 were paid for salary by the congregations, being an increase of \$65,513 upon last year. This means a little less than \$3.50 from each of the 18,787 families which were added to the Church, and would seem to indicate that with the increasing prosperity all the families of the Church had remained stationery as to ministerial support.

The amount reported by the congregations as having been paid for all mission purposes was \$811,526, which shows the gratifying increase of \$130,000 over last year, and the total amount raised by the congregations for all purposes has now passed the four million mark, being \$4,078,304, which shows an increase of \$330,823 over 1908. The total amount received by the Treasurers, East and West, for Schemes of the Church, was \$741,795.86, being the very gratifying increase over 1908 of \$82,296.11. To this must be added the amounts raised by the Students' Missionary and Women's Societies, and not reported in returns from Presbyteries, nor in list of donations to the several Schemes viz., \$98,936.02 making a grand total of \$840,731.88.

The amount of \$5.00 per communicant set before the Church as the present standard aimed at of giving for the Schemes of the Church, has only been reached by one Presbytery. Westminster which gives \$5.56, Halifax comes next to it, yet its contribution is only \$3.23, closely followed by Montreal with its \$3.16, while Toronto is fourth having given \$2.89. This order is changed when the giving per family is taken. Westminster is first having given \$8.38, Toronto stands with \$6.58, Montreal next with \$6.37, while Halifax drops to the fourth place with \$5.80 to its credit. Three years ago Montreal gave \$5.13, per family for the Schemes. Toronto \$4.85, Winnipeg \$4.18 and Halifax \$3.21.

Three years ago Halifax, gave \$1.72 per communicant, Montreal \$2.52, Toronto \$1.97, and Winnipeg \$2.15.

These figures show that the tide is rising. The influences which which been working through the Layman's Missionary Movement, are beginning definitely to tell in the larger centres. The spread of the weekly offering for missions has had a considerable share in bringing about this increase. There has been much more hand to hand work during the last two years, and what is needed is systematic method of giving in every congregation and interest awakened, kept alive, and deepened by the dissemination of information regarding the mission and other operations carried on by the Church. Constant oversight is required. Organization must have life or it degenerates into dead mechanism. There has been abounding prosperity throughout the Dominion. The earth has yielded her increase. All nature has been pouring her treasures of the rivers, the mines, the prairies, the fields, and orchards into the lap of the Canadian people. The old world has been sending her sons and daughters to join forces with us in making our land yield its increase. We must see that spiritual advance keeps pace with the material.

If our Lord permits us in his grace and goodness to reap rich harvests from the land He has given us may we see that we yield Him the harvest He is seeking in lives consecrated to His service.

John prayed that in all things Gaius might prosper and be in health even as his soul prospered. The Presbyterian Church in Canada may well offer in her own behalf the converse of that prayer and pray that in all spiritual things she may prosper and be in health even as in material things she has been prospered.

RECOMMENDATIONS.

1. That Presbytery Clerks be enjoined to give special attention to securing complete and accurate returns from every congregation and mission station.
2. That the Committee on Statistics of each Presbytery be composed of the Clerk, the Conveners of Committees on Augmentation, Home Missions, French Evangelization, Sunday Schools and such other members as Presbytery may deem best.
3. That this Committee be instructed to give attention to the Presbytery Table of Statistics, that it may be presented to Presbytery and to the General Assembly in as complete and accurate a form as possible.
4. That special attention be given to the formation of the Roll of the Presbytery, so that it shall contain only the names of persons duly authorized by the law of the Church, to be placed upon it, and that it contain a full list of the congregations in the pastoral charges and stations in the mission fields, as at March 31st.
5. That when changes are made in the names of congregations, or mission stations, or in the groups forming the pastoral charge or mission field, the Church Treasurers be immediately notified.
6. That Presbyteries be enjoined to fully consider and deal with the matter of Statistics and Finance as set forth in report to the Assembly at the first ordinary meeting after the Minutes of Assembly have been printed and distributed, or as soon thereafter as possible, with a view to ascertain the increase or decrease in the several congregations, what congregations, if any, have failed to report, or have not contributed to all the Schemes of the Church.

All of which is respectfully submitted.

Convener.

REPORT OF THE BOARD OF TRUSTEES OF THE PRESBYTERIAN CHURCH IN CANADA.

To the Venerable the General Assembly:

The Board of Trustees of the Presbyterian Church in Canada begs leave to present its report to the General Assembly for the year ending February 28th, 1910. Your Board during the year has exercised supervision over the financial administration of the Church and given careful attention to the investment of the Endowment and Reserve Funds. Interest due upon mortgages has been promptly met, except in one case owing to sickness, \$27.50 (Knox College), was not paid when due. In the General Funds there were \$4.33 in arrears.

The report of the Auditor shows that the work of the Treasurer and his faithful staff has been efficiently done.

The contributions to the Schemes of the Church for the year have been on the whole decidedly in advance of those of last year as the following statement shows:—

	1908-09.	1909-10.

Pointe-aux-Trembles.....	18,120 62	19,986 90
Ministers' Widows' and Orphans' Fund.....	26,053 34	27,352 54
Aged and Infirm Ministers' Fund.....	41,268 47	39,120 79
Assembly Fund.....	5,784 84	5,579 52
Knox College.....	21,659 30	23,549 47
Queen's College.....	3,835 35	3,805 86
Montreal College.....	1,838 35	2,099 51
Manitoba College.....	4,558 57	5,698 78
Westminster Hall.....	1,246 02	2,084 39
Moral and Social Reform.....	4,358 67	8,583 66
Ewart Missionary and Deaconess Training Home.....		4,327 97
Sabbath Schools.....	11,362 42	12,240 47
Total.....	\$542,337 22	\$607,983 12

A very large proportion of the money contributed by congregations to the Schemes of the Church, weekly or monthly, throughout the year is not remitted to the Treasurer till the closing weeks of the year, which unduly congests the business of his office and makes it impossible for the Clerks to complete the proper work of each day within the day.

The Board therefore recommends that the General Assembly urge upon ministers and congregations to see that contributions to the Schemes of the Church are forwarded to the Treasurer as early as possible, and that they send their allocation of unapportioned money, which may be in the Treasurer's hands, so as to reach him not later than February 27th, and further recommends that the Treasurer be instructed to allocate on the 28th

of February all unapportioned money in his hands to the several Schemes according to the proportion agreed upon by the Committee on Systematic Giving and published in the estimated requirements, and that the allocation of the Treasurer be final.

The Board of Trustees is still of the opinion that for the convenience of the Church's business, and of the many people from a distance who have dealings with the several departments of the Church the offices should be, if possible, together in one building. In order to secure requisite and suitable accommodation for its increasing work the Presbyterian Publications had to remove from the Confederation Life Building to one at some distance from the other offices. The Board therefore request the General Assembly to grant it authority to secure property in a suitable location for the offices of the Church, and to invest money of the reserve and endowment funds in the building—it being understood sufficient rent shall be paid by the several departments of the Church occupying the building to pay five per cent. on the money thus invested, and such additional sums annually as will provide for necessary repairs and keeping up of the building, and provide also for an annual repayment on the capital invested.

All of which is respectfully submitted.

ROBERT KILGOUR,
Chairman.

AUDITORS' REPORT.

To the Venerable the General Assembly of the Presbyterian Church in Canada:

We beg to report that we have completed a thorough Audit of the books and accounts of the Rev. John Somerville, D.D., Treasurer, for the year ending February 28th, 1910.

The books were regularly audited from month to month. All receipts from congregational and individual sources, and the revenues arising from the investments of the several Endowment Funds, were checked and verified with the Cash Book.

All expenditures were checked as to authority under which they were made, and vouchers examined and verified. The Bank Books were duly checked from month to month, and their balances as shown, verified with the Ledger of the Treasurer.

We have examined and verified the investments of the several Endowment and Reserve Funds, all of which we have found in order, the records in the books being made accurately, and the several mortgages on hand found in evidence as set forth, and all book values have been adjusted to the value of the several securities.

In connection with the Current Investments made by the Board of Trustees, we beg to note that at the close of the financial year, only the small sum of \$4.33, interest upon a mortgage, was in arrear.

The Insurance Policies held as collateral for mortgages were closely scrutinized, and found sufficient and duly in force.

The usual detailed statements have been prepared, comprising:—

- (1) Detailed Statement of Receipts and Expenditures for all Funds.
- (2) Detailed Statement of Investments.
- (3) Balance Sheet, all of which has been checked and verified.

We have scrutinized and checked with the Ledger the Audited Statements from India, China and Formosa, and have found the various amounts charged have been duly accounted for in the Mission Statements.

We have examined and checked all the Audited Statements of the various Presbyterian Treasurers of the Home and Augmentation Funds received to date.

We have prepared and attached hereto a Cash Abstract showing the verification of the Bank Account with the several Cash Balances of the Investment Accounts, etc.

Every facility has been afforded us by the staff, which is admirable in every respect, but is overworked, and we consider additions thereto urgently needed. The routine work has been invariably kept well up to-date, and carried out with care and accuracy.

All our requirements as Auditors have been complied with, and we have obtained all the information and explanations for which we have asked.

In our opinion the Balance Sheet is properly drawn up so as to exhibit a true and correct view of the affairs of the Presbyterian Church in Canada, as shown by the Books of the Treasurer and the vouchers produced to us.

All of which is respectfully submitted.

Toronto, May 12th, 1910.

REPORT OF THE FINANCE COMMITTEE, 1909-1910 (EASTERN SECTION).

To the Venerable the General Assembly:—

Your Finance Committee is glad to be able to report that the receipts at the Presbyterian Offices, Halifax, for the year ended February 28th last, have exceeded by \$20,637.23 those for the preceding year, and that though the Foreign Mission Fund has a large debit balance, the other Funds are in good condition.

The following comparative statement indicates how the receipts rank with those of each of the preceding years.

GEO. G. DUSTAN
Chartered Accountant,

To the Venerable the General Assembly of the Presbyterian Church in Canada:
Gentlemen:

As Auditor of the financial affairs of the Church, Eastern Section, under the management of the Board of the Presbyterian College, Halifax, Rev. E. A. McCurdy, Agent, I beg leave to submit my report following the Annual Financial Statements.

I have made regular monthly examinations of the books and accounts, going into minute detail with regard to the income and outlay of the funds, entrusted to the Agent as reported.

In every department of the business I have been given the fullest information by the officials, and have examined in detail the various vouchers covering all cash outlay, and the same may be said of cash income. The allocation of monies has come under special notice, being checked item by item throughout the whole year.

Revenue from invested funds has been followed and found properly entered on the books of record, and duly credited to the schemes in the proper proportion.

The accounting continues in good business form and order, in fact from this standpoint only words of hearty commendation need be spoken.

I find a complete and explicit record of the Church's "Invested Funds" and the revenue therefrom easily followed and its apportionment verified as before stated.

In this connection I have also to state that I have visited the safety deposit vaults with the Agent, and have personally reviewed the securities in the custody of the Finance Committee and find these all on hand and in order as enumerated, a copy of which is embodied in the above report.

In the opinion of your Auditor the work of the Church Office from the accounting standpoint has been performed throughout the year with the greatest care.

I have audited and verified the different statements preceding this report and certify that they are true and correct and a copy of the books of record.

All which is respectfully submitted :

[Signed]

GEO. G. DUSTAN,

Chartered Accountant.

OBITUARY NOTICES.

REV. E. D. MILLAR, D.D.

Rev. E. D. Millar, D.D., was a grandson of Rev. Duncan Ross, one of the first Presbyterian ministers in Nova Scotia. He early devoted himself to the service of Christ. After a successful course of study he was licensed and ordained on October 28th, 1872, in Shelburne. After he left Shelburne he laboured with indefatigable zeal and energy in Lunenburg and Yarmouth, and was eminently successful in the congregations in both places. After sixteen years of work in Yarmouth he was called to Chalmer's Church, Halifax, and was settled there on February 28th, 1907. After a brief illness he died on March 27th, 1909. In all the congregations in which he laboured he was greatly beloved. An instructive preacher, a tender and sympathetic pastor, deeply interested in all the enterprises of the Church, he was specially earnest in his advocacy of missions to the heathen, and his latest efforts were put forth as Convener of the Foreign Mission Committee.

REV. THOMAS FOWLER, M.A.

The Rev. Thomas Fowler, M.A., was ordained in Scotland on March 11th, 1880, and for eleven years ministered to the congregation of London Free Church, New Milns, where his memory is still gratefully cherished. He was inducted as minister of St. Matthew's, Halifax, on June 4th, 1891. His ministry there ended on September 30th, 1908, when he returned to his native land. While supplying the U. F. Church at Crieff he was suddenly called to the eternal rest on April 13th of this year. The Synod puts on record the high sense of Mr. Fowler's character, abilities and brotherly spirit. He was an able evangelical preacher and a pastor who watched diligently over the flock, caring especially with untiring sympathy and loving skill for the sick and sorrowful. He was held in high esteem by all who knew him intimately, and many who experienced his kindness and sympathy regard him with an undying affection.

REV. GEORGE A. LECK.

Rev. George A. Leck, after completing his college course in Dalhousie College, and the Presbyterian College, Halifax, was ordained at Rose Bay on May 28th, 1889, and inducted into the pastoral charge of the congregation at LaHave, Presbytery of Lunenburg and Yarmouth. Mr. Leck laboured faithfully and successfully in this congregation for fourteen years. He was then called to the congregation of Dalhousie, Presbytery of Miramichi. He accepted the call, and continued in that field till 1905, when he was inducted into the congregation of Economy and Fire Islands, where he laboured earnestly in failing health until his demise, which took place at the Manse, Lower Economy, in April of the current year. Mr. Leck was a faithful preacher of the Gospel, a tireless worker for the Kingdom of God in all the fields which he occupied, very brotherly and kind in his relations to his people and his brethren in the ministry. On the Sabbath before his death he preached with his usual power and fervour, and on the following Thursday passed to his rest and reward.

REV. HENRY CRAWFORD.

Rev. Henry Crawford was born July 1st, 1829, at Economy, N.S., where he received his common school education and early religious training. After studying at Truro Academy he joined the first-class held at West River Seminary. When he finished his college course he was sent to Prince Edward Island, and was licensed and ordained at St. Peter's Bay in 1853 over a wide field which, during his ministry of twenty-one years, was divided into three congregations. In 1874 he accepted a call to Richmond Bay, and on his leaving

there, after a pastorate of about eight years, the congregation was divided into two. In 1882 he removed to Nova Scotia and was settled at Riverside, in the Presbytery of Lunenburg and Yarmouth, and after four years he removed to New Dublin, in the same Presbytery, where he continued to labour until his retirement in 1897, at the age of seventy years. He passed away on August 4th, 1909, aged eighty years.

Mr. Crawford was a diligent student, a fluent preacher, an indefatigable worker, always ready to undertake any task laid upon him, and retained his interest in the work of the Church until the last. He bequeathed \$500 each to Foreign Missions, Home Missions, French Evangelization and the Presbyterian College, to the latter of which he had given a prize for several years. The multiplying of congregations, the building of churches, and the extension of Christ's Kingdom under his ministry bear strong testimony to his faithful labours. He gave to the ministry of our Church an only and worthy son, now minister at Windsor, to whom, with the widow and daughters of Mr. Crawford, the Synod extends sympathy.

REV. JAMES THOMPSON.

Rev. James Thomson was born at Nine Mile River, Hants County, on October 9, ninety-four years ago. He studied at West River Seminary and completed his course there in 1854, and on the following year was called to and settled in the congregation of Economy.

After labouring there for two years he resigned his charge because of failing health, which he attributed to the severity of the climate. He then visited the fatherland, and travelled for some time there. On his return he was called to Central Church, West River, Pictou, where he laboured faithfully for thirty years, until the union of the two congregations of West River and Salem Church, Green Hill, into one charge.

Mr. Thomson was a man of sterling character. He was well read in the Theology of his day, particularly in Puritan literature. He was thoroughly loyal to his Bible, a good preacher and a consecrated servant of his Master. He entered into his rest August 27th, full of years and honours.

REV. GEORGE McLENNAN.

The Rev. George McLennan was born April 8th, 000, at Bal-Craggan, Kirkhill, Scotland. In 1842 his parents emigrated to Canada. After the usual school education he obtained a teacher's license. In 1857 he entered Knox College as a student for the ministry. In 1864 he graduated, and from that time to 1875 he was pastor of Knox Church, Harriston, and now there are five congregations in the field where he ministered with great success. He supplied the Gaelic and English congregation of Graniteville, Vermont, for two years. On January 22nd, 1907, he was inducted into the congregation of Caledonia, P.E.I., where he continued to labour until he passed away in September of this year.

Throughout his long, able and effective ministry Mr. McLennan proved himself to be a diligent student, an untiring pastor and an excellent preacher. He always commanded the highest respect and confidence of the people over whom he was placed as minister.

A large man physically, mentally and spiritually, his powers continued at their best to the last. His desire always was that he might die suddenly and in harness. This desire was granted. On Sabbath, 29th August, he preached as usual, and on the following Thursday morning, September 2nd, he folded his hands and peacefully passed away to his rest and reward.

REV. WM. STEVENS SMITH, M.A.

Rev. Wm. Stevens Smith was born in Edinburgh in the year 1867. He received his education at Glasgow High School and Glasgow University, from which latter he was graduated in 1890. He then entered upon his theological studies at the Divinity Hall

of United Presbyterian Church, Edinburgh, graduating from that institution in 1893, and was licensed to preach the Gospel.

Mr. Smith having volunteered for the foreign field, was ordained as missionary of W. P. Church to labour at Victoria Town and Mount Hermon, Jamaica, B.W.I. Here he laboured with great zeal, faithfulness for twelve years among the blacks of that island. The climate, however, was too much for his system, and he was compelled to give up his work there owing to ill-health, and return to Scotland.

Coming to Canada in the spring of 1907 he was received as a minister of the Canadian Church, and was offered and accepted the charge of Welwyn and McAuley in the Presbytery of Abernethy, and was later inducted as pastor. There he laboured lovingly and effectively until the call came to rest from his labours. On Sabbath, Nov. 28th, at the close of a series of special meetings he was overtaken with hemorrhage and passed away in a few minutes.

At the time of his death Mr. Smith was Moderator of Presbytery and was held in deep respect and much affection by his brethren of the ministry. In his death the Presbyterian Church has lost a good scholar, an earnest preacher and a faithful pastor.

REV. A. N. McQUARRIE, B.A.

Rev. A. N. McQuarrie, B.A., was a native of Pictou County. He received his early education at Scotch Hill under the learned teacher, William Fraser, still living. He graduated from Queen's University in 1865, and went to Quebec when, for a number of years, he was a successful Professor in Morin College. He then went to Washington, D.C., and taught there also for several years. After the death of his wife (who was a niece of Prof. J. B. Mowat, of Queen's College and of Sir Oliver Mowat) and of all his children he heard the call for labourers in the Canadian North-West and answered it, coming to Manitoba about fifteen years ago. He had charge in succession of congregations at Cartwright, Pipestone, Sidney and Mekewin. At the latter place his health broke down and the last two years of his life were spent in the Old Folks' Home at Middlechurch and the General Hospital, Winnipeg, at which latter place he died on the first day of December, 1909, aged seventy years. A diligent student to the last, an enthusiastic and painstaking teacher, an affectionate companion and friend; an acceptable preacher with a noble ideal of ministerial work, he was held in high esteem by those to whom he ministered and by his brethren in the ministry.

REV. M. C. CAMERON.

The Rev. M. C. Cameron, M.A., B.D., passed away on June 17th, 1909, at the age of fifty-seven. Mr. Cameron was pastor of the joint charge of Milton and Boston Church, Esquimaux, for several years after his graduation, and of Knox Church, Harriston, for twenty-one years, till his resignation through ill-health in March, 1908. Mr. Cameron was a painstaking pastor, a faithful and thorough student of the Word of God, and an earnest and effective preacher.

REV. CHARLES A. TANNER.

Mr. Tanner was a native of Switzerland, where he was born on 20th April, 1839, and while yet young, came to Canada with his parents. Having felt called to the ministry of the Gospel, he pursued his course of preparation in Queen's College. After the close of studies he was called to St. Andrew's Church, Sherbrooke, in the Presbytery of Quebec, where he was ordained and inducted 27th October, 1869. His other charges were, St. John's (French) Montreal, St. Andrew's, Scarboro, in the Presbytery of Toronto, St. Andrew's, Levis, and Windsor Mills, serving in the latter for fourteen years. In addition to the work of the pastorate Mr. Tanner engaged in educational work, serving several years as Principal of St. Francis College, Richmond. Frank, genial, possessing fine qualities of heart, and regular in attendance on Church Courts, he was esteemed by his brethren.

He took a deep interest in the work of French Evangelization, was for a time Principal of the Pointe aux Trembles Mission Schools, and served for years as Convener of the Presbytery of Quebec's Committee on that work, holding that office at his demise. The highest honour in the gift of the Synod of Montreal and Ottawa was conferred upon him last year, the Synod electing him to the Moderator's chair. Though in the seventy first year of age, he continued to discharge his duty as Presbyter and Pastor until within a few months of his death, which took place, among his own congregation, Windsor Mills, Que., on the 16th January, 1910—he then ceasing from labours after more than forty years in the ministry.

REV. ROBERT HAMILTON, D.D.

The Rev. Robert Hamilton, D.D., was born in Stirlingshire, Scotland, in May, 1824. He was prepared for the University of Glasgow by private study. For a time he taught in Newton Public School. On the completion of his theological studies he offered himself to the U. P. Church as a missionary to Jamaica; but his physical strength was not considered sufficient. He was finally sent to Canada, where, after a few months of visitation of vacant congregations, he was called to the pastorate of Motherwell and Avonbank and inducted on June 30th, 1858, where he spent his entire ministerial life of forty-three years. He retired to Stratford in October, 1901, and died full of years and of honour at the age of eighty-five years on September 15th, 1909.

REV. DONALD B. MACDONALD.

The Rev. Donald B. Macdonald was born in Middlesex County in 1852. He studied in University College, Toronto, and in Knox College, graduating in 1882, and was ordained and inducted the same year as pastor of Mount Albert congregation in the Presbytery of Toronto. In 1888 he accepted a call to St. Andrew's Church, Scarboro, in the same Presbytery, where for eighteen years he exercised a faithful ministry of increasing power and influence. Impaired health led to his resignation, but after a short season of rest he accepted a call to Haynes Avenue Church, St. Catharines, in 1907. Ten months afterwards he was stricken with paralysis from which he never recovered. This led to his retirement in May, 1908; and on Friday, July 16th, 1909, he entered into his rest.

REV. JAMES W. ORR.

The Rev. James W. Orr died at Dorchester on April 13th, 1909. Mr. Orr took his theological course in Knox College, graduating in 1887. In the same year he was ordained and inducted into the pastoral charge of Mono Mills in the Presbytery of Toronto. After a pastorate of about fifteen years he was translated to the charge of Alma in the Presbytery of Guelph, where he laboured for four years. In October, 1906, he became pastor of Dorchester and Crumlin in the Presbytery of London, in which charge he continued until called to his reward.

REV. JAMES A. ANDERSON, B.A.

The Rev. James A. Anderson was born in 1853 near Ottawa. His father was John Anderson, afterwards pastor at Lancaster and also at Tiverton. In 1873 he matriculated at McGill University, graduating in 1877, and in 1880 at the Presbyterian College, Montreal, with honours. His first charge was at Whitechurch in the Presbytery of Maitland, where he remained for seven and a half years. In May, 1888, he was called to Goderich as colleague and successor to Rev. Dr. Ure. Within three years he took sole charge, and for nearly twenty years occupied the pulpit. He died on Wednesday, April 6th, 1910.

REV. HERBERT RALPH McCracken.

The Rev. H. R. McCracken, pastor of Alexandra Church, Brantford, died on April 11th, 1910. Mr. McCracken was born in the city of Ottawa and in early life removed to Toronto where he received his public school and collegiate training. After teaching school in the county of Brant and the West for a couple of years, he began his studies

for the ministry in the University of Toronto and Knox College, from which he graduated with distinction in 1906, winning the post-graduate scholarship of the year. He continued his post-graduate studies on the continent of Europe, and on his return was ordained and inducted pastor of Alexandra Church, Brantford, in February, 1908, where he laboured until called home by death at the early age of thirty-four years.

REV. WILLIAM MILLICAN.

At the ripe age of fourscore and four years, the Rev. William Millican fell asleep at the home of his son in Chicago. He was born in England, but came to Canada in the forties, and shortly afterwards entered Knox College and graduated in 1859. For thirty-one years he was the minister of St. John's Church, Garafraxa, which was his only pastorate. He was somewhat severely injured in an accident, and found it necessary to retire from active duty. For many years he lived quietly in Galt, Ont., but some five years ago went to live with his sons, both well-known physicians in Chicago. His simple, earnest piety gave him a peculiar place in the affections of his people, between whom and himself a strong tie was maintained, even after many years.

REV. J. A. G. STIRLING.

The Rev. J. A. G. Stirling was a son of the manse. His father was the Rev. Alex. Stirling, of the Free Church congregation of Minkton, Scotland. Mr. Stirling was educated at Ayr Academy and Glasgow University, and completed his studies at the Presbyterian Theological College, London, England. He began his ministry in Australia, but his health failed. After a period of rest he came to Canada, and in Home Mission work, and afterwards in Havelock charge, gave good proof of his ministry. His excellent scholarship gave him universal power as a preacher and expositor, and his faithful work as a pastor endeared him to all his people.

REV. STEPHEN CHILDHERHOSE, B.A.

The sudden call of the Rev. Stephen Childerhose, the Home Mission Superintendent for Northern Ontario, on the 21st January, 1910, was peculiarly sad. He had just fairly entered upon his work as Superintendent, and all who knew him recognized his peculiar fitness for the work. He had served for many years, while minister at Parry Sound, as Convener of Home Missions for his Presbytery, and his counsel in the Committee and his addresses at the Church Courts always received more than a sympathetic hearing. He was a big man in every way, mentally and spiritually, as well as physically. He was at his best when the call came. We do not understand it, but it will become clear when the day breaks.

REV. WILLIAM GREGG, D.D.

Rev. William Gregg, D.D., died at his home in Toronto, 26th May, at the great age of ninety-two years. He was born at Kilvereen, Donegal, Ireland, 5th July, 1817. He studied in the Universities of Edinburgh and Glasgow, receiving his degree of B.A., from the former and M.A. from the latter. His theological course was taken in the Free College Edinburgh. In Feb., 1846, he came to Canada, and on 22nd June of the same year, was ordained minister of St. John's Church, Belleville. In 1864 he was appointed lecturer in Apologetics in Knox College, Toronto, and for forty-five years "Prof. Gregg" has been growing more familiar in the Presbyterian Church in Canada and beyond. The three works by which he is most widely known are his "Book of Prayers for Family Worship"—"History of the Presbyterian Church in Canada"—and "The Presbyterian Book of Praise" in use in nearly all our churches, for he had a large part in bringing it into being and had been Convener of the Assembly's Hymnal Committee from its first appointment.

REV. WILLIAM MacLAREN, D.D., LL.D.

Rev. William McLaren, D.D., Principal Emeritus of Knox College, died at his home in Toronto, 4th August, 1909, in the eighty-second year of his age. He was born in Tarbolton,

Carleton Co., Ont., January, 1828. His preparatory education was received at the Ottawa Grammar School and at Toronto Academy, and his training in Arts and Theology in Knox College, which at that time combined the two courses.

In 1853, at the age of twenty-five, he was ordained to the ministry and inducted at Amherstburg, Ont. Four years later he received and accepted a call to Knox Church, Boston, now Columbus Avenue Church. The following year he accepted a call to Belleville, Ont. Eleven years later he was called to Knox Church, Ottawa, laboring there until 1873, when he was appointed by the General Assembly to the Chair of Systematic Theology in Knox College, Toronto. This chair he occupied until Principal Caven's death a few years ago, when he was appointed Principal. At the last Assembly, Dr. Gandier having been appointed Principal, he was honored with the title of Principal Emeritus. And now, his life work done he has gone home.

REV. J. B. DUNCAN.

At the venerable age of eighty-six, the Rev. J. B. Duncan was called to his rest. He had retired from active service for many years, but his name will long be associated with the pioneer work in the Ottawa Valley, where, when a minister of Knox Church, Perth, he did splendid service. He was a prince among preachers, and was at his best in the exposition of some difficult text, or lengthened passage of Scripture. A native of Dundee, Scotland, he received part of his training in Scotland, but completed his course of study in Canada, being one of the early graduates of Knox College. He gave his long life to the Canadian Church, with the exception of a brief four years in a Chicago charge. He has left his impress upon many lives through the force of his preaching and platform addresses.

REV. M. C. CAMERON, B.D.

Rev. M. C. Cameron, who died 17th June, 1909, was not in active service at the time of his death. Ill health compelled him to retire some years ago, though he was a man whose best years of service might be expected to be before him. He was Canadian born and studied in Toronto and in Princeton. His work in Knox Church, Milton and Boston, also later in Harriston, was marked by great earnestness and success. He was a most gentle disposition, and though his cup of sorrow was filled to overflowing, he received it without murmuring. His life brought home the great message that his lips uttered.

REV. DAVID FORREST.

The Rev. David Forrest was a graduate of Knox College, of the Class of '83. For eleven years he was minister at Walton, in the Presbytery of Huron. Owing to the almost complete loss of his voice, he was compelled to retire from active service, but the hope that complete rest might restore his power of speech was disappointed. Death came very suddenly, as he walked across the lawn at his home in Beamsville. He was faithful in the pulpit and in the home, and his sympathetic disposition won him a place in the hearts of all to whom he ministered.
